

Hello Xavier,

STC Consulting is open for business!

We continue to monitor the rapidly developing situation around the COVID-19. We are following recommendations from the Center for Disease Control (CDC) and leadership at the federal, state, and local levels.

We are all in this together. All of us are facing challenges at this

unprecedented time and now, more than ever, we need to use our knowledge and expertise to help our community. Small businesses are the heart of our economy. We are here for you and your business. For the convenience and safety of our customers we are conducting our business & financial consulting meetings through the meeting platforms: “zoom” and “Skype”, which are cloud-based video conferencing services used to virtually communicate with others.

What steps are you taking to keep your business going? How do you maximize your cash flow? Are you considering getting a loan? Are your financial statements ready? Do you need a sounding board to make sure your business financial decisions are optimal? I can help you analyzing your situation and

preparing your documentation and financial strategy. Ensure your business continuity! Contact us for a review of your business, financial strategic planning and support.

We look forward to supporting you during these challenging times. My best wishes to you and your family as we navigate the days ahead together.

Best regards,

Soledad Tanner, MIB . Founder
