# Summary

FUZR project was created as part of the need to reward the Holders of the deflationary FUZE token and loyal community members. It will be used to reward users and community members who have contributed to the development of the FUZE project by contributing in different capacities. other uses of FUZR includes being used as a reward system and incentives for staking FUZE.

# Introduction of Blockchain

## What is blockchain?

A blockchain, is a growing list of records, called blocks, that are linked using cryptography. Each block contains a cryptographic hash of the previous block, a timestamp, and transaction data (generally represented as a Merkle tree). By design, a blockchain is resistant to modification of the data. It is "an open, distributed ledger that can record transactions between two parties efficiently and in a verifiable and permanent way

## What is Erc 20 based token

An ERC20 token is a blockchain-based asset with similar functionality to bitcoin, ether, and bitcoin cash: it can hold value and be sent and received. The major difference between ERC20 tokens and other cryptocurrencies is that ERC20 tokens are created and hosted on the Ethereum blockchain

What is  
**FUZR?**

To know about FUZR, it is imperative to learn about the initial FUZE project. After the launch and creation of FUZE, a community backed deflationary experimental token with only 1000 Total Supply and burn rate of 5% per transaction.

The success of FUZE gave birth to the need to create a complimentary non deflationary token to reward holders of the ever shrinking FUZE token in order to increase the utility of FUZE while also making the new FUZR a multi purpose community backed reward token.

What is  
**FUZR?**

FUZR was specifically created to give back to the community by rewarding holders of FUZE, also to bring a unique opportunity to the cryptocurrency space, an opportunity that no other deflationary token has done before, a token that has a Future.

FUZR belongs to the community. It is a reward token with endless possibilities and an ever increasing customer base e.g Holders of FUZE, incentives for gamers, as cashback to shoppers at various stores who supports the concept of customer appreciation. FUZR has no boundaries as it could be implemented on all platforms, partnering with organizations, companies and more.

What is  
**FUZR?**

Such companies, agencies and also Non Government Organizations (NGO's) that want to reward their user base can partner with us whereby we offer them a reward system that is error free to their clients or customers for making use of their services. This we believe will be a win for all parties involved

# Objectives of FUZR

2019

Our objectives are simple; yet robust. We believe in a system whereby people are rewarded for what they do, the reward system starts with the holders of FUZE token which will then be extended to other aspects of blockchain/ non blockchain based companies, organizations, agencies, platforms who wish to make use of our reward system.

The question that lingers on is, Who doesn't want to be rewarded? The world is shifting companies and agencies are realizing the huge potential of rewarding their customers. The creation of a reward token like FUZR has endless possibilities and an ever increasing customer base.

Holders of FUZR will be amazed by the endless utilities we intend to bring to it. FUZR can be used to purchase goods and services, used as payment on gaming platforms and other platforms FUZR will be implemented.

## **Extend FUZR loyalty program to charity**

As our major aim is to give back to our ever loyal community base and FUZE Holders, we will extend our loyalty program towards charity to the world in general. We will render assistance to NGO's, countries or any other platforms that need our help. The procedure of being an helping hand will be decided by our community who will determine which organizations to assist at a specific period of time

## More utilities for FUZR

We are working on creating an easy to use wallet where FUZE holders can stake their FUZE and be rewarded in FUZR. This wallet will also be used to store FUZR and all other ERC 20 token. Other unique features to be added to the wallets includes the ability to do a simple swap of all types of ERC 20 tokens to any other ERC 20 token listed on the app. FIAT gateways will also be implemented.

Users of our wallets will also be able to purchase raffle tickets of lottery to be held on the wallet and all proceeds from transaction fees will go towards charity work as specified

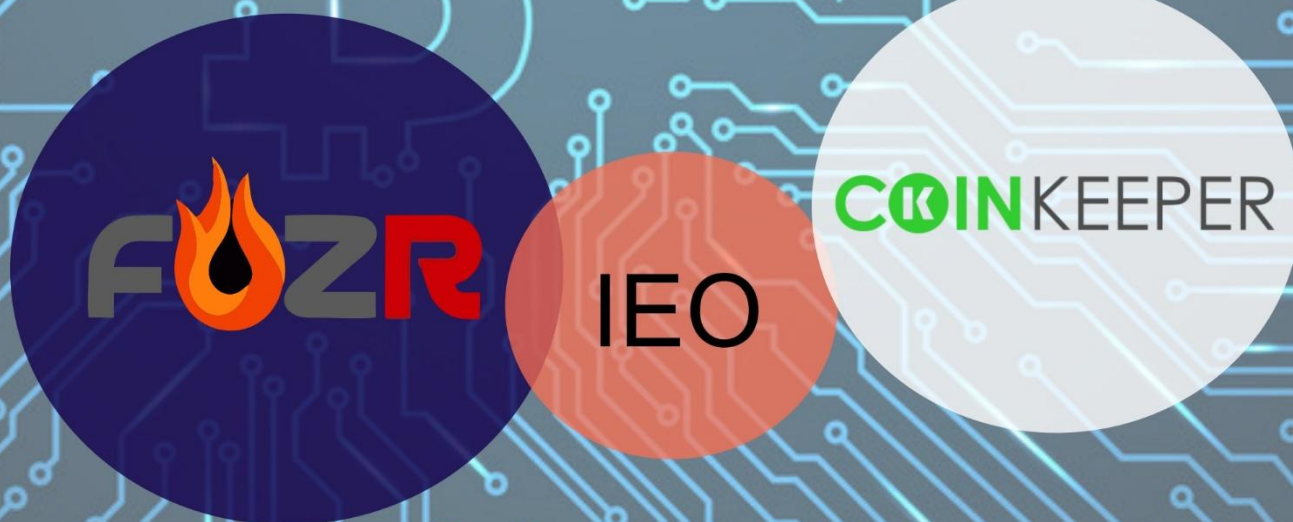

## FUZR IEO

FUZR will conduct an Initial Exchange Offering on the world renowned global cryptocurrency exchange, CoinKeeper. The IEO is a means to raise funds from our ever amazing supportive community to implement our plans which is to deliver an all round successful FUZR project.

### Why CoinKeeper?

Our choice of exchange for the upcoming IEO is not only based on the fact that CoinKeeper is one of our major partners. Our investigative team carried out a thorough research and came to the conclusion that CoinKeeper is a robust exchange with techniques in place for a successful IEO. Findings from the research team also shows that CoinKeeper is a well disciplined exchange that protects its clients and participants of any IEO on their platforms with several methods in place to prioritize and make sure investors don't lose funds during such offering.

# Details of IEO

- Projects name: FUZR
- Exchange: CoinKeeper
- Price during IEO: \$0.10
- Token allocated to IEO: 20,000,000
- Start Date of IEO 10th March, 2020
- End Date of IEO 10th April, 2020
- Soft cap \$70,000
- Hard cap \$2,000,000

# Token Allocations

IEO: 25% 20,000,000 FUZR  
Rewards: 38% 30,000,000 FUZR  
Other 25% 20,000,000 FUZR  
Team: 13% 10,000,000 FUZR

Total Supply: 80,000,000 FUZR

We will make available 20,000,000 FUZR for the upcoming IEO on Coinkeeper which is 25% of the total supply. 30,000,000 FUZR will be dedicated to the reward scheme while

20,000,000 will be reserved for future developmental plans and marketing purposes. The 10,000,000 FUZR left to complete the Total Supply is meant for the team which will be locked for a specified period of time to be determined by the community.

# Tokenomics

Token name: FUZE REWARD

Token Symbol: FUZR

Total supply: 80,000,000

Decimal: 18

Utility: To reward holders of FUZE  
and also as a reward token.

## Disclaimer

The whitepaper was written according to an orderly plan to showcase the FUZR project to potential believers. This is a community backed experimental project, and the team is working to introduce several use cases to buttress its purpose of creation. Some statements, estimation, development and financial information contained in the whitepaper are forward looking statements which are susceptible to change or be delayed in its execution. The sole purpose of the whitepaper is to serve as a source of information and should be duly treated as such. Lastly, no part of the written whitepaper should be seen as a means of soliciting for funds from members of the public.
