- Tuesday, Oct. 12 6 to 9 p.m.
- Wednesday, Oct. 13 (Last Day) 6 to 10 p.m.

In addition to the registration hours in Charlestown, the main office of the Election Department, Room 241, Boston City Hall, is open on these dates from 9 a.m. to 9 p.m., on Saturdays from 9 a.m. to 5 p.m. and on Oct. 13 until 10 p.m.

The 'Patriot' Submits Comments On The Charles River Crossing Plans

Oct. 1, 1993

(Editor's Note: Over the past several weeks, the "Patriot" has been urging residents, business persons, organizations and agencies to submit comments on the Charles River Crossing Draft Supplemental Environmental Impact Statement/Report by the Oct. 5 deadline on several issues that could have a substantial impact on the community. Over 70 letters have been received by state and federal officials. These letters will be copied and included with comments in these letters addressed in the Final Supplemental Environmental Impact Statement/Report expected to be issued by the end of the year. Letters may be submitted at any time, however, they will not be included in the final report. We would like to share with you the letter submitted by the "Patriot" to Trudy Coxe at the MEPA Unit, Daniel Berman of the Federal Highway Administration, Grant Kelly of the U.S. Army Corps of Engineers and Central Artery/Tunnel Project Director Peter Zuk.)

Mass. Executive Office of Environmental Affairs

Attn. MEPA Unit

Re: Public Comment on the Charles River Crossing Draft Supplemental Environmental Impact Report/Statement
Dear Ms. Coxe:

Charlestown is a unique community — granted it is but one ward of the city of Boston — but waterways, rails and the current highway system have left the town an isolated peninsula. Over the years it has borne more than its fair share of land, rail and sea routes to transport people, goods and vehicles into and out of the city.

While the maps of Charlestown outline its streets, what is not obvious is that this community is more than just lines and symbols, it is HOME to some 16,000 people — people who treasure the rich history of the town, raise their families here and are fiercely proud of the one square mile called Charlestown.

The general criticism I find with the Charles River Crossing Draft Supplemental Environmental Impact Report/Statement is that the report has failed to consider the human aspect of the communities involved in the plan. The present generation will struggle through years of construction while future generations will have to live with the final Charles River Crossing plan and it should be as gracious and kind as possible to the residents of these communities, blending the old with the new, while minimizing the structure's impact on the area. While the environmental impacts on land and sea are important, the impact on the people who live and work in the town should be the first and foremost consideration.

Of the Charles River Crossing plans under consideration, the only one that is acceptable from those presented to date is Alternative 8.ID Mod 5. This plan calls for a stately bridge that would carry traffic above the Charles River and provide an impressive entry into the downtown area. Its 10 lanes, the smallest number in any plan to date, along with its series of tunnels is the plan of least impact to the neighborhood and would open up parklands in the Charles River basin. With refinements as to curvatures within the tunnels and addressing the removal of an increased amount

PRAYER TO THE BLESSED VIRGIN

(never known to fail)
O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the Sea, help me and show me here you are my mother. O Holy Mary, Mother Of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recoured to thee (3 times). Holy Mary, I place this cause in your hands (3 times). Say this prayer for 3 consecutive days and then you must publish it and it will be granted to you.

Donahue Understudy In Movie 'Blown Away'

Antonio Donahue of Charlestown, a seventh grade student at Charlestown Catholic Elementary School, landed the role of understudy to the character of Justin in the movie "Blown Away," filmed recently in Charlestown.

Antonio became a fixture on the set of the movie after being introduced to the crew by Paul Hill, the consultant hired for the shooting of the movie. He soon was on a first-name basis with both the cast and crew. On Saturday, the day they shot the rummage sale

scene in the yard of the former St. Francis de Sales School, Antonio was asked if he would be interested in being an extra for some background shots.

As the shooting progressed the First Assistant Director Josh McLaglen targeted Antonio for a speaking role, which was to be the understudy to the actor hired for the role of Justin. Unfortunately for Antonio the actor hired for the role was able to complete the job and Antonio was not needed. Although a little disappointed,

ANTONIO DONAHUE finds out what making a movie is all about from both sides of the camera.

Antonio was happy to be part of the movie, and his family and friends will be looking for him when it

comes out next summer. Antonio, age 13, is the son of Sharon Donahue of 13th Street, Charlestown.

WE UNDERSTAND THE PAPERWORK

For those brave souls who try to sell their homes without the services of a professional Realtor, the paperwork is a major cause for concern. With many new requirements that state and local governments have covering everything from disclosures to tenants' rights, using the old stationery boilerplate contract can be a risky proposition.

We understand the paperwork and know the pitfalls that can render a contract unenforceable. In so many transactions, the buyers have at least some desire to back out of the contract between ratification and settlement. If the paperwork does not meet the precise legal requirements of your jurisdiction, they will be able to do it. Unless the terms are set forth in a clear and unambiguous way, you could find yourself in a settlement table dispute that will cost you a substantial amount of money. Many of the homes that we list started out as "For Sale by Owner" transactions that went wrong. Often, the costs of unravelling the failed contracts exceed the broker's fees.

If you are considering a move, contact the professionals at **Monument Properties**. Call us at **241-5900** or stop by our office at **85 Warren St. in Charlestown**.

Charlestown Catholic Elementary School News

by Ann Teague
"Posterity! You will never know how much it cost the present generation to preserve your freedom! I hope you will make good use of it. If you do not, I shall repent in heaven that I ever took half the pains to preserve it."

These words of John Adams, written in a 1777 letter to his wife Abigail, are a sober reflection on the responsibility which accompanies American citizenship. Although many years

from their participation in the political process which ensures the country's freedom, the students at Charlestown Catholic Elementary School have, in their own fashion, accepted the challenge implied by our former president's words. They have done so by their agreeing to the institution of a student council which will serve as a liaison between teachers, administration, parent boards and the student body.

While the concept of a

student council in general is not provocative, the model which Charlestown Catholic students have agreed to follow is unique, for it requires commitment and thoughtful participation of all the children. Because of this commitment, the development of positive citizenship qualities is being fostered, the fruits of which will be a more prepared electorate when the children reach voting age.

On Sept. 24, the students assembled in the school hall to hear Mary Featherston and Elizabeth Morris outline the plan for the functioning of the student council and the election of officers and representatives. The plan resembles the electoral process of United States representative government, and will provide an excellent "hands-on" experience in government for the children.

Commissioners of the student council will be from the 5th to the 8th grade, and representatives will be elected from grades 4 through 8 (as with the electoral process of government, there is an age requirement). Kindergarten through grade 3 will be represented by an upper classperson for whom they will vote.

Previous to actual voting, voter registration will take place. This registration will be for all grades. Students running for various offices will then secure the requir-

ed number of endorsements to run for office. Speeches will be made and finally voting, hopefully with actual voting machines, will be held.

It is to their credit that a strong spirit of harmony and thoughtful consideration of qualification of each candidate prevails among the students. Charlestown Catholic is truly becoming a "Melting Pot" for pupils of the former St. Catherine's, St. Francis de Sales and other schools outside the community, and is a definite positive representative of Charlestown. Witnessing student commitment and interest in their council is especially rewarding given the backdrop of historic Charlestown.

As these young students take their first steps in becoming a part of the electorate, one is reminded of Abigail Adams' poignant letter to her husband, John, written as she witnessed the burning of Charlestown by the British in 1775. The hope and concern of these early patriots for the country's future is fulfilled in a small way by this establishment of a student council. Its fruits will be a more aware adult electorate for the future, and perhaps an incentive for the current adult electorate to recommit to more active participation in the electoral process.

"And a little child shall lead them."

Conversations With Emily Dickinson

Would you like to visit with one of America's foremost 19th century poets, a woman who wrote nearly 1800 poems but saw only seven published, who spent most of her adult life as a recluse in her father's home, who always wore white? The Friends of the Charlestown Branch Library cordially invite you to hear poet and actress Belinda Heckler portray Emily Dickinson on Thursday, Oct. 14 at 7:30 p.m.

Heckler, a graduate of Dartmouth College and the

American Academy of Dramatic Arts Summer Institute, has been offering her "Conversations with Emily Dickinson" since 1990. The program offers an opportunity to question "Emily" about her life in Amherst and to hear her recite some of her poems.

The public is invited to this free event at the Charlestown Branch Library, 179 Main St. A brief meeting of the Friends will precede the reading and a reception will follow.

Sen. Birmingham To Hold Office Hours

Sen. Thomas F. Birmingham will hold community office hours in Charlestown on Wednesday, Oct. 13, from 5 to 7 p.m. on the first floor at One Thompson Square.

The public is invited.

★ **City Council Debates . . .** Televised City Council debates featuring At-Large candidates will be cablecast at 8 p.m. on Friday, Oct. 8 on channel A21.

According to Cablevision of Boston, each candidate for the at-large race has been invited to participate in this 90-minute debate.

The candidates are John Nucci, Albert O'Neil, Francis Costello, Peggy Davis-Mullen, Richard Iannella, Stephen Murphy, Michael Travaglini and Eddie Jenkins Jr.

★ **75 West School St. . . .** The Boston Fire Department (BFD) responded to the parking lot of the Knights of Columbus Hall at 75 West School St. on Sept. 30 on the report of a car fire. The alarm was sounded at 9:05 p.m.

According to a BFD spokesperson, the automobile was a 1991 white Chrysler belonging to Michael Ezekiel. The BFD estimates the amount of damage at \$12,000. The cause of the fire is under investigation.

★ **16 Harvard St. . . .** The Boston Fire Department (BFD) responded to a one-alarm fire at 1:21 p.m. on Oct. 5 in a three-story brick building at 16 Harvard St. owned by Thelma and Leann Centeirio.

The fire involved a first-floor apartment, and the damage was estimated at \$60,000 by the BPD. There were no injuries reported. The cause of the fire is under investigation.

★ **Charlestown Navy Yard . . .** Tin Can Sailors will relive World War II adventure on Saturday, Oct. 9. At 9 a.m., a 2,000-ton piece of World War II history will come alive in the Charlestown Navy Yard when the USS Cassin Young, a World War II Destroyer, will slide out into the Boston Harbor for the eighth annual Commemorative Sea Trials.

Four hundred Navy veterans will be on board the ship for the voyage. More than 1,000 veterans are expected to

take part in or attend the sea trial. This year's ceremony will also commemorate the ship's 50th year of service.

USS Cassin Young was used off and on for active service through 1960 and then escaped Navy target practice long enough to become a museum ship, run and maintained by the Boston National Historical Park. The ship has been berthed in the Charlestown Navy yard since 1978.

The Pearl Harbor Commemorative Flag, a 45- by 90-foot, 1941-era, 48-star American flag, will be unfurled as part of the ceremonies.

It takes a whole village to raise a child.

We ask you to take the time to complete the community survey printed in last week's Patriot. It will be important for us in trying to assess the needs of the community. Please mail this survey to: **The Healthy Charlestown Coalition, 15 Green St., Charlestown, Mass. 02129.**

- Area businesses are acting as drop-off locations as well. Surveys may be dropped off at:
- Boston Housing Authority Office, 55 Bunker Hill St.
 - Charlestown Branch Library, 179 Main St.
 - Charlestown Cooperative Bank, 201 Main St.
 - Fleet Bank, 437 Rutherford Ave.
 - Kennedy Center, 27 Winthrop St.
 - St. Catherine's Food Pantry, 49 Vine St.
 - Store 24, Charlestown Navy Yard
 - Tuttle Cleaners, 69 Main St.
 - YMCA Fitness Center, 150 Second Ave., Charlestown Navy Yard

The published deadline of Oct. 8 for submitting the survey has been extended to **Oct. 15.**

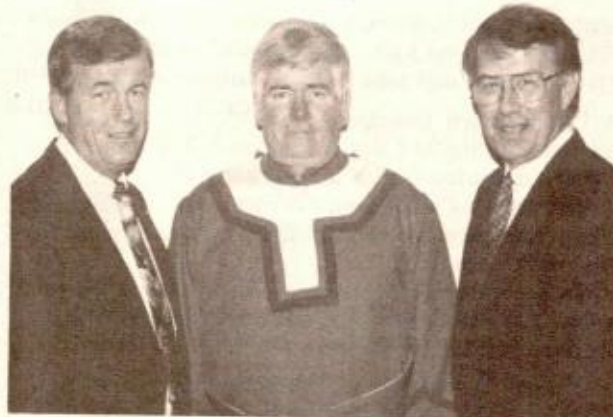

If you have any questions, please phone Healthy Charlestown Coordinator Joanne Massaro at 241-3756.

On Sept. 18, the Healthy Charlestown Coalition sponsored its first event — Vision Day. The focus of the gathering was to find out from as broad a group as possible what "Healthy Charlestown" means to different people in the community, then to determine how best to realize this vision. We had an encouraging turnout that brought us some new faces. More importantly, we confirmed our belief that Charlestown residents and business owners have a tremendous pride in their community and that we have strong natural resources to rely upon building our strength. Many of the positive aspects of our community were stressed and that is a good foot to put forward. We look forward to seeing more people at future events.

We would like to sincerely thank all the volunteers who made this day possible, especially everyone from St. Catherine's and Sorelle Bakery.

The next meeting will be on Tuesday, Oct. 19 from 5:30 to 7 p.m. at 55 Bunker Hill St. Please join us, your voice should be heard.

MONEY MATTERS by Nicholas C. Pino

"Let us assist you in your financial planning"

MUTUAL FUNDS DROP MINIMUMS TO LURE INVESTORS

If you have been thinking of investing in a mutual fund, now may be a good time to jump on the bandwagon. And, if you believe you don't have enough money to invest in a mutual fund, think again. Competition is forcing many funds that once required a minimum initial investment of \$1,000 or more to roll back the amount you now have to come up with to join the plan.

In order to entice investors, a growing number of funds will let you open a fund account for as little as \$25, but you have to let the fund withdraw payments from your bank account every month (a monthly automatic investment plan). In most cases, you have to agree to continue the payments until you reach the fund's normal minimum investment. Even so, these plans present a good chance to build an investment account in small, manageable increments.

That's all fine and dandy, you say, but you need help in deciding where to put your money. If you have ever tried to decipher which mutual fund would be right for you, you probably learned that there are more mutual funds than there are stocks on the New York Stock Exchange.

There is an organization that can help guide you through this maze: The Mutual Fund Education Alliance. The MFEA is a not-for-profit association of the no-load mutual fund industry. Its sole purpose is to provide information to investors about no-load mutual funds.

The MFEA can give you any help you need to get started. It has put together an excellent starter kit full of useful information perfect for the beginning mutual fund investor. The information kit is very comprehensive, easy to understand and designed for people who want to make their own investment decisions. It costs \$17.50.

For more information, call (816) 471-1454; or write to MFEA, 1900 Erie St., Kansas City, Mo. 64116.

Safety Issues At The Forefront Of Neighborhood Council Meeting

A number of issues concerning residential safety were discussed at the monthly meeting of the Charlestown Neighborhood Council (CNC) on Oct. 5. They ranged from the impact of the proposed Charles River Crossing plan, to the necessity for crossing guards to the painting project on the Tobin Bridge.

Peter Looney chaired the meeting, and CNC members present included Tom Cunha, Bill Galvin, John Dillon, Nancy Keyes, Kate McDonough, Judy Brennan, Jeanne Davis, Bill McCabe, Edna Kelly, Dennis Collins, Jim Conway, Mar-

ty O'Brien, John Iacoi, Kay Whelan and Bob Scalli.

Looney, in introducing C. Scully Stikes, president of Bunker Hill Community College, said that a letter went in to state and federal environmental and highway officials from the CNC relative to concerns on the Charles River Crossing plans as part of the Central Artery/Tunnel project.

Stikes stated that the college's letter on the Draft Supplemental Environmental Impact Statement/Report pointed out 45 specific deficiencies in the report. He spoke about potential problems relative to traffic,

noise, air quality, the environment and construction. He said that the report did not take into consideration the Gilmore Bridge or the proposed ramp which would cut across the college's playing field.

Stikes spoke of the enormous impacts of that ramp that would add 25,000 vehicles each day onto Rutherford Avenue. He pointed out that with 70 percent of the traffic expected to go north, Sullivan Square could not handle those vehicles, "it's falling down."

He went on to say that people must see how that ramp would affect their lives, and in order to demonstrate the impact, the college is in the process of creating a visual. He noted that the college has been here 20 years, and he would like to see it here 20 more years and beyond, but, he added, it won't be here if there is a ramp.

As to air quality, Stikes said that studies have not been done at present but he expects if they were done,

the results would be unacceptable. He said, referring to the Charles River Crossing, "Imagine a football-field wide bridge crossing 30 feet above the Charles!"

Looney said he was very concerned that the state and federal government failed to outreach to the people of Mishawum whose homes would be opposite the area where the proposed ramp would connect with Rutherford Avenue.

Conway stated he completely concurred with the position of the college but felt that it "maybe a little late" to join forces to fight now that the comment period on the draft is over. He added that he hoped Stikes was correct that there was still time for opposition. He added that there are so many problems in the community that it is hard to get people to rally unless it is impinging on their block.

Stikes said that they had information on the impact of the plan on the college early and they responded.

The data on proposed Ramp C-L wasn't before them early on and so the college was not as responsive as it should have been. He went on to say that the project is not a "done deal" as there is still a political and funding process to go through.

Brennan stated that the state and federal planners were short sighted in not including Sullivan Square, adding that the 25,000 vehicles coming off the ramp will go through Charlestown. She said it is necessary to make the state realize that they have to devise a plan that will work, noting that the intersections on Rutherford Avenue now, one of which is only partially open, do not work.

Stikes said that as a state employee he is not supposed to lobby, but as a citizen of Charlestown, "I object to the quality of life they want us to be subjected to." He proposed that the college and the community continue to work together to set up strategy to fight the plan.

The safety of Charlestown children walking to local schools was addressed by Lauren Murphy. She said the present crossing guards went to Judy Evers, community liaison from the Mayor's Office of Neighborhood Services, for support in obtaining additional crossing guards for the town. She added that they have since found out that the present guards may be losing their jobs. She said they have sent letters to the police department and are planning a petition drive.

Murphy pointed out the necessity of the guards with the increased enrollment at Charlestown Catholic. She said last year some 120 students went to St. Catherine's while the enrollment this year at the new school is over 320 — with no additional crossing guards. She spoke of the danger, particularly on Bunker Hill and Main streets, adding that something will be done only when someone gets

Preservation Society To Conduct Tree Survey

As part of the plan for the greening of Charlestown, the Preservation Society will be conducting a survey of all street trees in the town on Saturdays, Oct. 9 and Oct. 16. The purpose of this activity is to create a sum-

mary of the trees on the streets of Charlestown, including their types, locations and conditions, so that an investigation can be conducted to see what is needed to have healthier trees to help purify the air in our town.

Anyone interested in helping conduct the survey should meet on Oct. 9 and/or Oct. 16 at 10 a.m. at 6 Pleasant St. Survey forms, including illustrations to help identify the trees, will be provided and teamwork will make this an interesting and easy task. Participants are asked to bring a clipboard or other writing surface and a pencil.

Adult Discussion Group

"The Kennedy Library: History, Politics and the Study of the American Presidency" will be the subject of the Adult Discussion Group meeting at 10 a.m. on Friday, Oct. 8 at the Charlestown Branch Library, 179 Main St.

Guest speaker for the discussion will be John Stewart, director of education at the John F. Kennedy Library.

Stewart will focus on the story of John F. Kennedy and the ongoing projects of the Kennedy Library.

"Women's Health: Issues For The 1990s" with Toni St. Germain, nurse manager and nurse practitioner of the Bunker Hill Health Center, will be featured at 10 a.m. on Friday, Oct. 15. All are welcome.

Former Council Candidates Join Costello Campaign

Former District One Boston City Council candidates Maria DiLibero and Richard Rosa have joined the campaign of James Costello, a finalist for the District One seat.

DiLibero, a successful East Boston business wo-

man, has taken over as Costello's campaign manager. First-time candidate Rosa, who graduated from Northeastern University's School of Journalism, has joined Costello's campaign as press secretary.

"I'm honored and excited about having two hard-working individuals who are dedicated to the community joining my campaign," Costello said. "Maria DiLibero and Rich Rosa, like myself, were candidates committed to shaking up the status quo at City Hall. Their help will be a big boost to my campaign."

The 'Patriot' Submits Comments On The Charles River Crossing Plans

(continued from page one)

of waste materials during construction, the plan's positive impact outweighs the negatives, including cost. The relatively small difference in cost over the other alternatives will be negated over the life of the project. The impact upon area businesses and residents of an extended construction time frame for Alternative 8.ID Mod 5 is rather a moot point when one considers the amount of time Charlestown has been besieged for the CANA project — five more years would not break the back of the community if it means the realization of the long-term benefits of tunnel construction.

There is one aspect of this plan as well as the Reduced River Tunnel and the Non-River Tunnel Alternatives that is of grave concern to the residents, the business community and to Bunker Hill Community College. This is the northbound ramp coming off I-93 onto Rutherford Avenue in Charlestown, a ramp termed in the plans as C-L.

Presently, Rutherford Avenue is a congested thoroughfare that carries thousands of vehicles each day in and out of the city as well as onto the Gilmore Bridge toward Cambridge. From very early to late morning and frequently from late afternoon into the early evening, Rutherford Avenue is at a standstill — often into Sullivan Square. The evening congestion is a certainty when a game or event is going on at Boston Garden in the North Station area. Not taken into account in the plan is the increased traffic that will result from the expanded New Boston Garden.

It is projected that this proposed ramp will drop thousands of cars each hour during peak periods — 80 percent of which will be headed in a northerly direction — onto a roadway which cannot handle the traffic of today. According to the plan, the ramp traffic will go onto Rutherford Avenue through a signalized intersection — an intersection that will be at the back door of Mishawum Park Housing Development, one of the most heavily congested housing complexes in the town.

The ramp at this location would present health and safety concerns for the residents of Mishawum (for the most part families with small children) as well as to the senior citizens in the adjacent General Warren Apartments. Once the barricades on Rutherford Avenue were removed to allow for this intersection, the roadway would be opened up to adventurous people, youngsters and adults alike, who would chance a crossing of the avenue rather than going toward Austin Street where there is a pedestrian ramp or to Sullivan Square where there are crosswalks. This, combined with an increase in noise from the additional traffic along with elevated emissions from that traffic, especially idling on the ramp and on the avenue, would place the residents of areas adjacent to Rutherford Avenue in a high-risk situation.

The health aspect is a very important consideration as Charlestown has the highest cancer, heart and respiratory disease rate in the city of Boston. Nothing should be done to further burden the town's residents with disease-causing factors that are beyond their control.

Also to be considered is that when Rutherford Avenue

becomes congested, vehicles take to the town's streets — particularly Bunker Hill and Main streets — which are lined with residences. The Central Artery/North Area (CANA) project was designed to remove through traffic from the town's streets. It would be detrimental to the safety and health of the residents to create a situation where such traffic would clog Charlestown's streets — and the residents have seen this happen once too often. Emergency vehicle access to the community, particularly during rush hour, must be a priority in any plan.

The proximity of this proposed ramp to the existing A Street is another consideration. A Street is home to numerous businesses, most of which involve trucking. Not only would the uprights of the proposed ramp impinge on several of the businesses, cutting down on necessary space on their property, but also the radius to swing tractor trailer trucks onto and out of A Street would be severely limited. A truck exiting A Street onto Rutherford Avenue would be almost immediately at the ramp — a condition that could be considered extremely dangerous, not only to the truckers but also to the automobiles on the avenue.

The truck traffic on A Street is of the utmost importance in considering a ramp at this location. For example, the 10-month-old Prins Recycling Center on A Street is handling almost 300 truck trips a day at present — and it is operating at just 50 percent capacity. One trucker explained recently that he sends his trucks along the railroad tracks to the rear of the Hood plant onto Spice Street and then onto Washington Street as it is impossible for the vehicles to access Rutherford Avenue.

The employment force at the A Street businesses includes a large number of Charlestown residents thus if these businesses were forced to move, it would greatly affect the local business climate.

Another issue on the location of this ramp is the fact that The Life Focus Center Inc., an employment, social and recreational program for the mentally retarded and physically handicapped currently located in City Square, Charlestown, has been awarded tentative designation by the Boston Redevelopment Authority for the development of the parcel on Rutherford Avenue between A Street and the Bunker Hill Community College playing fields as a site to build a new facility for its ever-growing center. The inclusion of the ramp at the proposed location would preclude the construction of their facility and would cause them to lose the over \$40,000 they have invested in the preliminary testing, architectural drawings and planning for the site.

Bunker Hill Community College and its future must be considered with the proposed ramp bisecting its playing fields. The specifics in the DSEIR/S regarding the number of lanes, positioning of the uprights, sound/noise barrier, etc. are somewhat limited in the draft. However, it is clear that the ramp will result in the majority of the field being rendered useless for athletics and the proposed field house impossible to be constructed. In addition, air quality and noise studies within the existing college buildings do not

appear to have been studied, never mind the detrimental effects of a building that will for most of the day be enclosed in a ring of idling vehicles. The college and its future is of the utmost importance to the residents, many of whom fought long and hard 25 years ago to see the facility built in the town.

One area that must be included in the project area is the Sullivan Square rotary. At present, the underpass from Rutherford Avenue, carrying traffic north toward Everett, is closed, forcing traffic onto the surface streets and into the Sullivan Square rotary — a condition that has created high-speed runs into the rotary making access from the town's streets almost an impossibility or at best, a taking-your-life-into-your-hands adventure. As usual, the commuter wants to be home now and safety in driving is not always foremost in his/her mind.

The overpass at Sullivan Square is the second issue at this location. At present, it is exhibiting rust, rot and crumbling concrete that is distressingly apparent from one end of the structure to the other. In fact, trucks are prohibited from using the overpass. It would seem that by including this area in the project, revising the underpass-overpass system and the rotary and bringing the off-ramp down nearer to Sullivan Square, many traffic, safety, health and property issues would be resolved, particularly with the estimate in the Draft that 80 percent of the traffic off I-93 would be northbound.

It is an absolute necessity that an alternative northbound off-ramp from I-93 be devised and implemented. The impact of the ramp on the Charlestown community would be devastating.

What is needed first and foremost is an open line of communication between residents of the impacted communities and highway and transportation officials. Much of the success of the CANA project was the close interaction between the Charlestown community, in particular the North Area Task Force, and the project planners and engineers. It is understood that the Charles River Crossing aspect of the Central Artery/Tunnel project is under time and constraints, but the issues raised by residents, business persons and college officials should be addressed in a comprehensive manner. While the engineers and planners are experts at the drawing board, the drawing board and real life are often worlds apart. The bottom line is that although the highway system must be brought into the 21st century, it should result in a plan that respects the unique character of the city — and Charlestown in particular — as a place where people live and not just a conduit for traffic.

I thank you for your consideration on the points raised by the residents, businesses, agencies, organizations and the college and hope for your recommendation on Alternative 8.ID Mod 5 with suggested revisions relative to Ramp C-L.

Sincerely,
Gloria S. Conway

Charlestown Young People Enjoy Harbor Tour And Pizza Party

CHARLESTOWN young people ended their summer with a tour of Boston Harbor on board the "Martha Washington" and a pizza party sponsored by the Mayor's Office of Neighborhood Services. Over 125 youngsters took part in the Youth Campaign event. Acting Mayor Tom Menino greeted the

group on Pier 1 in the Charlestown Navy Yard. Ed Burke, acting director, Judy Evers, Charlestown liaison, and other staff members from the Mayor's Office of Neighborhood Services joined the young people for the tour of the harbor.

Charlestown Working Theater Dedicates Theater Lobby To James M. Doherty

photos by Michael Tognarelli

On Sept. 25, the Charlestown Working Theater hosted a reception for stalwart board member and actor Jimmy Doherty. Jimmy has been with the theater since it began in 1979, and the CWT wouldn't be what it is today without his unflagging support.

In appreciation for all Jim's hard work, the theater installed a handsome bronze plaque, renaming the lobby The James M. Doherty Lobby. Many of Jim's friends and neighbors were on hand to help celebrate. Speeches were given by Acting Mayor Thomas Menino; Jay Ash, administrative assistant to Rep. Richard A. Voke; and Diane Modica, candidate for Boston City Council, as well as a long-time friend of Doherty's. Also on hand was Boston City Council candidate Michael Travaglini. It speaks to

Jimmy's versatility that his guests ranged from Acting Mayor Menino and Bruce Rossley, arts commissioner for Boston, to Bobcat Goldthwaite and Tony V, nationally known comedians.

In addition to speech-making, there was also merry-making. Pianist Steve Lantner serenaded the gathering, and all enjoyed a delicious buffet provided by Figs, the 99 Restaurant and Johnnie's Foodmaster. A special thanks goes out to Annie Copps of Olives, James Pfister of the 99 and Joe Shadrouti from Bunker Hill Florist.

Thanks to all who helped make this evening a special one for Jimmy Doherty. As the new plaque states, he certainly is a "Charlestownian, Actor and Friend To All."

THE DOHERTYS, Esther and Jim, greeted family and friends at the Charlestown Working Theater on Sept. 25 as the CWT Board of Trustees named the theater lobby in honor of Jim Doherty for his many years of active support for the theater.

Safety Issues At The Forefront Of Neighborhood Council Meeting

(continued from page 8)
hurt.

The CNC voted to send a letter to Boston Police Commissioner William Bratton emphasizing the importance of retaining crossing guards in the town and the need for more.

Jack Bresnahan, president of the Charlestown Kiwanis Club, came before the CNC to seek support in bringing a Fiesta Shows carnival to the town next June.

Bresnahan was hoping to secure the Ryan Playground at Sullivan Square for the event. However, CNC members raised doubts since the field has undergone renovations. Another suggestion was the CANA parcels in City Square.

Looney told the Kiwanians that it would be necessary to obtain a location for the event first and then safety issues could be discussed. He offered to assist them in obtaining some contacts.

McCabe added that the Kiwanians should leave knowing that the CNC members had no built-in bias to a carnival. The members voted that the CNC is not opposed to a carnival being held by the Kiwanis Club per se, but before the CNC would vote approval, a public meeting must be held to see whether the residents approve of it and the location.

Bresnahan will begin the process and then meet with the Public Safety Committee.

Looney questioned Dorothy Steele, community liaison from Massport, on a nine-page letter to Massport from the state Department of Labor and Industries Division of Occupational Hygiene regarding the cleaning, removal of old paint and reapplying new paint to the Tobin Bridge.

Looney read several excerpts from the letter that related to inspections of the bridge — one on Aug. 26, which resulted in Massport shutting down the job until the violations were correct-

ed, the second on Sept. 13 and the third on Sept. 21.

The points made by Looney from the letter included: the containment not properly set to prevent the emission of dust and debris from the paint removal operations and there were visible emissions; while moving the containment and breaking down at the end of the day, the tarps were handled in a way that caused the release of dust and debris; the containment was not vacuumed before it was broken down; the tarps were stored with paint chips, dust and debris still in the folds; and the roadway being cleaned by dry sweeping, causing the dust to become airborne.

Although, Looney stated, the inspection was originally done relative to poor conditions for the workers, he said that it was important to review the process, especially since the painting process was moving toward the Bunker Hill Housing Development. He said that with air borne emissions and sweepings going into the drains that come down into the town, there was a need for a report on the readings from the air quality monitor. Looney noted that enclosures have not been secured for the past three or four days.

Susan Cannizzaro, a resident of Prospect Street, stated that the windows of her house are pitted and matter sticks to them. She said that when the workmen are scraping, the tarps are not secure and the matter is blowing. Another woman spoke of the noise and the men shouting at the site.

Steele said there was supposed to be 100 percent containment, noting that it sounds like it is not being done. She also stated that there was a problem with noise early on, and since she had not heard additional complaints she thought it had been addressed, especially since the men have hand-held radios to communicate.

Steele said that she will bring the air quality readings back to the CNC from

Massport's independent consultant. Looney said that although it would "probably be a charade," arrangements should be made for a group to go up to the site on the bridge for a review to make the contractor aware that the people are concerned.

Cunha told the CNC that a Housing and Development Committee Meeting will be held at the Kent Community Center, 50 Bunker Hill St. at 7 p.m. on Wednesday, Oct. 13. The meeting will be an update on the proposed development for elderly housing at the former municipal building site at 112 Bunker Hill St.

He added that representatives of Store 24 in Thompson Square will be seeking a meeting in November.

McDonough stated that nomination papers for candidates seeking election to one of the seven precinct seats on the CNC are now available, and they must be completed and returned by Oct. 15. The election is set for Saturday, Oct. 23 between 10 a.m. and 2 p.m. at the K. of C. Hall.

Brennan called on Steele for a report on the dredging of the Little Mystic for a 40-foot deep berth at Moran Terminal, which is scheduled to start Nov. 1. Steele stated that the contract for the one-month long dredging project was awarded to J.W. Cashman. She said Massport assisted Cashman in obtaining the necessary permits and that a draining

and filtering system is currently being installed.

Steele went on to say that it is expected that the project will be completed by the end of December and all materials will be out of Charlestown to the landfill site in Bridgewater. She stated that the worst-case scenario would be 60 trucks a day coming out of the Little Mystic to Chelsea Street, over the North Washington Street Bridge and onto the Southeast Expressway.

Kevin Roche asked the CNC to send a letter to the

city Board of Appeal asking that a request to demolish four garages at the Main Street end of Sullivan Street and construct a four-story building with parking on the first floor and three apartments be deferred until there is a public meeting. It was voted that the CNC ask the board for a delay as there has been no public notice and no community input.

Steele requested that a Mitigation Committee meeting be called to discuss the buffer zone proposed for Medford Street.

O'Brien stated that representatives from the state's Division of Capital Planning and Operations would hold a public meeting at 7:30 p.m. on Thursday, Oct. 21 at the Charlestown District Court. They will hear from the residents on what should be done to plan for the renovation of the courthouse.

Since November's monthly meeting falls on Election Day, the members voted to hold it on Monday, Nov. 8 at a location to be announced.

Don't Live Your Life In A Blur.

If the objects of your affection seem a lot less clear than they once did, you may be developing cataracts.

A clouding of the lens in one or both eyes, cataracts can blur your vision and make colors less distinct. If left untreated, cataracts may gradually diminish your vision to a point where you miss out on a lot of life's pleasures.

But that does not have to happen. At Whidden Memorial Hospital, eye surgeons have performed thousands of cataract surgeries, helping patients see as clearly as they did before cataracts developed.

All cataract surgery at Whidden Memorial is performed by board-certified ophthalmologists using the most advanced eye surgical instruments available. And surgery is done on an outpatient basis. There is no need to stay overnight. You can return to normal activities almost immediately and can expect complete recovery within several weeks.

Don't live your life in a blur. If you are experiencing difficulty with your vision, call a Whidden Memorial Hospital eye physician today. For a referral, contact the Whidden Memorial Physician Referral Service at 381-7104.

Sober Golf Day — A Tribute To Jimmy Donovan

THE FIRST ANNUAL SOBER GOLF DAY brought relatives and friends of Jimmy Donovan to the golf course in Lynnfield to raise funds for scholarships in his memory. At the left, is the first-place team in the tournament. Shown

(l. to r.) Michael Yandle, Kevin Smith, "Nippy" Nolan and Gary McNeil . . . Second from the left are the cooks, grilling sausages for the hungry crowd, Gail Pappas and Linda Donovan, Jimmy's mother . . . Second from the

right are the last place finishers Pat Locke (left) and his friend Eddie (right) with one of the event organizers Bill Collins (center) . . . On the right is organizer Bill Collins and his wife Sharon.

The first annual Sober Golf Day, organized by the Friends of Jimmy Donovan, was held on Sept. 18 at the Lynnfield Center Golf Course in Lynnfield.

According to Bill Collins, one of the organizers, the day was a huge success that was filled with fun, laughter and memories. Plans are already underway for next year's second annual Sober Golf Day.

Jimmy's friends plans for the proceeds from the Sober Golf Day are to give two \$250 scholarships the first year, one each to a boy and a girl, who are members of the Charlestown Boys & Girls Club and are students at Charlestown Catholic Elementary School.

Jimmy was a member of the Charlestown Boys & Girls Club, a parishioner of St. Catherine's, a student at Bunker Hill Community College and active in a variety of sports. He was considered quite an athlete and, prior to his death on April 18 at the age of 23, had taken up golf as a hobby.

The Friends of Jimmy Donovan extend their heartfelt thanks to the following people for their donations and volunteering their time for this worthwhile event: Diane Cur-

tin, Tim McLaughlin, Bob O'Leary, Tom Howard, Sharon Collins, Elizabeth Collins, Mary and Paul Collins, Peggy and Artie O'Leary, Michael Sullivan, Pamela Rodriguez, Joe Travers, Joe and Sharon Sodergren, John Kelly, Mary Devlin, Tom Smith, Kevin Walsh, Carla Ryan, Michael Nelson, Kerrie Devlin, and Billy Wadman.

Cablevision And Boston Schools Present Extra Help

In partnership with the Boston Public Schools, Cablevision of Boston has announced the return of Extra Help, its award-winning homework assistance program on Cablevision channel A21 in Boston.

Extra Help offers 12 hours of live homework assistance each week with a variety of subjects including several levels of math, and English As A Second Lan-

guage (E.S.L.).

It features Boston school teachers highlighting current curriculum objectives, and assisting students who call-in with homework questions.

The call-in program is cablecast live each week on Monday, Tuesday and Wednesday from 3 to 7 p.m. throughout the school year.

In addition to homework assistance, a variety of educational spotlights will appear throughout each programming day. Those spotlights include commentary by Boston school students, SAT tips and a video calendar to promote the Boston educational community's

special events.

Extra Help's schedule is:

Monday

- 3 p.m. - Elementary Math
- 4 p.m. - Science
- 5 p.m. - Legal Issues for Teens
- 6 p.m. - High School Math

Tuesday

■ **Jimmy Donovan Tournament . . .** Mixed emotions overwhelmed me this weekend as I watched the Jimmy Donovan Street Hockey Tournament held in his honor at the Eden Street Park. Sixteen teams took part in the tournament, but the whole town, especially the young, turned out to remember "one of our own."

It was a weekend full of energy, full of friendship and full of love. All three qualities were Jimmy Donovan and everyone involved was touched by his warmth and his love. Jimmy Donovan was an extraordinarily good human being, and this weekend his friends, especially Billy and Greg Nolan who organized the tournament, were just as extraor-

dinary.

■ **Pro Line . . .** Winnipeg Jet star Keith Tkachuk got a great write-up in the Oct. 1 issue of "Hockey News" and the Jets are certainly counting on him this season. The Jets make their one and only appearance at Boston Garden on Jan. 6.

■ **College Board . . .** Still looking. UMass-Boston was defeated by Worcester State 27-6. The Beacons are now winless at 0-3.

■ **High School Football Scoreboard . . .** Greg Staples' 12-yard run proved to be the game winner as Charlestown (2-1) defeated St. Clement's 14-6. Boston Latin (3-0) remained undefeated, shutting out Wayland 14-0. BC High got its first win of the season defeating Bridgewater-Raynham 21-6. Arlington Catholic toppled Bishop Fenwick 19-0. Malden Catholic was stopped by Randolph 29-8 and Matignon kept Don Bosco winless, tipping the Bears 22-12.

■ **Weekend Watch . . .**

■ **Discovery . . .** The Bunker Hill Teen Center Project Discovery Program is underway. Melissa Morrissey and Amanda Fornash met Mugsy the Sea Lion at the New England Aquarium, where they learned about conservation. They also took part in the many "Hands In The Water" activities that have become a regular part of the New England Aquarium's programs. Project Discovery is the on-going educational program at the Bunker Hill Teen Center. A Project Discovery Program takes place each week.

TAKING PART in Project Discovery are Melissa Morrissey and Amanda Fornash.

■ **North Suburban Wings . . .** Keith Wallace, Mark Mansfield, Phil Coleman and Jason Smith are all gearing up for their high school teams, participating on the North Suburban Wings. The boys will be "home" this weekend when they play the Western Mass. Braves on Friday, Oct. 8 at 7 p.m. and the Dual State Huskies on Saturday, Oct. 9 at 9:30 p.m.

■ **UNICEF Halloween Drive . . .** Did you know that 14¢ can help save a child from dehydration? The members of the Bunker Hill Teen Center do, and thank all of those who are contributing to their month-long UNICEF Drive.

■ **Tidbits . . .**
 — Song heard around the Bunker Hill Teen Center: "Breakin' Up Is Hard To Do."
 — Was "Free Willy" a story about Billy Wadman?
 — Yes Alexis, that was really a car parked near the hill at Eden Street on Saturday.
 — Last call for summer trophies. They will be "recycled" one week from today. PAL League Champs, All Stars and Girls Ball Hockey, please pick up at the Bunker Hill Teen Center.
 — Is Shannon McLaughlin planning a Stonehill College field trip?
 — Does Charlestown High have an open-lunch program?
 — Jimmy Yandle wants to meet Mugsy.
 — Brendan Houlihan: How do you spell interruption?

CHAD Bowling League Update

by John Dillon

As the Charlestown Against Drugs (CHAD) Junior Bowling League enters its third week, I would like to publicly thank Rep. Richard Voke and Life Focus Center Executive Director Jack Millerick for getting us a van to transport the young bowlers to Malden on Saturday mornings. These are two good guys helping our youth in Charlestown.

The Board is still in the process of putting the teams together. There is some

wonderful new talent joining the talent returning from last year.

Several of the youngsters have bowled over 200 for three strings. They are: Sean Reilly, 211; Adrienne Crowley, 210; Kevin McCusker, 209; and Kathleen Lynch, 201.

Some of the high singles were: Philip O'Neill, 90; Jimmy Kissane, 90; Taylor Haley, 85; Jean Wall, 84; Stephen Wall, 84; Michelle Marino, 77; and Andrea Webber, 75. John Harrington had a string of 73, a great start for his first year in the league.

Some bowlers showing promise are Shaun Burke, Danny Lakeman, Jon Paul Awbrey, Ryan Stillman and Christine Keane. But the bowlers of the week were Jimmy Kissane with 241 and Stephen Wall with 234.

We'll see you all on Saturday. Remember we bowl at 11:30 a.m. sharp.

We could still use a couple of bowlers to fill out the teams. If you would like to bowl, call President Dorothy Harris at 242-6814 or Vice President John Dillon at 242-2692.

On Wentworth Hockey Team

Michael Tibbetts of Charlestown has been selected to play for Wentworth Institute of Technology's hockey team as a defenseman.

Tibbetts, a graduate of Don Bosco Technical High School, is the son of Judy and John Tibbetts of Cook Street, Charlestown.

CYO Gym Hockey

The CYO Gym Hockey Board has received several telephone calls from people who were unable to attend any of the seven registration dates. For the sake of their children, a waiting list will be formed. Anyone interested should come to St. Mary's Parish Hall on Saturday, Oct. 9 between 9 a.m. and 1 p.m.

The season starts on Saturday, Oct. 9. All registrations fees must be paid by then.

SENIOR UPDATE

Rev. John Morrissey, OMI, Charlestown Native, Dies At 77

A Mass of Christian Burial was celebrated Sept. 25 at the Oblate's Novitiate Chapel, Tewksbury, for Rev. John Morrissey, OMI. He died Sept. 22 at the Saints Memorial Medical Center in Lowell at the age of 77.

The Charlestown native graduated from Boston College in 1934 before entering the Oblate Congregation. He studied at the Gregorian University in Rome and, during World War II, in Washington D.C. He earned a licentiate in philosophy and a bachelor's in Sacred Theology before being ordained in 1941.

A teacher for most of his 50-plus years as an Oblate, Father Morrissey served at the following schools: Holy Angels Collegiate Institute, Buffalo, N.Y.; Bishop Fallon High School and Bishop Neumann High School, both in Buffalo. At the latter, he served as superior and principal before

being appointed chaplain at Cardinal Newman High School in West Palm Beach, Fla., where he also was first assistant to the Oblate community as well as serving terms as director and treasurer. Father Morrissey also taught at the Oblate Seminary in Newburgh, N.Y.

Father's parish assignments saw him serve as associate pastor at parishes in Grand Rapids, Minn.; Ft. Lauderdale, Fla.; and as administrator at St. Joseph's parish in Washington, Ga.

He is survived by a sister, Sister M. Simon Morrissey, CSJ, Immaculate Conception Convent, Revere; a brother, James F. Morrissey, of Bowie, Md.; and a sister-in-law, Mary J. Morrissey of Charlestown, who said that "next to Heaven, Father John loved Charlestown."

He was the son of the late Maurice and Mary (Murray) Morrissey.

CARD OF THANKS

Perhaps you sent a lovely card,
Or sat quietly in a chair;
Perhaps you sent a floral piece,
If so, we saw it there.

Perhaps you spoke the kindest words,
As any friend could say;
Perhaps you were not there at all,
Just thought of us that day.

Whatever you did to console our hearts,
We thank you so much whatever the part.

Whidden Memorial To Sponsor Day For Women

Judith Paige, best-selling author of *Choice Years: Health, Happiness and Beauty Through Menopause and Beyond*, will be the keynote speaker at a day-long program for women, sponsored by the Whidden Memorial Hospital on Saturday, Nov. 6, beginning at 8:30 a.m. at the hospital. Paige, who has modeled for *Lear's* will present a luncheon address on "Changing Attitudes Toward Menopause."

The program, titled "Health for Women," will focus on health-related issues of interest to women age 40 and over and will feature talks presented by several members of Whidden Memorial's medical staff. Whidden Memorial Obstetricians-Gynecologists Brian O'Connor, M.D. and Daniel Witkowski, M.D. will open the program with an hour-long overview of women's health issues including menopause, Pap tests and estrogen therapy. This will be followed by an hour-long discussion of osteoporosis and arthritis presented by Rheumatologist Hal Dinerman, M.D. and Internist Antonio Granfone, M.D. of Whidden Memorial. A presentation by hospital psychiatrists Jonathan Sporn, M.D. and Charis Cladouhos, M.D. on the "Faces of Stress" will follow. The discussion will address stress inducers, such as caregiving and the empty

nest syndrome.

Following the luncheon and Paige's talk on the myths and realities of the menopausal years and beyond, the program will resume with a discussion on nutrition and fitness led by Registered Dietitian Elizabeth Wood and Exercise Physiologist Noel Dent. A presentation on mammography and breast self-examination will close the program. Dr. Joseph Sequeira, chief of Radiology at Whidden Memorial, will address the importance of regularly scheduling mammographies after age 40. The hospital's Community Health Educator Phyllis Perlo, R.N., M.S. will discuss how and when to perform a breast self-examination and

the role of breast self-examination in early detection.

Tours of Whidden Memorial's soon-to-be-completed Women's Health Center, located across from the hospital, will be offered at the end of the day. The center features two mammography rooms and one ultrasound room with licensed, state-of-the-art equipment.

In addition, complimentary cosmetics provided by Estee Lauder Companies, magazines and health educational materials will be offered to program participants. Raffles will also be held during the day.

A fee of \$10 will cover the cost of the program, including the luncheon. Checks should be made payable to Whidden Memo-

rial Hospital and mailed to the hospital's Community Relations and Development Department, 103 Garland St., Everett, Mass. 02149.

Space is limited, so register early. To register, or for more information, call Community Relations/Development at 381-7104.

Brown Bag Bookies To Meet

Brown Bag Bookies, the adult book discussion group of the Charlestown Branch Library, will meet on Tuesday, Oct. 12 at noon at the library, 179 Main St.

The book under discussion will be **The Sun Also Rises** by Ernest Hemingway. According to **The New York Times**, the book is "an absorbing, beautifully and tenderly absurd heart-breaking narrative ... It is a truly gripping story, told in lean, hard athletic prose ... magnificent writing, filled with the organic action which gives a compelling picture of character."

Participants are invited to bring their lunches, and new members are always welcome.

PRAYER TO THE BLESSED VIRGIN

(never known to fail)

O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the Sea, help me and show me here you are my mother. O Holy Mary, Mother Of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recoured to thee (3 times). Holy Mary, I place this cause in your hands (3 times). Say this prayer for 3 consecutive days and then you must publish it and it will be granted to you.

C.Y.O. & St. Catherine NEWS

by Father Ron Coyne

• **St. Catherine's Parish Show** — Our third annual show, entitled "The Good Old Days," will be performed by local talent on Saturday, Oct. 16 and Sunday, Oct. 17. We have children, teen-agers, adults and senior citizens in the cast and working behind the scenes to make this our best show yet.

Sheila Brown is coordinating an Ad Book in conjunction with the show. We have sent out letters to all Charlestown businesses asking for advertisements with a full page \$100, one-half page \$50 and one-fourth page \$25. The deadline for the program book is Oct. 8. If there are any individuals, families, organizations or businesses interested in an ad, please leave your copy and donation at the rectory, 49 Vine St., c/o Father Coyne or Sheila Brown.

We will also have pages for sponsors at \$5 either in the name of the donor or in memory of a loved one. Please leave the name and donation at the rectory.

Please come and enjoy our revue. Show times are Saturday, Oct. 16 at noon and 8 p.m., and Sunday, Oct. 17 at 8 p.m. at the Charlestown High School auditorium, 240 Medford St.

Tickets are now on sale from all cast members and at St. Catherine's rectory. Tickets for the Saturday matinee are \$3 per person, and tickets for the evening shows are \$6.

• **CYO Basketball Coaches Needed** — Anyone (male or female) who would like to coach CYO basketball this year is asked to come to a meeting at St. Catherine's Rectory on Monday, Oct. 18 at 6 p.m. to discuss teams, practice times, registration, etc. There are four boys' divisions (under 13, under 15, under 18 and under 20) and three girls' divisions (under 13, under 15 and under 18). If we have enough coaches, we can welcome every child and teen-ager who wants to play CYO basketball.

• **CYO Paintball Trip** — The next CYO Paintball trip will be on Sunday, Oct. 24. A bus will leave the church at 7:30 a.m. and return around 3 p.m. We will be going to Canobie Paintball, which is outdoors. Everyone is asked to dress in old clothes.

The cost is \$15 per person, and you may sign up at St. Catherine's Rectory. The CYO will pay for the bus, but you must purchase your own ammunition. All teen-agers 13 and over are welcome.

• **CYO Ski Trip** — The dates for the three-day CYO Ski Trip have been set, and if you are interested in going, please reserve the holiday weekend of Friday, Jan. 14 to Sunday, Jan. 16.

We can take a bus load of 44, and we would like to fill the bus. We will ski two days at Sunday River in Maine and be lodged at the Town & Country Motor Inn. The cost of \$180 includes transportation, lodging, a two-day lift ticket, one dinner and two breakfasts.

We know it is early, but we need to book space in the

motel, so we ask for a \$50 deposit as soon as possible. We leave after school on Friday and ski all day Saturday and Sunday. You can recuperate on Monday, Martin Luther King Day.

• **Special Praise For Our Teen-agers** — Last Friday night, we had 77 teen-agers take part in our All Nighter. We have two or three of these each year and I am grateful to the young people of Charlestown who participate. By their behavior and attitude, they make it possible for us to continue programs such as this.

The All Nighter began at 6 p.m. and concluded at 6 a.m. We took a bus to Good Time Billiards and then it was on to Rollerworld. This was followed by midnight movies at the Revere Showcase Cinemas and breakfast and burgers

at Bickfords. Then, re-energized by a good meal, we went bowling at Malden Bowladrome and arrived back in town at 6 a.m.

We appreciate all the businesses who welcome us to participate throughout the night. My special thanks goes out to Mary Featherston and Joe Doherty who assisted me as chaperones.

• **St. Catherine's Anointing Of The Sick** — St. Catherine's sponsors an annual Mass in which we celebrate the Sacrament of the Anointing of the Sick, formerly Extreme Unction. Most parishes offer this opportunity for many of its parishioners who may be ill — physically, spiritually or emotionally — to receive the blessing.

There are many of our residents who are unable to leave their homes to get to church regularly but who could get transportation from a family member or neighbor for this special Mass once a year.

The Mass will be celebrated in St. Catherine's Parish Hall at 1 p.m. on Sunday, Oct. 24. It will be followed by light refreshments. The hall is handicapped accessible.

• **Bruins Tickets** — We have 25 tickets to the Bruins vs. Canadiens game on Monday afternoon, Oct. 11. The seats, which are obstructed view, are \$19 each. They are on sale at the rectory, 49 Vine St., on a first-come, first-served basis. All ages are welcome.

• **Charlestown To Compete In Interparish Track Meet** — There will be 24 children from throughout Charlestown representing St. Catherine's in the annual Interparish Track Meet to be held at St. John's Seminary in Brighton on Monday, Oct. 11. There will be 16 parishes competing in a 50-yard dash, 100-yard dash, relay race, softball throw and wheelbarrow race. The bus will leave St. Catherine's Church at 8:30 a.m. and return around 3 p.m.

Voke Says NO To Toll Hike

Responding to the report in a recent **Boston Herald** that Massport may be contemplating the doubling of tolls on the Tobin Bridge and a freeze of "in lieu of tax" payments to "impacted" communities as a way to finance the Weld Administration's Megaplex plan, House Majority Leader Richard Voke termed the proposal a "clunker" as he called upon new Massport Executive Director Stephen Tocco to eliminate it from consideration.

"Forcing local motorists to 'cough up' millions more while telling local communities that their 'compensation' for the negative impacts they suffer as a 'host' to Massport operations will be frozen is as welcomed as a rush hour breakdown on the bridge. The Massport proposal, which unfairly impacts residents in Boston as well as Chelsea, Revere, Winthrop and other parts of the North Shore, does not merit any type of serious consideration," said Voke, who, as one of the architects of the legislation authorizing in lieu of tax payments to Boston has been responsible for Massport paying over \$60 million to the city since the inception of the payments began in 1978.

The revenue-raising proposal was said to have been prepared by Massport staff for Tocco. Voke said he expected Tocco's own review of the ideas put forth in the proposal should similarly result in little interest in Massport exploring such options further.

"I am sure the new director has an eye on making his agency as responsive as possible to its bridge customers and host communities. While it is always important to look at the full range of possibilities when formulating public policy, Tocco will no doubt move cautiously on expanding Massport's role in fostering regional activity at the cost of lessening the efficient and effective performance of Massport's current responsibilities," noted Voke.

However, should the concept evolve into a more concrete proposal, Voke said he is prepared to lead the charge to fight any "inequitable" treatment such a proposal would produce.

"Given the obvious frequency of travel over the bridge by Boston commuters, as opposed to those from Wellesley, for instance, any increase in tolls would have a disproportional impact on our community. The same argument could also be made when examining the freeze of in lieu of tax payments. In either case, I continue to be ready to defeat any attempt to unfairly assess local residents," concluded Voke.

NON-SMOKER FOR LIFE PROGRAM

A second group has graduated from the Bunker Hill Health Center Non-Smoker For Life Program. They are Kim Lively, Nancy Flynn and Barnaby Taylor. We congratulate them for the great work they did to become non-smokers.

The Health Center will again be offering a comprehensive and intensive program for quitting smoking and for making the lifestyle changes necessary to remain a non-smoker.

The five-session program will begin on Thursday, Oct. 14 at noontime in the second-floor conference room. The program will cover:

- The five-sessions spread over three months that will help you quit smoking
- Extensive instruction and support from highly trained health professionals including a nutritionist and physical therapist
- Training to prevent weight gain following smoking cessation
- Training on how to set up an environment that supports non-smoking
- Availability of health care providers at Bunker Hill Health Center for patch prescription and medical concerns.

The cost of the program is \$50, and a rebate of \$20 will be available upon successful completion of the program. There will be FREE nicotine patches provided by Ledarle Laboratories Company to those who qualify financially through a state program.

Please call Katherine Moloney at 242-5704 for more information or to register for the program.

Letter Of Thanks

To the Editor;
I would like to thank all the people who attended Linda's Memorial Mass. It was a beautiful tribute to a beautiful person. She is missed very much.

With much gratitude,
The family of Linda Sacco

My Thanks

Many thanks to my family, relatives and friends for the plants, flowers, Mass cards and many get-well cards I received during my illness.

A special thanks to Fathers Coyne, Kennedy and McConnell for the visits, prayers and blessings.

A thank you also to the "Townie" who remembered me.
Sincerely,
Louise Fama

A Heartfelt Thank You

A heartfelt thank you to all the people of Charlestown who recently came to donate money at the collection sites set up by the International Longshoremen's Association's Children's Fund Drive, benefiting the Hole In The Wall Gang. It proved once again the proud and generous town we live in. When people are in need, we are always there.

It was a great success in part because of the special help we received from the following: The Charlestown Patriot, Johnnie's Foodmaster, 99 Restaurant, Local 25, Cronin Club, William Marine, Halligan Club, Sullivan's Pub and Sully's Tavern. I would also like to thank Mike Murphy and Scotty Rago for their time spent in assisting this worthy cause.

The generous donations from the men of the ILA, both active and retired, and their families was overwhelming. It makes me proud to be a member of this great organization.

Yours truly,
Edward S. Connolly, ILA

FLU SHOTS

The "flu" season will soon be here and it is important to get vaccinated with the flu shot in the early fall in order to prevent catching the flu once the yearly epidemic begins. We still start giving flu shots the week of Oct. 12.

Influenza, or flu, is a disease caused by a virus that leads to the sudden onset of fever (usually at least 101 degrees), sore throat, cough, runny nose, tiredness and aches and pains. These symptoms last for several days.

Everyone feels sick with influenza but some people, especially older people, go on to get pneumonia and become seriously ill. In addition, people with chronic illnesses such as diabetes, heart disease or emphysema may find that these diseases get out of control when they have the flu. The result is that as many as 10,000 Americans die each year during the flu epidemic. To try to prevent serious illness, hospitalization and death, the Center for Disease Control recommends that anyone with heart or lung disease receive a flu shot. Ninety percent of the deaths caused by the complications of influenza are in people 65 or older.

The flu vaccine enables your body to make protective antibodies against the type of influenza that is expected to be around in a given year. The vaccine is prepared from inactivated influenza virus, and a new vaccine is made each year because different strains of the virus spread each flu season. Therefore it is necessary to receive a yearly flu shot.

The vaccines used in the past few years have been associated with only a few reactions. The most common reaction, which affects less than a third of people vaccinated, is soreness and redness of the arm at the site of the shot. Occasionally, people will develop mild flu-like symptoms for one or two days, starting within hours of getting the shot. This happens mainly in people who have never had influenza. Most people who get sick a day or two after getting a shot have gotten an unrelated illness not something caused by the vaccine. Very rarely, people have an allergic reaction to the shot. Thus, anyone with a history of allergies to eggs, which are used in the preparation of the vaccine, should not get the flu shot. There is no risk of getting Guillain-Barre syndrome, the illness sometimes associated with the 1976 swine flu vaccine.

If you are over 65 and/or have a chronic medical problem, you should seriously consider getting a flu shot. FREE flu shots are available by calling the Bunker Hill Health Center at 242-5758 for an appointment. However, there will be three sessions when you can just drop in to get a flu shot — Wednesday evenings Oct. 13, 20 and 27 from 5 to 7 p.m.

Dallas Symphony Conductor To Visit BHCC

Kate Tamarkin, the associate conductor of the Dallas Symphony Orchestra and music director of the Vermont Symphony Orchestra and the East Texas Symphony Orchestra, will visit the Charlestown campus of Bunker Hill Community College (BHCC) on Oct. 12 and 13. She will hold lectures which will be open to the public at 2 and 7 p.m. on Oct. 12, and 11 a.m. on Oct. 13.

In addition, she will conduct workshops during which students and faculty will be part of a demonstration chorus.

Tamarkin's appearance, which is being made possible by the Bunker Hill Community College Foundation, is being arranged by Harold Knight, a BHCC associate professor of music.

The winner of the Association of Vocal Ensembles' National Conducting Competition in 1987, Tamarkin has conducted symphonies in San Diego and Albany. She was chosen to conduct the Chicago Symphony Orchestra in a performance of Strauss' *Don Juan* as part of an American Conductors' Program with Leonard Bernstein.

In 1991, she was invited by the city of Dallas to perform for Queen Elizabeth II during her American visit.

Walkers For 'Making Strides Against Breast Cancer' Asked To Mail Pledges

Heavy rains may have dampened participation, but not spirits, for the American Cancer Society's Making Strides Against Breast Cancer walk in Boston on Sept. 26. Volunteers from the society's Mystic Valley Unit are urging walkers from Charlestown who were deterred by bad weather to mail their contributions to the society's Arlington office.

"The fight against breast cancer must go on, rain or shine," said Rose Agrippino of Charlestown, Making Strides chairperson for the American Cancer Society's Mystic Valley Unit. "We can still reach our goal if everyone who planned on coming mails in their collected pledges."

In spite of drenching

rains, approximately 4,000 people came to the event and turned in more than \$350,000. The society's goal is to raise \$500,000 statewide and \$16,000 in the Mystic Valley Unit for breast cancer programs, Agrippino said. Checks payable to the American Cancer Society — Making Strides can be mailed to 661 Massachusetts Ave. in Arlington. If anyone received cash sponsorships, he or she should convert the cash to a check or money order.

Dollars raised will support breast cancer research, educational efforts including outreach to underserved women and services for breast cancer patients and their families across Massachusetts.
