TASK: The European Pet Organisation is launching a campaign to promote the protection of domestic animals. The goal is to create awareness among young people on the harmful consequences of pet abandonment while highlighting the benefits of pet adoption both for the pets and their owners. The organizers are looking for blog posts that promote this idea.

Write a blog entry (180-200 words) in which you:

a) provide two reasons why pet abandonment can be harmful to the animals and the society at large,
and

- Abandoned dogs and cats face an uncertain and stressful future
- Pet owners experience emotional consequences

b) discuss two benefits of adopting and caring for a pet.

- It can improve your health and make you happier
- It can benefit children while saving an animal's life.
