

# Ice Age Arrives To Minecraft

Grab your snowshoes as you don't want miss this massive mix-up! The Ice Age Mash Up downloadable content package brings your most loved sub-zero characters to Minecraft. Inspired by 20th Century Studios films, this pack brings you the frozen world of Ice Age, alongside beloved characters, and a new map to your Overworld!

Travel back to a pre-historic era with an expansive map that recreates some of the most famous locations from all Ice Age movies - including the brand new "The Ice Age Adventures of Buck Wild." Traverse through locations such as The Boat as seen in "Ice Age: The Meltdown," the frozen Pirate Ship from "Ice Age: Continental Drift," and Geotopia from "Ice Age: Collision Course."

There are more than 30 brand new "Ice Age" character skins to choose from. You can revisit classic movie moments like Manny the woolly mammoth Sid, the sloth, or Diego the saber-toothed tiger. While exploring the Ice Caverns or work together to return baby Roshan and "Pinky" back to the Human Settlement, Take part in a crucial collecting mission. You can choose Scrat the saber-toothed funny squirrel. Minecraft Java Then, explore for the Ice Age for hidden acorns. Choose between the possums Crash or Eddie or the dinosaur hunter Buck the one-eyed weasel and head to the Lost World, as seen in "The Ice Age Adventures of Buck Wild."

The Minecraft Marketplace is now offering Ice Age DLC Packs. Buy your pack today to receive a free item between May 31 until July 31, 2022. This pack requires Minecraft Bedrock Edition (sold separately). A separate multiplayer subscription is required for online multiplayer on consoles (sold separately).
