INDIVIDUAL COMMITMENT

[Insert company logo]

Individual Commitment to the Bio-based Industries Consortium (BIC)

Agriculture and agri-food; aquaculture and marine; forestry; pulp and paper; chemicals; energy; and other industrial sectors, support the development of a strong bio-based economy in Europe, in line with the Vision 2050 for a circular bio-society developed by BIC and partner organisations: www.bio-societyvision.eu.

In order to fulfil the requirement of the minimum level of IKOP in CBE JU Innovation Actions, [Name of Organisation] applies for Industry (Project) membership of BIC.

[Name of Organisation] is fully aware that this category of Project Member is only accessible to any legal entity (industrial and commercial companies, or any other kind of legal entity representing industrial and commercial companies) that is a participant in a project proposal for a specific 'CBE JU call for proposals' and that is not yet a Full Member of BIC.

[Name of Organisation] understands that project membership is temporary: from the opening of a specific call for proposals (at the earliest) until the evaluation and/or grant agreement signature.

Once the CBE JU project is successful and the grant has been attributed, [Name of Organisation] will automatically become an 'Industry Full Member', including all rights and obligations. In case the project is not successful, and no grant is attributed, [Name of Organisation] has the choice to resign or to become an 'Industry (Full) Member'.

If the project proposal is successful, [Name of Organisation] will stay a "BIC Industry Full Member" for the duration of the CBE JU project, and as such will:

- have the opportunity to benefit from all rights as any Industry Full Member
- Pay an annual **membership fee**
- Contribute to the operational costs of the Programme Office of the CBE JU through the **project contribution**³.
- Adhere to the Statutes of BIC, to all its Internal Rules, and to all decisions of its bodies and an undertaking to actively participate in the activities.
