### - IMPORTANT LICENSE INFORMATION -

The trade name "Curaçao eGaming" or "CEG" is owned by Cyberluck Curaçao N.V. ("Cyberluck"), a public limited company, incorporated on March 15<sup>th</sup>, 1996 in Curaçao. Cyberluck is licensed by the Government of Curaçao since October 1<sup>st</sup>, 1996 under license reference 1668/JAZ to offer games of chance, including the right to under regulatory obligations grant the said offering to third party IP-operators, commonly known as "sublicensing". Public License Certificate "A" is a bespoke, public certificate, listing the information of one single domain and its Alternate Designations ("AD's") for compliance purposes. It is valid for public display within the said domain and its AD's only and cannot be used for any purposes of certification, other than to provide assurance to players ("End Users") that the website is under compliance oversight by CEG. To safeguard that certified operations have remained legitimate, this certificate expires and needs to be renewed on a monthly basis. For Business-to-Business ("B2B") certification purposes, an additional, private certificate is required. The certificate does not allow in any way the holder to authorize other parties to offer games of chance, commonly known as "white labeling". Any abuse of the certificate shall lead to a criminal complaint by CEG, filed in all relevant jurisdictions. CEG under no circumstance grants licenses that have not been approved by the board of directors by the licensed IP-Operator. By law, only locally formed companies (B.V. or N.V.) may hold a (sub)license. No Curaçao entity may operate under a foreign license. Only CEG may grant authority to offer games of chance under its sublicense. CEG may at any time revoke sublicenses. The license information in this section needs to be accessible for any website visitors by adding a clearly visible link with title "IMPORTANT LICENSE INFORMATION" on the bottom of the main page as well as the sublicense designation reference, starting with "CM" and ending with "JAZ", combined with a display of the blue-yellow CEG, linking to the certificate. The certificate needs to be the original digital file. A scanned hardcopy is not deemed valid. For fraud prevention purposes, no digital third party validation systems are allowed. For more information on the certification process and details on how to check for signs of authenticity or to report abuse, go to: [curacao-egaming.com/authenticity](https://curacao-egaming.com/authenticity)
