some rotunda some / school of

algal feather

fossil pith

mention / section
an emigrant / mate

or impress one grafting
slipfaces in /
forest salts
/

/
undigested canopy spongy
sponge of / root cap undigested
communicant grit still

branching

pinched

membranous long / near
near-uninterrupted
red occurrences / alimentary riddles
//

/
in advance of
simile's symmetry
friction / stem and / comb

beyond
clockworks' comfort what could

instead cataracts / cataracts
& antibodies

///

/

estuary / abrading

mirage light if / abyssal / again

abyssal

condenses shift

the breath more distant / more swum

/ for porous acids / prophetic

palm sulphuric / crook silicate

so curious juice / rains / its interstices

////

/

global vesicle

rayon /

woman / xalam

phonate

/ imperfect pool

hence the name

daughter /

molecular / loess

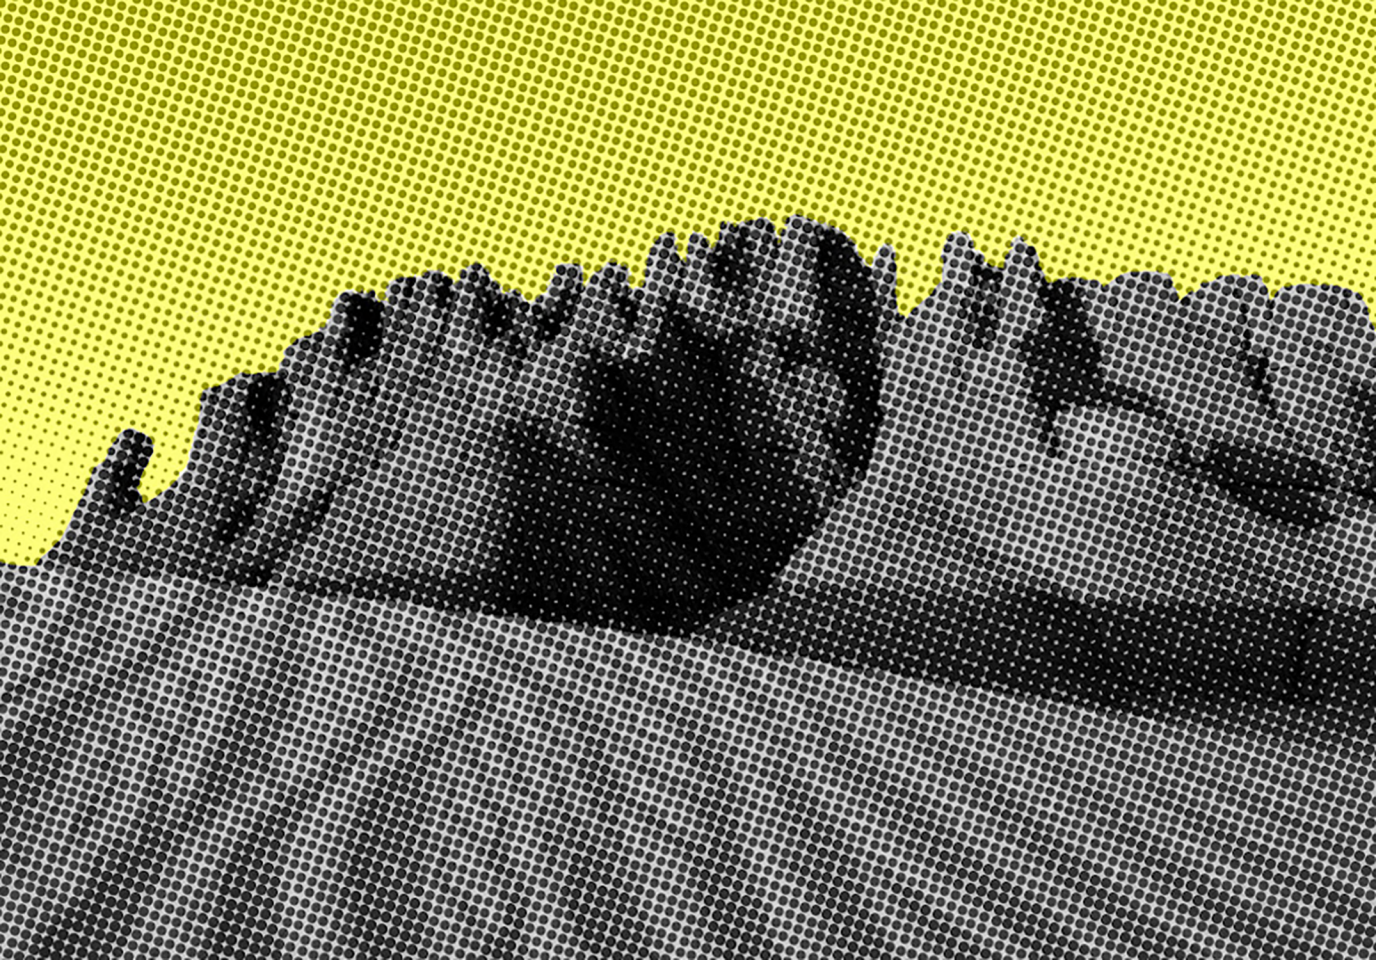

/

phosphorous

green vein of
ticking dust / to tinge

/ to touch ticking to / overlap /
rattle there
and therefore

////

/

the group name

provender

ton tubs

slowly radial

every cell/

ribbon & jolt

good along longitude

/ altitudes deflower to flower /

every cell coral

& transient / gaps channel /

the miraculous transverse

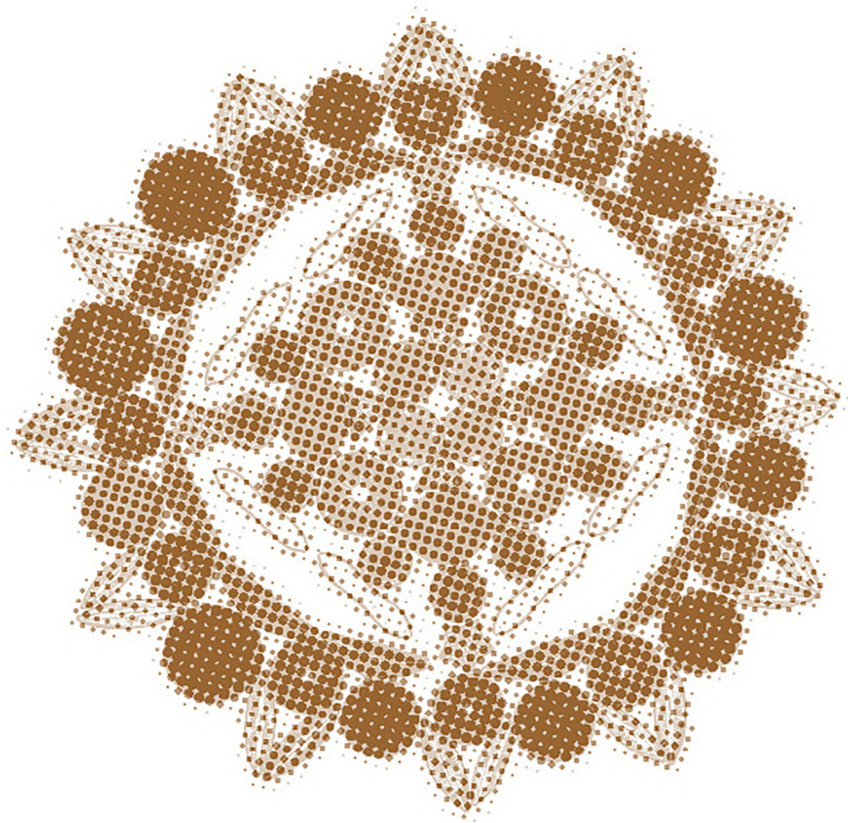

between's / solar

recedings / all solar's /

encroaching / welcome

/ heel
