THE BIGGEST REQUIREMENT

Here's what makes this strategy so powerful; It's a "done 4 you" system that will do all the heavy lifting for you.

Unlike all those other strategies you've probably been going through on forums, groups, etc...

This strategy is based on one key principle:

IT HAS TO WORK FOR YOU!

*That's right... This whole system is designed with **one major requirement for the system itself... (MAKE YOU \$\$\$)***

This is the key ingredient that makes it so different from anything else.

Normally; You'd find some fluffy piece of content (from an untrustworthy source) filled with manipulative trigger words to con you into "taking action" which only leads to profit for 1 person... and that person is (and never will be) you my friend...

Trust me... I know... We've all been there...

That's why I'm excited to share this game-changing strategy with you...

But first;

We have to make a promise to each other:

I promise that there's no (hidden) benefit for me in sharing this with you. In fact: If you don't make any money. I don't make any money. So I want to make sure you earn very good amounts of cash with this, otherwise; no benefit for me.

But, I want you to promise me just this one thing: When (and only when) you start making boatloads of cash from this... You have to share it with as many people as you can!.. (P.S. You'll earn even more if you do).

THE AFFILIATE SIDE HUSTLE SYSTEM

So here's the whole system laid-out so you can clearly understand how it works:

The "Done 4 You" Funnel - This is where you'll be sending all your traffic (we'll get to that in a moment) to. This monster of a machine will do all the converting and (most of) the cash making for you.

You'll get a 14 day trial of Clickfunnels as well which is needed to host & run this funnel 24/7 for you.

Any of the price packages will work for the funnel. But if you want to make everything easier you should get the "Etison Suit" which also gives you the built-in email marketing software.

By the way... You can find video explanations & more instructions of the whole system on page 2 of your funnel...

Optional: Email Marketing Software - If you do decide to go with one of the lower priced packages you'll need to get a separate email marketing software.

And Don't worry! If you don't make any \$\$\$ (which is unlikely) by then, you can just cancel your account(s) and you won't have to pay anything.

Now when you send traffic to this funnel - People will opt-in to your email list where they will be getting a series of emails motivating them to revisit the 2nd page of your funnel (I'll explain why this is important on the next page).

Affiliates - Every person that takes action on the 2nd page of your funnel will get a copy of your money making machine and also automatically become your sub-affiliate.

*This means you'll earn **40% of anything they purchase** from Clickfunnels (not just the software itself. But also the books, courses, traffic, email software, etc). And also!.. You'll earn **5% of anything they earn**...*

And again: The funnel does everything for you! The funnel will teach them (with videos) how to get their own copy of the funnel and also start earning with it.

This is what makes this system so lucrative!

Targeted Traffic - Now of course you'll need traffic in order to make **\$\$\$**. Lucky for you, there's been thousands of case studies and research done on finding the best traffic source for this system. And this is by far the best traffic you can get for this...

These are laser-targeted clicks (from email lists in the "make money online" niche) from people who are dying to make money online... And you'r providing them the perfect FREE system for that...

*Remember all those earnings I showed you before?.. Well 90% of those people are making those **\$\$\$** by buying from these sellers: Dana Solo, William McRea & Maurizio Pace.*

🤔 That's a golden "insider" tip right there... because I want you to succeed at this... remember if you don't make any money, I don't make any money.

QUICK RECAP

The whole system: **Laser-Targeted Clicks** 👉 **Your Funnel + Emails** (\$\$\$) 👉 **Your Affiliates** (\$\$\$\$\$\$)...

EXTRA TIPS

By the way, You don't have to worry about the system being over-promoted. These sellers have a high number of un-subscribers & new subscribers per day. So the email lists keep getting refreshed with fresh eyes. Also: You're only paying for actual clicks to your funnel. So you're not paying for un-interested people.

Make sure you check & edit the emails. There are certain parts left blank (like program name, etc) so you can add your own "flair" to it.

Check the traffic marketplace for monthly best seller results and find sellers with most "i got sale" reports. Try them out to scale your earnings even more.

You probably found this on a forum, so I'm giving you an editable version of this pdf which you can re-edit with your own links and share on forums for easy \$\$\$\$. You can also click here if to join our live chat (1850+ Members) & get more tips & resources...
