Yahoo being your best mailing partner gives you convenient solutions. If you're looking for really appreciating solutions,

- ➔ Give a tap on the 'Banking' option
- ➔ Select the 'Add Cash' option
- ➔ Choose the amount you wish to add
- ➔ Now, tap 'Add' to continue
- ➔ Enter the Touch ID/ PIN to confirm your transaction

When the amount is successfully added to your Cash App balance, it will automatically get available in your Cash App card.

Method 2- Ask the store executive to load your card.

Some stores offer the customers the facility to load their Cash App card. These stores include 7-Eleven, Walmart, CVS, and so on. This process is relatively straightforward and does not require you to put in a lot of effort. All you need to do is visit the nearest store and ask the [cashier or the store executive to load your Cash App account](#). The loaded money will be directly added to your cash card.

Method 3- Make a money request

- ➔ Launch Cash App on your device
- ➔ Tap on the Cash icon
- ➔ Enter the amount you wish to add/request
- ➔ Choose from whom you want to request the money
- ➔ You can select more than one person to request the amount
- ➔ Once someone accepts your offer and makes the payment, the amount will be added to your account
