Question 3 — Not What It Appears To Be!

by Kathy Giordano

The Commonwealth of Massachusetts is ill. Its businesses are hurting and its residents are mad.

Taxpayers are asking why are we in such a mess? What has happened to my tax dollars? What can we do to get our footing back on solid ground?

It doesn't help to hear

daily news reports of our state in fiscal chaos. Layoffs and program shutdowns are becoming the norm. It is not reassuring to hear that the federal budget needs a booster shot, as well. What can be done to get us through these drastic economic times?

The Citizens for Limited Taxation (CLT) say they

have the answer. Question 3 on the Nov. 6 ballot will tell you to vote to "make the proposed changes in laws concerning state taxes and fees," which, in their words, would "reduce the tax burden on every Massachusetts taxpayer and will force state government to spend our tax dollars more wisely."

It is evident by the results of frequent attempts by cities and towns across the Commonwealth to have a Proposition 2½ override, allowing an increase in property taxes, that taxpayers do not want to dole out more money. Also, there is no doubt that the budgetary management of the state's fiscal affairs is in need of a watchdog. Question 3, however, sets no guidelines as to what programs should be cut or where your hard-earned tax dollars will be best served. It only tells voters that \$1 billion would be saved in the first year after passage.

Don't throw out the baby with the bath water! Don't be fooled by the big tax savings being offered. What

Residents Elect Seven To The Charlestown Neighborhood Council

Some 635 residents braved intermittent torrential rain showers last Saturday to elect seven to fill the at-large seats on the Charlestown Neighborhood Council for a two-year term. This was the second at-large election and resulted in the re-election of five incumbents and the addition of two new members to the council.

Maurice "Moe" Gillen topped the ticket in his re-election bid with 417 votes, repeating his accomplishment of two years ago.

He was followed closely by Martin "Marty" O'Brien Sr. with 415 votes. O'Brien had served as an appointed member of the council during its first two years of

existence.

Mel Stillman placed third in the balloting with 385 votes; Peter Looney fourth with 355; Kevin Roche fifth with 344; and present council chairman Dennis McLaughlin sixth with 306. All four have served for the

past two years as elected members of the council.

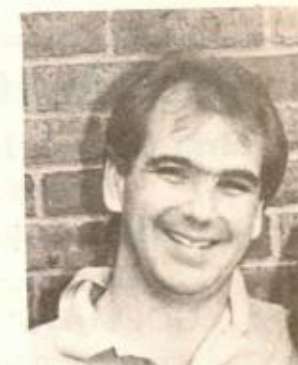

The seventh spot was won by Matthew "Matty" O'Neil. He received 298 votes in this, his first run for the council.

The three candidates who failed to garner sufficient

votes for election were incumbent Stephen Collins, 266 votes; William J. Galvin Jr., 264 votes; and Elaine McCarthy, 165 votes.

Collins has served as the council's secretary for the past two years, and Galvin has held a seat on the council as representative of the Charlestown Business Association.

The newly elected members will assume their seats on the council at the November monthly meeting.

SUCCESSFUL in his first run for the Charlestown Neighborhood Council was Matthew O'Neil. (photo by Kathy Giordano)

House And Senate Approve New Affordable Housing Program

A House-Senate Conference Committee agreed this week to adopt the Community Housing Partnership Act, a major housing initiative authored by Congressman Joseph P. Kennedy II. The bill authorizes \$300 million for grants and loans to non-profit builders of affordable housing. It marks the first new housing production program in over a decade, and the first time ever that Congress has targeted non-profit housing developers for federal support.

The Community Housing Partnership Act is an innovative, cost-effective way to construct affordable housing. The costs of affordable housing are reduced under the Act by eliminating the speculative profits of private developers, and by leveraging state, local, and private contributions with federal funding. In addition, the housing is kept affordable in perpetuity, and is paid for

up-front to reduce the financing costs that drive up rents. If the property is ever sold, the gains must be used to provide replacement housing.

The Act will provide \$284 million of the \$300 million total in grants to non-profit sponsors to initiate or expand housing production for low and moderate income persons. Potential sponsors would apply through their state or local governments for funding. The grants can be used for acquisition, new construction or substantial rehabilitation. Projects funded under the Act are eligible for the full 9 percent low income housing tax credit. Fourteen million dollars will be set aside for loans and grants to provide technical assistance and training programs for non-profit organizations.

Over 100 members of Congress have co-sponsored the Community Housing Partnership Act.

Looney To Be Recognized At ABCD Community Awards Dinner

Charlestown resident Peter Looney has been selected as this year's recipient of Action for Boston Community Development's annual Community Service Award by the John F. Kennedy Family Service Center in Charlestown.

"He's involved with so many activities — it's like there's more than one Peter Looney," said Kate McDonough, executive director of the Kennedy Center. That quote illustrates Looney's enthusiasm for lending a helping hand to people going through rough times.

Looney is involved in a wide range of organizations and activities geared to building a safer, healthier community for Charlestown. His affiliations include membership on the Charlestown Neighborhood Council, serving as the chairman of the Basic Services Committee, and he is Chairman of the Charlestown-To-Charlestown Committee. He is a member of the Charlestown Economic Development Corp., Bunker Hill Associates, Charlestown Against Drugs, Charlestown Community Schools, Friends of Camp

PETER LOONEY has been selected as this year's recipient of ABCD's annual Community Service Award by the Kennedy Center in Charlestown. He will be honored at an Awards Banquet at the Sheraton Boston Hotel on Oct. 26.

Bunker Hill, Friends of the Charlestown District Court and the Bunker Hill Health Center Cardiac Advisory Board. Through his many community service activities, Looney has advocated and worked for others in his neighborhood. All this and a full-time job as a sheet

metal worker makes Looney a very busy man.

Looney lives on Main Street with his wife, Mary Ellen, and two children, Peter and Michelle. A lifelong resident of Charlestown, Looney says he's "a proud Townie." ABCD is just as proud to recognize him at its Award Dinner on Oct. 26.

Friends of Looney are invited to share in the festivities of ABCD's 16th annual

Community Awards Dinner with keynote speaker Mississippi Congressman Mike Espy and "L.A. Law" star Corbin Bernsen on Oct. 26 at the Sheraton Boston Hotel. This year, ABCD will honor 18 dedicated Boston residents, and the theme for the evening will be "25 Years of the Neighborhoods."

A special reception will be held to honor the head table guests and members of the ABCD Friends Committee, chaired by Ronald M. Druker, president of the Druker Co. and Chairman of the Board of the Colonnade Hotel Corp.

At the dinner, Congressman Espy, along with "L.A. Law's" Bernsen, will assist ABCD Executive Director Robert M. Coard in honoring this year's community award recipients. Espy, the first black representative elected to Congress from Mississippi since Reconstruction, is developing a national reputation as a spokesman for poor Americans.

R.D. Sahl and Margie Reedy, WHDH-TV anchors, will be host and hostess for the evening.

Tickets, priced at \$35 per person, may be obtained by contacting McDonough at the Kennedy Center, 27 Winthrop St., telephone 241-8866.

Hope your big day was a fun one, folks.
- **This Week's Birthday Wishes . . .** go out to Sister Ann Rita, OP, at St. Francis de Sales Convent and little Alexandra Lane who'll turn the magical 2 on Oct. 22. Have a wonderful year, ladies . . . and Oct. 20 marks the anniversary of Jim Conway's 29th birthday! Hope it's a great one, Jim!

There will be no visiting hours, but visitors can view the vessel from the pier . . . National Parks personnel are anxiously awaiting the results of the next round of budget talks in D.C. If there is no vote by midnight, Oct. 19, the Navy Yard and Bunker Hill Monument might once again be unstaffed, resulting in the closure of the Monument, **USS Cassin Young** and all National Park facilities. Visitors can still walk the grounds of both sites, but that's about it. Let's hope all is resolved so this doesn't happen again!
- **October 21st . . .** marks the anniversary of the launching of the **USS Constitution** in 1797 and the day set aside by the Charlestown Militia Company (in 1972) as Pledge of Allegiance Day. The first pledge was heard in 1892.
- **Grinch Report . . .** Only 68 days 'til Christmas . . . and no one, so far, is volunteering to place a Christmas tree in the Navy Yard! Last year a resident of the Navy Yard assumed all the costs involved in placing the tree on First Avenue, inside Gate 4. This year it would be nice if some of the business offices, both private and public, would throw a few bucks in the pot and see that this holiday tradition is continued . . . Stay tuned!

Question 3 — Not What It Appears To Be!

(continued from page one)

the individual taxpayer would end up "paying for" as a result of the Question 3 will cripple this state for years, perhaps decades, to come.

The money saved by CLT will cost the taxpayers the following:

- Communities would have to cut between 12.2 and 31 percent of their non-fixed spending during the last six months of fiscal year 1991 alone.

- There would have to be radical multibillion-dollar defunding and dismantling of basic government services.

- An estimated \$3.5 billion in public construction money would be slashed, threatening all state road and bridge construction, all mass transit construction, all new public hospitals, all

new school buildings, all turnpike projects, all repairs to the Callahan and Sumner Tunnels, all new public housing projects, all sewer and clean water projects, all public-sector dam repairs, 10 percent of the budget for the Central Artery/Third Harbor Tunnel project, local road and bridge construction programs, Old Colony Rail project and Boston Harbor clean-up efforts.

- All public construction projects would stop. The loss to such projects would be: roads, bridges and highways - \$1.02 billion, public schools - \$370 million, environmental projects - \$1.15 billion, mass transit systems - \$347 million and public libraries, hospitals, housing and prisons - \$340 million.

- It would eliminate all Chapter 70 education aid to

cities and towns, and all funding for public higher education.

- It would result in the firing of 50,000 from a total 75,000 state workers, eliminating the services they offer the state.

- Medicaid and health insurance for low income persons and the number of services these recipients receive would be rolled back.

- Headstart would be drastically cut.

- The WIC (Women, Infants and Children) program would be eliminated.

- The Infant Mortality Program would be eliminated.

- Programs for drug and alcohol abusers would be cut back or eliminated.

- Family counseling would be eliminated.

- Cut backs would be felt by SSDI, SSI and General Relief recipients.

According to Standard & Poor's, the Bay State's economy would need 10 years to recover from the budget-slashing effect of the CLT petition. With the Commonwealth's bond rating dropping from first to 50th among the states, Standard

& Poor's predicts "junk bond" status should CLT be approved.

The Campaign for Massachusetts' Future states: "In the first three years of operation, the CLT petition would cost state government \$6 billion, cutting deeply into critical programs and services and pushing the state into bankruptcy." The Campaign also states that passage of CLT could "eliminate all funding for day care, homelessness prevention, AIDS action, elderly home care, child abuse prevention, affordable housing, protection of the environment and Uni-

versal Health Care."

These programs, projects and services are statewide and although any reduction or elimination accorded them will certainly affect us all, local services that have become a part of our way of life and ones that many of us are dependent upon will feel the clout with the passage of Question 3.

Next week's edition of the **Patriot** will outline cutbacks that would hit closer to home, touching on the affects of CLT on the city of Boston and, most especially, the neighborhood of Charlestown.

Father Canniff Greeted By Pope John Paul II

REV. JAMES B. CANNIFF (left) is greeted by Pope John Paul II at a private reception in the Pontiff's Vatican residence on Oct. 12. Father Canniff, pastor of St. Mary's Parish, was a concelebrant with the Pope at a Mass celebrated in the Pontiff's private chapel prior to the reception. The Mass and reception were the highlights of Father Canniff's trip to Italy that included visits to religious shrines in Assisi, Siena and Florence.

Thanks Everyone!

for all the kindness shown after my accident. I appreciate all the visits, phone calls and the beautiful flowers and plants.

Thanks again,
Kay Doherty

Labor Helps Fight Cancer With Oral Cancer Screening

The Teamsters Union Local 25 will host its 11th annual Oral Cancer Screening for members on Oct. 21 from 9 a.m. to noon, at the Teamsters' Union Hall, 544 Main St. in Charlestown.

Sponsored jointly by Tufts Dental Health Center and the American Cancer Society, the screening will consist of a thorough and precise five-minute mouth examination by a trained dentist or physician to determine any early signs of cancerous lesions. Dr. Edward Cataldo, professor of oral pathology at Tufts Dental School, Dr. George Gallagher and Dr. Gerard

Shklar, professors of oral pathology at Harvard Dental School, and Dr. Edward Maloof, Local 25 Dental Program Director, will conduct the screening.

Since the inception of this screening program, over 3,956 members have been examined with 289 lesions being referred to private practitioners for further evaluation.

"The five minutes a person spends taking this painless test," says Maloof, "can be extremely important at a later date. Mouth cancer in its early stages is painless and may go unnoticed. Yet this is the time it must be detected: early — when it can be cured."

For more information about this screening, please call 241-9220.

Voke Pleased With Local Effort To Open Rink

Rep. Richard Voke spoke with great pride as he discussed the community effort to reverse a Dukakis Administration plan to close all Metropolitan District Commission (MDC) Skating Rinks, including the Emmons-Horrigan-O'Neil Rink in Charlestown. "As has been the case on so many other issues, the people of Charlestown have joined their elected officials

in fighting for our community's needs. Through the dedicated efforts of a number of local community leaders, it appears our battle to get our rink open will be a successful one," said Voke.

Gov. Michael Dukakis announced last Friday that he was reducing other portions of state government in order to reverse his earlier budget-cutting plan which

called for the closing of the MDC Rinks. The news of Dukakis' pledge to open 13 rinks for the upcoming season was met with cautious optimism by Voke and other youth hockey advocates, as the MDC will still be forced to keep nine other rinks closed.

"I have it from a reliable source that the Charlestown Rink will be one of the rinks the MDC will be

opening this season," said Voke. "Getting our rink open will represent an important victory for our community as it will allow our local skating programs to offer its outstanding instruction to our young hockey enthusiasts. With this in mind, I will continue my advocacy for Charlestown and its kids," he said.

In addition to the lobbying effort Voke, Sen. Fran Doris and many of their legislative colleagues have done from the State House, youth hockey activists and others from Charlestown have figured prominently in the negotiations to get the Dukakis Administration to move from their rink closing stance. According to Voke, Jack Whelan, Phil Coleman, Anne Considine, Ed Johnson and John Tobin, among others, have played an important part in the process of focusing on the needs of youth hockey programs in Charlestown and throughout Eastern Massachusetts.

"Each of those individuals deserve credit for their strong commitment to our kids. Without their demonstrated dedication to youth hockey and all it stands for, our efforts as concerned legislators would be much more difficult. Because their efforts will serve to keep kids off the street and out of trouble, our entire community should pay tribute to them for their willingness to make a difference," said Voke.

★ **Harvard Street** — On Monday, Oct. 15, the Central Artery/North Area (CANA) Project began work on underground electrical lines at Harvard Street and Rutherford Avenue. The work taking place is directly outside the Life Focus Center facility in City Square. This phase of the CANA project is expected to take up to five weeks to complete.

CANA Coordinator Ed Barr stated that the contract involves splicing the 115KV main electrical lines that feed power from Charlestown to downtown Boston. No disruption of electrical service to the community is anticipated, he said.

Barr also stated that the procedure taken to splice the oil-filled electrical lines involves freezing those lines which causes steam to emit from the excavation. These lines, he stated, "are filled with nitrogen and will be handled as hazardous waste material, a normal procedure. Clean Harbors will collect all materials and remove it from the site." Barr emphasized that there will be no danger to the environment or to the community during this contract.

Barr stated that Harvard Street will be limited to one lane for the duration of the contract.

★ **City Square** — Severe flooding problems in the City Square Central Artery/North Area (CANA) project area on Sunday, Oct. 14, resulted in submerged sidewalks and flooded homes on Park and Warren streets.

Homes on Park Street that have experienced problems in the past due to heavy rainfalls were once again affected. It was also reported that the ground level of the parking garage at Warren and Henley streets was inundated with water.

According to Ken Stone, co-chairman of the North Area Task Force: "I received a call at 5 a.m. Sunday that there was a problem in the area. When I went to inspect, I found the sidewalks up as far as St. Mary's Church at Winthrop Street under water. Both sides of Warren Street, including the first floor of the garage at the corner of Henley Street, were under water."

Stone stated that CANA personnel and construction crews from Perini were already on the scene when he arrived, trying to alleviate the problem.

CANA Coordinator Ed Barr stated: "There were three different rain storms that night, one at 9 p.m. and another at 11 p.m. At 4 a.m., when the worst of the storms occurred, the pumping system overheated and City Square became flooded."

John McDermott, Massachusetts Department of Public Works spokesman, stated: "Two out of the three pumps failed due to electrical problems." He also said that the routine practice by the Massachusetts Water Resources Authority in shutting off rain water into the harbor during such storms creates additional burdens on the already over-loaded system.

Barr stated: "A meeting took place on Tuesday with Perini, CANA personnel and abutters on Park Street about the problem. Perini has taken steps to stop this type of situation from happening in the future. These steps include the addition of three diesel pumps and two electrical pumps with a diesel-powered generator to back them up, as well as the installation of an overflow pipe leading into the excavation hole to prevent flooding to homes."

Barr said that MDPW representatives will meet with the MWRA this week to discuss the problem. He said that a request will be made that the practice of shutting down the entry of water into the harbor during these instances, what MWRA calls "wet weather discharge," be adjusted to eliminate the flooding.

An Open Letter To The People Of Charlestown

Noise, Dirt, Pollution . . .
And It's Ugly!

PICTURED here is a model of Scheme Z looking from above the Gilmore Bridge into Charlestown. In the center is the Boston Sand & Gravel facility whose tallest building now towers above I-93. The structure will include 11 stories of highway ramps and 18 traffic lanes at the Charles River crossing.

To Our Fellow Residents:

A community group, calling ourselves the Citizens For A Livable Charlestown, has been formed specifically to address concerns relative to the Massachusetts Department of Works proposed action to tie roadways that now or will traverse Charlestown into the Central Artery/Third Harbor Tunnel project. This action is known as Scheme Z Modified and it raises many concerns.

Some of these concerns are as follows:

1. The MDPW has not satisfactorily acknowledged or addressed the fact that Scheme Z represents the highest density traffic interchange in the world — and it will be in our backyard. The interchange would be located only 400 feet from its nearest abutting residential area in Charlestown and, as such, would have tremendous impact on the entire community for generations to come.

2. Under Scheme Z, 18 lanes of highway will cross the Charles River.

3. Traffic ramps up to the height of 11 stories (higher than the current I-93 highway) will shadow Charlestown.

4. The issue of pollutants and automobile emissions resulting from traffic patterns created by the Scheme Z Modified proposal have not been satisfactorily addressed.

—No emission sampling has been done within the abutting residential area.

—No emission studies have been done based on slow-moving traffic. The emission studies which were completed used a non-residential area approximately 2,400 feet from the Charlestown residential community and were calculated on rapidly moving traffic patterns. In fact, even with these flawed samples, significant increases in the 10- to 25-percent range were projected.

5. The issue of noise pollution has not been resolved. Studies showing a 10-foot high barrier on Harvard Street are not realistic nor acceptable. Since the much smaller Central Artery/North Area (CANA) project required noise attenuation, why doesn't Scheme Z?

6. The question of CANA ramp completion has not been honestly answered. The residential community of Charlestown is

concerned that additional commercial and commuter traffic will be re-routed onto local neighborhood streets. The Commonwealth has failed to respond to a Freedom of Information Act request on this matter since Sept. 20, 1990.

7. The issue of hazardous waste and materials transported through Charlestown on local surface streets has been ignored. The Central Artery/Third Harbor Tunnel project will require all hazardous and flammable cargoes to be re-routed from I-93 and the Tobin Bridge onto local area streets forever.

8. The issue of aesthetics is ludicrous. Eleven-stories high and as many as 38 lanes across, this proposed scheme has been characterized as the "ugliest structure in New England" by a regional EPA administrator. What CANA has taken away, Scheme Z will return 10 fold!

9. The following organizations and community groups have expressed grave concerns, if not total opposition, to this proposed action: American Lung Association, Sierra Club, Charles River Watershed Association, Boston Bicycle Coalition, National Trust for Historic Preservation, Cambridge ECO, Charles River Wheelmen, Greenpeace, National Rail Passengers Association, National Environmental Protection Agency, Lt. Gov. Evelyn Murphy, Cambridge Citizens for Livable Neighborhoods, Citizens for a Livable Charlestown, East Boston Environmental Rights Committee and the Boston Society of Architects.

We have asked the North Area Task Force, based on its dedicated involvement during the past decade resulting in the evolution of the current CANA project, to consider the concerns listed above, support our efforts and participate in a community forum through which the residents of Charlestown could become informed and be able to voice opinions regarding this proposed action. We look for the support of each community resident and business person to act now before Scheme Z becomes a horrible reality.

by Tom Desmond

Charlestown youngsters displayed their tennis talent over the Columbus Day weekend in the CHAD town Against Drugs Tennis Tournament.

The preliminary rounds were held on Saturday at Bunker Hill Community College under perfect weather conditions. All players displayed exceptional ability, spirit and sportsmanship.

The final was held on Sunday during which Jamie Andrea prevailed over an indefatigable Anthony Matson. Matson broke his nose earlier in the day playing football but would not let it deter him from playing in the final. Matson did receive the appropriate medi-

Everett Huskies Pop Warner News

The Everett Pop Warner Huskies Football D Team, led this week by co-captains Jeremy Matthews and Justin Violette, rose up to head coach Frank Nazzaro's wake up call this past Friday night in their game against Billerica. For the second week in a row, the Huskies played ball control between the tackles with a long drive in the first quarter capped off by Nicky Nazzaro's touchdown up the middle.

In the second quarter, the offensive line sent Brian

Nee loose to the left side for the Huskies second touchdown. The score was 12 to 0 at the half.

Everett kept Billerica scoreless for the whole game with blitzing, shifting and hard tackling by Mark Coppenrath, Lenny Gardino, Mark DeBenedetto, Pat Kane, Mike Sprague and Dan Milliken.

The final score came late in the third when Nazzaro ran 40 yards over the right side to set up Nee's run to the corner. The final score was Everett 18, Billerica 0.

The four Huskie football teams were invited to Parsons Field last weekend as guests of the Northeastern Huskies as they played the Lehigh Engineers.

All Huskie squads will be back in action Sunday, Oct. 21 at Revere Stadium, starting with the D Team at 9:15 a.m.

There will be a Cheerleaders Competition on Saturday, Oct. 20 at 6 p.m. at the Everett High Fieldhouse.

Charlestown Youth Hockey Update

The Metropolitan District Commission Skating Rink in Charlestown will open by Monday, Oct. 22 at the latest. The local rink is one of six that were originally scheduled to open on Oct. 1. Another four rinks will open later, with a total of 13 expected to be open by mid-November.

Phil Coleman, Jerry Fleming and John Tobin met with the Directors of Recreation and Public Relations for the MDC this week to work out the details of the opening. They will be meeting with MDC representatives on an ongoing basis.

The complainants in the

law suit heard last week in Suffolk Superior Court have asked the judge to hold his decision until the negotiations with the MDC are finalized, the openings of the rinks are assured and that the needs of the hockey associations named in the law suit are being met.

Coleman stated that if the rink opens on Monday, the CYHA program will get underway that day. He said that coaches will be calling members of the teams. If players haven't heard from their coaches by Saturday, they should call Coleman at 242-3006 or Bill Burke at 242-0578.

King To Be Named To English High Hall Of Fame

Boston English High School will name Charlestown resident William J. "Whitey" King to its Hall of Fame at a banquet to be held on Thursday, Oct. 25 at Lombardo's in Randolph.

Whitey, along with his brother George, were probably the greatest brother combo in the annals of Massachusetts Schoolboy Track.

It really didn't make any difference to Billy — indoor or outdoor, he was a champ. In 1950, as a sophomore, he was the New Eng-

land Cross Country Champ and repeated the perfor-

mance a year later and added the "Reggies" the same year to his laurels.

In 1952, he was crowned Indoor Mile Champion and was a member of the Two-mile Relay Team Championship of America at the Penn. Relays. In 1953, a truly vintage year for Whitey, he was also crowned the 3,000-meter Steeplechase NEAUU Champion.

Whitey had a two-year stint with the Army and attended Indiana University for a year before joining American Airlines where he has been employed for 21 years. He is married to the former Joan Lydon. The Kings have four children.

• TRANSPORTATION SERVICE

The club's transportation shuttle has begun and we encourage all club members and parents to take advantage of this opportunity. The bus will be leaving the club on the hour, and the 20-minute loop has 12 stops which should make it easier and safer for members to get to and from the club. Club membership and parental permission are required before one can ride the bus. A complete route and schedule as well as permission forms are available at the front desk at the club.

• HALLOWEEN FUND RAISER

The Charlestown Clubhouse Board is hosting a Costume Dance on Saturday, Oct. 27 at Building 149 in the Charlestown Navy Yard. The clubhouse has managed to keep its annual dues for the young people of Charlestown so low over the years thanks, in part, to fund-raising events such as this. For all the parents out there who would like to help the club keep its dues low and maintain all the programs we offer, this is your chance — plus, you'll have a great time doing it. The North Shore A Cappella will be performing and a D.J. will keep us moving into the night. Tickets are only \$15, and costumes are optional. But why not get a little crazy for one night and come help the club. Tickets are available at the clubhouse front desk.

• PUMPKIN CARVING AND DECORATING

The Charlestown Association of Parents (CAPS), along with the Boys & Girls Club, is hosting a pumpkin carving and decorating party on Saturday, Oct. 27 from 10 a.m. to noon in the clubhouse Games Room. There will be pumpkins available, thanks to Johnnies Foodmaster, for children of all ages up to 12 to carve and/or decorate. Parents are invited to stop by and join in with your child in this creative experience. Charlestown Kiwanis is generously picking up all the costs for this event, and we thank them.

• HALLOWEEN PARTY

The club will be hosting its annual Halloween Party for the youngsters on Tuesday, Oct. 30. Festivities will begin at 6 p.m. and end at 8 p.m. There will be plenty to do in the Games Room with games and prizes for all ages, and we will again have our "Haunted Hallway" for those who dare! Club membership is not required to attend this party and we urge everyone to be safe on Halloween Night.

• TRI-CLUB

The club's Torch Club will be hosting the Roxbury and Southie clubs on a trip to Mt. Monadnock. Under the guidance of Adventure Specialist Larry Olsen, the group will be conquering the mountain this coming Saturday, Oct. 20. Good luck!

• MUSEUM OF FINE ARTS

On Wednesday, Oct. 24, the club will be visiting the Museum of Fine Arts in Boston. The trip will be leaving at 3:15 p.m. Sign-ups are scheduled for Friday, Oct. 19.

• THEATER TRIP

Andy Dietrich, a Harvard student who has worked at the club for the past two years, will be starring in a play at the Loeb Theatre in Cambridge this coming Sunday, Oct. 21. Andy has made arrangements for club members to get in free, plus they will be able to tour backstage following the performance. Anyone who is interested should sign up with Eileen.

• THANKS

A big "Thanks" to Jimmy Hall of the Charlestown Community Gardens for his donation of 25 pumpkins to the After School Day Care Program. Perhaps The Great Pumpkin will visit your patch this year!

THE TRINITY IS TRUE

The Doctrine of the Trinity is clearly taught in the Bible. There is one God who reveals himself in three distinct and eternal persons. The names of God are given to all three persons, so that we have God the Father, God the Son, and God the Holy Spirit. It is revealed to us that each of these persons was involved in the creation of the world (Gen. 1:1; John 1:1-3; Job 26:13). All three persons have the same attributes (Love, Holiness, Truth, Justice, Mercy) and are said to be eternal and from everlasting (Isaiah 40:28; Micah 5:2; Hebrews 9:14). Though God the Father loves us, His holiness will not permit sinners into Heaven. The plan of salvation arranged by the Triune God required God the Son to be made flesh and to die on the cross for our sins. He rose from the dead and ascended back up into Heaven, having accomplished eternal salvation for sinners. God the Holy Spirit came down to earth to convict men of their sins and to draw them to trust Jesus Christ as their Savior. Have you trusted in God the Son? Are you saved?

FLU SHOTS

The flu season will soon be here and it is important to get vaccinated with the flu shot in the early fall in order to prevent catching the flu once the yearly epidemic begins. We will start giving flu shots the week of Oct. 22.

Influenza, or flu, is a disease caused by a virus that leads to the sudden onset of fever (usually at least 101 degrees), sore throat, cough, runny nose, tiredness and aches and pains. These symptoms last for several days.

Everyone feels sick with influenza but some people, especially older people, go on to get pneumonia and become seriously ill. In addition, people with chronic illnesses such as diabetes, heart disease or emphysema may find that these diseases get out of control when they have the flu. The result is that as many as 10,000 Americans die each year during the flu epidemic. To try to prevent serious illness, hospitalization and death, the Center for Disease Control recommends that anyone with heart or lung disease receive a flu shot. Ninety percent of the deaths caused by the complications of influenza are in people 65 or older.

The flu vaccine enables your body to make protective antibodies against the type of influenza that is expected to be around in a given year. The vaccine is prepared from inactivated influenza virus, and a new vaccine is made each year because different strains of the virus spread each flu season. Therefore it is necessary to receive a yearly flu shot.

The vaccines used in the past few years have been associated with only a few reactions. The most common reaction, which affects less than a third of people vaccinated, is soreness and redness of the arm at the site of the shot. Occasionally, people will develop mild flu-like symptoms for one or two days, starting within hours of getting the shot. This happens mainly in people who have never had influenza. Most people who get sick a day or two after getting the shot have gotten an unrelated illness not something caused by the vaccine. Very rarely, people have an allergic reaction to the shot. Thus, anyone with a history of allergies to eggs, which are used in the preparation of the vaccine, should not get the flu shot. There is no risk of getting Guillain-Barre syndrome, the illness sometimes associated with the 1976 swine flu vaccine.

If you are over 65 and/or have a chronic medical problem, you should seriously consider getting a flu shot. FREE flu shots are available by calling the Bunker Hill Health Center at 242-5758 for an appointment.

Thanks To Everyone

Dear Gloria,

I'd like to publicly thank my mother, wife, children, my wife's marvelous family, my neighbors and friends for taking the time on a stormy day to prove why I always say: "I am a proud Townie."

"Moe" Gillen

Let Me Express My Gratitude

Dear Friends and Neighbors,

Now that you have said "Thanks" to those of us who enjoy serving you on the Neighborhood Council, let me express my gratitude and admiration for your interest in your neighborhood.

I watched many of you struggle to get down and vote and I learned the lesson of citizenship: To contribute to the best of your ability!

Thank you,
Kevin Roche, Member
Charlestown Neighborhood Council

Thank You

Dear Gloria,

As Chairman of the At-Large Charlestown Neighborhood Council Election held on Saturday, Oct. 13, I would like to express my gratitude to all the volunteers who worked so hard to make the election an easy afternoon for all involved.

I would also like to congratulate all the candidates for their well-organized campaigns, and wish the victorious seven council members great success.

Last, but not least, I wish to thank the 635 residents who took the time out of their busy Saturday schedule, during torrential downpours, to cast a vote for their representatives on the Neighborhood Council.

Sincerely,
Tom Cunha
Precinct 7 Council Member

I Am Grateful

I would like to thank Maryanne and Carlo Ryan, my good neighbors and my family for their part in the dedication of the Tot Lot at the McCarthy Playground in my name. I am grateful from the bottom of my heart.

I hope I will never see the day that you will be disappointed in me.

John Greateorex

Thank You All

Dear Gloria,

I'd like to take this opportunity to thank my relatives, friends and neighbors for their support in the Neighborhood Council at-large election. My victory tells me that you want me to continue to represent you and your needs as a council member, as I intend to do.

Thanks for the tremendous vote.

Mel Stillman

Thank You

Dear Gloria,

I would like to thank everybody who took the time to come to vote in the at-large Neighborhood Council election last Saturday. I am especially gratified by the number of residents who voted for me to retain my seat on the council.

I will continue to work for the good of the entire town to the best of my ability, especially for the forgotten population, our youth.

Sincerely,
Peter Looney

Thank You

We would like to take this opportunity to say thanks to the people that made Saturday morning soccer possible.

Thanks to Denny Borden for his help in getting the ball rolling; to the Boys & Girls Club staff, including Jerry Steimel, Danny Frangos and John Killoran, who are doing all the work; and to the Beacon Hill Rugby Club volunteers who are giving the kids all the fine points of the game.

The kids really seem to be enjoying themselves.

Thanks,
Gretchen Morrison & Bob O'Neill

Opening Of The Charlestown MDC Skating Rink

I am sure everyone is aware of the problem that the Charlestown Youth Hockey Association experienced during the past four weeks regarding the opening of the M.D.C. skating rink. As you know, a committee was formed at a minute's notice to represent several towns and cities. The committee, made up of presidents of surrounding youth hockey organizations and co-chaired by Phil Coleman and Jerry Fleming, went to work immediately.

Now that this problem is finally resolved, I would like to take this opportunity to thank the aforementioned committee, with a special thanks to our attorney, John Tobin, who did an outstanding job representing us. To all the other people in our community who were concerned about the many children involved, we thank you for your support.

Bill Burke, president
Charlestown Youth Hockey Association

If possible could you publish the mailing addresses of Townies over here in an upcoming edition so that we could communicate with each other and even possibly look each other up. "Mail Call" is always a pleasure after a long day and certainly seeing a familiar face is even better!

Won't You Please Help?

Dear Gloria,

During a discussion about what type of activities appealed to some of the kids in the Bunker Hill Housing Development, we learned that sewing is something they'd like to further explore.

I called upon Jerry Steimel at the Boys & Girls Club to ask if he had a sewing instructor, and he does not. He does, however, have plenty of equipment and space to offer should we find someone who is knowledgeable about sewing.

I'm asking that if anyone in Charlestown is interested in volunteering their valuable time to teach a small group of young people a skill that will last a lifetime, they can contact me at 242-3200 or 242-8845.

Just an hour or two every week can make all the difference in the world to a young person who will take the lessons you teach them all through their life. Won't you please help?

Thank you,
Cathy Kennedy

Birmingham Protests Plans To Close Ice Skating Rinks

Oct. 11, 1990

M. Ilyas Bhatti, Commissioner
Metropolitan District Commission
20 Somerset Street
Boston, MA 02108

Dear Commissioner Bhatti:

I am writing to register a strong protest against your plan to close 22 area ice skating rinks.

As you know, 22,000 young people participate in youth hockey programs at the facilities you propose to close. This is a healthy, positive activity, which should be affirmatively encouraged if we are serious about preventing kids from falling into self-destructive behavior.

Moreover, the closings appear to be a false economy. I am informed that the various youth hockey associations have already deposited \$4,500 to local rinks to guarantee payment for ice time. In the circumstances, the decision to close the rinks seems to reflect thinking which is "penny wise and pound foolish."

I urgently request that you reconsider this decision and wish to inform you that I will continue to support actively the youth hockey organization's opposition to this seriously misguided proposal.

Very truly yours,
Thomas F. Birmingham
