## Easter

"He is not here," an angel said  
"He is risen, He is not dead."  
These words, said many years ago,  
Give hope to all. As we all know,  
A wooden cross stood on a hill  
As sun and moon and stars stood still.  
The darkness came and thunder roared,  
As winds sounded their master chord.

Then one bright morn the world awoke  
From earthly sleep, as an angel spoke  
And gave good news for all to hear.  
There's eternal life, no death to fear  
For Christ has said, "Come follow me  
And live with Me eternally."  
So, rejoice on this our Easter Morn!  
This is the day our faith is born.

## Zoning Hearing

The Zoning Commission of the City of Boston hereby gives notice, in accord with Chapter 665 of the Acts of 1956 as amended, that a public hearing will be held on Tuesday, April 9, 1985, at 9:20 a.m. in the Board Room of the Boston Redevelopment Authority, Ninth Floor, Boston City Hall, in connection with Map Amendment Application No. 236, by the Boston Redevelopment Authority in behalf of Tontine Crescent Associates, Inc. A copy of the petition, a fact sheet, and a map of the area involved may be obtained at the office of the Zoning Commission, Room 957, Boston City Hall, between the hours of 9 a.m. and 5 p.m. any day except Saturdays, Sundays and legal holidays.

Accompanying O'Shea, as part of a planning team drawn from a consortium of area colleges were: Donald Babcock, Associate Chancellor of UMass/Boston; Arthur Goldsmith, an economist from UMass School of Management; and Jean McCormick, Director of the Institute for Learning and Teaching at UMass.

O'Shea, called upon for his expertise in career and vocational training, visited factories, schools, and hospitals on the tiny islands.

# Charlestown Navy Yard Update

by Marianne Martin

The Charlestown Navy Yard which once served as a major employer of many Charlestown residents at the height of the World Wars, has, for the most part, become a separate entity from the town, with fewer residents venturing within the walls of the yard.

Since the Navy vacated the property some ten years ago, the Boston Redevelopment Authority (BRA) became responsible for regulating the renovation of the area into mixed office, retail and residential uses. According to BRA officials, they would like to change the "keep out private property" image the yard has and make the property more accessible to the general public.

Physically, the yard has not presented a welcome mat to the residents, with the looming granite wall, several entrances closed by steel

grates and a 24 hour security guard at the only open gate, Gate 4.

This past summer at several community meetings, BRA Director Stephen Coyle expressed surprise when he learned many residents felt separated from the yard. Thus, three months ago, the security guard was removed.

Within the Navy Yard there is a total of 35 buildings and/or parcels which were at one time such facilities as machine shops, a chain forge shop, forklift repair shop, barracks and drydocks, which will now become residential units, office and retail space, parking garages and even a couple of restaurants and possibly a hotel.

Presently, the Navy Yard is divided into three sections of development: the Shipyard Park, the Historic Monument Area, and the

SHIPYARD PARK: a public park, is in Phase Three of construction, with an expected completion date of May 1986. This phase includes additional landscaping.

New Development Area.

The Shipyard Park is a public park of 4.5 acres of open green space, a large fountain pool and children's playground.

In an attempt to lure residents and the general public into the yard, the Shipyard Park, which is presently in the third phase of development, will link Gate 4 to the waterfront.

According to BRA Navy

Yard Project Director Jim English, the park should be completed in May 1986.

"We are trying to link Gate 4 to the park," stated English, "We want to welcome people into the Navy Yard."

In order to draw the public into the area, the BRA is seeking to landscape the area from Gate 4 to the drydocks at the harbor's edge.

English stated the BRA would, in addition to landscaping design, utilize lighting, which would not only provide security but also take advantage of the natural beauty of the harbor and reflect off the water.

Shipyard Park will provide a "tremendous" view of the U.S.S. Constitution as well as some of the historical features of the Navy Yard, stated English.

The remaining two sections of the Navy Yard in the process of redevelopment are the Historic Monument Area and the New Development Area.

The Historic Monument Area, which is located in the northeast section of the yard is owned by the Department of the Interior and can not be sold by the BRA.

Within this section are 22 buildings, some of which have already been designated for development.

Building 31, the Old Muster House, which has served as the BRA site office, will become a temporary office to the Congress Group development team. On Thursday, March 21, 1985 the Board of Directors of the BRA voted to lease the facility as office space to the developers who will in turn renovate the facility.

The Congress Group plans to construct a 1300 car parking garage in Building 199, which was once a storehouse and in Building 149, they plan to construct office and retail space.

On Thursday, March 21, the BRA Board named the team final designation of the two facilities. According to English, the \$60 million construction is expected to begin this month. The garage should be finished in July 1986 and the office building in September 1986.

English stated that the BRA "has no fear that the developers will not move ahead" on the project, thus, the rent charged to the developers will be a flat \$250,000.

Four other buildings within the Monument Area, numbers 33, 34, 38, and 39,

There's never been a better time to start planning for your future. Because as you can see on the coupon, at Newworld Bank we're currently offering the most attractive rates on an IRA that you're likely to find. And since we offer a variety of funding vehicles, you can choose the plan and terms that best meet your financial needs. From 18 month IRA certificates with fixed or variable rates, to our longer term CD's that can be used for retirement planning.

We've even made our IRA's more flexible. In fact, all you need to open a Newworld IRA is an initial minimum deposit of \$100. And unlike many banks, additional contributions to a Newworld IRA certificate can be made right up until maturity. Plus, to make it even easier, you can arrange to have your IRA automatically funded through payroll deductions.

Of course, while your Newworld IRA is earning high interest for your future, there's another big advantage that you can use right now. As you might have heard, contributions to an IRA are deferred from federal taxes.\* Which means an individual wage earner can make an annual deductible contribution up to \$2000, and working couples can deduct up to \$4000. And with April 15th approaching, the tax savings alone make a Newworld IRA worth investigating.

For more information about our Newworld IRA's and CD's, stop by any of our Newworld offices or call our personal banking center at 1-800-325-5503. Or for your added convenience, just clip and mail the special coupon. We think a few painless cuts now will save you some unpleasant ones down the road.

## Saint Mary's Grammar School Reunion

by Kathy Giordano

Easter brings back memories of frilly dresses and patent leather shoes, long curls topped off with a straw bonnet or three piece suits and new shoes that still seemed to pinch the big toe, no matter how one tried to brake them in all through the season of Lent. Easter baskets and egg hunts were on the minds of every child, while the holiest day of the church year, with its promise fulfilled, captured the thoughts of their elders. Some things never change.

The nine o'clock Children's Mass on Easter morning at Saint Mary's was a sight to behold. The nuns had their hands full — even more than usual — trying to calm the excited children. The constant sound of the clicking of the heels of all those new shoes was enough to drive one to distraction, to say the least.

Taffeta dresses lined with crinoline, ruffled; hats kept slipping down the backs of those beautifully coiffeured heads; and ties had to be fiddled with. No wonder nuns become saints! Not once did any of them get to sit down, but instead patrolled the aisles, back and forth, to no avail.

Only one person could silence these over zealous "cherubs." When Father Flaherty took to the podium, even a ninety year old grandmother in the last pew could hear a pin drop in the sacristy. Such were his tales in the continuing saga of Midnight and Snowball, that even the youngest first grader with a chocolate egg melting in his new suit pocket, didn't dare move in fear that even one word would be missed. I think you get my point, and if you were one of the lucky ones to be there in those days, you know just what it was like to be witness to this Easter morning "miracle."

All of those "cherubs" of the fifties are now grown with families of their own, and once again they are getting together for a grand reunion. If you can remember those glorious days, then you should join in the celebration.

The response for tickets to St. Mary's Grammar School Reunion to be held on Friday, May 10, 1985 at the Knights of Columbus Hall, has been tremendous. Tickets are going fast, so if you plan to attend, fill in the coupon below and return it with your payment. The evening will begin at 7:00 p.m. with a social hour, followed by a buffet at 8:00 p.m. and dancing to the music of the 50's and 60's provided by a D.J.

Tickets are \$15.00 per person and a table of ten may be reserved with payment for the ten tickets. Make checks payable to St. Mary's Reunion and mail to the Reunion Committee, P.O. Box 1776, Charlestown, MA 02129. Tickets will be sold on a first come - first served basis. **No tickets will be sold at the door.**

## Charlestown Preservation Society To Sponsor Concert And House Tour

"The Action's Back on Main Street" has been proclaimed as the theme for the 14th Annual Preservation Week (May 12 - 18) by the National Trust for Historic Preservation. Approximately 5,000 preservation and neighborhood groups, as well as the Charlestown Preservation Society, will hold events across the United States in honor of Preservation Week 1985. Their purpose is to make the public aware of efforts to revitalize America's Main Streets by attracting new businesses, preserving historic structures and developing special events.

The special events that will be celebrated in Charlestown to kick off Preservation Week 1985 will begin on Friday evening, May 10th at 8 p.m. at the historic Saint Mary's Church (located at Warren and Soley Street) with Rossini's rarely performed "Petite Messe Solenne." This spectacular concert features the Cecelia Chamber singers and soloists with Leslie Amper, piano and James David Christie, harmonium and will be directed by Keith Glavash. Tickets are available for \$5.00 at the door. For more information call 241-7848 or 241-8185.

PLANNING COMMITTEE MEMBERS (shown l. to r.), Lee Eisman of High Street, Jane Philippi of High Street, Andrea Garr of Cordis Street and Anne Francis Cavanaugh of Trenton Street are among the more than 25 Charlestown residents currently planning the 1985 Charlestown House Tour, sponsored by the Charlestown Preservation Society and scheduled for Saturday, May 11th from 10 a.m. to 4 p.m. This year's House Tour is entitled "Charlestown...Boston's Oldest Village."

On Saturday, May 11th, the Charlestown Preservation Society will sponsor its Tenth Biennial House Tour entitled "Charlestown...Boston's Oldest Village." The tour will feature ten houses as well as various historic sites and public buildings beginning at the stone Austin Block building (across from the Warren Tavern) from 10 a.m. until 4 p.m. This event provides ticket-holders with the unique opportunity to tour some of Charlestown's most interesting homes, many of which are beautifully restored and decorated.

This year's house tour will be highlighted with musical entertainment along the route as well as feature the following special events:

**A Street Fair** - in and around the Harvard Mall sponsored by The Friends of the Harvard Mall. The fair will provide refreshments, entertainment, arts and crafts.

**A Photographic Exhibit** - at the stone Austin Block building featuring early views of the Town Hill, City Square and Main Street areas.

**An Organ Marathon** - will be held inside Saint Mary's Church beginning at 10:30 a.m. until 2:30 p.m. This unique organ marathon will be held on the historic 1892 three manual Cole & Woodbery organ. Four prominent Boston organists, including Lois Regestein, James Busby and Rosalind Mohnson will perform continuously for house tour ticket-holders.

The tour will conclude with an outdoor wine and cheese reception for ticket-holders. Tickets for the House Tour are \$6.00 in advance, \$8.00 on the day of the tour and \$5.00 for

senior citizens. Tickets can be purchased in advance by calling 241-7806 or writing to the Charlestown Preservation Society, P.O. Box 201, Charlestown, Mass. 02129. Tickets can also be purchased at various locations in the Community which will be announced in the up-coming weeks.

Proceeds from the 1985 House Tour will benefit the restoration and maintenance of public spaces in Charlestown of historic and preservation interest. The Charlestown Preservation Society is a non-profit organization formed in 1967 "for the purpose of preserving for posterity and for use buildings, sites and objects of historical value or interest, as well as for providing modern living accommodations in Charlestown at sites and from materials that would otherwise be destroyed, neglected or abandoned." (Articles of Organization)

The Preservation Society has achieved much in its 18 year history, starting with the saving of a number of federal structures (built c. 1780-1800) from demolition during urban renewal. These buildings include the Warren Tavern, the Thompson Triangle houses, the Deacon Larkin House and the Wylie House. Other achievements include:

- Preserving and restoring bricks, cobblestones, ironwork and gaslights.

- Contributing to the on-going maintenance and research of the 17th Century Phipps Street Burial Ground.

- Providing seed money for the restoration of the stone Austin Block (c. 1822).

- Encouraging restoration efforts in Charlestown through house tours, home fairs and library programs.

- Working with other community groups and government agencies to make historic preservation an important part of the revitalization of the neighborhood.

The House Tour is the major fundraising activity of the Charlestown Preservation society as well as a celebration of Charlestown life. This year's theme "Charlestown...Boston's Oldest Village" attempts to portray Charlestown's sense of intimacy and community spirit unrivaled in any other Boston neighborhood. Charlestown is steeped in history and is the site of some of New England's oldest houses. There are certain sections of Charlestown which are so intact and well-preserved that one can visualize an 18th and 19th century town. The Charlestown Preservation Society is extremely grateful to the residents of Charlestown who have opened their homes and afforded the public a view into the community's commitment to preservation.

# Charlestown Navy Yard Update

(continued from page 6)  
will be developed by the First Charlestown Development Group which, according to English, is comprised of 18 Charlestown business people who "were given designation on these buildings in order to expand their businesses."

Building 33, the former Frazier Barracks, and Building 34, originally a blue print shop, are to be renovated beginning in July and completed by July 1986.

The other two, Buildings 38 and 39, respectively a former Library Movie Hall and Shipyard Commander's home, are slated to be renovated beginning in July 1986 and finished July 1987.

In an effort to expedite renovation of these four buildings, English stated that the BRA will impose a rental fee which will double each month until construction begins. Once the construction has begun, the rental fee will be half of the last payment. According to English, the financial loss will encourage the developers to keep the development schedule.

On Seventh Avenue is Building 107, which once served as a machine shop. The National Park Service has been utilizing this facility as storage space and last month the Park Service took title of the property.

In October, the BRA received proposals from

several development teams for the six buildings and one parcel advertised within the Monument Area.

Not all six buildings were included in all the proposals.

Two proposals are intended for Buildings 75 and 106, and three are for Buildings 266 and 114, and Building P (which was not included in the BRA developer kit but was included in two proposals submitted).

The Nicosia Company and Basilica Associates Limited Partnership are two development teams who have submitted proposals for buildings 75 and 106.

In the proposal submitted by the Nicosia Company both buildings would be used for office space, while in the Basilica Associates Limited Partnership proposal the plans are mixed. In Building 75, they would construct 25,000 square feet of office condominiums and in Building 106, there would be a mix of 9,750 square feet retail use, 61 condominiums units, and 87 parking spaces.

The problem with the Basilica proposal is the element of condominiums. Since the building are on leased land, there is a question as to sale of the units. As for Buildings 266 and 114, three development teams are seeking tentative designation.

The Conroy-Heafitz Development Team is proposing to create five office suites

in Buildings 266 and P.

Fifth Avenue Professional Center Limited proposes four office suites for Building 266.

The third proposal is from Housing Associates and includes Buildings 114, 266 and P.

In Building 114, they propose to construct 70,000 square feet of office space and a possible 10,000 square foot restaurant. For Buildings 266 and P, they propose office usage.

After the director makes his recommendation to the BRA board on which development should receive tentative designation, a second round of advertising will begin, involving the remaining buildings and two parcels, stated English.

The third section of the Navy Yard, which is known as the New Development Area, is bounded by the Shipyard Park, Fifth Avenue and the harbor.

Immobilier New England is responsible for the development of several buildings and parcels within the new development section of the Navy Yard.

Building 42, the former machine shop, has been completely renovated and occupied by 367 units of housing, named Constitution Quarters.

Building 103 will become 111 units of elderly housing and named Anchorage Apartments. On Wednesday March 13, this building was the site of a six alarm fire, which will delay construction. The building was expected to be completed by June 1986.

Shipway I, which was once a concrete ramp where ships were slid into the harbor, is now 21 two and three story townhouse condominiums.

Presently, Immobilier is constructing a 200 slip marina at Pier 8.

English reported that Immobilier will be begin construction at Building 177 in the future. The former electronics shop will become home to 154 condominium units, a parking garage, and restaurant on the top floor.

According to English, Immobilier has also submitted a proposal to construct 66 townhouse units at Pier 7.

English stated BRA Director Coyle has not made a decision on Pier 7 as of yet since "he wants to more public access to piers and Harborpark."

Other future plans of Immobilier include the construction of 55 units of elderly housing in the former shoplifter shop, Building 104; 450 residential units on Parcel 4A; and a third marina at Pier 10.

Plans for Pier 11, also referred to as the "hotel site," have not been finalized, stated English, although he did not rule out the possibility of a hotel.

At the corner of First Avenue and Eighth Street is Building 36, a former sail loft. According to English, the Incubator Development Team is presently converting the building into office spaces and an Italian restaurant.

English stated that Incubator will invest a total of \$6 million into the project.

Another possible tenant at the site may be **Sail Magazine**, who plans to make Charlestown their new headquarters.

The BRA, which was recently awarded a \$3.7 million loan in order for renewal of streets and utilities in the Navy Yard, recently hired a design firm, stated English.

The loan will not only enable the BRA to construct sidewalks, lighting, and other physical improvements, but also create 500 on site parking spaces.

Overall, rehabilitation of the Navy Yard will be an investment of over \$360 million in private monies and approximately \$12 million in public funds.

At the height of activity at the Navy Yard, there were approximately 50,000 people employed full time, estimated English. In the 1970s, this number dropped to 6,000.

"We expect that we will have replaced all the jobs that were lost and exceed that number by 12%," stated English.

In the end, new development in the Navy Yard will take the form of 12,050 residential units, 550 marina slips, a possible 350 room hotel, new jobs, and increased public access.

### "To The Ones She Touched"

A small, frail and very sick woman named Pauline M. Miller died on March 30th at Massachusetts General Hospital.

A native of Millinocket, Maine, Pauline came to this town some forty odd years ago and worked as an electrician for the Charlestown Navy Yard during World War II. It was here she met and married (and eventually buried) her second husband, Walter (Bing) Miller.

Pauline continued her quest for independence, to be able to live alone and to take care of herself right up until the day she died. All of Pauline's blood relatives live in Maine, but here she stayed, struggling to be the free spirit she always had been.

Charlestown was her "home," the townies she came in contact with became her friends and a few along the way she "adopted" as her own. I was one of her "adopted daughters," Carol (Picardi) Remy the other. We feel proud to have been her "family" over the past seventeen years.

Anyone who knew her, knew of the warmth and love she gave so freely. Her generosity had no bounds. Pauline's small apartment was a haven to many who found comfort sitting in her kitchen sipping tea and eating her famous homemade chocolate chip cookies.

Pauline's sixty-nine years had not been easy ones, nor was her death. Yet through this wonderful woman's life, many people had been touched by her. I was one of the recipients of her love and understanding.

Services for Pauline were held in Millinocket, Maine, where she was put to rest. She leaves many relatives, including her two daughters, Joyce Lamb and Gail Mackin, both of Maine.

Here in Charlestown, Pauline leaves two especially dear friends, Colleen Braccini of Belmont Street and Winnie Mailholt, her landlady of One Holden Row.

And Carol and I, of course, who'll keep Pauline alive with the many memories we have built on over the years as her "adopted daughters."

May God finally rest her beautiful soul.

### Task Force Extends Thanks

To The Editor:

The Bunker Hill Tenants Task Force would like to extend its thanks to those people who have supported our efforts, as well as those of other public housing tenant organizations, regarding the passage of legislation to prevent the sale of state public housing developments.

In particular, we'd like to thank those residents who traveled to the State House with us on Wednesday, March 27th for the bill's legislative hearing. We'd also like to thank those residents, who were unable to attend, but had expressed their support of, and interest in, this legislation.

Further, we'd especially like to thank Father Thomas Conway of St. Catherine's for his invaluable support and concern regarding this vital issue.

The Task Force realizes that the prospective sale of any public housing is a serious and emotional issue for its residents. In light of these circumstances, we will be making regular efforts to keep residents accurately informed of legislative and regulatory developments that could affect the status of their homes.

Again, we thank our supporters for their invaluable contributions. Anyone with any comments or questions regarding the aforementioned legislation or public housing sale issues, should contact the Task Force at 242-3200.

Sincerely,  
Mary E. MacInnes  
Chairperson

### C.U.B. Update

Dear Gloria,

As a member of the Massachusetts Consumer Congress, I would like to thank the Charlestown people who signed letters in support of the CUB Bill, and especially to the ones who accomplished this feat by getting others to sign. As a result, approximately 250 letters were sent to both Senator Francis Doris and Representative Richard Voke.

The CUB Bill (Consumer Utility Board) S:782 was heard by the Joint Commit-

tee on Government Regulations before a large turnout of those in favor of the bill, but, naturally, the Lobbyist for the utility companies stated that "there was no need for this Consumer Utility Board."

The Joint Committee has until April 20, 1985 to vote on this bill and if it passes, it will go onto the Senate floor.

Residents: make notice of your A.T.&T. bill received this month. New England Telephone now lowers your bill and A.T.&T. pick it up. Are you confused? Wait until the new rates are set, it's a guarantee that we will be double billed.

CUB is best defined as "Cut Utility Bills."

The course is limited to 12 students on a first come - first served basis.

### LINE DANCING, FILM PROGRAM FOR SENIORS

For years, Charlestown's senior citizens looked towards the Kent Community School for recreational activities. Because of building disrepair and a lack of funds, senior services at the Kent were curtailed. Beginning Tuesday, April 16th and Thursday, April 18th, the Kent will be open two afternoons a week from 2:00 to 4:00 p.m. for line dancing and films.

Every Tuesday afternoon, a classic motion picture will be presented free of charge. The first film will be "Oklahoma," starring Gordon MacRae and Shirley Jones. Those attending a film will choose future movies.

Every Thursday, there will be line dancing. A fee of \$2.00 per afternoon will be charged to defray the cost of the teacher.

Charlestown's Senior Citizens are invited to come to the Kent and participate in these activities. If they are successful this spring, we will try to develop a broader program, including one weekend afternoon, in September.

For further information, please call 242-2770 weekdays.

The draft was held on Wednesday night and all players will be called within a week or so for the first practice. Don't get nervous kids, you will all play.

I have a player's glove in the trunk of my car. Identify it and you will get it back. Be careful where you leave your gloves.

## Basic Basketball (Pure and Simple)

by John Brennan

Cotton Bowl, Olympics, N.C.A.A. Final Four, Nate Hurwitz Basketball Tournament; which of these sporting events does not belong in this group.

The answer is simple, the Nate Hurwitz Tournament. Why? It is the only true amateur contest in the group. The others involve enormous budgets, extravagant advertising, and multi-million dollar promotional packages. The Hurwitz budget consists of two new balls, a set of scrimmage vests, and eleven trophies. Yet Hurwitz drew as many contestants, over 600, as the N.C.A.A. basketball playoffs.

Sixty-eight teams began the single elimination tournament on March 15th. Two weeks and sixty-five games later, four teams were left to claim bragging for the next year.

But were there really any losers? I think not. I personally watched young boys, participating in this type of event for the first time, gain confidence with every bounce of the ball. Open division members relived past glories of "Tech Tournaments," college careers, and, in some cases professional careers.

And what about the middle division? Simply awesome! End to end non-stop action, tenacious defense, deadly accurate shooting, last second heroics, incredible comebacks; Grantland Rice could not create a more exciting storybook scenario. Add to this the best officiating that Local Board I.A.A.B.O. -27 could provide and you have the best AMATEUR TOURNAMENT in the country.

No team is turned away. Twenty dollars and the proper age are the only requirements. Nate Hurwitz would have no other way.

Next March, when the high school tournaments are over and the professional minor leagues are playing in "Timbuktu," come to the Charlestown Boys and Girls Club and see basketball the way Mr. Naismith intended it to be played.

Oh by the way there were four champions crowned:

Midget (12 and under) - West End House

Junior (16 and under) - Milton A.C.

Intermediate (19 and under) - B.C. High

Senior (Open Division) - Remingtons

Outstanding Performer - Dave Flynn, B.C. High

Fred Sullivan Award (Outstanding Charlestown Performer) - Greg Jackson

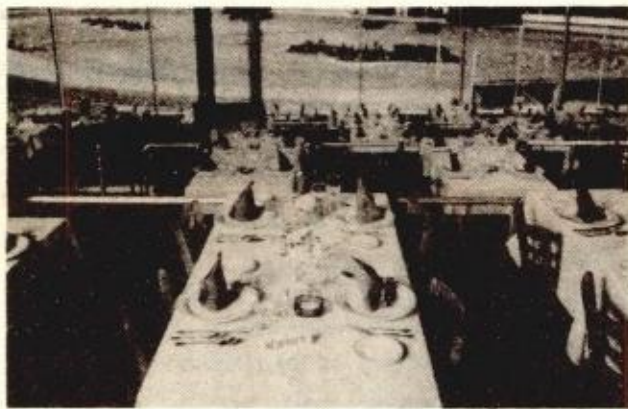

Jim Briers Award (Sportsmanship Award) - Referee, Phil Kelly

Four champions, yes! Sixty-four losers? No! Every person who played, worked, and watched the Nate Hurwitz Tournament was a winner.

I would like to thank all the VOLUNTEERS who refereed, scored, kept time and contributed enormous amounts of time to make the tournament a winner!

See you next year for number 63.
