VOLUME 40 NUMBER 34 CHARLESTOWN, MASS. PRICE 25¢ THURSDAY, MAY 28, 1998

Today Is 'Health Awareness Day' . . . Free Testing, Information And Food Samples

The 11th annual MGH* Charlestown HealthCare Center-sponsored health fair is being held today, Thursday, May 28, from 1 to 7 p.m. at Johnnie's Foodmaster in the Bunker Hill Mall. The theme this year is "Healthy Foods, Healthy Families and Healthy Lifestyles," and will focus on the benefits of nutrition and healthy eating.

There are free blood pressure, cholesterol and body fat screenings, as well as informational tables on child health, exercise and bone health, pregnancy health, eating disorders, and other topics. There is also healthy food samples and demonstrations.

Attendees will have opportunities to meet outreach workers from the Pack It In Smoking Cessation Program, the Breast

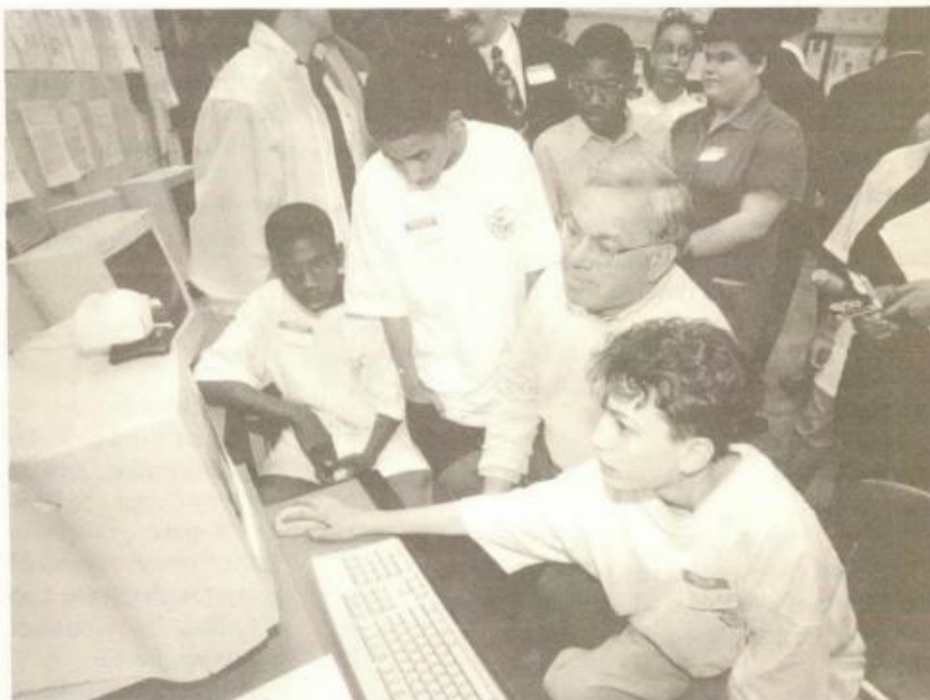

and Cervical Cancer Initiative and the WIC program. Many of the outreach workers and health center staff are bilingual.

The eyemobile, which is sponsored by the Lions Club, will also be on hand to do glaucoma and cataract screenings. The eye screenings will run from 11 a.m. to 6 p.m.

Since healthy eating and nutrition play an important role in all of the topics covered at the health fair, there is nutrition information and hand-outs on every table and nutritionists on hand to answer questions. The grocery store is the ideal place to learn about these topics and learn how to purchase foods which improve health. Come on down to try something new and learn something new!

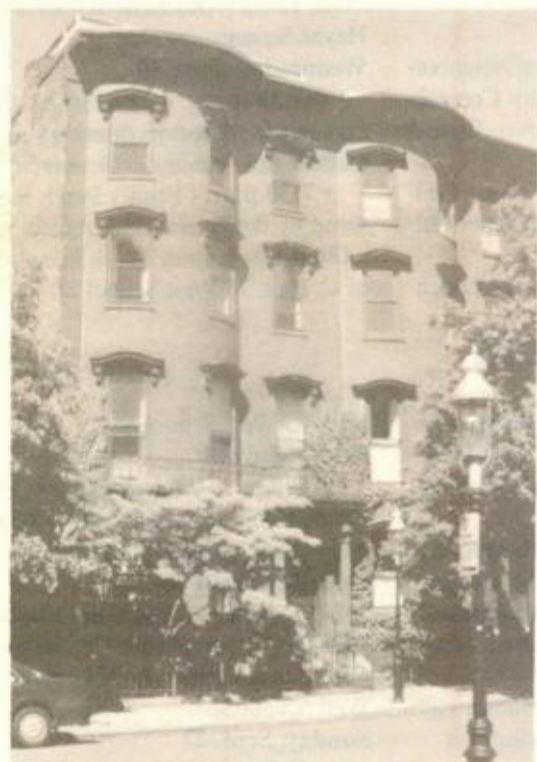

For more information, please call 724-2074.

Menino Hosts NetDay 4 In Charlestown

MAYOR THOMAS MENINO, surrounded by students from the Edwards Middle School in Charlestown, watches Bryan Leonard work some teleconferencing equipment on the computer. This is the kind of technology that NetDay 4 brought to an additional 34 Boston Public Schools on May 9. Through Menino's "Kids Compute 2001" initiative, every Boston Public School will be wired to the Internet and have a network of computers for students by next October. However, funding from the federal government, key to completing the project, is now in danger of being cut by Congress. Menino kicked off a national campaign at NetDay 4 to save this federal funding so schools across the country can provide the tools needed to provide students with state of the art technology.

Help! Help! It's Your Parade

The Bunker Hill Day Parade on Sunday, June 14, marking the 223rd anniversary of the Battle of Bunker Hill and dedicated in honor of the Boston National Historical Park and its mission of "Preserving

the Past for Future Generations," is less than three weeks away. The contributions toward hiring bands, drum corps and other units are coming in very slowly.

If this trend continues and the Bunker Hill Day

Parade Committee is unable to raise the \$35,000 in funds to underwrite the expenses of the over 25 musical units and other units already committed to march, the committee will have no alternative but to

cut the size of the parade drastically. The committee cannot put bands and drum corps in the parade if it cannot afford to pay them.

It is up to you, the residents, business persons and community organizations to come forward immediately and contribute financially to the Bunker Hill Day Parade so that the committee can continue to put the type of parade on the streets that the community has come to expect and of which it can be proud.

Although the monument, which appears each week in the Patriot, acknowledges contributions of \$25 or more, any donation is welcome. Residents of limited means, might consider donating the cost of going to a movie or renting a video, a small price to pay for the Mummer's Band Concert on the eve of the parade and the parade itself, an afternoon of great entertainment.

Also, committee members are in the mall and out on the streets selling chances and booster stickers, each for a minimum \$1

New Telephone Hotline To Troubleshoot Traffic And Parking Issues In Boston

The pedestrian who wants to report a faded crosswalk, the driver with comments about signal timing at a particular intersection and the resident who is questioning new parking regulations on her street can all voice their concerns to City Hall more simply with the establishment of a telephone hot-line implemented to troubleshoot traffic and parking issues in Boston.

635-4-BTD is a constituent service designed to provide Boston residents, pedestrians and drivers with direct access to the Boston Transportation Department (BTD). Dial 635-4-BTD to speak to a BTD staff member and to provide or receive information on traffic and parking issues of concern.

Boston Mayor Thomas M. Menino said, "For our constituents, the 635-4-BTD program simplifies the process for dealing with traffic and parking problems in the city. By establishing a central location for receiving calls, the

Transportation Department is able to more quickly respond to constituent issues."

Examples of calls to be screened through the **635-4-BTD** service include:

- Comments on construction permitting issues in downtown neighborhoods;
- Questions about the abandoned vehicle program;
- Traffic complaints;
- Requests for new parking regulations; and
- Missing sign reports.

According to Acting Boston Transportation Commissioner Andrea d'Amato, the 635-4-BTD program is one in a series of initiatives designed to make the BTD more constituent friendly. For example, another initiative is the city's Goodwill Ambassador Program, designed to assist pedestrians walking through the Central Artery/Tunnel work area this summer.

Fifteen college-age interns will be charged with staffing six information booths and providing directions, construction information on adjacent work sites and support to local businesses.

This Goodwill Ambassador Program compliments an additional new program geared toward downtown pedestrians, "The Central Artery/Tunnel Pedestrian Trailblazers," a sign program designed to guide people walking through CA/T impacted areas on to popular destinations, such as, the Downtown Shopping District, the North End and Quincy Market. Other initiatives include the scheduling of community meetings throughout the city this summer and the establishment of a Community Relations Division within the department.

"The most important aspect of these new programs and **635-4-BTD** is that we want to hear from you!" stated Menino.

toric Burying Grounds Initiative. The project is entitled *Not Forgotten* and deals with the history of the Bunker Hill Burying Ground and its relationship to the history of the Charlestown neighborhood, Boston and the nation.

The Burying Ground is part of the city's Historic Burying Ground Initiative, an 11-year-old public/private cooperative venture administered by the Boston Parks and Recreation Department. Its mission is the comprehensive restoration, on-going conservation, and heritage interpretation of Boston's 16 historic burying grounds.

EJs also participate on the "Teen Issues" panel.

Responsible, hard-working, Charlestown high school students, including those entering freshman year this September, with good grades may attend the auditions at Cablevision studios on Saturday, May 30. The auditions will be held from noon to 3 p.m. at the Cablevision studios, 179 Amory St., second floor, Brookline.

Drop-off materials include insecticides, weed killers, glues, solvents, hobby supplies, photo chemicals, chemistry sets, pool chemicals, tires, car batteries, paint, stains, motor oil and other waste fuel. Hazardous materials from commercial businesses will not be accepted.

★ **Board Of Appeal Hearing** ... A petition will be brought before the city of Boston Board of Appeal in Room 801 at Boston City Hall:

Tuesday, June 9 at 11:30 a.m.

• Craig Lynch is asking the board to change the legal occupancy of 12 Lexington St. from a one-family to a two-family dwelling. Also he seeks to allow the first-floor apartment to extend the living area into the basement space, and to construct a rear deck, a roof-deck and install stairs. (BZC-19595)

For further information, call the board at 635-4775.

★ **Board Of Appeal Decisions** ... Several Charlestown properties were recently brought before the city's Board of Appeal.

• On May 19, Mary C. Sanderson petitioned the board to allow her to construct a 7-foot by 8-foot headhouse on the roof of a one-family dwelling at 28 Soley St. Sanderson made the presentation.

Judy Evers, regional coordinator of the Mayor's Office of Neighborhood Services, told the board that this proposed headhouse will replace the existing access hatch and will provide an additional safety access in the event of emergency. She added that the mayor's office and the abutters are in support of the application. City Councillors Paul Scapicchio, Steve Murphy, Peggy Davis-Mullen and Mickey Roache supported the petition. The board approved the petition, subject to design review.

• On May 26, Thomas Celata appeared before the board seeking permission to install front and rear full dormers on a three-family dwelling at 106 High St.; construct a three-story rear stairway and a third-floor rear deck; and allow the first-floor apartment to extend living area into the basement. Tom McNicholas and Celata made the presentation, and Celata submitted a petition of support.

Evers told the board that the proposal is consistent with the abutting property and the neighbors support it. She said that the mayor's office supports it as well. She submitted seven letters in favor of the plan to the board.

Councillors Roache, Scapicchio and Murphy spoke in favor of the plan.

The decision of the board was approval, subject to design review.

• On May 26, Paul F. McDonough Jr. asked permission to erect a two-family dwelling at 64-66 Walker St.

Evers told the board that she considered this development an appropriate use at this location. She added that the abutters support it and the mayor's office is in favor of it. Evers also read two letters at the hearing, favorable to the plan. These residents noted that the lot is an eyesore and overgrown with weeds. They added that it is being used as a dog park to the point that abutters can't open their windows. One area resident expressed concern for fire safety access in the rear.

In support were Councillors Murphy, Roache and Scapicchio. Rick Shaklik of the Boston Redevelopment Authority spoke in favor of the plan. The board voted approval of the petition, subject to design review.

• Angela Mahoney appeared before the board on May 26, seeking permission to erect a three-story infill addition to 22 Mt. Vernon St. at the inside corner of the rear ell. She also asks to install rear stairs and allow the first-floor apartment to extend into basement space. Mahoney and architect Tom Driscoll made the presentation.

Evers told the board that the neighbors are in support of the petition and she presented 30 letters of approval. She added that the mayor's office supports it, noting that the addition in the rear won't adversely impact the abutters' property. One resident spoke in opposition to the plan. In support were Councillors Murphy, Roache and Scapicchio. The decision by the board was approval, subject to design review.

Suffolk DA Helps Community With Special Funds

Suffolk County District Attorney Ralph C. Martin, II has announced that \$20,000 in forfeiture funds will be available to local non-profit organizations working to keep adolescents off drugs and away from crime.

Applications will be available on June 1 and are due by July 31. Grant awards range from \$5,000 to \$7,000.

The money is disbursed from the DA's Forfeiture Reinvestment Program which takes cash and assets seized from drug dealers and turns them into grants

that Suffolk County organizations can use to fight crime and child drug use.

"This is part of my ongoing plan to prioritize youth crime prevention and juvenile justice," Martin said.

"These grants will help our young people fight the invasion of drugs in their schools and neighborhoods." This is the sixth consecutive year Martin has offered the grants.

Applications may be picked up at the Suffolk County District Attorney's Office on the sixth floor of the New Court House, or

by calling 725-8600 to request mailing.

Questions should go to Community Relations Director Deborah McDonagh at 725-8750.

Proposals are reviewed by a seven-member residents' selection committee appointed by the DA.

The grant funds are a percentage of money and property seized from drug dealers by the DA's office. State law allows up to 10 percent of money from auctions of drug dealer's property and confiscated funds to be returned to the community.

BHCC Receives Historic Preservation Award

Bunker Hill Community College (BHCC), has been chosen the recipient of the 1998 Mass. Historical Commission Preservation Award. In an announcement made by Commission Chairman William F. Galvin, Secretary of the Commonwealth, the college has been designated for this honor in recognition of its historic preservation of the old Chelsea Post Office in Bellingham Square while developing the site as its new BHCC Chelsea campus.

In a congratulatory letter to BHCC President Mary L. Fifield, Galvin stated, "Through your work, you have demonstrated a commitment to historic preservation which is above and beyond what is normally expected."

He added, "It is for this extra effort that we have selected this project for this honor."

Renovation of the former post office building, built in 1910, began in April, 1997. Considerable effort was made in retaining many of the original features in the front lobby area, including the marble walls, terrazzo floor, cast iron writing tablets and two-story palladium windows.

The three story, 33,000 square foot building opened in January 1998. It houses nine classrooms, including two computer rooms, a health skills and science lab that features an authentic hospital operating room set up, instructional resource room, a daycare facility, library, student lounge, com-

munity room able to accommodate 200 people for meetings, and office space. One thousand students are ultimately expected to attend classes each semester at the new campus.

BHCC will receive this prestigious award at the annual Preservation Awards Ceremony that will take place at the Old South Meeting House tonight, May 28.

Accepting on behalf of the college will be Fifield of Charlestown, and Board of Trustees Chairperson Anne Hyde, formerly of Charlestown. Mass. Senate President Thomas Birmingham, who spearheaded the establishment of the new Chelsea campus, will also be on hand for the presentation ceremony.

A Window Quilt Might Be Just What You Need!

What is a Window Quilt? A Window Quilt is an insulated shade and is the only product available which saves 80% of the heat loss through windows. Its unique design seals out cold drafts in the winter and the heat and solar exposure in summer.

The four sides of the window are sealed on the side by high-temperature track system on the sides, a seal roller at the top, and a weighted batten that seals on the sill. This system provides an air-tight barrier preventing drafts in older windows.

The uniqueness doesn't stop here. The fabric itself is a high-tech, composite five-layer, laminated material, in the center is a 1/2 mil. layer of mylar which acts as a vapor barrier. Instead of sewing these layers, Window Quilt uses an ultrasonic bonding process so there are no pin holes for air to leak through. This is

why Window Quilt is the only products that stops 80% of the heat loss through windows.

And it isn't just Window Quilt that says it saves 80%. There are studies by independent engineering firms and the Federal government did a full disclosure study of the product in which the Federal Trade Commission validated the company's claim. In fact, utility companies, the energy experts are some of Window Quilt's largest customers.

There are a variety of Window Quilt styles; tracked, velcro panels, roman shades, sky lights and sunrooms with motor drives. They're especially effective for sliders up to eight feet wide. They are washable, have a 20-year expected lifetime, and come in many colors and decorator possibilities.

Navy Yard Neighborhood Association Holds Annual Cleanup And Cookout

The fifth annual Navy Yard Neighborhood Association Spring Cleanup and Cookout in mid-May brought together residents of the Navy Yard, US Navy and National Park Service personnel and employees of the many business enterprises within the Navy Yard to sweep, rake, weed and plant as well as to prepare the streets for the city's street sweepers.

The turnout included persons from the various residential complexes in

the yard, a crew from the National Park Service, the commander and several crew members of the *USS Constitution*, and maintenance personnel from Constitution Quarters and Shipyard Quarters Marina.

The annual effort resulted in a clean, enhanced Navy Yard for everyone to enjoy, from the more than 2,000 residents who live in the Navy Yard, the large daytime work force of almost 7,500, and the more than one million

visitors to the National Historic Park each year.

The cookout, held each year at Courageous Sailing Center on Pier 4, also serves to thank all who took part in the cleanup effort and also supports the programs of Courageous, a non-profit, public private agency which works with inner city youths to provide an urban-oriented sailing experience.

Charlestown Skates Into Mayor's Cup Roller Hockey Finals

Charlestown will be sending six teams to the fourth annual Mayor's Cup Youth Roller Hockey Tournament citywide championship being held at Ryan Playground in Sullivan Square from 8:30 a.m. to 6 p.m. on Saturday, May 30.

The Townies I team posted an impressive 2-0 record in the round-robin preliminaries in the 12- to 14-age division, beating the Red Wings 5-0 for their slot in the finals. Despite their whitewashing at the hands of the Townies I, the Red Wings managed to eke out a 5-4 overtime shootout victory over the Panthers, paving the way for their own advance to the finals.

Similar results were posted in the 6- to 8-age group as the Coyotes denied both the Bruins and the Penguins the satisfaction of scoring so much as a single goal against them. The Penguins beat the Bruins 4-1 to advance to the finals.

The 9- to 11-age group was dominated by the Avalanche, who snowed in the St. Louis Blues with a 6-1 victory in the winner's

bracket of the five-team division. The Townies II ended up winners after all when they advanced from the loser's bracket with impressive victories over the Flyers and the St. Louis Blues.

The local teams will be stacked up against players from South Boston, Dorchester, Hyde Park, Roslindale and West Roxbury. Over 50 teams totaling 600 players signed up for this

year's competition.

"Roller hockey has really caught on with Boston's young people," said Mayor Thomas M. Menino. "The Mayor's Cup gives kids from throughout Boston the opportunity to test their skills against teams from other neighborhoods while practicing the concepts of fair play and sportsmanship."

Roller hockey continues to be one of the fastest growing youth sports na-

tionwide, surpassing ice hockey in number of participants. The game is played on in-line roller skates following the same rules as ice hockey. A plastic ball is used instead of a puck and helmets and padding are required.

The 1998 tournament is being sponsored by the Boston Parks and Recreation Department in partnership with Kuzak Wheels and Mission Hockey.

'Townies' Ready To Kick-Off 1998 Season

The Charlestown Townies of the nationally renowned Eastern Football League, are looking for a show of community support at their Kick-Off Fundraiser at The 520 Club, 520 Main St., this Saturday, May 30 from 6 to 11 p.m.

The Townies will begin practice for the 1998 season on Tuesday, June 2 at Charlestown High School's Firefighters' Field from 7 to 9 p.m. Practices will be every Tuesday and Thursday until the first regular season tilt against the Maine Blizzard on Saturday, July 11.

This year, the Town Team enters the final stage of its rebuilding plan. With new management solidified and a coaching staff that has now been together for a full season, the orga-

nization is gathering more community support each day. This year's Townies will step out of the cellar as amiable contenders for the top playoff spots.

Charlestown's boys of summer will return with a nucleus of the league's youngest stars that will only improve with each game. An edge that the Townies will have over a majority of their opponents is the experience in the offensive line, as at least two ancient warriors are coming out of retirement to add some depth to the unit.

Anyone interested in joining one of the nation's oldest semi-professional football franchises can call the Townies Hotline at 886-0166 or come on down to practice on June 2.

"Let us assist you in your business and tax planning"

by Nicholas C. Pino
Counsellor to Small Businesses

YOU CAN MIX BUSINESS AND PLEASURE

Business travel can be a grind. But with proper planning, it's possible to combine a business trip with a short personal vacation and still keep your tax deduction.

For example, let's say you fly to a three-day business meeting somewhere in the U.S., and you stay for one day of recreation after the business portion of the trip is over. Since your trip was "primarily" for business, the entire airfare is tax-deductible, even though the airfare also gave you the opportunity to enjoy a personal day.

Here's another example: Let's say you have out-of-town business meetings on Friday and Monday. If it would cost more to return home for the weekend than to stay over, your weekend meals and lodging can be treated as tax-deductible business expenses. What if you arrive on Saturday for a Monday business meeting? You can still write off your weekend food and lodging, if you can show that it cost you less to arrive on Saturday and stay overnight, compared to the cost of traveling on Sunday or Monday.

With foreign trips, all travel costs generally must be allocated between tax-deductible business and nondeductible personal expenses. However, no allocation is required if your foreign trip meets one of three conditions: the trip lasts for seven days or less, less than 25% of the trip is spent on personal matters, or you can show that a personal vacation was not a major consideration in making the trip.

The tax rules are even more complicated if you travel with a spouse or take a cruise. If you are planning a business trip, please give us a call. Chances are, we can help you combine some pleasure with business.

"Dear children!

Today I call you, through prayer and sacrifice, to prepare yourselves for the coming of the Holy Spirit. Little children, this is a time of grace and so, again, I call you to decide for God the Creator. Allow Him to transform and change you. May your heart be prepared to listen to, and live, everything which the Holy Spirit has in His plan for each of you. Little children, allow the Holy Spirit to lead you on the way of truth and salvation towards eternal life. Thank you for having responded to my call."

Youngsters At The Children's Place Raise Money For Easter Seals

Youngsters from The Children's Place in the Charlestown Navy Yard, hopped recently to help people with disabilities expand their independence, raising \$341.62 in an Easter Seal HOP-N-ING.

The funds raised help provide Easter Seal services for men, women and children with disabilities, including summer camp, adaptive swim programs, physical and occupational therapy, speech therapy, equipment loan, technology for independence, support groups for people recovering from strokes and information and referral services.

Happy Anniversary, Father Mahoney!

It's been said that life is like a garden. Every small work of kindness and every thoughtful gesture is like a tiny seed, and when you plant these seeds, wonderful things can happen. Smiles appear, dreams blossom, and love takes root and grows. Before you know it, happiness is all around you. It takes a lot of care and effort to tend the garden of life, but you're one of those people who have a special gift for it. Hold onto that gift, because people like you make the world a more beautiful place.

As of February 15, 1998, Father Daniel Mahoney has planted seeds in this community for 30 years! June 2 of this year will commemorate 20 of those years as pastor of St. Francis de Sales Church. His continued loyalty, support and devotion to both his parish and the Charlestown community as a whole, is a reflection of his selfless dedication and pride.

His involvement in several organizations such as Friends of Charlestown Catholic, various tri-parish activities, Chaplain of the Bunker Hill Council 62 Knights of Columbus, and Chief Chaplain of the Boston Fire Department - "the bravest of the brave" - as he so lovingly refers to the men and women in the department, are but a few reasons why he should be recognized on his special anniversary for his outstanding love and commitment exhibited over the years.

We are deeply blessed by his presence, and with the Grace of God, we shall continue to appreciate all that he does for us for many more years to come.

With love and gratitude for all that you do,
Ricky and Kathy - Katlyn, Erin and Patrick Walsh

Healthy Charlestown Coalition

15 Green Street • 241-3756
Danny Ryan - Coordinator

RESIDENT OPINION SURVEY

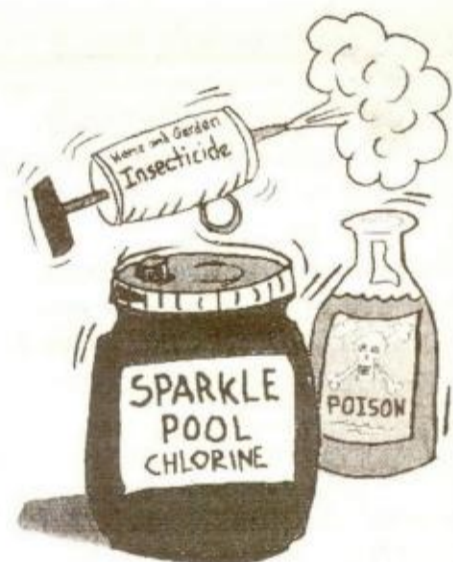

In 1993, the Healthy Charlestown Coalition surveyed community residents, business persons and human service agencies to determine the most pressing needs facing Charlestown. The information gathered during the survey process, as well as through the nine focus groups, was published in the Healthy Charlestown Needs and Resource Assessment. Community organizations have used this document over the past five years to determine how to best utilize the valuable resources in the community.

Through the assistance of the Mass. General Hospital Community Benefit program, the Healthy Charlestown Coalition is conducting a five-year reassessment. The survey will be compared to the survey results of Charlestown residents, to resident attitudes in 1993. This process will allow social service agencies to determine the progress as a community and to define future work. Although the survey is generally the same one as five years ago, some minor changes do exist. These changes are necessary in order to get more specific data about particular health and lifestyle issues, that statistics show, are more evident in Charlestown than in other parts of the city and state.

Survey results will be included in an addendum to the Healthy Charlestown Needs and Resource Assessment. This addendum will also include data pertaining to certain health indicators that the Community Benefits program will track over the next few years.

Publishing the Healthy Charlestown Needs and Resource Assessment in 1993 was a much more involved process than the current project. The committee is trying to reach as many residents as possible. Surveys may be picked up and returned to the following agencies: Charlestown Community Center, MGH*Charlestown HealthCare Center, Charlestown Boys & Girls Club and the Kennedy Center. Residents interested in a copy of the survey or would like to help distribute surveys, are asked to contact Dan Ryan at the coalition office at 241-3756.

Wednesday, May 20

At 7:44 a.m., officers responded to Old Landing Way on the report of neighbors fighting. A resident stated that a man from a nearby apartment was kicking at her apartment door, was screaming that her son had thrown eggs at his auto and calling her names. She was advised to seek complaints at Charlestown District Court.

A Lynn man stated that his motor vehicle was broken into between 9 a.m. and 1 p.m. while it was parked on Monument Street. Taken was a cellular phone, valued at \$150. The man called to cancel his phone service and found that a number had been dialed since the phone was stolen. He called the number and the girl who answered said her sister's friend had stolen the phone.

Between 9 a.m. and 5:55 p.m., a Charlestown man reported that his Rutherford Avenue apartment had been broken into. Entry had been gained by cutting the screen of a basement window. Among the items taken were a Cannondale blue mountain bike, valued at \$1,000; a Compaq lap top computer, valued at \$2,000; and an AST lap top computer, valued at \$600.

A Pelham, N.H. woman stated that between 9:30 a.m. and 5:30 p.m., her auto had been damaged while it was parked in the vicinity of 90 Medford St. Two tires had been slashed.

Saturday, May 23

At 3:40 a.m., officers responded to Bunker Hill and Green streets and found that two motor vehicles had collided. The Boston Fire Department and Health & Hospitals were on the scene treating the operators of the motor vehicles. One of the drivers, a Revere woman, refused to be transported by ambulance, noting that she would seek her own medical attention. She was given a field sobriety test and, in the opinion of the officer, there was no alcohol involved with the woman. The officer smelled alcohol on the breath of the second driver, a Charlestown man. He had slurred speech and was unsteady on his feet. He was transported to Area A and administered a breathalyzer test which registered .14. He was charged with operating under the influence, operating so as to endanger and speeding.

 donation. They will be at Johnnie's Foodmaster in the Bunker Hill Mall on May 29 and 30. There are canisters in many of the local stores ready to receive your change.

If you would like to assist with the fund-raising efforts, come to the parade meeting at 10 a.m. on Saturday, May 30 at the Bunker Hill Post 26, The American Legion hall, 23 Adams Street (corner of Chestnut Street) or call the Patriot office, 241-9511, and you will be put in touch with the fund-raising committee.

The committee is very appreciative of the continuing help and financial assistance of the loyal few, but there are many in the town who take the parade for granted and never contribute.

The committee is in dire need of assistance - won't you...

EDWARDS MIDDLE SCHOOL NEWS

Community Service Learning

On May 27, teachers and students from the Edwards Middle School hosted an Impact II Grant Showcase in the school auditorium. The grant provides funding to encourage teachers and students to become more involved in Community Service Learning.

This year's project, "Building Bridges," focused on working with students from the Warren-Prescott and Harvard-Kent elementary schools. The goal of the students was to help the elementary students prepare for entering the Edwards for sixth grade.

Teachers and students enjoyed working together and plan to continue this project next year.

The Edwards Steppers

Final Exams

Exams for eighth graders will begin on June 1 and end on June 5. Exams for sixth and seventh graders will begin on June 8 and continue until June 12.
