## Lighting Ceremony In Thompson Square

Mayor Kevin White, in conjunction with The Charlestown Board of Trade, is pleased to announce, after many planning sessions with local merchants and Public Works Commissioner Cassazza, a plan to install approximately 52 rectilinear sodium vapor lights along Main Street and Austin Street.

The existing lights have proven to be unusable for this particular business area. The use of sodium vapor lighting provides 36% more illumination with a 35% savings in energy which will result in a substantial savings for the city. Along with this project we will be experimenting with some trash containers for the area which we hope to be able to expand on in the near future.

We would greatly appreciate your support in this matter by attending a lighting ceremony which will be held in Thompson Square on February 9, 1983 at 6:30 p.m. His Honor Kevin White will be present as will many city officials and Charlestown business people.

The Mayor and The Charlestown Board of Trade hopes that this improvement in lighting will act as a crime deterrent and enhance and expand the business community in this part of Charlestown. There will be a brief ceremony on Wednesday, followed by entertainment. Everyone is welcome to attend.

The Charlestown Board of Trade  
Joseph T. Flaherty—President

### A Little Generosity Went A Long Way

Although Lent is around the corner, the Patriot is still receiving cards, telephone call, and notes of thanks from the recipient's of last Christmas' "Townie Santa" Project.

Despite a late start, this first year project was able to make Christmas a little more special for some of our Charlestown shut-ins. Canned goods, packaged foods, juices, fruit cakes, stationery, and gift items are just a sampling of the donations made by merchants in and around Charlestown and by hundreds of private citizens. Had it not been for their donations and volunteer time, "Townie Santa" would have only amounted to just another great idea that never go off the drawing board.

"We will never get over the surprise, thoughtfulness and abundance of gifts you all gave us," wrote one woman who received a basket.

"The basket was huge and delicious. I am still enjoying it," wrote another.

"Thank you Townie Santa, for caring about my mother," wrote a Wilmington man. "It was the best Christmas my family has ever had."

"Thank you, thank you and thank you again," wrote still another.

Next year's "Townie Santa" has set goals of spreading cheer even further. It is believed that in our small community, there are many more resources that have yet to be tapped in providing care and love for those around us who are less fortunate.

There is no doubt that together, we can make Christmas what it should be for everyone — a time of sharing. Thank you, thank you, and thank you again to all those who took the time to believe this too.

## Kennedy Center Hushes

### Attorney General's Investigation

by Maria Girvin

No mention was made of the reported on-going investigation by the Attorney General's Office into Kennedy Center business, in Monday night's continuation of last week's Board of Directors meeting.

However, Kennedy Center Director Leo Carey later said that two motions had been passed in the January 26 executive session, held by board members to discuss this investigation and other Kennedy Center business involving personnel and former employees of the Kennedy Center, when John Gardiner was executive director.

According to Carey, one motion passed during the executive session prevented the board from writing a second response to the Attorney General's office, leaving the response made by former board president James Cushman, standing.

The second motion ruled not to pay former Kennedy Center Attorney John Sullivan.

No further comment has been given on this investigation from the Kennedy Center or the Attorney General's office.

The investigation is a result of a petition containing 1000 signatures of Charlestown residents who requested the state to investigate the doings of the center which operates on combined private and public funding. Much of the mistrust over the center came about following the discover by board members of Gardiner having allegedly misused the center's credit cards.

Since Gardiner's resignation, several inci-

dents of apparent mismanagement have been found, the most recent being the finding of checks and money orders from parents who use day care services, totaling \$2,100 in a drawer. Many of these checks and money orders were not negotiable because of the time which had lapsed between their issuance and the date found.

Another incident, discussed in this week's meeting was the expiration of a site license for the Kennedy Center Head Start program operated out of the First Baptist Church. According to Carey it was an oversight, by his predecessor, that the license was never renewed from the Office For Children (OFC) since 1979. The end result has been the loss of at least \$40 thousand in reimbursements for food purchased by the Kennedy Center for this program. Presently the center is undergoing the renewal process of this license.

In other business, the board adopted a measure which would prohibit Carey from borrowing any more money from subsidiary corporation, the Economic Development Corporation (EDC) or any other organization without first telling the board. In the past, the Kennedy Center has had to borrow funds from EDC to meet the payroll.

The board also asked Carey to discuss a full merging of the Community Center, with that organization's board of directors. Presently, the Kennedy Center manages the Community Center's funds but does so on a separate bookkeeping system rather than treating the Community Center as another program. Carey will report back to the full board on the Community Center's Board of Director's response.

## SCHOOL DAYS ... THEN AND NOW

The Wall Street Journal recently wrote a blistering article regarding Boston's quagmire (public education), entitled "Judge Garry's Tea Party," which made several observations regarding the negative impact of court-ordered "Forced Busing" and the interference of the courts in these matters. It read well, as far as it went, but rather than dissect the editorial, point by point, we offer the following self-explanatory comparisons which we feel might have made their story more accurate and meaningful:

### TOP OFFENSES IN PUBLIC SCHOOLS

Circa, 1940	1983
1. Talking	1. Rape
2. Chewing Gum	2. Robbery
3. Making Noise	3. Assault
4. Running In the Halls	4. Burglary
5. Getting Out of Turn In Line	5. Arson
6. Wearing Improper Clothing	6. Bombings
7. Not Putting Paper in Wastebaskets	7. Murder
	8. Suicide
	9. Absenteeism
	10. Vandalism
	11. Extortion
	12. Drug Abuse
	13. Alcohol Abuse
	14. Gang Warfare
	15. Pregnancies
	16. Abortions
	17. Venereal Disease

We leave it to you readers to deduce what affect the advent of FORCED busing had upon the entry of too many of the items on the 1983 list. And as to the bottom line, everyone must ask themselves "What ARE students being taught?"

### MORE REPREHENSIBLE NEWS FROM IRELAND.....

This year being no different from the past several, Ed "Red" Murphy of Milton undertook his usual herculean apostolate in behalf of the women prisoners of Armagh Prison, realizing thousands of dollars in contributions from his fellow members of Irish Northern Aid, Irish citizens in general, and the men of the Boston waterfront in particular.

In expressing gratitude, Father Raymond Murray, Chaplain of Armagh Prison, noted that the prisoners

realize the benefits of these monies "Through their own welfare who provide them with particular needs," and we would mention that Fr. Murray looks after their families in need, funeral occasions, paroles, clothes, etc.

Fr. Murray's letter also included a circular letter he authored, which he hoped would make its way into publication "over there." Here it is, in part:

"Since November 9, 1982 a serious decline in standards of behaviour has taken place on the side of the authorities in the N. Ireland Office Prisons Affairs Management. Girls entering or leaving the women's prison, Armagh, for whatever reason, admission to prison, going to and or return from remand court or for trial, visiting hospital, parole, inter-jail visits, have to undergo a completely naked visual examination of all parts of their body front and back while the prisoner stands totally naked before prison female warders. This type of degrading inhuman treatment has not been used during the fifteen years of my chaplaincy there nor in the seventeen years of my predecessor, Very Reverend James Clarke, P.P. This new procedure has been a traumatic experience for young Catholic girls and older women, married and single, all of whom were reared and educated in Catholic houses and schools where the strictest standards of modesty were impressed upon them as a matter of conscience. This has now gone on for six weeks.

"I and my fellow priests consider this inhuman and degrading treatment contrary to Article 3 of the European Convention on Human Rights. As a priest I consider it to be contrary to the Sixth and Ninth commandments, a serious invasion of a woman's privacy and treating of the person as an object.

"No valid reason for this continuing disgraceful procedure has been brought forward by the Secretary of State, Mr. James Prior, or the Minister responsible for prisons in the

North of Ireland, Lord Gowrie."

If you would like more information about the Irish problems, or how you can help, start by contacting Irish Northern Aid, Boston Unit, P.O. Box 864, Boston, Mass. 02103.

### LINCOLN'S 10 GUIDELINES.....

Our recent trip to Washington, D.C. with those of Massachusetts Citizens for Life, to participate in the Tenth Annual March for Life, allowed us time to make a side visit to Ford's Theatre to view the box in which the assassination of President Lincoln took place. Amongst the souvenir literature, we found the following "commandments," which we think you'll agree are just as relevant today as when they were written in 1863:

"You cannot bring about prosperity by discouraging thrift. You cannot help small men by tearing down big men. You cannot strengthen the weak by weakening the strong. You cannot lift the wage earner by pulling down the wage payer. You cannot help the poor man by destroying the rich. You cannot keep out of trouble by spending more than your income. You cannot further brotherhood of man by inciting class hatred. You cannot establish security on borrowed money. You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves." To that we would like to add, "Happy Birthday, Abe!"

\*\*\*\*

### HAVE A QUICK SMILE.....

Overheard sidewalk survey: "What do you think of E.T.?" Answer: "I think she's a little fat and frowzy, but will probably wind up remarrying R.B."

# Thinking Out Loud

by Sal Giarratani

**BIRTHDAY PARTY TIME** — Don't forget to get your tickets for the super buffet-dance at the K. of C. Hall Friday, February 4th in honor of the Eleventh Birthday of the Charlestown Community Center ...

**STANDBY TAXES** — Can't believe President Reagan, the man who ran on a platform to lower taxes, now wants standby taxes in case the deficit doesn't improve by 1985. This Republican Administration has given conservatism a bad name, taking care of the rich with tax break after tax break while breaking the backs of the taxpayers. Pretty soon the only people who'll be able to survive will be the very rich and very poor ...

**IN AGAIN FINNEGAN** — Talkshow host Dave Finnegan is seriously thinking of entering the mayoral race this year according to the *Boston Herald* ... Things are changing rapidly now ... James Michael

Connolly has dropped out, former Mayor John Collins supposedly is ready to back Finnegan as is Frank Curley, son of James Michael Curley ...

**KEARNEY STILL CONFIDENT** — Sheriff Dennis Kearney's mayoral campaign is still going strong, raising more of those critical dollars needed to take on Mayor White, if and when Hizzoner decides to go for the Fifth-oops, I mean a fifth ... Dennis is definitely a menace for Kevin Hagen White ...

**COUNCIL RACE SCENE** — Now that East Boston's Diane Modica is expected to publicly announce for a citywide council seat in early March, the District picture changes ... Bob Travaglini and Bob Cappucci are the frontrunners now for the First District seat ... Meanwhile, Modica is looking pretty good for an at-large seat. She could be the only female running, a definite advantage for her.

She is sure to make the upper half of the top eight in September and many believe a seat could be hers in November. Right now it looks like McDermott, McCormack, Iannella and Langone will be citywide candidates and with a credible campaign, Modica could knockout an incumbent. Time will tell. In politics - its never over until its over ...

**POLITICAL OVERKILL** — Sorry about so much political news this week but that's what is making news right now ...

**KUDOS TO** — City Councillor Ray Flynn on taking those right stands on housing issues and for taking an interest in the homeless peoples of Boston ...

**ORANGE LINE** — There's a billboard on the Southeast Expressway asking people, "Are you driving yourself CRAZY - ride the 'T'. If you ride the T,

especially the Orange Line you are crazy. It's nice to know the MBTA Police are finally attending to the violence on the Orange Line, instead of closing their eyes to reality ...

**FORCED BUSING** — The US Court of Appeals in Cincinnati upheld a forced busing edict in Nashville, Tenn ... When will they ever learn? Forced busing isn't working and never will and instead of recognizing that fact, proceed to continue the mistake. As far as I'm concerned, forced busing of urban school systems is a social Vietnam War and an Educational Herpes virus. There are no winners, only losers. Today, the only kids learning are those attending parochial or private schools. The public system should be sued for malpractice and as a tax fraud. **THE END.**

## Films For Children

The Winter Films for Children Program will be held on Tuesday afternoon, February 8 at 3:30 p.m. at the Charlestown Branch

Library, 179 Main Street. The featured film will be "Mom and Dad Can't Hear Me." This is a story about Charlotte who attempts to hide her parents' deafness from her friends.

### It's A Boy . . . .

Mr. and Mrs. Mark Newhall of Elm Street, Everett, are proud to announce the birth of their son, Mark William, on January 17, 1983 at the Malden Hospital.

## Community School News

The Kent/Charlestown Council would like to thank all those who participated in making the Senior Citizen Fair a success. These include the Bunker Hill Community Health Center, the Kennedy Center, Bunker Hill Community College, the Commission on the Affairs of the Elderly, door prize donors, and Charlestown's Seniors who came out and participated in the event. Special thanks goes to the *Patriot* itself. Everyone agreed that the public service and provided by the *Patriot* was the single most important piece of publicity. Thank you.

The next meeting of the Council will be held on Monday evening, February 14th, at 7:00 p.m. at the Community School Office at the High School. The Council is currently reviewing and revising the Community School Program's by-laws. A report of a Council Task Force will be ready for this meeting. After this meeting proposed changes will be available to the community at-large for review and comment. Copies of the proposed by-laws will be available at the Office.

The Kent/Charlestown will receive a grant of \$6,000, from the Godfrey Hyams Trust. This grant will support the Community School's Adult Education Programs.

The Kent/Charlestown will be a GED Testing site on the 28th of February and the 1st and 2nd of March. The test is open to anyone who wishes to take it. There is a \$5.00 application fee and a charge of \$3.00 for each of the five tests to be taken. Anyone taking the test can take any number of tests to the maximum of five. Individuals can register for the GED Test at the Community School Office weekdays through Friday, February 18th.

The Kent/Charlestown's GED and Adult Basic Education classes will register new participants for March. Assessment testing will begin on March 1st. Those interested should call the Office as soon as possible.

## Views On Dental Health

by Jeffrey D. Cohen, D.M.D.

### ANTI-BRACE FOOD

Kids have a way of destroying the indestructible. Johnnie had a beautiful set of braces. Should have stayed in place until the day of reckoning. But Johnnie was a kid. It was a hot day and he was trying to break an ice cube with his teeth. Pop went the ice cube - Pop went the braces!

Of course, with the evidence gone (melted) and the braces in Johnnie's hand, it's easy to lay blame on the orthodontist for placing the braces on improperly. True, orthodontist are only human and this can happen - but most of the time, braces that come loose in treatment are not due to this factor, but rather to the type of food the patient eats (or tried to pulverize).

Hard foods, like hard candies, French bread crusts, hard vegetables, ice cubes, etc. can all fracture the cement that holds the brace to the tooth thereby causing a loose brace. Sticky foods, like chewy candies can do the same thing. Special attention has to be paid to the kind of food eaten in order to preserve the braces and the teeth that the braces are hooked onto.

A public service to promote better dental health. From the office of Jeffrey D. Cohen, D.M.D., 338 Main Street, 242-3550.

### Making A Clarification

Gloria Conway  
Editor, Charlestown Patriot

Dear Gloria:

The article published in your January 27, 1983 edition concerned with the Kennedy Center Board Meeting of January 24, 1983 requires clarification. Your article stated that \$28,000 was found in a desk at the Kennedy Center. I assume that this was a typographical error. The amount stated was \$2,800. In reviewing the incident I found the actual amount to be \$2,100. The amount found is not as relevant as the impression left by the article that there was nefarious intent or gross malfeasance on the part of any person involved with the checks. The response I gave to a Board member's inquiry on the matter was intended to demonstrate a lack of cash controls by the Kennedy Center administration.

The fault in fact lies with the fiscal administrator who did not discover that \$2100 in income was unaccounted for rather than a staff member who unintentionally misfiled the checks.

We have initiated controls on income that will eliminate the possibility of cash being overlooked. Cash income will be tracked from billing through deposit on a monthly basis. Let me assure you that payments made to the Kennedy Center will be processed in a timely manner.

Sincerely,  
Leo Carey  
Executive Director

### Business School Plans Reception

The Boston Business School Alumni Association is planning a free wine and cheese-tasting get-together, Wednesday, February 9, between the hours of 5:30 and 7:30 at the school - 989 Commonwealth Avenue, Boston, MA 02215.

All graduates of Boston Clerical and Boston Business School are cordially invited to attend.

Please leave your name and address with the school secretary if you plan to attend. The school phone number is 787-5600.

### Discourages Listening To Rumors

For those of you who took the time to come to the Open Meeting of the Charlestown Tenants Policy Council on January 18, 1983, I want to thank you for at least caring what happens to the Bunker Hill Development, although the Project itself was AS ALWAYS very poorly represented. So if you have or had any questions or problems - don't say you were not given the opportunity to voice an opinion.

For those of you who were at the meeting you heard Mr. Spence say he would not force integrate any development. Once again the news media keyed in on the Polk Street area, which is supposed to be where all the so-called integration is going to take place. Be assured this is not true. First of all there are no plans in the foreseeable future - at least two years or more - for anything to be done with Polk Street. These apartments are totally uninhabitable.

Once again I urge you to believe what you see and not what you hear. If there is anyone, anywhere in this town, who can, with documented proof, prove that minorities are moving into the Bunker Hill Housing Development at any specified date - then get the hell up front and show your proof - and stop talking about something and spreading rumors about something you have no knowledge about. Come forward - if you have any kind of letter. Put it in the Patriot - put up or shut up.

This letter is probably unnecessary for those who know me, but I am sick and tired of getting phone calls, being called a liar, and accused of selling the town and the development out. I am as honest with you as the BHA is with me. That's as much as I can do. I have always tried to do my best for anything pertaining to the town and especially the development.

Once again, anyone who has documented proof of minorities moving into the Development at any specified time - Come Forward or Keep Quiet.

Thanks to all, "Townie Santa" Committee

### Students To Prepare Free Tax Returns

STUDENTS of the second year business program at Bunker Hill Community College who are preparing income tax returns on campus at community locations are: (seated, l. to r.) Barbara Blair, Debra Chiodo, Joseph Cucuzza, and Mary Ellen Duckett. Standing, (l. to r.) are Gino Fodera, Jeanne Tobin, Dorothy Bailey and Edward L. Kerr, professor and chairman of the Business Administration Department.

Students of the second year business program at Bunker Hill Community College will prepare, free of charge, income tax returns for senior citizens and low-income people at the college and at many suburban locations again this year. They have completed a training program conducted by the college in cooperation with the Internal Revenue Service and Massachusetts Revenue Department.

Professor Edward L. Kerr, chairman of the Business Administration Dept., is the coordinator of the program.

The campus center, which will be located in B-135, will be in operation Mondays, 10-11, 12-2; Tuesdays, 8-9, 11-5; Wednes-

days, 1-4; Thursdays, 10-3. Persons may call 241-8600, ext. 561 to make an appointment for the campus center or any suburban location or may walk in at any time during the hours of operation.

They are asked to bring with them their W-2 forms from employers, 1099 forms for interest and dividends, tax forms mailed by the Federal and State revenue agencies and copies of last year's returns.

Officially known as VITA (Volunteer Income Tax Assistance), the program provides an excellent opportunity for concerned individuals and groups to assist taxpayers who have fairly simple filing requirements.

These taxpayers, who are generally the poor, the elderly or persons with language problems, often have to pay for professional assistance although they can least afford it. BHCC students are responsible for a sizeable percentage of the returns prepared annually under the program in the Boston area.

### To Hold Auditions

## Boston Globe Jazz Festival Will Appeal To Everyone

"The beauty of the Boston Globe Jazz Festival is that every year we have a chance to 'top ourselves'," remarked George Wein, producer of the 12th Edition to be presented for ten evenings, Friday, March 18 through Sunday, March 27 at various Boston venues.

"This year's Festival truly represents the entire spectrum of Jazz," Wein continued. "The program we have put together this year is a Jazz menu that will appeal to every musical taste."

One of the biggest stories of this year's Festival is the return of "Return to Forever". Chick Corea, Stanley Clark, Lenny White, Al Dimeola ... each is a modern master and a creative leader and innovator in his own right.

With Chick Corea as its leader, "Return to Forever" is one of the great groups in the history of Jazz. They will feature in two performances at the Opera House, Sunday, March 27, their first East-Coast appearance in many years.

One of the most exciting programs, "Star Makers", on Monday, March 21 in

CHICK COREA

two shows at Berklee Performance Center, highlights Art Blakey and his Jazz Messengers with the young trumpet stars, Wynton Marsalis and John Faddis plus a group of aspiring Jazz musicians. Blakey will host and display the musical virtuosity of the next generation of Jazz Greats.

For swing fans, the popular Big Band Ball at Park Plaza Hotel on opening night, Friday, March 18, will star Larry Elgart and his orchestra/"Hooked on Swing" and the Widespread Jazz Orchestra. The following night, Saturday, March 19, Lionel Hampton and his Orchestra are spotlighted

at Berklee Performance Center.

B. B. King and Bobby "Blue" Bland, two of the world's foremost blues artists, have a night for themselves Sunday, March 20 at 7 and 10 p.m. at Berklee Performance Center.

Tony Cennamo, of WBUR, is directing a "Salute to George Russell", Tuesday, March 22 at Berklee Performance Center.

Two programs at 7 and 10 p.m., Wednesday, March 23 at Symphony Hall, will be devoted to the best in Fusion music with Spyro Gyra and David Sanborn representing the new direction in which Jazz is going.

By popular demand, piano genius Oscar Peterson is back at this

year's Festival. Once again Oscar will have a whole evening to himself at Symphony Hall, Thursday, March 24.

The Avant Garde will be represented with a night at Berklee, Friday, March 25, starring the World Saxophone Quartet and the Paquito D'Rivera Quintet. These two superb musical groups give the lie to the impression that the new music is not accessible.

America's premier chamber Jazz group, the Modern Jazz Quartet, will share Symphony Hall on Saturday, March 26 with Betty Carter and her Trio. Miss Carter stands at the front rank of great Jazz vocalists. For over 25 years, the Modern Jazz Quartet has been considered "beyond category".

# Charlestown Police Line

From the Desk of  
Deputy Superintendent Joseph V. Saia Jr.  
Commanding Officer District A  
Charlestown, East Boston, Downtown

The final figures for the calendar year of 1982 have been put together. For Charlestown, the part one crimes are down 5.7%. Also, Charlestown had the fewest part one crimes in the city. East Boston had the second fewest which were more than twice Charlestown. So it was a good year in this respect for your area of the city. I will continue to patrol Charlestown as I did in 1982. I expect to field many more walking officers in 1983. Please come to the police community meetings and find out more information.

All of a sudden we are getting hit with a rash of house breaks. I have beefed up the patrols in Charlestown, plus assigned the anti-crime teams in the community in order to apprehend those responsible for the breaks. Two separate arrests have been made in this area but we are still getting more breaks. This indicates, obviously, that someone is still breaking into homes. You can help by calling the police when you see someone suspicious in the area. Please lock all your doors with good locks. Install window locks if possible. Make it difficult for someone to break into your home. Should you hear glass breaking or any other suspicious noise in a building, please call the police. The eyes and ears of the community are very important. Every effort is being made and will continue to be made until those responsible for the house breaks are apprehended. Please help the police. At the next community meeting which will be on February 8, 1983, the Kent School, I will go

over how one can best secure their homes and reduce the problem of house breaks. The time of the meeting will be 7:00 p.m.

The following are some of the incidents which occurred in Charlestown this past week:

### BREAKING AND ENTERING

On January 20 at 9:00 a.m., unknown person(s) broke into an apartment at 2 Pearl Street. Various items were taken from the residence.

On January 20 at 8:00 a.m., a victim stated that during the morning unknown person(s) entered the apartment, possibly through the window near the fire escape. The apartment is located at 42 Dunstable Street.

On January 22 at 1:10 a.m., Officers responded to a report of a person breaking and entering the Warren Tavern at 105 Main Street. Officers arrested a Charlestown man in the cellar of the store. He was taken to District A and booked on charges of Breaking and Entering.

### MOTOR VEHICLE ACCIDENT

On January 23 at 1:30 a.m., a victim reported that while heading south on Rutherford Avenue, she hit some ice and lost control of her 1979 Datsun. The vehicle struck the retaining wall and flipped over on its back. The vehicle was towed upon the owner's request. The victim stated she injured her head slightly, but no further injuries.

On January 25 at 7:30 a.m., there was a three car accident at Sullivan Square going from Everett toward Boston. No persons were injured but traffic was delayed at the underpass until the vehicles were removed.

### VIOLATION OF LICENSED PREMISES

On January 27 at about 10:00 p.m., Detectives of Area A

inspected the J.J. McCarthy Co. Inc at 260 Main Street. The Officers observed one pinball machine and one video machine being operated without a license. The owner of the company was charged with operating without a license.

### OPERATING WITHOUT A LICENSE

On January 22 at about 10:15 p.m., while going up Monument Square and in front of 18 Monument Square, Officers observed a 1977 Pontiac Grand Prix stopped in front of the above. At this time a Charlestown youth stepped out of the vehicle and upon seeing the Officers fled on foot. The youth was arrested on January 20, 1983 for operating the same vehicle without a license. A warrant has been issued for his arrest.

### USING WITHOUT AUTHORITY

On January 26 at 1:30 a.m., a Charlestown man reported his 1977 Chevy stolen from Walker Street. At 1:45 a.m., Officers observed the above vehicle being operated by a white female. The Officers followed this vehicle to Cambridge and Parker Streets where the female, a Somerville resident, was arrested and conveyed to District A and booked.

### VANDALISM

On January 22, a Bartlett Street resident reported that unknown person(s) had turned his vehicle on the left side causing damage to the vehicle.

Prior to that incident, on the day before, unknown person(s) had kicked in the right and left front fenders of the vehicle causing considerable damage to the vehicle. Officers are investigating this matter.

At this time I would just like to remind you of the importance of the Community Meetings. The next one will be held at 7:00 p.m. on February 8 at the Kent School.

## Financial Aid Is Still Available For College Students

Now is the time to apply for federal and state loans and grants for higher education. Those needing financial help in pursuing a degree — high school seniors, students presently in college, and older adults — should not delay in sending in their applications for the new academic year beginning in September 1983.

"The good news is that aid is still available," according to John C. Hoy, President of the New England Board of Higher Education.

Students must complete the application forms for 1983-1984 quickly and accurately. Two months behind schedule, the U.S. Department of Education just released the federal forms. Because of this delay, parents and students are faced with added pressure to send in the completed forms quickly.

The confusion will probably be most acute among students whose parents did not attend college. "We urge community leaders to give special encouragement and assistance to first-generation college students," Hoy requested. "It would be tragic for this most vulnerable group to give up because of misinformation or lack of moral support."

The following are the programs most relied on by college students:

•Federal Pell Grants are available to students whose families earn less than \$26,000 a year. The grants (named for their founder, Rhode Island's Senator Claiborne Pell) can range up to \$1800 a year.

•Guaranteed Student Loans (obtained from banks and insured by the federal government) are automatically available to a student whose family income is below \$30,000. The interest rate is 9%. Undergraduates can borrow as much as \$2500 a year and graduate and professional students \$5000 a year. For those with family incomes above \$30,000, financial need must be demonstrated. Fac-

tors considered are family circumstances and the number of children in the family. Many middle-income families are successful in demonstrating some financial need.

•Most state scholarships, loans, and state work-study programs are also based on financial need.

For information about how to apply for these and other categories of financial aid, students should contact their high school or college counselor, the financial aid officers at those campuses they are interested in attending, and a bank officer at their family bank. Other helpful sources of information are the Massachusetts Financial Aid Hotline at 800-343-3713 operating in the evenings until mid-February, the Massachusetts Board of Regents Scholarship Office at 727-9420, and the Massachusetts Higher Education Assistance Corporation at 426-9434.

NEBHE is a congressionally authorized regional, non-profit agency that seeks to encourage cooperation and efficient use of resources among colleges and universities in New England. Basic funding comes from the region's six states and New England-based corporations.

## Holden School

Students from the Holden School will be seen on **Evening Magazine**, **Museum Lecture**

The Samuel Eliot Morison Lecture Series will present "Experiences in the Falkland Crisis", a lecture by CDR Paul Botherstone, Royal Navy, at the USS Constitution Museum, next to "Old Ironsides" in the Charlestown Navy Yard on Monday, February 14, 1983 at 7:30 p.m. Admission is free.

day, February 4 at 7:30 p.m. on Channel 4. The students will be involved in a story concerning the M.D.C. Skating Rink in Charlestown.

The following Holden School students earned grades of B or better in all areas during the second quarter marking period: Doug Ames of South Boston, Kristine Dow, Guy Perito, Cheryl Gatta, Joseph Dow, and Colleen Devlin, all of Charlestown.
