

Vaidehi Kishori Vikas Yojana  
 Seva Bharathi - Telangana report  
 2019-2020

Seva Bharathi launched the Vaidehi Kishori Vikas Yojana project in 2005 with the aim of addressing the current problems of poor girls and providing them with a bright future so that they can live with self-confidence and self-assurance. The project allows them to learn about health, education, culture and vocational education. We take girls from the ages of 12 to 16 where they spend 2 hours a day being trained in the different aspects mentioned previously.

**Health:** Yogasana's, health advice and tips, and basic treatments will be taught by gynecologists. We teach home remedies with herbal ingredients that are found in the surrounding areas and also train how to treat fevers, cough, headaches, diarrhea, vomiting, chronic diseases and such things. Family members and acquaintances benefit from these things. Doctors from Gandhi hospital, Apollo hospital and other local doctors are setting up camps and conducting tests and treatments as required.

**Education:** The lessons taught in the schools are read every day and the administrators take time to clear the doubts and help. Parents are happy with the rapid completion of homework. Those who are illiterate are trained in some centers.

**Professional education:** Hand embroidery, loom work, head oil making, making duvets with leftover fabrics, door mats, textiles, door decorations, duvets and paper quilling jewelry, vaseline, candle making, shampoo, glass, earrings, etc. The girls embroider their own clothes and also their parents'.

**Culture:** Omkaram, meditation hymns, diary hymns, fables, poems, sayings, bhajans, songs, patriotic songs, kolatra, abhyanga. Central girls are trained in Samu, Niyuddha (Karate) etc. We are working for the mental transformation of mothers and fathers, foot and mouth rituals, teachers, adults to join hands and bow, respect, and deal with affection for those younger than themselves. Praise for the central girls' paradigm at the independence and republics day celebrations in the villages and schools. Honors were also given to organizers who helped teach cultural performances.

### Other Things:

**Counseling:** We provide appropriate advice on children's education and family issues to help resolve issues. We are trying to prevent young women and college students with guidance to avoid love affairs by counseling them on how to behave in society and how to avoid trouble.

**Yoga Course:** 71 yoga teachers have completed their training and obtained yoga certificates from the Telangana State Government. In addition to conducting free yoga classes in their respective areas. They are also financially viable.

**Expansions:** Since 2014, we have been expanding the work by sending expanders to various districts in the Telangana region. They set up adolescent development centers, child rearing centers and parent counselling in their respective areas.
