## **Humanitarian Plan Overview**

**Established by: Marcia O'Connor**

**May, 2017**

When I receive Humanitarian Funds in my gold currency exchange, I have the following plan and goals to achieve my objectives. As it is unknown, as of now, how much this fund could amount to, I have a general list, at this point, for further study by a “Humanitarian Office”, which I would establish by finding a suitable location and hiring persons suitable for the positions within the “Humanitarian Office”. Once established, I would be providing them with a list of goals and objectives to follow, which would include, but not be limited to, studying the humanitarian projects on the list, and other needs they also see. Determining good solutions, plans, budgets, project timelines and details and their oversight. Part of the “Humanitarian Team's” job would be to study, and prioritize the list of goals/objectives to determine if they exist in other people's plans, and/or to coordinate with other organizations to achieve larger goals and missions, establish trust funds, study and planning. The project funding would be ranked in accordance with meeting worldwide and/or geographical needs. I am not at all opposed to simply donating funds to a larger organization to achieve the objectives either. In fact, I might prefer it, because this would limit my personal administration of all of the detail work, although I do possess a personal background of planning and administrating large projects. I am already retired and would still enjoy having free time to do some travel, and such, which I have not had the opportunity to do in my lifetime, due to lack of funds, caring for family members, when needed, etc.

Although, previously I had worked out a smaller, more detail plan for a few of my choice humanitarian goals, as examples, I would like to take a larger and broader perspective, if funds are such that it would allow for larger expansion of project planning.

The initial planning would consist of hiring necessary employees, establishing location and plans for an office, equipment/supplies expenses and budget for administration. My present list of possible projects for consideration, would include, but not be limited to, the following:

1. Healing machines, to be provided for, certain geological areas.
2. Zero energy devices, to be provided for, certain geological areas.
3. Cleanup of radiation, nuclear site, spills.
4. Funds to help Zimbabwe and Venezuela.
5. Pay off Puerto Rico and Detroit, Michigan bankruptcy debts, through negotiated settlement, if still required.
6. Aggressively fight to eliminate Ninth Satanic Circle, if it still exists.
7. Clean water and infrastructure for US. Assist in providing funding for clean water and sewer where needed worldwide.
8. Study current health care systems, and provide solutions, and possible funding for payment for providing healthcare for US residents to the extent able by available funds.
9. Establish, or assist in establishment of an education commission to study methodology for educating people, generally, and or in the school systems, of the truths hidden from society.
10. Establish printed, affordable housing developments.
11. Donation to the Social Security Fund, if necessary.
12. Victims of crimes and whistleblower's funds,
13. Donate to Bigcall.net, or Gary Larrabee's projects, or other Lightworker's projects, if needed.

14. Provide for free internet service for everyone.

15. Other project ideas, which might arise.

16. Provide for trust funds for my family members and select friends.

It is understood that this is a massive list of undertakings, and, I likely would not be able, individually, to provide enough funding for all of these projects on my own.

At this point, detail budget and funding plans have not been drawn up, except in the case of the two sample projects, I am providing with this plan.

Thank you so much for any and all assistance the Lightworker community, through Dinar Chronicles have provided and may provide in the future.

Included:

1. Brief Personal autobiography of educational and job experience
2. Detailed Project Plans for two (sample) Projects

RE: Call out for information regarding humanitarian project assistance

I have enjoyed reading Dinar Chronicles for about a year now, when I suddenly “woke up” and began researching the presidential candidates and the Illuminati. I was so shocked about the truths that have been hidden from us, that I cannot stop reading and researching. I have had a rather “unusual” life, having suffered a few personal tragedies, including the loss of my 25 year old son, as a result of leukemia in 2007.

I am writing in response to your request for information and humanitarian assistance through Dinar Chronicles. Although I am not currently wealthy, I have Zim and would like to donate money (providing I am able to cash out substantially on the zim at the GCR/RV). In addition, I could possibly donate some time, or expertise, (to the extent that I am able), to the projects of Dinar Chronicles.

I have a couple of projects that I am interested in, but I also want to donate to a well-thought-out plan of Dinar Chronicles, or some members' plans, which may already include my ideas.

I look forward to hearing from you when you are ready to make contact.

Sincerely,

Marcia O'Connor aka “Concerned US citizen Doe”

## HUMANITARIAN PROPOSAL FOR

### FREE ENERGY DEVICES FOR VARIOUS NORTHERN MICHIGAN HOUSEHOLDS

APRIL 20, 2017

This Proposal is to provide free energy devices (once they become available for sale) to households in the following Michigan Counties:

#### Northern Lower Michigan:

#### Number Households

1. Emmet
2. Cheboygan
3. Charlevoix
4. Presque Isle
5. Antrim
6. Otsego
7. Montmorency
8. Alpena
9. Leelanau
10. Benzie
11. Grand Traverse
12. Kalkaska
13. Crawford
14. Oscoda
15. Alcona

#### U.P.

#### Number Households

1. Keweenaw
2. Houghton
3. Ontonagon
4. Gogebic

5. Baraga
6. Iron
7. Marquette
8. Dickinson
9. Menominee
10. Delta
11. Alger
12. Schoolcraft
13. Luce
14. Chipewa
15. Mackinac

**PROPOSAL FOR HUMANITY FUNDING**  
**FOR HEALING MACHINES FOR MICHIGAN FREE CLINICS**

**APRIL 20, 2017**

This Proposal is for supplying Healing Machines and staffing for various Free Clinics in Michigan, to the extent that funding will allow.

At present the cost of the machines is as yet unknown, as well as their availability date. Based upon this, I am providing my best guestimate Budget for the costs of proving the machines and trained staff.

Here is my initial Budget Estimate:

Ten initial Clinics, as follows:

Northern Lower Michigan:

1. Free Clinics of Alpena
2. Boyne Area Free Clinic
3. Stehouwer Free Clinic (Cadillac)
4. Northern Care Center (Cheboygan)
5. AuSable Free Clinic (Grayling)
6. Manistee Area Community Clinic
7. Community Free Clinic (Petoskey)
8. Traverse Health Clinic

Upper Peninsula

1. Medicare Access Coalition (Marquette)
2. Community Health Coalition (Sault Ste. Marie)

**PROPOSAL FOR HUMANITY FUNDING  
FOR HEALING MACHINES FOR MICHIGAN FREE CLINICS  
APRIL, 2017**

**FIRST YEAR BUDGET**

		<b>TOTAL</b>	<b>GRAND TOTAL</b>
