

# Minecraft: Xbox one Edition Blocks Shelves In November

A retail version in the form of a box of Minecraft for Xbox One is slated to arrive on the shelves on November 18 in the US, Microsoft announced today. Minecraft: Xbox One Edition is priced at \$20 in stores.

The digital edition of Minecraft came to Xbox One early in September. Xbox 360 owners can upgrade to the digital Xbox One Minecraft version for \$5. This upgrade option is not applicable to the retail version.

S GAMES

Microsoft bought Minecraft studio Mojang earlier this month for \$2.5 billion. Markus "Notch", the Minecraft creator, announced that he would be departing from the company in order in order to return to his experimental, Ludum Dare roots. [Image: Microsoft]
