Are you tired of the 9 to 5? Would you like to start your own business? Would you like to travel more? Learn how to grow a successful business venture online selling products, offering services, coaching, teaching, training, mentoring or consulting and [location independent business](#). Digital nomad is a vague term, covering essentially any job that can be done remotely online. Many people like the sound of working while travelling long-term, but if you're ever going to achieve this lifestyle, you need to get way more specific. John Spencer Ellis institute will guide you each step of the way.
