NH-Trazer 200: Break the rule

Inspired by motocross essence, NH-Trazer has been designed to be the perfect solution combining agility and style for navigating in any roads. The performance of the NH-Trazer increases driving possibilities whatever the journey. The vehicle adapts to beginners and to whoever loves to enjoy riding pleasure.

Large handlebars and saddle make the maneuverability of the machine easily.

NH-Trazer features 183 displacements together with the brand new 4-valve liquid-cooled engine in accordance with the Latin American market demands. Wheelbase of 1401 mm, seat height of 816 mm, and CBS braking installed as standard with the possibility of disconnecting the rear brake. With exceptional hydraulic centered multi-links suspension stabilizes the vehicle itself while making turns.
