

PHARMAOIL[®]

MADE IN MELBOURNE, VICTORIA

.....
PALM OIL FREE · CRUELTY FREE · VEGAN

Pharmaoil is cruelty free & does not contain any sulfates, parabens, toxins or palm oil. Instead, we have harnessed the power of natural plant oils for a complete skincare range that suits all skin types.

Pharmaoil Skin Therapy

100% natural oil moisturiser for everyday use on all skin types.

This gentle, fragrance-free emollient combines 12 plant-derived oils that will nourish and moisturise skin without blocking pores.

It relieves dry and irritated skin. Helps prevent scarring, stretch marks and visible signs of ageing and evens skin tone. Safe to use during pregnancy and on infants.

Pharmaoil Scrub

100 % natural body and face scrub for regular use.

Combining Pharmaoil's natural oils with natural Australian sea salt, Pharmaoil scrub is a powerful exfoliant. Best applied to the body and face before showering, Pharmaoil scrub not only works to exfoliate skin but also helps invigorate, cleanse and regenerate all skin types.

Pharmaoil Zinc Therapy

A 100% natural intensive skin therapy treatment.

Use this intensive skin therapy treatment when you need added strength. Formulated to help relieve symptoms of irritated skin, insect bites, mild skin and fungal infections and sunburn.

Pharmaoil Deodorant

for Women & Men

A 100% natural deodorant for women and men that is aluminium and paraben free.

Use our aluminium-free deodorant that combines natural floral waters with our active ingredient, zinc, for a confident start to your day. It's gentle on skin, even after shaving.

Pharmaoil Daily Mist

A 100% natural floral water toner for frequent use.

This gentle alcohol-free toner combines a range of natural floral waters. It cleans and removes dirt and make-up, while also moisturising the skin in one step.

Pharmaoil Intensive Skin Drops

25ml

Our 100% natural intensive skin drops blend the finest quality essential oils for your skin type to help improve your skin. You can also add a few intensive skin drops to your Pharmaoil Skin Therapy to tailor it to your skin type.

Sensitive & Irritated skin drops

Less essential oils, more soothing nourishment. With healing oils like jojoba, castor and rosehip in the mix, this blend is designed to reduce inflammation and irritation while allowing the skin to protect and replenish itself.

Normal, Oily & Combination skin drops

A blend of hydrating oils that won't block your pores with a selection of essential oils that are known to have a balancing effect on the sebum of our skin.

Older skin drops

Made with avocado, macadamia & carrot seed oils, which are all full of rich fatty acids that help to regenerate mature skin by preventing trans-epidermal water loss and supporting healthy skin cell production.

Dry skin drops

Full of proteins and omega-3 fatty acids, this oil blend will deeply penetrate the skin to nourish and hydrate with the added benefits of skin rejuvenators like elemi and geranium essential oils.

Acne skin drops

A lighter moisturising oil with the natural antibacterial properties of tea tree and avocado. Helps to prevent breakouts by keeping the skin clean and balanced without drying it out.
