

New Developments in HIV Prevention
23-25 January 2015, NH Atlanta, Brussels

Topics and Questions to be addressed in the meeting

Topic 1 Treatment as prevention: the evidence for its effectiveness

Question 1 What does the use of treatment as prevention imply for global HIV treatment access policy?

Topic 2 PrEP: the evidence for efficacy and cost-effectiveness

Question 2 Will PrEP play a major role in HIV prevention?

Topic 3 Microbicides and vaccines: data and options, imminent and distant

Question 3 Will microbicides and topical PrEP play a major role in HIV prevention?

Question 4 Will we ever develop an effective HIV vaccine?

New Developments in HIV Prevention
23-25 January 2015, NH Atlanta, Brussels
