She had such sexual appetite. Had mirrors all over her room. Loved it when I came all over her face ESP if she was sleeping and then she would lick it up

Same thing happened with a girl that I dated in college. She was this slamming little blonde, loved to have her panties stuffed in her mouth, to be tied up, recorded, anal, etc but I couldn't stand her bullshit neediness forever. Plus she refused to work out and was going to get fat eventually.

hmmm...I know something about this. One of their recent hires was formerly at a law firm I have a friend at. She ended up leaving the firm under a very foul cloud...booze, whoring, ethics, the usual. If this company picked her up, then it's pretty obvious they don't vet their hires all that carefully.
