The Dove and the Ant

One day an ant came to a river to drink water. The ant slipped and fell into the water. A kind dove saw the struggling ant. The dove dropped a leaf near the ant. The ant climb onto the leaf. The ant's life was saved by the kind dove. After a few days, hunter came to the forest. The ant saw the hunter aiming at the dove. The ant bit the hunter on the foot. The dove was alarmed by the noise and flew to a safer place. Moral of the story: A good beginning makes a good end.
