Physician / Business Executive / Ophthalmologist

# Jack Kavanaugh Re-Established Himself as an Entrepreneur

When Dr. Jack Kavanaugh was forced to stop practicing dentistry after a major skiing accident, he turned the course of his career and stepped into the business world. He re-established himself as an entrepreneur and went on to create as well as mentor numerous companies that have revolutionized the medical world ever since. Having exceptional leadership qualities, outstanding business skills, and extensive knowledge helped him in becoming not only a successful orthodontist but also an accomplished business advisor as well as one of the most well known entrepreneurs.

## Jack Kavanaugh is an Efficient Businessman

His notable contributions as a doctor, an entrepreneur, as well as a business leader, are well acknowledged and highly appreciated in the medical industry. Jack is an efficient businessman having the insight to determine the veritable potentials of any start-up company or research work. Based on his knowledge and understanding, he can effortlessly provide an array of best-suited recommendations to the businesses, which will help them in increasing their efficiency.

## **Jack Kavanaugh Founded a Health Care Service Provider Company Called Ameriden**

Jack Kavanaugh went on to complete his M.D. from USC and finished his surgical residency from UCLA. While he was in the first year of his residency, he founded a health care service provider company called Amerident, which was recognized for its exemplary service and received more than 30 community service awards along with a state congressional medal of honor.

# Jack Kavanaugh is an Active Philanthropist

That is why the list of achievements in his life is quite extensive. However, beyond his professional life Jack Kavanaugh is an active philanthropist who is associated with several charitable efforts in and around Los Angeles.
