14-10-2018, 10:22

Where are you?

I will call you. U

Are you ok? Where are you

If I didn't let you know where I was u would be so pissed off! I've been calling since 7:00 am. Not knowing where you slept and who you are with

I'm ok and I don't have it in me to fight with you Hallie- but I'm so upset with you. I don't know what to do. Really rationally angry. This has to stop. Me stopping is a start but it's not remotely the whole solution. I do t know if there is a solution anymore. I love you.

And I was asleep

How could YOU be upset with me - I love YOU

Where are you?! I'm so tired of you being mad at me. I was home with 6 kids, I don't know where you are or who you were with or if you still have someone with you in a hotel. I don't know what hotel you are in. You come into my bed last night and then leave again and I haven't been able to find you!! Kids are totally confused and YOU are upset with ME.

I SENT THIS (seems like a pretty clear invitation to talk) Thanks. You seem like a great guy and it seems that Hallie really trusts you. I hope she can begin to see how hard I am trying and how regardless of intent she is making it very difficult for me. If you think you could help me impress that upon her and those she gives up I'd be more than happy to talk, and I know from what I've read of you that you seem an interesting and very solid guy I'm sure I would like. Thx, Hunter

Please go to Caron - maybe like 2 weeks and then do sober coach?

Where are you?

You are just running away again, from life, from your family, from me.

15-10-2018, 19:25

Running away

I guess you just want to live your life your way, in active addiction. Good luck hunter

I'm not able to continue this anymore. Don't call me or text me while you run around using and causing everyone pain. I'm here if you are serious about getting sober. Otherwise leave me alone.

17-10-2018, 14:40

Will you check in with me please so I can hear your voice. I feel off still and I'm kind of down.

I'm having my own hard time, I feel off, I'm overtired and feel kind of down and sad, all probably from my concussion. You know I'm worried about you, last night especially in NY, it's a lot for me. I barely slept, my mind was racing about you. My life is dependent upon yours, because I love you and want a life with you. I feel like I'm waiting, hopeful, discouraged, sad all at the same time. I, like everyone who loves you, want you to do EVERYTHING POSSIBLE to get sober. Without excuses and delays and accusations.

Why in the hell then did you spend the last 6 months doing this bullshit

Push pool stay go read don't need your own's size there's only us there's not us it's not a partnership it is a partnership you are killing me

The constant theme is that you need to get sober, so we can actually have a partnership.

We need to get sober Hallie I've tried. More than anyone and ten times more than you

I asked for a partnership

You constantly remind me we are alone that we don't represent a partnership that we are not a side

Not a side against but a side for us for our family for our love

You never choose our side

You're always this

And I'm this

I come and then I'm gone you turn me in and off you light me up and put me out

I want you in, I need you sober

Nothing you do is showing that in anyway.

When you avoid sex as you have for months and months and months now- well before California then aren't you sending

The ultimate message

Please stop making yourself feel better about killing me by pretending you're not doing just that

18-10-2018, 14:47

I'm going to finally fuck the guy I've been wanting to fuck tonight. Thank you!

That makes me angry and jealous and scared and confirms all of my suspicions based upon the insecurities you know so well. It makes me not want to get clean. It makes me want to never care again. It makes me so so sad and it's truth is harsh but at least you've finally told me the truth. I'm out of detox and plan to stay another 5 days. Afterwards, I just don't know- but you clearly do and I'll respect your wishes. If you wanted to visit I'd stay longer for couples therapy. But clearly you don't.

I'm just leaving a meeting and was feeling/realizing that I said horrible things to you, addict behavior and I'm sorry I didn't mean any of it. I'm sad and scared hunter. I'm so scared.

I am always with you

I don't know if you realize how you have filled me with pain, worry and sadness. I have no idea where you are (I don't even know what state you are in) or who you are with. I am scared, I don't know what you are doing or if you still want a life with me. It's like you are looking for an excuse to get out, and created a scenario where I would act out of fear, for you have told me nothing about why you left and haven't called.

Again, silence and you do it to hurt me and play with me and instill anger and fear in me. All I've been wanting is for you to get sober and now you imply that you are but no details, and then you don't talk to me. I'll leave you alone to figure out what you want hunter. I'm exhausted from all of this.

Hallie you have to stop this. Not being asking to you or telling you where I am or what i am doing is a defense against what you have done over and over. Should I believe you this time? Every time I have you have completely crushed me.

Basically for six months you haven't spoken to me. You have included me my n your life for much longer than that. I have no role in your household. You have chosen everything from Delaware to David over me.

Now after a week of me trying again you accuse me of abandoning you and tell me you're done with me and ducking the man you really want to fuck.

I was trying to reach you to know that you are safe hunter, common decency would have been the right thing to do. Last we spoke you were going to leave NY and go to DC and possibly stop here. That was a week ago. Of course I'm pissed off!

Figure out what you want hunter. I want you. I want you sober. Figure out if you want me.

Every time my back for you to be there you have said no you went as far as doing exactly told you. Every time you wanted help I have been there

You are not making sense

Are you sober?

I'm dictating asshole - never mind Hallie. Point is you need to

Where the fuck are you in case of an emergency?!

Stop pretending for everyone that you love me.

Go fuck that guy

Where are you?

Well when I have told you what I'm doing to the point of actually being in your bed asking you please stay with me please stay with me you leave me you leave me without things I need an access car money I was three days sober I still can't get over that

No one possibly do that And say they care

You are blaming me? And still not telling me where you are and who you are with

If you wont let me know where to reach you then you obviously don't want to be a part of our lives.

I will not reach out to you anymore. This is wrong hunter.

You are sick to continue this blame and manipulation

I guess I was right... and you are not sober... and you are with Zoey or another slut that fills your needs. I'll leave you to your lonely addictions.

The rest of us will live life without you

My god seriously Hallie. Every time- love me — hate me— blame me hurt me - hold me - push me- fuck me - leave me begging. Every time, the slightest bit of responsibility you feel burdened with you say "you're sick/ an addict/ a looser/

Where the fuck are you!???

Where are you hunter

Ok then you don't want me.

I guess I was right... and you are not sober... and you are with Zoey or another slut that fills your needs. I'll leave you to your lonely addictions. The rest of us will live life without you. Goodby hunter, you are making your choice loud and clear, I hear it now.

I believed in you - that you would pull yourself out of this, out of a lonely life and a sad death. Not for me but for your 5 children. And maybe for me too.

I don't believe in anything anymore.

You break my heart, but then again you break everyone's heart.

Man up hunter. Tell me the truth, tell me you are in NY with Zoey and I will leave you for ever. Make a choice of what kind of a life you want. I will walk away and stop torturing you to be someone you don't want to be. If you don't have the courtesy respond, then I'll have my answer.

Why Hallie. Why do you desire once again that unless you are in control I am all the horrible things you say above. Why am I always your bad guy.

Every time you've drawn me back - even this very moment- in the end it's only to tell me that I am worthless. Why?

Are you in NY with Zoey?

Ok I have your answer.

You have broken me hunter

I am with no one

I swear on anything that I love I promise you I am not I haven't been every time I told you I'm trying I'm trying I'm not parking I'm not doing anything trying to get sober right now to please why do you insist on making me feel so small always want me to prove you right and feel

Lilly home at Liz's. How about clean up your room and check out and come home, Diana should be gone by then. Please let me help you get a good start to get sober. I'll put you to bed for few days after we touch and play. Can you be here by noon? No sabotage, if you let me help you.

There is no other Uber receipt from that night hallie just the two

Which means I need the truth

About that and so many other things

You can check my call history hallie and see I haven't called Indira- and you call her directly

Or I will do with you

I won't come home to do anything but have sex

23-10-2018, 10:06

I am going to DC tonight to see Maisy and she has senior game Wednesday and they are 11-1 and I want to make at least a couple games

Did you take that from me hallie? Are you insane. Tell me now. This is no game. And you're being totally irresponsible and unhinged.

Tell me now hallie

You really need to help me think right now hallie - this is very very serious.

23-10-2018, 11:17

Call me!!!!

I can't believe this, you can blame me all you want, I know it was stupid. But your part is dangerous and negligent. And because of this and my stupidity for being worried about you, im dealing with insanity and possibly I'm the one going to get in trouble. Check yourself into a local rehab hunter, this has all got to stop. Don't run away again. Please don't leave.

Police coming to talk to me now, I'll take full blame. I don't want to live like this anymore. This is too much for me to handle.

You would think that at a time like this you would answer the phone. I may need to speak to you about serious matters that are time sensitive. Please answer.

I'm heading to a meeting, I'm overwhelmed and still shaking. Text if there is something that you need

I need you to stop doing everything you possibly can do to make a life here an unbearable proposition. People make mistakes out of love. People have things in the immediate past of a relationship that are inexplicable but harmless . But who do you know that has so many inexplicable acts that in their face are deceitful and hurtful. You have dozens and no attempt to even try to explain. And you have now for the last time begged me to come back only to humiliate me once again. The fucking FBI Hallie. It's hard to believe anyone is that stupid // so what's my fault here Hallie that you speak of. Owning a gun that's in a locked car hidden on another property? You say I invade your privacy. What more can I do than come back to you to try again. And you do this???? Who in their right mind would trust you would help me get sober?

Do you want me dead.

I'm sorry, I just want you safe. That was not safe

And it was open unlocked and windows down and the kids search your car

You have now made me a target Hallie. You have now confirmed what you have implied to everyone. How do I come home now.

And I'm scared you would use it

And they would have never seen my car and you promised to wake me up.

And you lied and you ducking set me up again. And now you invoke the safety of the children .

Unreal.

I'm scared you would use it hunt

To do what Hallie

They think you're scared I would shoot you

You fucking asshole I

You now have me as an abusive pedophile with homicidal tendencies. And that's now in the hands of the FBI.

I hate what you've done to me. I won't ever recover from all of this . I'm too tired . This is the way you love me.

Yes it is. I'm scared for your life hunt. I love you. I'm sorry.

Beau owned a handgun issued by the state and I was in the front glove compartment of his car. So fuck you

At meeting

Scared for your life are you kidding me you

Are you serious

Is that what you're telling people

My god

You're an awful woman

23-10-2018, 17:58

The fucking meeting hasn't even started yet

So what now Hallie I'm leaving for DC goodbye

Messages with Hallie Biden

2336 Messages / 2022-07-10 / Extracted at 07:42:26 AM

Not if you're going to once again make me into a monster.

Strike that - I do that to myself right.

I'll never come to you again.

You have lost your mind hunter. I'm sorry I handled it poorly today but you are in huge denial about yourself and about that reality that I just want you safe. You run away like a child and blame me for your shit. It's to be expected that you go, you prove repeatedly that you can't stay and really do work on yourself. It's easier for you to avoid looking within and cowardly to constantly point the blame on me.

Please stop. We really do see this so differently. You say we can not speak of anything that is uncomfortable for you because it threatens your sobriety you will not allow me to be near you when you were attempting your sobriety —for seven months now — and every time you have gotten sober past 10 days— and I've agreed to come home to do the same you blow up the entire fucking thing every time. And you expect me to sit and divulge anything you ask of me when you won't tell me what you fucking ate for breakfast or whose staying at your house -//so please stop living in your denial Hallie. Ducking you fucked this up again— I just gave you the fucking gun to do it.

You fuck things up always hunter, feel free to point it at me though. I am sorry you can't see reality anymore

If you want to come here and sleep over, I would love for you to hold me and just love me.

Saying things like that to me and putting Natalie in a position to only hear what you have to say is again so discouraging for me. What more could you have done today to make me feel as if you're intent is to punish and demean me rather than encourage and support me. I always take the first step Hallie. I always do as you ask and come and try and it's not as if I fail and you're in some danger because of it or the kids . Instead I come as I am and you humiliate me and make feel less than human or at least less than worthy of your love or anyone's. So I go away and try again. And again you beg me to come do it your way and I do and you do it again. I'm at the end of my dignity Hallie.

And Hallie John Penrod:

"Hallie have David call if something like this ever happens again (implying - next time Hunter fucks Up)"

Let David no Hallie

23-10-2018, 20:20

There are 5 guns in dads house

There are fucking more weapons in your sons room then in an armory

What's my fuck up. Owning a gun?

How Hallie is that wrong

It's only wrong if you make me out to be unstable.

I'm proven unstable when you put a gun in the trash can at Jansens out of FEAR

What fear

Hunter is either insane

Homicidal

Or just a ducking fuck up drug addict

You're implications all confirmed

John and David and you can all have a good laugh

You sick human being

I come to you and you make a fool out of me once again

Are you coming or not, Natalie wants to know.

need to figure out why I think you're actually genuine when you say you want to help me. What did you do today that you weren't certain would make me run away rather than stay like i obviously care to do?

Then tell Natalie to call me. Did you actually tell her this. You need to figure out why you hate me. I

Make one thing that you did that wasn't intended to make me run

I want you to stay

One thing

You've done to help me do that

I want a sober life with you without a gun in your car and me scared when you walk out the door

Instead you demand of me and belittle me and scoff at me and shame me and lick me out of your life you publicly humiliate me

Where else would the fucking gun go? You promised me

You lied

You did the worst thing other than using IT that you could have done

The police and fbi still want to talk about whether I'm threatening you.

And you think I should stay

Insane

I'm only insane in one way

I love you and you do to me what only people that hate me would do.

Truly awful things you say and do.

This is my fault

You are scared

contents of the car I came in and prosecute me in the spot and then fuck up my life potentially to the degree it is certain your prophecy will be self fulfilling.

You told Natalie

You called your idiot sister

And you have questions about the past

I did not tell Natalie

Goodbye

I now threatened you and your family with a gun

You have truly fucked me over

No coming home now sober or not

Victor Emil Frankl (1905 – 1997), Austrian neurologist, psychiatrist and Holocaust survivor, devoted his life to studying, understanding and promoting "meaning." His famous book, *Man's Search for Meaning*, tells the story of how he survived the Holocaust by finding personal meaning in the experience, which gave him the will to live through it. He went on to later establish a new school of existential therapy called logotherapy, based in the premise that man's underlying motivator in life is a "will to meaning," even in the most difficult of circumstances. Frankl pointed to research indicating a strong relationship between "meaninglessness" and criminal behaviors, addictions and depression. Without meaning, people fill the void with hedonistic pleasures, power, materialism, hatred, boredom, or neurotic obsessions and compulsions. Some may also strive for Suprmeaning, the ultimate meaning in life, a spiritual kind of meaning that depends solely on a greater power outside of personal or external control.

I put meaning in you and Natalie and Hunter — you were the meaning I lost when I lost Beau — he was the single thing that gave my life meaning - I thought I could find that in being there for the family he loved.
I tried and you have ripped that meaning away from me at every moment I'm at my weakest. You tell me we are not partners that Natalie and Hunter's lives are not my concern you don't introduce or include me in anything you do. You know and spend time with the husbands of your friends even without your friends there.

You have made my life meaningless .

That's why I'm so pitifully at your whim. You make me come and then you rip all that I hoped to live like I loved him away from me.

It's all gone and now there is nothing.

I don't even have a friend in the world that cares enough to come try and save me

23-10-2018, 21:20

You're right Hallie my life is meaningless.

Ok please drive safely and come into bed with me

27-10-2018, 20:12

How is it going?

I can't do this

Neither can I

I'm leaving your car at your parents, get it when you get home tomorrow

If you do that you are once again fucking me over

Don't come back to me house, obviously you have something in NY more important to you then me.

I'll leave here and tell Naomi

We can't go to church with peter

That's litteraly why I'm staying

Because you're so mean

Messages with Hallie Biden

2336 Messages / 2022-07-10 / Extracted at 07:42:27 AM

Nothing is more important than you

This was all a set up, you intended to stay and fuck your whores

But you always make me choose

It's always either you or nothing

27-10-2018, 21:29

And a fucking party at the 60 hotel with your fucking whore like you did when you put me on a plane the last time.

If you wanted to be with Naomi you would have stayed at her apt. You want to party and fuck your whore. So don't fucking come back to me. Not tomorrow or the next day either.

It's the cheapest room in the city. I got it last minute on kayak

Peter is with her at the apartment asshole and she is at a Halloween party

Fuck you. Go fuck zoey or Anastasia - don't come back to my house you lying manipulative dick

I really need you to trust that my intent is what I say it is right now

That a for being a parent for hunter too. You suck and I can't do this

And to think I was so proud of you.

Really can't believe that you're saying these things without any reason to believe otherwise

Please hallie don't push me over the edge out the door away again. Over what? Over this? What is this ?

I'll leave

Do you see

Messages with Hallie Biden

2336 Messages / 2022-07-10 / Extracted at 07:42:27 AM

Because you didn't call respectfully BEFORE you got the room. I don't believe you, I'm putting the truck at your parents, I'm out of this. You are not sober and only make decisions on your using and your dick

Don't text me again I have to calm myself down.

Can't you see why I didn't call. I felt like staying would make you mad but I also felt like not staying would disappoint Naomi...again.

THIS fucks with my sobriety. And I can't do this.

And you and everyone else ascribes my failing them to my selfishness

It's the opposite and the reason I really am so tired of this

I came here for #1 the foundation to do for Xanthi and the Greeks what they have done for us

How about if I go to bbc or Cromwell's or oyster bar tonight

You always do and you never tell me and you aren't going for anyone but yourself.

Fuck you

I going nowhere seeing no one

That's believable

I came because it was important for me to show dad that I can show up

And I stayed because Naomi asked me to

I don't go through your shit or your car and you checked into hotel without a text or call

What does that mean

Messages with Hallie Biden

2336 Messages / 2022-07-10 / Extracted at 07:42:27 AM

I'm not doing this with you - you ask me to do my part and you do whatever you want

Have your dinner at the bar and call your whores

And fuck you for not being here for hunter when I leave at 6am

Good choice hunter

Your choices are based on your crack brain

And your dick

NOT Naomi

Your dad is taking the truck back to his house

And now you don't answer, you are fucking moronic

And pop got home really early - you could have called me hours ago, maybe then I would have understood. But this late, already checked into your crack fuck party hotel, and I have to call you! Fuck you, I'm done

You ask of me which you have no intention of doing yourself.

And you blow off your responsibilities for hunter and your respect for me by using Naomi as your excuse. You are fucked up.

Goodnight and goodbye

I'll return to you the same respect you just gave me.

27-10-2018, 22:29

You are a child and I want a man, a man I can respect and who respects me.

You are an ass home hallie. You've never done anything I've asked of you. I stayed here because Naomi asked me to and I'm now going to disappoint her and you call me a child.

I came in there to spend time with you, it is your own secrecy and stuff you want to hide that made you react like that. It is normal for a couple to sit on couch while one on their computer.

30-10-2018, 17:48

MY SECRECY- you've lost your mind. I have no secrets — none - you've rummaged through my entire life just to learn what I've already told you.

I so love you, please take my word and understand that I am sharing the truth with you. I hope you come home tonight, I worry when I don't hear from you.

It's a partial truth it's not the whole truth and you know it

It is the truth, honestly. Beth said to let you know that rob has called a few times and wanted to catch up with you and to let you know to call him.

And I came back after meeting to fuck you before you left

Like emoji of myself?

It is not the whole truth

Sebright he will not change the text

? Brad is his name!

31-10-2018, 13:54

And my uncle and my father are not Daria then tells everyone what you say about me even Natalie

Do you have to be kidding me you spent the last 10 days digging into all of my shit

There is no mutual respect when there is only honesty from One parking

Nope, just the one text from Zoey that was on top of phone

In my car and my bags and all of my things

Nope, just washed your cloths and cleared out shit you left out that kids would have found

That is so much bullshit

Sobriety?

If I'm the woman you tell your family I am, then why don't you leave me alone. And I care deeply what your dad and uncle jim think of me. Jim won't even answer my text.

What is the cartoon?

Jim won't answer your text because you're awful to me - fucking horrible

Bullshit - I'm horrible to you? It's your distorted thinking. I'll send everyone zoeys texts and they will see the truth hunter

I'll rewatch it and remind myself how I mean nothing to you

Go ahead Hallie send them and let everybody know that I own my shit

The lies about so much bills hit

Why can't you just own your side like I do mine

Leave me alone hunter u are fucked up

Why

Hallie sobriety does not change the texts I have

What is t you're so embarrassed of that you think I can't forgive

Before you do What you always do just try try to own the shit that you've denied your whole life

What are the fu kin cartoons

Owning it does not mean I'll ever get past it - I am broken by her and you

Betrayal beyond what I thought you could every do to me. Obviously I mean so little to you

I just went into library and sitting next to hunter was your brown leather pouch with a stem in it laying in the chair next to him.

I see how you turn it so I'm to blame for you leaving your shit next to hunt. Really, that is the big thing right now, not my old text and your anger. The kids hunter and being sober and present for them all.

Come home tonight and let's get fucking started tomorrow

I'll go dig my own grave thank you. I don't need you to help me do that.

You tell me I'm a danger to the kids when I am there and that I'm abandoning them when I am not.

01-11-2018, 08:13

Please come home, we need to rebuild. We can.

Listen at 16:20—17:10 this is why you decided to tell me that I'm the one who needs to be listening and culminating in telling me that I'm a lazy drunk. You're not nice Hallie. You never strive to understand and you have no notion of what unconditional love is not do you want to.

<https://www.facebook.com/redtabletalk/posts/248366862696188/>

Sorry, I'm allowed to be annoyed that you got a hotel and didn't come home, then missed Natalie's game and dinner.. and I of course unconditionally love you, but it's time to start and you look to find excuses daily for everything

Ok Hallie- I say this is something we both should listen to- I thought it was sweet and innocent saying we need to know that kind of love- as much on me as you and you say basically go Fuck yourself in you lazy addict and run away.
y Whcan't you even begin to see that it's we it's us it's partners it's best friends it all the truth all of it. It's not you need to do this and you did that and you're this or that and you me Hallie not hunter and Hallie. You won't even let me be a part of this family fully until I pass your tests and ultimatums.

01-11-2018, 21:10

Watch it to the end and that's how I feel and you keep making it so hard for me. I really already make it hard enough on myself without you putting hurdle after hurdle in the name of sobriety or love or responsibility or the one that gets me every time- Hunter own it. Don't you understand that I own it all already - every failure every lapse of judgment every embarrassment every mistake every shortcoming every failed endeavor every relapse every anguish of every child in this family. Can't You see that Hallie. I own like a noose around my neck. I don't need you're help owning anymore of the guilt and shame I already feel.

Where are you?

Are you at Rocco's?

No I'm in Marks garage on Woodlawn

Just got off the phone with dad to see who Olivia could speak with for counseling she is at the police department with Susan

I'm sorry, it is awful. LU

I'm sitting with her right now. You want to accuse me of being at a bar. Should I leave because I'm so fucked up and my brain doesn't work.

02-11-2018, 19:43

Was my response accusatory?

"Are you at Rocco's? "

Is that an accusation or a question asshole? Fuck you, you are annoying

And you act righteous like it would be an odd question to see if you are at a bar or a strip club, do you not see yourself hunter

Or st a hotel with strippers or asleep in your car. So many options on a daily basis

Thanks hallie - maybe I was once again just asking you to see in me what a few remaining people see in me

Just an inch is all I ask for

Just a inch

Show me an inch

I'm done showing you Hallie.

Really? That was your efforts?

You shouldn't have to show the person you love and says they live you that your worth their love and

Respect

So I only get your respect and love when I'm living up to your standards at any given moment otherwise I'm all the bad you say I am

Fuck you this is a ridiculous conversation

Are you coming home, it's been hours, or not till tomorrow? This is my fucked up life with you

I was trying to stay up thinking you may come home. I guess you will do whatever you want, goodnight

Thanks for letting me know

02-11-2018, 23:20

Hallie truly what do you care. You want me there for what? You say I come and hide in the orange room the bathroom. Where do you want me to sit hallie? Should I sit at dining room table to wait for hunter to come and ask me where you are, or for food or to tell me what he needs by way of a credit card or his electronics. Can I sit in your bedroom with my pants off? Because when Natalie is upstairs you've made it clear that you should not be alone with her in a bedroom or bathroom or a car or.., You don't want me near you except when you want a fuck.

Maybe I'll go for a cup of coffee or a movie. With whom though? My best friend? Can I call Liz? Can stop by Robi's? Maybe I'll call Fontayne? Why does Bills' wife not like you Hallie? Maybe b/c you are far too flirtatious with the boy you started fooling around with when you were 11 years old? Do you think maybe that might be it? Hmmm? I'm no rocket scientist but hmmm. Bills a sloppy drunk and you're a stealth flirt. I wonder? You say I'm not trying. Well I'm truly done trying for you. I'll sleep there in the blue room. I'm moving Hunters shut out of there tonight. Whatever you might think or say Hallie I'm

Not leaving here but I'm not staying with you anymore. I'll help you with the kids when I'm available. But I'm no babysitter and don't ask me to take out the ducking trash. You want a fuck // call whomever you would like. I've been with an 18'year old girl who thinks her life is over that she's a piece of trash that she was raped because she's stupid and weak and that Jamie Hobbs is the only reason for her existence and even though he beat and raped her multiple times she needs to be there to protect and love him. I swear to god I feel her pain.

What did you do today! This week? This month? This year? This life? Have you ever been there for a stranger let alone someone you say you love lime I have been present and here for this family right now? Never. You have never even tried and no one would ever think to ask you or Daria or David or ...

o Sbelittle and pigeon hole me as the drunk brother with the fucked drugged up mind. But I am not who you in the end say I am over and over. Except for the best fuck you've ever had or ever will have.

Now that was fucking the best ever hallie was you fuck

You don't answer my calls all night or let me know where you are, show up at 9:00am and accuse ME?! You have lost your mind. Get your meds refilled asshole

using the blue room or I'm getting my own place. You push me and bullshit me and keep your secrets. You share horrible things about me with people that say horrible things about me. Is that delusional Hallie. Do you want sit and go through the texts and pictures you shared with Daria or her friend Brad? Is that I hallucination too. Because I have them all from your watch. Why would I care about one single thing you tell me hallie. Who would want to come back to this bullshit life

You keep telling me I'm crazy hallie the same thing you've said whether you're sober for 2 months 4 who the hell knows and you're actually now telling me I'm hallucinating. You're proving once again to be the biggest mistake of my life. Tell hunter to move his stuff to the orange room today. I'm either

03-11-2018, 08:56

Since I have been back you haven't carved out a single minute for us to be alone. Being a mother-being sober doesn't mean that you can only find time to do the things you want with your friends and alone or not and fuck me at four in the morning so as not to disturb YOUR children. Get a dog and fuck your male escort in Philly hallie he looks like a real fucking stud. I don't want to play those roles for you anymore.

Heading out now to pick up chip and go to Feby's. Are you coming?

Sorry, I can't talk right now.

Are you coming??

03-11-2018, 17:59

03-11-2018, 20:40

I'm sorry Hallie. You are bound and determined to do it all your way no matter what. I know I'm fucked in the head and probably as bad a person as you say I am. I'm probably worse. I'm a liar and a thief and a blamer and a user and I'm delusional and an addict unlike beyond and above all other addicts that you know and I've ruined every relationship I've ever cherished. So I'm sorry I can't figure out why I would want to bend to you. You if all people . And you want me to bend? You want to tell me just how it is in the world I so misjudge. Well I'm sorry but you will have to take full responsibility for the children you are molding into smarter versions of you and Liz. The house is yours. it's hunter by square footag by

I'm done being your excuse to avoid: real life, responsibilities, reality, and sobriety. If you want to change your life and show up, I'll always be here. Don't come in and out anymore every other day and pout that you are not included or respected. You won't be respected by anyone like this.

Good for you- I'm proud of you taking care of you.

You are a mess hunter, get your shit together if you want respect from anyone

The only people who show you respect are strippers, dealers and strip club managers. And that's because you pay them, they act like they respect you. It's time to choose what life you want. You are hurting everyone around you.

Go live your life with Zoey, she will take what little you have to offer

Go live your life with Zoey, she will take what little you have to offer

To be clear Hallie you are a moron and the Hateful things you say about me are moronic.

There isn't a single person I care about that doesn't respect except for you. Name one person that knows me hallie that doesn't respect me - name me one person that doesn't call me first when they really need something that is critically important to them. The only people I can think of hallie are you David and Daria and that's because you're all too moronic to know you should at least fear me.

So how have you grown in your sobriety hallie- what has changed that is going to allow you to live not just an arrogant abstinent life but a sober life filled with giving and helping those around you to be better people.

04-11-2018, 14:00

Really hunter. Go live your fucked up life with put me. You just bring me down again and again

Please stay away and live your addict life.

And know that I am staying sober so I can parent Natalie and hunter. You can't parent like this and we can't connect like this. You can blame me but deep down you know what you need to do for yourself and everyone who loves you. I'm sure you will run and hide again so you can continue using and stay clear of anyone who needs you.

04-11-2018, 20:58

I'll get my computer tomorrow when I come back. Or are you saying once again that what you say is my home is really just your home. That ultimately (for whatever reason you want) the house is yours the Roma In it the belongings in the rooms and the property it sits on are your's and will always be. That the children are your children, the rules will be your rules, your friends are your friends. And that my access to any of the above will be determined by the ultimatums that you impose.

08-11-2018, 14:39

Let's do this right. Come home and talk with the kids. Let's tell your family and your kids the plan and let's stick to it. Everyone adores you and wants to feel like you are safe and working on sobriety. We can do this. Then I'll do therapy with you while you are there. We can talk about everything you want once you are there.

I'm at a loss, you make me feel horrible and attack me for so many things as I'm trying to just stay sober and be present for Natalie and hunter. It is so hard for me to do alone. I'm trying so hard and you put me down, tell me I'm doing a horrible job and come in and out like a tornado. You know I can't resist you and will always keep trying, but know that this life is horrible for me and the kids. I would love to help you but you don't want help hunter. You have again made that clear.

Take me to help set us on a new path

Apologize for the awful way you both spoke about me

Apologize for being so cruel for that 6 weeks

If you can't make me sad

Is sure a stretch that your cruelty is my fault

By torturing me again. And again and again

Your detachment and avoidance and withholding of affection is my fault

Do you know how classic that is hallie. It's literally out of the text on what gas light abusers do to their victims

What do you want!?!?

Blame them for the way you're treating them

Call telling the truth or asking a question torture

Always lead it all off with

I'm trying to get myself home since you kicked me out of the car in conn!

"This is too much you're in sane Hunter."

I'm here asshole

Right outside get in the car and I'll drive you

Fucking come now

I don't want you to drive me, I'm mad at you

If I'm not going with you then I'll figure out how to get myself home

I'm so sick of you telling me what you want hallie. I've got to either go get ducked up and ditch this whole thing or make it.

You're now making it 5 times harder

Me?!?'

It has to be on purpose

You specifically said you wouldn't do what you just did

And now it's my fault

I specifically said I was going to talk about everything

It is you create fights and torture me

And anything I wanted if you insisted on coming

Exactly what we agreed to

And surprise

I did exactly what i said I was and you do exactly what you said you wouldn't

So how important is getting me there now

What do you want? If you don't want me to go with you now then I'll get myself home. If I can come, then please stop yelling at me and questioning me and torturing me

I guess not more important than Daria

Daria is irrelevant

I have no fucking choice now

Get in the fucking car

If Daria's irrelevant than what's your fuckin torture???

How is it that you can

I'm again embarrassed and feel like you I run head long into your traps. Who in the world knowing how difficult this is for me would spend the last 24 hours ridiculing belittling bating ignoring petting seducing dismissing the person so in need.

And here I am again including you so that you can set the stage for your sanity as compared to my rage. I don't have words. Get up now and leave please.

You know what you are saying about me now as I sit here waiting listening to how you characterize me and spew that bullshit and laugh

Actually not able to do till Monday. Are you finished? Call me - I'm sorry

I can't do anything right with you, I'm sorry.

Hallie- that's unfair. I just don't comprehend the reason for going through everything of mine only to leave it in a trash can sitting next to me on the bed. Regardless of what I have on me it don't I have you full access to everything in my possession of which you combed through and placed in bag next to me. Why even if you think I have some big stash in a bag that is constantly

Combed through and has nothing

Either way it just seems like a vote of no confidence or a purposeful fuck right Hunter you'll never get this so have at it.

It's really confusing. If I left you with a rock, what was the point? I just wanted the trash next to you so you would put everything in it when you were done. I'm sorry

That ash in the ashtray is almost all crushed Cr...

I'm sorry.

The point was I want to be done and I knew letting you help by actually letting you throw stuff out would be a huge psychological step on my part

Why do you think I'm going through the trash Hallie

You wouldn't let me do I didn't see the point, I'm sorry again. I'm really trying to help you without pissing you off but it happened anyway

B/c I'm out

Let you do what

I was being totally honest you saw all that I had

And I finished it and thought so that's the end

I should have taken everything before I left. I'm sorry

Except for this fucking treasure trove by the bed

Put crap in trash and tie it up. I didn't know that was shit, I'm sorry

I can't believe in some way it wasn't intended

That it wasn't a statement

Are you kidding me!

By you

That I'm not worth it

You are fucking worth it!

I'm sorry - you wouldn't let me totally do it so I just left it there.

I shouldn't have left till you were all done. Do you want me to come back and spend the night with you while you sleep it off?

Take adivan.

Should I not board? I feel like I let you down.

I don't want to talk right now

I have to think

Or stop thinking

Don't think

Sleep

This is my choice

I am your choice!

I need to do this alone I guess

Pick me!

I do over and over

And you inexplicably always leave me with a trash can full of shit sitting next to me in a lonely room and say well if you weren't such a fuck up id give you the loyalty you don't deserve.

Messages with Hallie Biden

You have my loyalty, and my heart. I promise. Sorry I fucked that up for you

And I choose to believe that no matter how much I know its not real because I'm tired of the trying and the failing in the eyes of those I love.

I choose to believe that I don't deserve the respect nor the loyalty nor the

Compassion.

I need sleep call when you land

16-11-2018, 16:06

I know we can do this together my love. Sleep. I can't live without you

You didn't even clean out my blue toiletries bag Hallie. What was the fuckin point

Where are my notebooks

How many sorrys can I give you. You were still using so I just left it. I'm sorry! I'm sorry!

I'm the LV or the big back pack

That makes no sense

Neither does it that u said fir me to clean it out but leave you with a rock

That's where I assumed you would do it your way. Certainly not my way

Stop blaming me! I went there to be by your side! I'm not trying to sabotage you! You wouldn't let me do it the right way and now you are mad at me.

What's the right way hallie. I had one piece left and everything else would be gone Stem's bags chky all of it. I finished that in 1 hour and fvaliught that was it only to find that you left everything that I had on top of that and didn't clean out the car. So what the fuck are you saying.

I asked you for two days to let me! I had less than an hour to go through your mess. But all my fault, I'm sorry again and again.

I told you last night you could go through everything- never mind hallie- it's just confusing to me- you ask me to do something I do it and I give you full access to the whole of it and you did the exact opposite of everything I thought would help me and

16-11-2018, 18:27

Messages with Hallie Biden

2336 Messages / 2022-07-10 / Extracted at 07:42:34 AM

My permission first.

You cause this insanity

This is all you hunter

The only thing i blame you for is being deceitful disloyal and untrustworthy. And for being small and weak in your fear:

I won't be involved anymore

21-11-2018, 00:01

I'm ashamed to have fallen for your seduction. I am ashamed to have allowed someone so pedestrian so venal so plain to occupy any space in my heart let alone all of it. I am ashamed to have allowed you to make me feel lesser than the man I am - a man you never deserved. Someone sent this text to me tonight

"What you think is love hunter is nothing more than the void she selfishly filled when you're brother died, she took advantage of you're goodness and until you realize how much more extraordinary you are than the doubt she has filled you with you'll be trapped. It's like the tape worm has convinced you that you need it to survive as it eats your insides out. That's not love Hunter that's death"

I still don't understand what you are talking about. Either you lied to your therapist or me and what about RI? Elaborate. And you turn this around like I'm against you and sucking YOU dry. The death of you? And who is "someone sent this to me tonight"? I don't know if you have had a day sober since you arrived there. My fault is that I love you and keep trying over and over to help you get sober and happy.

You need to understand that I don't think you ever have my interests in mind. You've constantly interfered in my sincere attempts at getting clean and staying clean.

I've never lied to you about whether I'm using or not. Never- I have no understanding of why anyone would lie about it the way you continually have with me and everyone.

Don't mess up thanksgiving anymore than it already is please. I hope u are clean and come home with us. If not, lmk

You once again can never make me. Part of your life when you feel entitled to be in all of mine.

You have secret conversations with my friends and tell my therapists things to have no right to say.

You constantly doubt me and accuse me of not trying when I have without a doubt and now fact tried twice as hard with 5 times more success than you.

You withhold your affection and respect.

You come between me and Nyone import t to me.

You are the idiot who to this day doesn't have enough respect for my children to have figured out how not to fuck yo thanksgiving.

My kids aren't here because they hate you

Fuck your Hallie

Ok Hallie thanks for setting the trap just line you always do

21-11-2018, 05:09

No one cares what you say or do anymore Hallie. You're sober so what. What does you're sober self contribute to this family anymore than you're drunk slut self.

Who in there right mind could possibly argue that calling my psychologist without my knowledge and calling me a liar could be beneficial to me right now. Is it ok because you're paying.

Who do you think said that to me Hallie .

What a fucking joke you are.

Yet I sit here and take your shit while you get drunk at the same party you probably gave mike whatever a blow job.

Do people bday that to you Hallie. Because I get that everyone. Literally everyone.. from Robin to your sister to dr borin.

Has anyone ever said to you- what do you see in him hallie I just don't get it? Or it's not like he's obviously good looking. Or I don't see the appeal Hallie. Or it's not worth it Hallie he's not on your level and never will be.

I'm not going to come to DE. I'll ask Dad if he wants to bring kids up here on Friday. Gives you some time to go the stupid shut you do that I'll never know and don't really care to anymore.

Are you really not coming home for thanksgiving? Kids will be crushed. That is horrible of you, don't tell anyone that you "show up" for the kids and do this to them

I'll tell the kids you aren't coming home if that is your decision, and we will then decide what to do for thanksgiving

You're insane- you say don't come and ruin thanksgiving and then say if I do come I will ruin thanksgiving. n Agaiyou're kids will be crushed if I am not there and your kids are crushed when I am there. Send them here- what am I going all the way to the beach to be with you for?

I'm not sending them to you now

fuck you ill be there like I fucking always am even knowing its so you can crucify me as you always do with the nails I invariably hand to you. Ill tell the kids that once again. Your mother is doing exactly what I've told her makes it very hard for me to do what I need to do to get better. Your mother is as selfish and insecure woman who cannot stop being a cunt just because thats her nature she was born that way. So guys as you know your mom is not the one you should be listening to about anything because as you know guys she is only good at taking care of herself.

If you can be honest with yourself and everyone that you are struggling to stay sober and don't think you should travel, then I'll send them with your dad if he wants to take them. If you are going to put blame on me and try to manipulate everyone who is trying to help you, then I'm not sending them.

What a cunt you are. Ive never been dishonest about whether I'm using or not. Your the l;ieing piece of shit in that regard and every other. Stay the fuck out of my head Hallie no more help from you because you love. It is driving me insane. Just leave me alone if you can't at least not do harm.

21-11-2018, 08:29

What's the worst place for me to be trying to stay clean? Delaware. I tell everyone to come here to a beautiful house on the beach with a cool town with the same shops as Nantucket and I can continue my treatment and what do all of you fuckers decide? You are so fucking helpful Hallie.

21-11-2018, 09:49

What I know is that being together is better for ME than being apart. That being compassionate and loving is better than being inconsiderate and selfish. I do know that in relationships sometimes one person needs to be taken care of with empathy and understanding and affection rather than disgust annoyance and avoidance. I do know that you could have taken my needs into consideration just once and even if you're lying and acting tell me why you love me because for three years you've gotten all that from me when you would allow me to be in the presence of your family while not acting outwardly as if I were your great burden. I'm not an invalid I'm not a bad person I'm not someone who should have to ask his partner to love me demonstrably . I've come to accept that I'll never get all of you that you will never take the bus for me regardless of my sobriety. But just once you could see something like - this is probably the most difficult position I could put Hunter in- maybe we should all go to him and show him just how much we love him because his children will not be with him and being alone is like being dead.

I love you. Do you want the kids and I to come there? I'm sorry I don't want you to be alone ever

Help me help you, I'm never against you. Please don't point the finger at me, it just gets my back up.

21-11-2018, 11:16

I had hoped you would figure this out days ago. Please be understanding the kids are totally confused by all of this. I don't know what is right anymore and I don't know what to do. I don't think you even want to be around me.

21-11-2018, 15:24

I love you and I'll see you tomorrow. Lmk if I can pick u up

Fuck you you are so incredibly horrible - my dad is now in car and you fucking have Natalie hey in to snoop

Why do you do this

You. Never fail

And neither do I

To be the fuck up

I just moved your car and she hopped in. You cannot expect me to cover and hide for you, you should clean car and have nothing in it. It's on you, not me!

I hate you hallie. I expect a friend not an enemy . You know took my keys and didn't tell me went through my pockets to get them. And now you have my dad in my car and that was all so predictable and you don't have to cover anything just don't make sure I get embarrassed as you always make certain I am seen for the awful human being you see.

Goodbye again

Are you kidding? You blame me?!

24-11-2018, 09:33

I'm not blaming you for anything except being at best totally oblivious to my feelings or at worst totally intent on highlighting my failings to Natalie and my Dad- making certain that they know they can't trust me. Innocently putting the evidence of my continued failures directly in front of them so they can be as disgusted and disappointed as you want them to be. I don't blame you for my fucked up life hallie. But I will point out that you're a vindictive mean spirited totally predictable asshole. Why else would you have done that. Oh just to move the car. "You're crazy Hunter clearly whatever bs you're doing now isn't working either." Thanks again for all the support.

I was quickly moving car, had not even seen your dad all morning.

Not purposeful

And I told Natalie not to get in the car and she pushed her way in as she does

I love you

24-11-2018, 14:15

Where are you? Are you coming to DE or going elsewhere? Why are your phones going straight to VM? Please lmk.

See you in 30

Where have you been?!

Resolution for the boys with Natalie is that I said they can come here

24-11-2018, 15:36

A friend of mine was Bradley mugged and robbed. I don't care what you think is true not true I really don't. I'll be to your house after I deal with this.

24-11-2018, 20:13

Where are you? At 4:11 you texted you would be here in 30 min. I don't understand why you wouldn't check in over 5 hours?

Im headed back to MA. You always do this. Always. And I guess I do this too. Itches to end

24-11-2018, 22:47

Was Johnny here Hallie?

25-11-2018, 09:53

Is there a reason you don't answer me Hallie.

There's always a reason with you Hallie. "What did i do?" I have no clue and I never will.

You acted insane when I moved your car, left the beach and blamed me. Didn't answer for hours and no one sure where you are. Driving up and back so you can continue using. It's hard to count on you for anything when you come and go. Hard to follow your lead when you are so inconsistent. I love you and want to be with you but you make it really difficult.

Hallie you know Why I was upset about the car- it's because you did it without asking me and it ended up that Natalie got to poke through stuff and dad did too.

25-11-2018, 11:15

Johnny?

I never saw or talked to Johnny

Really? You are one thing Hallie. You are consistent.

25-11-2018, 12:29

What are you talking about?! I never saw or spoke to him. Really hunter

I'm not feeling secure with you not answering for days. Mad for no reason. Unreachable for your family. You can't expect to be a part of our lives like this. In and out, in and out. I'm not going to follow your lead when you are not sober and unreliable hunter.

26-11-2018, 08:18

Who am I unreachable to? I'm upset for very real reasons to me. I'm not in and out I am sticking to the schedule I told you. You have not called me or texted me in last two days that I did not respond. You don't need an excuse to do what you know you want Hallie. So just do it without hurting me more in the process. This isn't me it's you and me. And you're full of shit

26-11-2018, 09:21

If you want you and me, you have to get sober so we can be partners. This does not feel like a partnership. I've FT you multiple times this morning called and FT yesterday and Saturday. And texted.

26-11-2018, 12:22

I will call you after my infusion therapy

26-11-2018, 14:26

What time is the funeral tomorrow?

Omg you again don't respond to me!!!! You must be drunk on crack doing a can show for Justin or having drinks with David! Funeral time tomorrow please.

26-11-2018, 15:41

Thought you were calling me. Sorry I had my phone on counter, I was working on my speech with my dad. I don't know what time funeral is. I think I heard 11:00.

What speech

And fuck you

You're so ridiculous

I'm so sick of trying for you

You have to get sober. I can't be around you anymore like this. The arguing, the insanity, the inconsistency.. it's too much for me.

Please go to inpatient and get yourself together, then do the ketamine if you think it's working. Otherwise, I can't do this. I love you, I'm sorry

You are never changing Hallie. you tell me indent answer when you never call and then ion call and you don't answer. I ask you a specific question and you purposely don't answer me but instead send me self righteous bull shit.

I can't talk now

26-11-2018, 17:03

That was fucking hard to text. You're so juvenile. So incredibly disingenuous.

You know I love you hunter. You know I would do anything for you. But you have to help yourself - nothing I have done to help you has made a difference. You get mad at me either way. And you still aren't sober.

I don't think we should talk, I can't resist you but this situation is killing me. I can't be with you until you are sober. You can do this. You have to do this.

26-11-2018, 18:33

You're loosing me Hallie. Each time you repeat this cycle of drawing me in only to shut me out I move a step further away. Each time you determine the best medicine is isolation our connection grows weaker. Each time you demand I come back after being kicked out only to expose and me humiliate me in front of Family and friends I become more aware of who my friends really are how weak this myth of our family has become. y Evertime I get help or lean on someone central to my life and you place your self in the middle and become their partner and confidant to my exclusion I doubt your sincerity when you say you love me and you are helping me.

You are loosing me hunter

"You can do this." You said that exact thing to David in a text when you were trying to help him get sober. You were bringing him Gatorade and food and medicine and I was in my apartment alone begging you to come to me. You got this David. You're going to have a wonderful life.

I never had you Hallie. You never gave all of yourself to me. Every time I fought for sobriety you barely acknowledged my struggle let alone help me. You criticize everything I do. You expect me to do things exactly your way and you include me in nothing of importance to you.

26-11-2018, 20:12

Just get sober please

27-11-2018, 18:44

I am always with you Hunter, I love you desperately and tragically always.

I know Hallie. And I know you don't intentionally hurt and make things more difficult for me. I was thinking about two things.

28-11-2018, 10:39

I'm sorry you feel like you have to block me from every part of your life in order for you to feel better. That's not something I ever wanted you to feel. I hope the day goes well. I would have loved to have been there with you and I'm sorry you obviously didn't feel comfortable being together like that in public. It makes me sad that you're embarrassed of me because that's all about you and not me.

28-11-2018, 13:16

I love you but I cannot be around you until you get sober. You need to go to inpatient. You are continuing to use there. You could do ketamine once you are sober if it is helping you.

I know what I need to do for you. I've done it for others before and for long stretches 1 years, months it doesn't matter how long really it only mattered that I cared enough to do it. And what I always found on the other side of the bottle was a more Managua

Manageable life. But not a more fulfilling partnership or friendship or lover. I'm afraid and if past is prolog certain that you have no intent not desire to try to even understand what it is I want from you for me

You have my heart hunter

I know what you need from me and you deny me the chance from the start. AND KNOW THIS I DONT BLAME MY ADDICTION ON YOU BUT I DO KNOW THAT THIS SADDNESS this inertia this feeling of defeat is because of the way you refuse to see me.

You refuse to see that the anger I have over you and David cuts so deep. It is more than I can bare at times. And for you to not fully acknowledge and listen and allow for me to begin to understand a way for me not to hate you for that is an even deeper cut.

And it is hatred at times real hatred. To know that even after I expressed myself you choose to dismiss me as crazy and choose that relationship over this one makes me seethe with anger. I'm sometimes paralyzed by it. I am sober and I am drunk. And still you sit and show no remorse no

Nothing.

All I need from you is sobriety and your love. We can work through anything together.

And you say get sober and I say why. Why should I give you anything when you cant even say or show your love for me.

Will that change

It hasn't in the past

I've been sober and you partied with David

I did combo and you left me to smoke crack

I detoxed at home and you left me with Liz

Stop the blame. Everything will be manageable when you are sober. I love you. I know you can do this. We shouldn't talk if you are going to do this

I told you to take it all and throw it away and you left it sitting by my bed

Enough.

You're not and don't believe you care to hear me Hallie.

I don't blame you

Call me when you get sober hunter.

I blame myself for trying to make you into someone you will never be.

If I ever do get sober Hallie do you think anything I just wrote will be any less true

Listen to yourself.

I do and it says she will kill you only if you let her. And I keep letting you.

No one is killing you, not even me. You are killing yourself. When you realize your part, you will be able to get sober.

My part is all of it Hallie for the last fucking time. I choose you just like I choose ceajk. I know neither will give me what I need nor what I want and will betray me every time in the end. But im addicted. Not to the sex not to the high not to the physical or emotional return. Im addicted to the pain and the blank nothin gness each invokes in me. My part is all of it Hallie youre just the drug that won't let go.

I can't give you what you need - nothing is enough or right for you because you are NOT SOBER

Yes

29-11-2018, 15:20

Just work on yourself and stop trying to talk about anything until you are sober and clear headed.

I'm scared to sober up and to be faced with the disappointment of your diffidence and disrespect. How many times will this be? I count 5 sincere attempt and 13 months of sobriety for me . I count 3 months maybe for you and not one completed program for you. Did I speak toy this way when you refused to follow any direction. Each time I finished a program you never even considered addressing "your part" not even an acknowledgement of how you could help "us"- nothing - not a single thing. In fact it was the times I was sober that you behaved the worst. What will be different this time? What certainty do I have that you will be more inclusive more respectful to me? I have none. You refuse to even say I will talk about it on the other side. So stop with your self righteous bullshit 3 supposed months of sobriety ultimatums. Just try to be my friend at least Hallie- you stayed friends with David even though he's the worst fucking drunk loser I know. n Cayou at least give me the same respect and love that you give him?

30-11-2018, 05:44

I want you to take care of me and put up with me until I'm out of the woods. I don't want you to not speak to me and give me ultimatums that drive me away.

No response

04-12-2018, 08:01

Well what can I say Hallie

04-12-2018, 09:05

Please get sober and I will be there. You have to get yourself to inpatient

You send me this:

"What do you mean come to you? I would do anything for you but doing the same thing over and over is not working. What do you want me to do? What can you do differently? What do we do differently together?"

And then you say The above.

What the fuck??? You're such an asshole. What would be different is if you came to me and stayed with me after. TOGETHER! WTFHallie?

Hunt, you have to do this. Nothing I do for you helps in any way. Tell Keith to take you to inpatient. I'll be there for you when you are sober.

You are such an asshole. I have no ideas how to even respond to you. Im asking you to give me four days of your undivided attention here. Get me over the hump and then wow stick together sober from there. And you are saying no. that's different you've never done that before even though I've asked. And you say no. tell me my option is the one thing you know I won't do under any circumstance. You're not my friend Hallie. Stop pretending that you are. Ive had with your bait and switch bullshit. Can I talk with Keith?

Well? Can I talk with Keith please?

You can after I see him at six and we will call you. Why? You need to stop trying to influence the people around me based on the bullshit observations you concoct from nothing but your own imagination. You haven't seen me you won't talk to me you won't listen at all. But you have your prescription and you want to make sure everyone else has the same. If you won't help me then stop purposely hurting me. Did you tell Tiffany that you wouldn't pay the weeks bills for here? I need to know but for I go to treatment and before the owners of this house evict me.

I have given you 50,000 and now my CC is at 30,000. That is 80,000 in 2 months. My CC froze due to your activity. This is more insanity - and you tell me I'm selfish and trying to influence people?!

Froze from my activity what the fuck are you talking about. I have not used your card in over a year. What did you tell Tiffany? And what the fuck are you saying Hallie I have to pay 40 in alimony and Keith's bills and the rent and tuitions. Not a dime elsewhere and you think I won't pay you back? You're an awful selfish child. I paid over 525k on your amex in nine months. God how do you think your kids will see you when they are enough to see how small and selfish you are.

Keith and blue water and the hotels and your rental are all racking up my card!

Do you not know who is paying for everything? You need to wake up and get sober

Go to fucking hell Hallie and stay the fuck out of my life., keep my mind on my eye that you're spending from the sacrifices I made in. Order for you to have it. Every single dime you spent on clothes and hand bags and trips to NY and hunters games is directly a result of what I did for my brother not for you. And you think I won't pay you back partner.

You are fucking asshole

I'm sorry I got angry on the phone. I've been wanting to talk to you but we never get anywhere. I'm not ready to be with you in any way until you have some significant time in sobriety and significant time in therapy - sober. I love you but I can't continue this angry blame game and inconsiderate behavior. If/when you come to DE, please do not come and stay at this house. You can stay at your parents and see the kids as you wish. I adore you, I believe in you, but I can't be a part of this

You're allowing your selfishness and your immediate desires for lesser relationships to bring this tragic love to a final end. I know you hate being alone. So do I. But you have the kids and your friends and your family and I beg you to come and help me and do this once and for all together. You've never stuck it out with me not with Marlon not the last time I just was with you not here with a Doctor. Never stayed through the end. You're strong in your sobriety and I'm almost 3 days clean but still you won't come. You say paying for my doctor would weigh on your conscience if something happened to me but refusing to come help me won't?

You can rationalize this any way you want. Clearly you don't want me home in any shape. So if you're finally ready to move on just say so Halle. I need to hear it. I need you for once to be honest and stop this absurdity.

When you mean goodbye say it.

And I blame no one Hallie never have and never will.

You have it wrong. Above you tell me all the ways I am not doing enough for you.

How so Hallie. I asked you to come you won't I asked for a loan for a doctor and you won't.

Stop trying to make yourself feel better for wanting to move on.

Where are you going for Christmas?

Maybe when you have some time sober and in therapy, you will see things differently

I'll see what differently

Whether you are right about not coming and not helping me pay going forward for this course of treatment it's a fact that you're not coming and not paying. It's your choice. I'm not blaming you for anything. It's just the facts, whether you made plans without my knowledge to go away is just the facts.

Where are you going?

Work on your sobriety please

Thats not true but if it was I'm sorry you specifically said you didn't want to talk. Now here I am please fill me in. If you don't ill go crazy over it

You kiwi will

Know I will.

Crazy over what?

Where youre going who else will be there in the place city your going to etc..

I said I will! I'll get specifics from Helen

You don't know what city your flying to?

You don't know the families that go to that beach?

Ft Myers and there for 4 nights, then to her brothers in Miami fir 2 nights then we fly out of there. No family's go to their beach. Beau kids and I have been there twice.

Im really tryin g here hallie I really am and it feels like youre purposely doing things that you know would drive me nuts.

I'm not going to have this be your new focus. It's not about YOU. I'd like to relax on the beach with the kids playing with friends and avoid the pre-holiday insanity. We will be in bed early and I'll be able to go to meetings and I'll have a break and feel good. That is not about you.

When you have some successful sobriety and therapy, I hope that we can try and make a life together. I always love you.

youre right its youre life and your family and your money and your....I hope you have a great time. I'm finished with you. So any pangs of guilt you might have had don't sweat it. Youre free to do as you wish. As am I and I promise you I will make my own plans with whomever there e hell I want and ill send you the pictures for your scrap book. Now its truly over hallie. I'm sad and hurt but I'm going to make this my chance to free myself from the constant pain you deliver. m iglad you did it this way it makes it easier for me to do what Ive known needed to be done for a long time. Youre a small and silly woman hallie. But you are clever and you'll be just fine. Plenty of older men and woman for that matter out there will find you to be a real catch. When I'm sober ill introduce you to my new love. I know exactly who she is and Im not going to wait for love in my life any longer. Have fun in Miami. Kids not going? LOVE IS AN ACTION AND yours speak louder than words. We never had life together and we never will. You made. Your choice and I accept out and I'm ready to move on from the drain. That you are.

You are a child.

I'm sorry you can't see things for what they are and how the rest of the world see life. Your thinking is your brain from use.

Well maybe I am but I'm never so selfish as the grown woman you pretend to be. Tell me hallie who doesn't think youre a selfish and self serving mean spirited woman. Even youre friends do. Maybe not the ad sycophants like Helen but everyone else does. You will always be t and always be without me.

And I'm so relieved to not ve to feel guilt over leavingg you.

Do you hear yourself?

Half my brain is twice the brain. You have hallie. Don't be so ridiculous.

I do and I finally feel released

You need to go away to inpatient - your behavior is not sane.

Happy child finally

Fine then. But stop this please

Face time me for real see my smile

You are sick hunter

I'll be in ny this weekend if you need anything I had planned on driving home with liz. I would be five days clean by then. But thats not enough. I thought being with you and staying you around the clock until i came back up would be safest. By the 18th id have close to two weeks. And you say I'm a child. Youre choosing to go to fl without me and I'm the child. who gives a shit what you think. Really no one.

Just get sober first

Then we will talk.

No more talking hallie. Goodbye. I'm going to NYC to be with Naomi this weekend and I'm sleeping with whomever the hell I want. You can talk to whomeverver you already talk to I do not care.

You sleep with who ever you want anyway.

If you were truly working on being sober, you would have a very different attitude and outlook hunter.

Not really I'm sober right now and I don't like you anymore e than I didn't like you on drugs. Least now ill be confident enough to get the fuck out. And by the way don't where the skimpy bikini its not flattering anymore. Gotta go - Phillipa is waiting for me were going for a plunge in the ocean. Now she is fun to be around.i truly will send you pictures this weekend you'll love them. she is gorgeous. lo can't wait for your sister to get here. e Maybi'll come to Miami with her? We don't have to see each other but id love for the kids to meet the girl id like to will IThey will adore her.

Addict behavior

Rational and clean behavior. You're sneaking around and making up bullshit reasons for nit coming now when I could have used you. That's addict behavior. And by the way Keith and Tiffany think you're an entitled ungrateful bitch. Really ask him yourself call Tiffany. If you like. Headed to the beach.

I did talk with Keith, at length

He told me hallie and he spoke to me after. I spent 4 hours in infusion yesterday and two in therapy and rest writing with Philipa after swim and long walk on beach. and no drugs. And none of your discouragement. You're just not a good person hallie. It's the bottom line truth. You're not and that life you cling to is just so small and venal and meaningless to me. You know that and that's why you chose it. You chose to go to Naples where the Centreallas go the Owens the Autschlers the— shit even David goes there. I really no longer care. And I don't desire that either nor the borrowed houses of the Buccinis or the guest pass at WCC I hope you get that little slice of nothing you so desire. Were both running short on time take what you can and grab someone rich because the in surname won't last forever. by the way I got paid today. \$127,000 and on the 19th Cooper closes a deal that pays out to me \$283,000- sale of the PBM I own 5% of. I'm not sending you a dime by the way. I will show you my bank statement though. Can I take the kids with mine kids after Christmas to go skiing. im goin g to ask Ashley to come too.

Also total for up here is around 18K not 30. regardless I appreciate you slowly repaying what you owe me. You have a ways to go. s Thankagain for that. Much appreciated.

Fun. Smiling. Healthy.

06-12-2018, 11:53

The kids would have thought this was fun just the five of us. I think ill go back to Malibu for that time or maybe Miami.

06-12-2018, 21:58

Who do you think dislikerdyou more as a human being- me or my brother. Id say he did by the end.

07-12-2018, 06:05

I loved you hallie. And im sorry I failed to love you in the way you need a persons love. I look back and it seems I filed from the start. I never met your needs fully and that's why you were never fully mine. And I now see that was my failure to understand. I wish that it all turned out differently but you're right to push me away because my need for your love is not something you will ever give me under any circumstance. y Mneed for loyalty and affection is as great as your need for security and conformity. Your also right that sober I could and would provide at least the security you need- the lifestyle you are attached to. But you will never give me the loyalty and affection a true partner deserves. You've proven time and time again that you value your private world separate from me more than you value loyalty to me. Thats never changing. I can't accept a love thats only half the love I need again. I can't live a life giving to a partner who doesn't respect the whole of me.

I've been this to them their whole lives and you somehow create a myth that I'm absent because of my problems when really my problem will lighten its load when I have someone to share the struggle with me— just because they adore me and truth be told that's what I need want and demand and will have from the next person I allow to profess their unyielding love to me. That girl will love me up and down and out and for better or worse — she will love me with her actions and not simply her empty words. But the problem really lies with you Hallie— it's your problem that demands I not be home...unless I meet what's the latest ultimatum today. Forget our relationship Hallie you killed that a long time ago— but please don't kill my relationship (mine not your vision of how things should be) with Nat and Hunt. You may not love ME the whole of me not just your ideal version of me—but they do and will unless you continue the vilification through manipulation and oversharing bullshit stories that are rarely true about me. Jesus Lily has the exact words you use and some I've only heard you tell me about me. How is that remotely appropriate. I'll be in NYC this weekend and I think DE Mon and TUE that back up to NY for night and then back here. When I'm home I'll sleep in the blue and I don't care what you say you're not telling that I can't be in my brother's house no matter what. You're more of a danger to those

Was that you - I hope it was- I hope you and your children are enjoying your holiday rituals- I wish you could have loved me enough to have included me - even once in the last 4 Christmases - I would have loved to start our own traditions. I am clean now 5 days. And you have cut me out of your life again why? I will find you some day but I hope

08-12-2018, 19:21

I'm so proud of you, I'm not cutting you out. Just giving you time to focus on you. I love you Hunter

No you love the idea of me not all of me. You never did and you never will and it makes me think that there is nothing I can do to be less than who I am good and difficult. I am this and I want someone who will be there to help me be the best of me and not deny the worst in me. I am alone now because I choose to be. I am alone b/c I chose you — all of you. And you chose to not give me all of you nor all of your love.

I'm sorry you feel that way. I love you and you know how much I love you. You have to get sober and stay sober. I can't help you do that. If you won't go to inpatient then you are choosing to do it alone. You have me here waiting if you want me. I'm not trying to move on without you. I'm trying to allow you time to get better.

I am clean and I have no idea who you have chosen. Who are you "waiting" for Hallie? How long do I have to pretend to be only what you want me to be until you at least pretend to make me a part of this family that you claim is yours alone and only mine to visit.

You are moving along without me. You never moved anywhere with me. As you've said there is no "us". "I'm You do you and I'll do me"

Should I not take your words seriously.

I don't know what you want from me. This is time for you to work on yourself. You have to embrace a sober life and work on yourself to be a good and healthy part of me, us, a family.

If my words anger you then it is certainly not a good idea for you to be here yet.

Don't you get it Hallie. What keeps me clean is the Being a part of you of a family not being apart from you from family.

We want you to be with us and part of us more than anything.

I'm not trying to punish you

It has been a rough road for all of us

Who is "we"

Do speak for Natalie and Hunter as if they choose to keep me away.

See hallie. I will never be a part of your "we" Have fun in Miami without your "we" but with ????. Who knows who you make part of your world. I don't know any of the people you share your life with

Rough road.

The fact that you have all of these feelings and anger is what you need time to work on, sober.

You have no idea of rough roads hallie. You seem to me doing just fine.

Anger. Feelings. You're ridiculous

Who in the world sober or not doesn't have feelings. Being angry at something that is wrong isn't a lack of sobriety Hallie.

It's a lack of working through things while sober

Regardless I'm speaking to a brick wall of self obsession. Whatever you say. Just stop trying to separate me from my kids. MY kids hallie OUR kids. You had nothing to with raising mine but I've been these for yours there whole lives.

A lack of ...

Yes you lack love

Maybe so but I will never stop loving you.

How do you love me Hallie. By telling me in a text that you do. Is that the only way you can love me Halie. It seems it.

08-12-2018, 21:41

Please stop focusing on what I do and don't do for you and what I lack and focus on yourself and sobriety today.

How are you? I love you. You know I (and kids) desperately want you home with us. If you can be totally sober, come home and we can do it together. If you are having difficulty getting totally sober, then please consider inpatient and then come home. Or is that not what you want?

That song haunts me. Its something I don't think ill ever have again in my life and something I think you have determined to find when you are finally over this episode as I feel you now see me to be.

Thats ok my mother-step mother- called to give the details of how she did- yes my mother before

Ok Hallie you don't tell me because im mad at you all the time for not telling me or including me in your life for saying things like David was there for me when you weren't get over it, I never really thought beau would want you making those decisions (in front of all of Rob's Amagansett friends), and on and on, and you do all those things or fail to because im mad at you all the time for not including me and saying and doing those horrible things. m Al a part of your ;life only when. Im at my best and when im not im totally out? Can you not see how demoralizing that is.

Let's stop this anger and blame all the time. I'm handling a lot here, please cut me a brake. I love you

You need to stop saying that im blaming you, or that im angry at you. Im not angry anymore and im not blaming you for any of my issues. Im simply pointing out that you are neither a good partner nor a decent friend for that matter. You clearly say one thing about this supposed relationship and act another way. Your duplicitous in that sense and untrustworthy. No blame no more anger. Just letting you know that I have no interest in being a partner to someone who does not act in any way as if I am a part of "her" family. And congratulations on handling a lot there. I have no idea what your talking about even though I have three daughters an ex-wife dwindling resources a NYTs story, the its the....n Jesus Hallie the most significant thing you did was buy tickets to FL as far as I can tell. o Npartnership looks like the one you seem to believe exists here.

I know that you are telling me that I must except you for who you are- and this is who you are. Week I'm telling you unequivocally that if this is who you are if this is the partnership that you are willing to grant me once I've met your ultimatums then I do not want to be your partner. I say that with all the sincerity and as little anger as I can muster.e Halliif this is what you have in mind as a relationship with me then I am not interested. If you want to reconsider and show me how it will be different then I please let me know before its past the point of no return. Awe are not obligated to be each others torturers and I may never find that love in the song I sent you but I will at least find a love that respects and affords me dignity and inclusion no matter the condition I may be in. I love you but I neither need nor want the love youre willing to give.

11-12-2018, 09:33

You are constantly telling me you need more from me. I need more from you too hunter.

i acknowledge that and I try and sometimes I have succeeded and sometimes ive failed. Now Im winning. But Hallie have you ever acknowledged that youre willing to give more- or simply give what is the foundation of any partnership. You don't even see my need as legitimate nor your actions or lack thereof as a problem. You say all I do is tell you I need more. Hallie you do nothing literally nothing but tell me how ive failed you and the kids. And that every single complaint I have is due to my lack of sobriety. I can't tell you im happy with someone who never attempts to even understand their actions as hurtful and dismissive.

I know what I need to do and im trying. You kn ow what I need and you say that you wont give it and I don t really need it. Well why try for someone who doesn't .e seyour needs as legetimate.

Forget it Hallie.

Just saying the same thing over and over and you aren't listening because you aren't going to change a single iota. If you're waiting on me to be ok with the way you treat me then I'll come home clean and give it one more try. And if I feel the same way I do and have for two years now don't be shocked when I say this isn't what I want, this does not make me happy and this is no partnership.

But who knows maybe your right sobriety will lower my expectations of love.

I'm not saying that hunter, I said I'm sorry for not making you feel and be included. This takes time and you are not here. You need to be ok with healing on others people's time line, not your own. Get sober and come home and be present. Then I will feel like you are my partner and I won't want to make ANY decision without you. But not till you are present and sober and I feel secure with you not leaving again

11-12-2018, 10:36

Show me one time in any text that you apologize to me? one single text. And I'm either your partner for better or worse or not at all. You won't get it ever and I'll try to live that way but I'm telling you now I won't live a miserable life just so you can have a mediocre one.

11-12-2018, 11:37

Enough of this hunt. Work on yourself and stop telling me where I am falling short.

12-12-2018, 07:06

How are you

lifetime. So start acting with some gratitude and appreciation for the love I offer and you do not remotely deserve right now or for the past two years for that matter. I have my faults but being present and loyal and generous with my love and affection are not at issue. That outweighs any faults I may carry and constantly and willingly correct. You need to make a choice - be my partner now or find someone else.

When I come home and I test clean Hallie I will have done my part. So when that happens I expect that you will have done your part- you will no longer be openly disrespectful towards me as you are now particularly in front of the kids and you will begin to act like an equal partner in this relationship and not the self righteous recovering addict with a little over 3 months clean who has all the answers but thought the 4th step only entailed listing your resentments towards others and not the harm you've done and continue to do. For better or worse Hallie thats a partnership in good times and in bad. i won't live like this anymore- with a woman who feels she can push me out of a family thats only mine when she feels living up to her ultimatums. I lived with the woman for 23 years and I finally found the strength to leave. i wont make the same mistake twice. So the next time you text me as if your my mother ("enough of this") or give me prescriptions for my life ("You need to be ok with healing...") or give me ultimatums ("not until you are present and sober and I feel secure...") while the same breath telling me to focus on myself (The insane hypocrisy you're capable of in just two texts) remember that Minot someone to be disrespected and dishonored for much longer. There is no security that will be enough for you Hallie. Nothing will be the that you think you deserve. And you know full well your insanely lucky to have one of us let alone the chance for both of us in one

When you have consistent sober behavior and consistent presence in our lives, then the kids and I will gain your trust back and feel secure. You can't just say you are sober and demand respect. Being present and sober and not leaving repeatedly will build it back hunter. You are not entitled to it. We always love you but you do need to show consistency and sobriety to gain back trust and respect. You can get mad at that as a reality but it is true. Talk to your therapist about it, not me please.

Bullshit Hallie I am entitled to your respect. Respecting me is not contingent on my sobriety it's something that I grant you regardless and I expect in return. And you need to stop telling me that I have left repeatedly. You have told me repeatedly to leave: and I've honored that because I'm not your partner in reality. Im your brother in law. And if you think. Stalin trusts you anymore or less than she trusts me you are out of your mind and your ego is the same ego that makes you think my therapist isn't in full agreement with me. There is not a professional nor a family member not. A friend who has not told me to leave you to stop hoping for you to change. Not a single one.

This is what my therapist like every therapist I've seen has said:

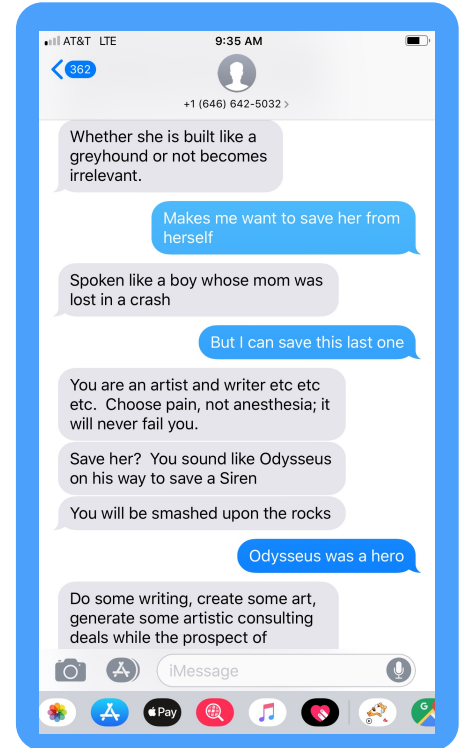

"

I am sure you two have intimacies and pages of your shared life stories that bind you together, but, really, she seems rather ill-equipped to both love you and command your attention/respect/admiration, etc. You're avoiding being the chosen one, because you were not the chosen one, by your step-mother."

I've expressed how I feel and how I see the reality. Your choice hunter.

No Hallie it's yours and the last chance to stop and think before you send me another non sensibility egomaniacal text in reply. Just think it over before you put a final nail in the coffin you've built for this relationship. Think that not one person agrees with you. Not one.

I love you. Try to do the same for me and consider meeting me in the middle. You want this over them say it. But don't pretend to be trying while do nothing for US .

I'll be sober next time we see each other. You best be humbled.

You need to humble

Loving you is the most humbling experience I could ever Imagine.

I need the opposite hallie. You've stolen my confidence and I keep thinking the thief will be the hero and return it to me. But that's not how most stories end. The thief will always be a thief.

No one can steel your confidence. Do the right thing everyday and you will feel confident in yourself.

Again, talk to Keith not me. If you want to be a part of our lives. Get sober, consistent and stop demanding things when you have shown nothing.

You can help or you can keep fucking running your mouth. For real just shut up and be grateful I didn't have the confidence to leave you nor the heart to hurt you a long time ago. d Anagain read above and see what Keith has to say.

I just want to feel you too. Desperately.

So tell me you love me and will never give up on me. And I'll tell you I'll never stop trying to be the man you need me to be. e Pleaslets build each other up with confidence and love and not pick away at each other with resentment and anger.

Ok you are right. I love you more than anything and I will NEVER give up on you. Please don't think that when I get mad I am done. I'll never leave. We were brought together and bound forever.

YES - but let's not be bound in an endless fucking fight over nothing but pride. I love you forever which makes the prospect of feeling like this so horrible. And I can't stand not having sex with you it literally drives me insane.

Why hallow are you so mad Hallie

14-12-2018, 11:13

Because you should be doing everything in your power to be sober before anything else. If you are not able to do it on your own then you need to go away. You still want to do it your way - which isn't working - time and life are passing by.

You're right Hallie and I find myself (because I've chosen to alienate all my friends and family and employees and you and the kids and my kids etc..) very alone in dealing with rebuilding an income that can support an enormous alimony and my kids costs and myself, dealing with the aftermath of the abduction and likely assassination (that's what NYT's suspects) of my business partner the richest man in the world, the arrest and conviction of my client the chief of intelligence of the people's republic of China by the US government, the retaliation of the Chinese in the ouster and arrest of US suspected CIA operatives inside China, my suspected involvement in brokering a deal with Vladimir Putin directly for the largest sale of oil gas assets inside Russia to China, a tax bill that Eric left hanging over my business and

And Dads running for president

14-12-2018, 12:35

And finally your conclusion that you your kids the family my friends have lost all respect for me and therefore owe me nothing until I can prove to them that I'm sober and deserving of respect trust or common courtesy.

If you focus on sobriety - full focused sobriety, everything else will fall into place in your life. It will all become manageable as they say. You have spent months partially working on sobriety and the result is that life is still chaotic and you still aren't completely sober. It's not about proving you are sober, but living sober.

Hallie I really do love you but you're really so insanely arrogant and unwilling to see that my client

15-12-2018, 15:34

No one is shutting you out - you choose using over me and the kids. If you really wanted to re-engage in a life with us, you would resolve to go to inpatient. Because your way is not working. Time and life are moving on hunter. Everyday you decide to try it your way is a day you aren't with us. That's why I'm angry.

I know this is a hard time for you too. But I just was hoping no matter what we could be supportive and non-judgmental. Shutting me out is a poor choice of words I guess. What I meant to say is that tomorrow is probably the worst day of the year since Beau died. Its a really stark reminder standing next to Mommy, Caspy and Beau's graves that its just me and my now 75 year old father. Please don't respond to this. I know that you want to say that I'm not alone and that I choose this or that or drugs over...well it is a fact that my mother my sister and my brother are all dead. Oh Hunter is so dramatic. I know Hallie it's all just drama to you. Regardless, please just keep your sanctimonious misconstrued recovery bullshit to yourself. You're rway with me is not working Hal. Im tired of not and never having had a partner who would just say no matter what come home and be together over these days. Im tired of wanting something that doesn't exist and never existed.

What can I do for you to be supportive. I always love you -more than you know

17-12-2018, 07:48

I'm coming home and I can't even come to hold you and give the kids a kiss. I hope you enjoy Miami. I hope you can find enough compassion to let me go sober or not. I don't want to love someone like you. And I don't understand how it is you think your actions equal love. They never feel like love. It doesn't look like love. I've told you a thousand times what I need from you and a thousand times you say what can I do and then you do the opposite. None of this is your fault Hallie. I don't blame anyone but myself for falling in love with a person that never existed.

I'm really not happy that you are in the house. You are making this really difficult for me - I don't want you using in the house. I think you should stay at your parents if you are staying in DE. You always leave shit everywhere and mess everything up, go through my things, and cause problems accusing me of things that aren't true. I can't have you in my life and in the house if you aren't sober. Whatever you are doing in MA is not working. You need inpatient. You don't see yourself - you are floundering and lost, indignant on doing it your way, unsuccessfully. It is up to you now, you can't ask me for help if you only want help under your terms. I love you and so want you sober and to be a part of our lives. But I don't want it like this.

18-12-2018, 09:31

So please, get yourself to inpatient today. Call your dad and have him take you. If you are not going to get sober today — then please go stay at your parents house. I'm saying no to my house hunter. Please respect my wishes. I'm going to have my parents come over to straighten up and close up the house until I get back.

We are on way to Boulos's.

18-12-2018, 14:24

I out of the house. Im a little embarrassed you enlisted your dad in this.

Thanks for that Hallie. I have some pictures to send you- should make you feel as good as that made me feel. And fuck you with your only you canr youa joke

Then I won't send you anything anymore

No Hallie that's not what a good person would surmise from my feeling like that was another one of your public shamings. A good human would send a note saying we miss you so much and send a picture of themselves so I could feel as if they cared

19-12-2018, 12:44

Why I even waste the energy trying to teach you how to act like you give a shit about anyone but yourself is beyond me. You'll never grow a heart.

Hallie I realize how difficult I am. I know it's impossible to be with me if I'm using. I know it's my problem alone. And I am responsible for my sobriety. I'm responsible for my choices and the consequences are mine and mine alone. You are right about that.

I'm also aware that for the past few months since I relapsed after my 13 days inpatient and 3 days with sober coach—/ I haven't found something that will work.

I am responsible for that too.

Will you try inpatient please?

What are you responsible for Hallie? It's not my problem really

And then come home to us and I'll help you

It's doesn't have anything to do with me being sober or not

It only has to do with me irresponsibility loving someone who never existed. It was an idea that I formed in my imagination.

Bullshit

You aren't responsible for not. Ring who I want you to be.

You never were and you never will be.

You are choosing using over your family

What I now know is that I am choosing using over the reality of you.

That's true.

And you chose using and people and things over the real me from the start.

I am not who you want me to be. And never will be.

Tbats ok

Isn't it ok that I realize you will never be who want you to be.

I can't be who you want if you not sober

I can't live a person who finds comfort and intimacy from whomever you're sending those pics to...I don't want to live a person who in all honesty says I'm sorry David was there at a time when you were not...I understand why you do the things you say you don't...t buwhy not just let me go.

You won't be whom I need in my darkest moment but I'm to believe you will if I do what??

Anyway you go do you as you've always done and I'll find my way as I've always done.

One thing though Hallie : if you keep turning Natalie against me - I'd could care less about your anyone else except Hunter you will truly either break me or make me a very Strom and vengeful man. Try to remember that.

Hunt, you need to get sober and come back to reality. Then you can decide if you love me anymore.

Hallie I have just found so many reasons not to love you that

It is even penetrating

My drunk mind

You are right

This is insanity.

I should have just left it alone

Yes it is

No point in discussions any longer till you get sober. Your choice.

Yes it is

I've chosen

Goodbye

So I guess you are leaving me and the kids again to continue addiction.

20-12-2018, 14:51

Im not leaving the kids. Stop saying g that Hallie. Im leaving you. Not for addiction. Im leaving you because I don't love you- this or that or any you that ever really existed. I have so many reasons to leave you. Don you want me to share them with you. I Shall share them? Not the kids Hallie.

Fine, be mad and disappointed in me hunter. Take no blame for your actions.

20-12-2018, 15:54

I take all the blame Hallie. Your a one trick pony. Same nonsensical bull shit every time. Who is blaming you for anything? I'm telling you I'm not leaving kids I'm leaving you. Not because I'm an addict. I'm leaving you because you're an insensitive self absorbed unloving egotistical liar. That's my problem. I fell in love with that somehow. You've always been that. I'm to blame for believing otherwise. That's me taking blame Hallie. You of course are to blame for nothing. Who can blame someone who really has no conscience.

Does this mean you are not going to get sober?

Does this mean you are not going to get sober?

Forget about me then. You still have to get sober hunter.

I've forgotten and my sobriety is none of your concern obviously. Going to a dressing room and send someone naked pics of yourself — it will make you feel better.

Actually it may not if you look at the pictures.

20-12-2018, 18:11

If you are done with me then stop trying to hurt me. Let me be so I can be a good sober parent for Natalie and hunter.

Why?

20-12-2018, 20:00

How's you're night going? I'm Just about finished with my night.

20-12-2018, 21:20

I still love you desperately and tragically hunter.

Tragically? Yes it is. A tragic ending to a lie. I never knew that's what you meant all along. You've made it through one brother. You'll make it easily through this brother.

21-12-2018, 18:23

I'm sorry I am causing you pain, I don't mean to. I always love you. You are on my mind every minute of the day. Please do your best to get sober hunter. I'm here if you will still love me. You can decide that later.

I've already decided. Maybe that's what you don't understand. I'm never surprised when I find you sending nude pics to whom ever (never me). I'm never surprised when you choose sissy or Robi or Ashley etc...over me. You always will choose contentment over commitment . You tell everyone how much you love me but then you're openly disrespectful. I've grown to not expect loyalty from you. But there is a level I won't sink to save your soul. Pure open aggressive contempt- and lies and hypocrisy and manipulation. I didn't sign up for that. My life is worth more and my love is invaluable...it's actually a love so big even you couldn't snuff it out. I don't know where I'll go or what I'll do but your completely insincere and empty apologies mean nothing — I learned that a long time ago. We you ever even my friend? Did you ever have any respect for me Hallie. I did for you. And everyone said ...I didn't listen I thought I could change you into... o did t even know. So keep loving. Your love costs you nothing. It's like kicking a ball down hill. You can see if rolling and rolling but it has no meaning to it. What does your love for me mean Hallie. You seem so expressive with those I'll never know. Maybe I'm so wrong and this is actually just pure cruelty rather than incapability on your part.

21-12-2018, 19:55

hurt me when you do the exact opposite. And first I was a overly sensitive Johnny drama and then it was my delusional thinking and now it's I'm a disabled drunk who knows nothing.

"Can you imagine your best friend sticking up for you even when he knew you were wrong. That's me that's what you missed. Well tell me..." that's a quote from a song. And that's what if for you- but never do you do for me and you never will. And we all need to be loved that way at sometime. I could have given you the security you need. I begged you to lick me to your hip. I would have loved that. I told you a million times how easy it is to make me feel your love and a million times how much you

21-12-2018, 21:47

Fine hunter.

25-12-2018, 01:41

I don't know what to say anymore hallie. You don't respond to love or anger nor hurt or anything. I spent the last 4 days in agony doing this alone and I did it and you act as if I'm an intruder you show no emotion but contempt and suspicion and you never ever at least acknowledge that once again I have been a victim of the most incredible coincidence. What sobriety cures that Hallie. 4 days off crack and you say I smell like alcohol. Thanks Hallie. You aren't alone hallie. You've never been alone. Good for you. It feels so warm when you say "but I'll always care for you." Here I am trying to figure out a way to explain to my children why I gave up our lives together for you but you never really intended to give up anything at all. You backed away the moment we became public. At least that's what I thought at first. Then I realized you never actually went all in. From the beginning - you do remember how this started- you took all that I could give and always had reason not to give the same in return. I wasn't fully divorced. Do you know why do you realize why I gave her everything. So it would be done and over and we could be together. Do you know how it felt when the newspapers said we were together and you told your friends to say that it wasn't true? You actually said "don't tell anyone anything, don't confirm anything" to Paige and others. That hurt beyond hurt. You "relied on David when I wasn't available. I was in fucking outpatient and coming to you 3 nights a week just to sleep in your bed and turn around in the morning. Most the time I got there you were drunk and David was just leaving or in the blue room. And I was sober and tested daily. Do you remember the first time we used together Hallie? I do. Do you remember when I went to AZ and got clean Hallie? And you came out to get me. Do you remember when I did 5 days of Kombo HALLIE AND YOU LEFT ME TO GO USE AND NEVER PICKED ME UP LIKE you promised you would- I was stranded at the bridge for 11 hours- I went all the way back to 95 and that bridge was closed I was in the car for 16 hours after 9 doses of combo 2 double doses of Ayuwascha and then he gave peyote!!!! You swore you were coming for me. And you are his friend- you lie to me about him? There is no one to blame Hallie. There is no blame in your world except for the blame you have heaped on me with every counselor and friend and family member. I will never blame you for my addictions. But I will blame you for being selfish and hurtful and for lying and withholding from me. I will blame you for being amazingly unhelpful and ungrateful and disloyal. You fucking went to Sissy's wedding without me. You should be ashamed of yourself. But instead it all comes back to my addiction. But hallie there is nothing I just wrote above that is cured by sobriety. Yours or mine. Not a single thing changes any of it. So tell me Hallie 'im 4 days I'll be 6 and then 16 and then 40 and 3 months. t Whachanges any of t.

We have to bring over hunters chair

Ok please don't break me anymore than I am today .I ilbe gone soon enough

What time are you coming here

Will you come here now and help me bring over gifts? The truck would be good for hunts chair. I will be delicate and loving, if you let me love you

25-12-2018, 06:05

Yes? I'll bring my car too

I came home to pick up gifts for my family and give your girls time to say goodbye.. call when they leave and I'll come back and we can go to my family if you will.

You suck hallie

You really suck

Why would you just walk out

And not say goodbye to me or anyone

I wanted to give your girls time to say goodbye with out me standing there. I told Nat and hunt to tell u I'd be right back, getting gifts for my family

And how do you think it possible I show up at your parents for Christmas when I'm not allowed on vacation or in your house alone. What planet do you live on

Everyone just wants you - sober. Why are you putting this on me?

Text me when your girls leave and I'll come right back

Hallie is putting on you the way you treat me. Why should I be allowed to Christmas when I'm not allowed on vacation or alone with the kids or in YOUR house. Regardless of what anyone wants you're the only one who insists on me being banished.

I don't want you banished, just sober

Semantics- banished until sober by your standard alone. Still banished.

Oh my it's again and again the same question. You don't listen to my answer. BECAUSE you cannot be a part of my life unless you are SOBER. And you weren't sober.

Again, I'm not hiding anything for you. You didn't call the girls back, no one knew if you were coming in. I'm just now another excuse for you to point the finger at. Don't blame anyone for anything but yourself. We are trying to love you and support you. If you think I'm going to lie to your family, then you don't understand what I'm saying.

I told your mother that I don't want you staying in my house unless you are sober. And that is true.

If you get angry at me or anyone then you are in complete denial of what is going on.

If you want my help and my love then come home and let's get a plan together. I'm not going to discuss who said what about your sobriety.

??

know would in anyway be helpful. Not a single person in the world would support that idea, you can't possibly think that not letting me know you did that and then lying to me about it just now and then

No hunt, I'm not going to be the person you blame. I want your sobriety first, then you will receive loyalty. I can't count on you for anything until you are sober.

And now I assume you are not going to get sober and it's my fault?

Never blamed you never said my sobriety is your fault or responsibility.

Just wished you would not work against me

My mother

I'm not, I promise.

My fucking step mother

You can't possibly think that would be a help

As I open up to you

I went to ask dad for the money to go to rehab

I didn't say anything to your mom today

And to tell him I want to get sober and teach at penn

Only yours thank god

I finally tell you I'll do inpatient and you can't help but fucking tell my mother and sister and sissy and Kathy and who ever the hell you can that I'm once again a failure and a drunk addict. And then I ask you for 3000 dollars for the deposit and to drive me and you won't unless I go the only two places you know I won't go. What a ducking awful fuxking person you are.

You are a broken record

I cannot wait to date someone who actually has a brain and heart and loves me

Stay out of my family business

Ok then I'll leave you alone.

My step mother is not involved and neither are you

Leave me alone because I left you Halie

Not because you're boring and tired

Only because you're truly a manipulative bitch

Why don't you call my dad and tell him you wouldn't help me do what you wanted me to do

TJ

Timber

I don't even know the names of all the people you fucked at the beach

And Justin and mike and Todd and his brother and the 20 Losers you slept with in college

Why was it so obvious that you got a gonorrhea test because you've had it before

Why wasn't it in IOU's that the fucking whatever you put on mummy Dick went away when I stopped ducking you

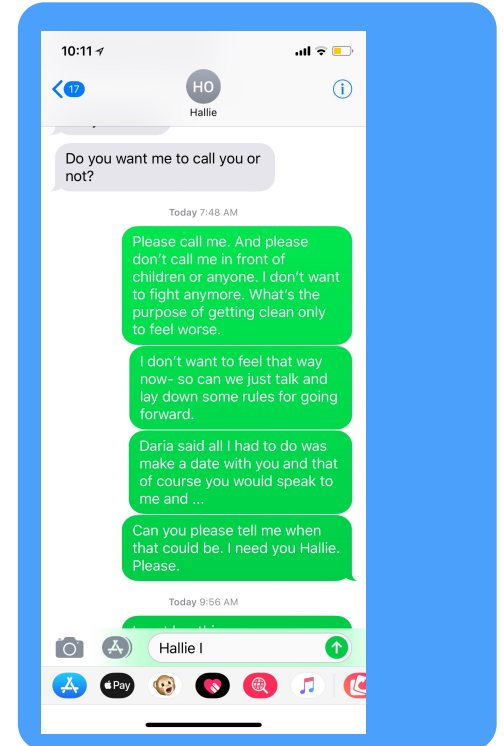

You're so easy to hate

You tell me there's only one way for me to get sober when. I've been more sober and clean in my life than you ever will. It took you over a year of trying to get a supposed 4 month. You 100% committed to 1 year of after care and testing and you've broken that promise. You haven't made me a part of any of your recovery. You lie to everyone and say I'm the problem and blame me for your failings as a mother and human being when in fact you're the one who took full advantage of being a ducked junky whore who said whatever you fucking did with my best friend. And you get what you fucking wanted and still you sit there in judgment and and doubt. Well fuck yuh for never being a friend Hallie. What is this love you say you have for me. It's absurd I've been so concerned about saving someone who doesn't want to be saved . You just want to be given what you want when you want it.

I'm heart broken but I'm not going to wait any longer for what I don't even want.

You should respect this however Hallie- know that I will not allow (and you may smile and smirk as you do) you to continue to demean me the way you do. You may think you've seen the extent of my anger or frustration Hallie. But I'm certain you've never seen me dismantle a human being with a dispassionate precision that there is no recovering from.

I've been waiting for the woman I thought I fell in love with for over two years. I've done the work I've changed behaviors I've given and given and given. I am not waiting anymore. I am not going to be prescribed another solution to your problem with me when you will never make an effort and never have to address or even acknowledge my problem with you.

I deserve someone who respects the man that I am. Whose respect is obvious to everyone because of the actions they take.

Are your actions in regard to me respectful. Do you honor me every day by the way you treat me in front of others or when I'm am not present.

You know that you don't. Not in words not in action not in emotion. You've made it clear over and over and over.

I've refused to see that I've refused to understand that you saying you love me has never meant that you will respect me. Not as a co parent not as a partner not as a lover even.

I don't want to be disrespected anymore Hallie. And Hallie what does that waiting look like for you. When you so obviously can fill the void of my absence with the likes of Daria or David or whom ever my be on hand at the moment it means very little to me.

28-12-2018, 07:08

Ok hunter. Am I your excuse again and reason for not getting sober? For not going to rehab? What are you doing? What do you think the kids will think now of you? You can't continue this insanity any longer.

Hallie what I'm doing or not is no longer your concern. I'm going to inpatient despite your selfish bullshit idea of helping while you try and sabotage me. You're not a friend you're not family you're not worth the time it took me to type this. You're a sad silly person with no credibility with me. Go fuck your self and or one of the 50 guys you've fucked in a 3 mile radius of your tired old ass.

You know I love you

Im sure you do in whatever way you seem to think love is. its not a love anyone wants Hallie. And you're beyond the age of fucking people to make them believe so. You're a well dressed older woman at an aa meeting for some stupid boy who will regret it the moment he sees you undressed

My only insanity was this relationship you manipulated me into.

You need serious help from professionals

Over a long time

Time isn't your friend though

Go look kin the mirror

I'm going to a woman's meeting. I love you hunter. I'll take you if you'll let me.

You are literally the last reason in the worlds I would walk across the street let alone change my life right now.. youre not only the least helpful person in my life youre the most hurtful. You go on sucking your away through your little existence., t iwill be the same as always., find another man to sap the life from. Youre like an unsuspecting insect that gets trapped under the skin and bleeds you dry before you ever realize the fat tick in your hairline is killing you.

28-12-2018, 09:14

And I do mean killing. I d mean sucking the life out of me and the person I loved most. Do you think in anyway you've been a positive force in either of our lives., name the way you showed resales love. t I certainly wasn't any way either of us kn ew love.

Once again I say I'm going and you say not good enough. You're a shitty human being hallie.

For you sake not

There is nothing more to say or discuss. Please don't contact me again.

What are you talking about leave me alone idiot im sleeping for pasta 14 hours

I don't want to have any part in your life. And you will not have any part in ours. You just called me twice. Please don't contact me again Hunter.

If I did Hallie it was by accident I assure you. And as for "our" life you're insane. You're using. Im in a 3 month program that requires testing everyday with 10 sober men 4 counselors and a medical staff. You are a liar an idiot and the notion you can keep me from. My brothers children sober or not is a delusion al and obviously drake ad counter productive thought. Hallie I just had a discussion. With someone whom reminded me of tbe rerasons Beau didn't want to marry you. Because you were a coke whore sleeping your way through his friends in Wimington. So really pease go get help. m Inot your savior anymore. Im getting clean and uyourte still that same dirty girl you always were.

You called on 2 different phones 15 min ago. Accident or not, don't call or text me again. And don't come near my house. I'll send your things to your parents. I don't believe anything you say anymore. Don't respond with absurd hateful ridiculous accusations. It's enough abuse. Just end contact with me and I will do the same.

30-12-2018, 21:32

I did not Hallie. You will do what I asked you to do a Long time ago- April- and think thats some mind of threat or punishment- well all I can say is thanks I guess. And if you didn't read texts above I don t care what yo do going forward you're toaltaly completely irrelevant to my life. I don't care what you think say do sleep with snort smoke drink pop. Thats you're life not mine and why you think I care what you think is really a product of delusional thinking.Keep these coming though it's cathartic for me. I won t see or be a part of Nat and Hunt's life. w Nothats a truly silly notion that I hope you see as bad parenting and something that will make you feel as weak and small as you actually are because unless yeti move to the moon and even not there how do you think youre going to stop me Hallie.

Hunter, Being in NY and with your truck (Detox and Sober house or not) is far from inpatient

It's hard to understand why you're so mean. But I'm still not immune to it for some reason. It doesn't feel like there is any nor was there any love from you. After detox I have daily testing in a full on rehab daily. For three months. You have no idea where or what I'm doing to heal myself with more professional support than you've ever engaged. And in 30 days I can move to a sober living community in Philadelphia. You've done nothing wrong you're always right and you love me. Right Hallie isn't that what you say to me over and over. I still love you Hallie for whatever sick reason I don't know why. When I'm out of detox I'll give you the number to call for my everyday test so that when you doubt what I tell my family and in particular Natalie and Hunter you can have verifiable evidence. I'll give you the contacts that will tell you why from their judgment this is the best course of action for me. Anyone can talk to them for that matter I don't care. I'm in rehab Hallie. I'm being tested daily. You never gave me any of these reassurances in any of you're many aborted rehabs. You and I both know that Beau wouldn't commit to marrying you until you stopped doing coke with Johnny and the MAC Weymouth crowd. We both know you smoked pit and wasted completely four years of college. And we both know that you drank to excess and used drugs with David and sometimes your sister to excess from the day beau died until now. I was at least 75% of the time in either inpatient (Caron) daily testing (3 times daily through a remote breathalyzer) and Kolmac from 2/1/16- 5/30:16. We both know that you with you in your presence alone relapsed each time. We both know you've never gone inpatient more than 10 days. And we both know you've tried really hard and I don't just hope I pray and. I cry and I feel guilty and ashamed of my role in any of the pain you've felt. For you to continue to be so mean and caustic and shaming and hurtful for you to say to everyone how much you love me and then say the things you've said above just makes me feel helpless and alone when again because it's what you said I have to do I've gone away and I have quarantined myself just makes me feel even more helpless and alone.

I'm sending this to my mom dad and sister with your texts preceding so they know why it's so hard for me to believe there is any love in you: you can do the same I'm so sick and tired and just want them to fucking take my phone and lock the door and never open it again.

31-12-2018, 15:20

And I don't have my truck they have keys I don't know where they parked it and cleared out and uncle jimmy is coming to get. Why are you so awful to me.

I canceled to new Amex card you issued yourself - it will be invalid when you receive it.

Jesus Ballie you are such a asshole. I have no credit no cards and I will pay for it separately so I can rebuild my credit. I have no other way. Please why would you do that. What harm to you.

And my reposted is I have admitted to and apologized and asked forgiveness and fully admitted every wrong I've done to you.

And you have never admitted to apologized for or asked forgiveness for a thing.

And I still crawl back to you every time you banish me,

Please send me another 100. Lift ticket and rental is 145. Which would then leave with just enough to buy lunch. I'll pay you back by end of day

17-01-2019, 08:29

You opened a card on my account without asking me hunter.

They sent me a. Offer asshole. It does t affect you in any way. I paid over 525,000 dollars of just your Amex bills last year and I ha e receipts for a 200k wire to you on August 17 and receipt of completed 67k wire to rehab for you aged the first failed. And I paid every cent I ha e ever owed you. You're so wrong, and fuck you I pay your sisters rent and expenses for 3 years so you don't have to so your parents don't and I'm sitting in the lodge while everyone skis because you can lend me 200 bucks--- and by the way again you ass every cent you have today came directly from what I gave up. Mean mean mean.

I will not talk to you like this anymore. If you want to talk to me again have Keith call me.

Answer your phone or just say that no matter sober or not there or here you have never wanted this and you have no love for me even as a friend.

Hallie it's obviously important I'm clean and sober you have been given access to my test results

And you will not answer your phone for me not call. Me back or acknowledge me in anyway

I've done everything that you said I needed to do to. be a part of your life

And you won't answer me

Am I really need you right now

I really need to talk with you

It's important enough that i once again with no dignity come back to you in sickness and in HEALTH because I live you.

And why do you ignore me again.

What more do I need to do

I need you right now

Please I'm begging you

You ask for tests I give you ask for me to Be clean I am ---yor ask for that to be confirmed it is— when will you be a friend to me again Hallie— I missed you so much that I ga VE IN AND SENT TEST— AND YOU don't even text to say Im so happy for you for us for the kids — we can do this together— I beg you to speak to me and you accuse me of what???? Im only upset that again you find a reason to push me away at the exact moment I need to feel your love. How can you not see that. How can you not see that you seem to not be able to take my company or presence sober or not?

I love you, let's both calm down. Stay the course hunter. Not for me, for yourself. This takes time. You have my heart.

27-01-2019, 09:27

Hallie. Your "heart" is just a word. It's nothing for you to say and nothing for me but what it is to you - a word. You know I do all of this for you now not b/c I hate myself or feel I'm not worthy of this effort— I do it with for you because I thought that I had become us- that we were truly bound together "forged" like this bracelet. But you have made it clear that there are no terms not negative test not full sobriety not forgiveness nor transparency that satisfies you. Every time I acquiesce to your demands you set a new bar.

Can you imagine me saying I will not speak with you unless you show me clean tests. And then you showing me and I still don't call.

Can't you see how hurtful that is. Can't you see how I would be crushed by that after feeling like I just can't be without you.

f lyou had called as soon as Keith texted you and said the kids are both away I am alone and I can come to you now. We can be forged anew. Who says you have my heart and doesn't do that. Who Hallie? Just ask yourself why you feel it necessary to toy with me like this too play with a wounded man you say you love. Why? I'll leave you alone. I'll be broken but I'll rebuild. I will be ok. But I'll be dead if you continue this. Not dead figuratively- I will be dead. That's a truth . And you know whether I'm a fool for having truly given you that power having really given you my heart- I did - and you use it to cause me pain time and time again.

How do you not see that Hallie. Said in all calmness and space and time between us. We have not been together for almost a year now. You've not allowed me to be a part of your life in any way really for over a year now. Not sober not clean . It's always taking time for you to keep me distanced for what: I only have one answer to that. And you know why.

27-01-2019, 16:28

need time, serious time sober and to work on yourself. If it's too hard to do in MA and you feel isolated and alone, then you can choose a 30 inpatient program with 24 hour supports. I hope you understand and respect how I feel.

Messages with Hallie Biden

2336 Messages / 2022-07-10 / Extracted at 07:42:43 AM

I'm sorry that you are hurting. Sobriety is so hard - as you know. You are choosing to do it your way. I support that decision but along with that comes it's challenges. I cannot be your emotional support through this time. One clean test is a great start, but that doesn't mean I am hopping on a plane to be with you. You need consistent time sober along with therapy, AA program, hard work. You are calling me from other numbers (don't do it again) calling me all night, calling and texting me that you desperately need my support and to hear that it's all going to be ok. You are not proving to be remorseful but rather indignant. I'm not going to be the recipient of your anger. I love you but you

So just to be clear now regardless of testing clean regardless of working on myself everyday and attending AA meetings and intense therapy and medical therapy and art therapy - regardless of all of that and sobriety- 16 sober days now- you can't call me to say hello and just be kind and thoughtful. e Thbar now is that I must go to 30 day inpatient after two weeks of sobriety. In order for you to even think about speaking with me let alone emotionally support me (when have you ever done that by the way) I must wonton inpatient treatment for a minimum of 30 days. Even though you doidit your way never went longer than 10 days and consistently relapsed for over a year since going to PASSAGES on October 19th 2017 and flying home and using the moment yountouched then ground on 10/29/17.

27-01-2019, 23:26

You would only return if I came with you and when I came you told me to sneak the drugs in the rehab...proceeded to use all of (except the few rocks you hid from me) and then insist we leave after 5 days.

I'm sorry- you are not understanding and seeing yourself. I can't support you like this angry and blaming. I don't want to be with the person who sends me the text that you send me above.

You make no sense Hallie...none last all...Keith agrees...he thinks that you're being purposely malicious...he cant understand why you are purposely trying to derail my sobriety over and over again, but he is certain that if I continue to point out things like above that seem beyond hypocritical and are not based in any reality. I'm over two weeks clean and you promised me you would be loving and supportive.. but instead you out of no where decided that you would no longer talk to me.

If you would allow me do speak to Keith then maybe he can understand and help us understand each other

Hal im remorseful for everything that hurt you and we need to work that out together . And 'im hurt by the lies and disloyalty that you've been so openly careless about with my closest friends no less. t Buim willing to forgive you.

Wtf are you saying? Can I talk to Keith?

Im clean and sober going to meetings and working on me and spending hours in therapy. All asked

Ill get him on he phone in 20 minutes when he comes to offie

Im saying ive shown him every text

Why is that you feel that now sober I still have to goo to a 30 day. You say I did it my way and therefore I have got payt for my decisions. r Howeveyuoudo it your way and pay nothing.

I'm not telling you you have to go 30 days, read the text. I said if you need support (that I can't provide you but you are begging me for) then you should be in a place that has support

why isn't the idea of being slobber together appealing to you - why every time do you make a new way token me away

oh hallie I get it. You thjink nthat the support I need from a woman that I call my partner and best friend will be best found in inpatient rehab. t Thasimply asking you to keep m3e abreast of the lives of the people I love and and being proud and attracted to me is the kind of support you cant handle

Halilie go ahead and talk to him but only with me present — the last time I let you speak to my therapist you told them I was sexually innaproprate with Natalie —I told Keith about that also and he said and you did not immediately get out of the relationship— that's a line that if you cross and the consequence is you are labeled a child molester - thats a line brighter than throwing my gun in a full trash can in a busy grocery store and then some kid blows his sisters head off and you go to prison for the rest of your life.e halliwhat is it that made you feel justified this tike to call me a liar and say my way would never work and that I ask too much from you?

I talked to Keith when I was there with you about that. He knows specifically what I said. Don't use that, you are stretching the truth.

28-01-2019, 06:18

I understand you Hallie. You have more fun without e looking over your shoulder- you see who you want when you want where you a=want - you have n o job no school n o responsiblity except o pick up and drop[off and get them out of the house every weekend.. but you still ,maintain that I demand your 100% attention by asking you too put the phone pin the corner of the shower so I can see you, Hallie you seemingly fly have done that for the e=resty of the world but for me no its yo much. To turn on a phone video camera and face it ti the shower. s Thattoo much for you thats the support I guess you meant id get at rehab.

Oh come on

Your are an asshole to me, that's why I don't want to support you. So I can have some self respect.
Fuck you

28-01-2019, 07:20

How am I being an asshole hallie by saying to you just love me for the next 30 days. Let' do a call with Keith today tell me how I take away your self respect. Thank you for admitting you don't support me. I now n=know why you actually undermine me because you think and it could be true that I have acted in away that makes you hate me so much that you over and over again try to derail Metro while I try to get sober for this family. I say all I want is your support and you not only dont support me you actively try and hurt me.

Give me a time you can talk this morning with Keith - it will help him understand my frustration and maybe finally give me the strength to step away from your hostility and jealousy and hate.

I'll just talk to him

No we do it together or not any all., you're manipulative slow witted liar that does not deserve my respect seeing as you lost all notion what self respect is beginning with the likes of kermit justice all the way through to the small dicked town drunk David Walsh who was fucking your sister a hooters waitress from smyrna the whore dupont and you at the same time. t lamazes me how desperate women of a certain age can become. You and liz and Lisa stone can all be out looking for married men to fuck while they watch tv and get fat liken there mothers.

Actually hallie before you talk to Keith lets get your therapist in the mix and review your tests'

Why would I bother talking to you ever again when you say things to me like that?

Because im an asshole that deserves no support so the you can have self respect which allows youth fir now going on three years diminish the most important commitment I ever made only ton treat me no better than the fucking dogs you gave away.

\yoiu say and do such dangerous and awful things . You push me and push me and push me away

I call you an asshole

You say im not my brother

And never will; be

You tell people I got you addicted

You make a fool of me.

You shame me for wanting you

And every time I crawl back

You make a fool of yourself

Just to be smacked again.

Don't blame me for how others view you

That's on you

Not one person exception would ever say that hallie. t Noone person would say that to me or behind my back.

Ok

Thats how people think of me hallie? Really? Well you win again hallie thats most hateful thing you ever said at the worst time for someone you know is dying for love to be whole again to not think that this is all not worth it. Thats the meanest thing I could imagine. e coulodyou say that if my brother was standing in. Front of you Halle - I wish you had when he was alive because he would have figuratively smacked the pebble you call a brain. Out fo your head. No actually I think he would have litteraly punched you in the face gone inside taken his children and told you to go fuck it was you were fucking then

I'm only saying that anyone's view of you is on you, not on me.

you. u Yopush me over the edge to him every day I try.

Hi I really want to be kind and love each other as much as new do today with no resentments and no blame and no anger —only pure love. t Justoday please.

Can we do that can I call you and tell you how I miss you and how I know you miss him and how I'm sorry I'm not. there for you. I do love you so Hallie. I was telling Keith that the reason. I m so turned upside diwn and madly desperately in need of your affection is that despite all of the shitty things ive done or the ones I've imagined you doing there tis no one that I want to be with every day than you. I have more fun and love more I. A day with you than anyone in my life. I hope you can receive this as it's intended my love. All love today at lest please talk to me call me let me know how you are. I miss every single piece of you.

There is nothing I would love more as to have you hold me and comfort me and me for you. I know this is a terrible day and time for you and Im sorry we can't be there for each other. I know talking starts sweet and tender but quickly turns south. I just can't talk to you at this time, im sorry. But know you have my heart and you are on my mind, always.

Oh hallie please my love I promise I won't

Cant you trust me that I wont and that I need your voice son much today.

You can take about n nothing

Just today won t say ford.

No I'm sorry.

Baby come o please read above and know the truth oi that and for this one day

I hope you understand how I feel

All love and trust and compassion

I dont at all

Not on this day

please Halle

What time are you coming here

Looks like you are having company, I assume that text to me was an accident..

Yes my sober buddy Bobby McInness. We are going to get breakfast then go to a meeting. He has peripheral neuropathy and his hands a feet have been in pain and hard ton walk so ive been driving him around in his car to doctors appointments the last 3 days. You seem so intent on making me believe im not only not worthy of your love but that im keeping things from you and therefore oiling. d llove you to know my days.

I'm glad you have support and that you are helping support a friend.

Im sick of your sarcasm and lack of any compassion on this day. You wont communicate with me except to be condescending and flippant on a day that is very difficult as im sure it is for you too. I asked just ton hear your voice and you with no explanation refuse. t buyou have time to accuse me of what I dont even know. Does that seem healthy and sober in the center of the program to you.

It was sincere

sure Hallie really seemed sincere - the way you would speak to the person you purport to love so much. I told you about BOBBY THE 3 DAYS YOU DEEMED IT OK TO SPEASK TO ME. Please dont keep pushing me in. =to the ditch you've dug for me. I can dig my own ditch just fine.

This is why we shouldn't communicate - I was being sincere. I know it's a hard day, it is for all of us. I'm taking kids to ccd. I'm thinking of you today.

"Looks like you are having company, I assume that text to me was an accident.. " t

Sincere how

What were you sincerely trying too tell me there

Hallie.

Stop. I will not respond if you attack me. It was sincere.

'You are purposely being the opposite of love right now

Sincere about what Hallie

Sincere about observing I had company coming over/

I'm not responding anymore, it never goes well. You will get through today.

'What's your point maybe just didn't get it.]

Thats because Hallie you really need to stop and see how you do this every time. I'm upset b/c you wont talk to me on this day with no real explanation. And then you write which by anyones account (ill ask everyone here how they read it) a snide text implying that I was having company when I should probably be in inpatient. I am sincerely cerertain that is what you meant. d Anthe comment on support is a direct reference ton that last time you spoke to me to say exactly this:

"I'm not telling you you have to go 30 days, read the text. I said if you need support (that I can't provide you but you are begging me for) then you should be in a place that has 24 hour support."

so Hlllaie in all sincerity hope you can respect the truth of this— you are a bundle full of esenntments towards me and that is why you always act so counterproductive to my sobriety and do so seemingly with intention over an over again.

Please Hallie just love me and say I support you hunter off course you can hear my voice

Please don't call or text me again. I will not be the recipient of your anger and blame.

Hallie what anger and blame

Really I'm fine

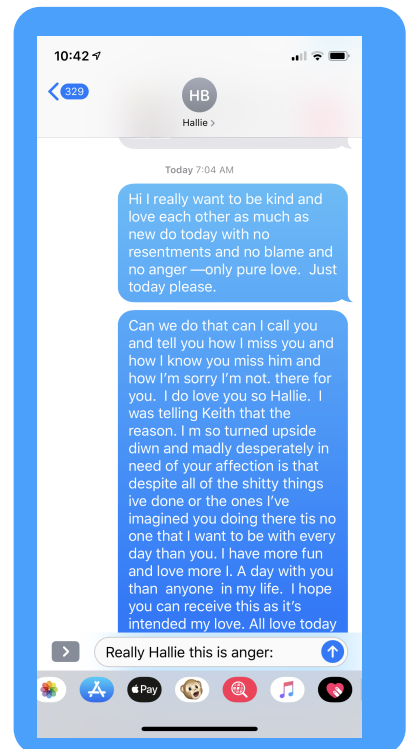

I wanted to tell you how much I love you

This morning that's all

How much I care and only want you

I'm sober but that's not enough for you right?

I just don't know what more I can do

Really Hallie this is anger:

That's not anger nor blame Hallie I love you

I love you hunter, you know that. Please leave it at that for now.

Whatever you say Hallie. Whatever you want. And whenever you want it. Let me know when you deem me well enough to speak to you by phone hopefully not another year of being excluded. Ill be as obedient as I can muster and follow your direction. e Maybe we should just never talk again that would solve this problem of me reach ng out with liv e you rejecting that love me becoming upset and a angry of =ver the inexplicable rejection and you then poi ting to my anger as evidence of my lack of sobriety.

Or instead of pushing me and met talking g again we could try something new, which tis inclusion and love and never rejection nor isolation. We haven't tried that yet in full or even part. o Syou choose hallie.

And really hallie what the hell does the mean:

I love you hunter , you know that, lets leave it at that or now. y Reallwhat in gods green earth does that even mean hallie.

Because once again it seems as if youre truly intent on pushing the same buttons over ad over again. (I love you Hunter...)

I love you hallie. I want you to let me back into your life. We need each other. I need you to be my friend my lover my partner. I won't a cent the notion that relying on you and relying on me you somehow wrong. There should never be a time in which we can not will not choose not to "support" one another.
You don't want you to leave rehab early every time you went nor iop. I argued against you leaving. But once you did I did not say "you cannot be a part of my life. I can't support you or see you or talk to you."

03-02-2019, 20:42

I need your love hallie not the word. I need you to show me like I've shown you. If you have decided that you can not give me that or simply will not show me love even though I'm clean then at least just be a friend knowing that you love me but not the kind of love that requires anything but hope and sympathy but not support and empathy.
