

USDA Classifies PETA As A Terrorist Threat

 huffingtonpost.com/2009/12/02/usda-classifies-peta-as-a_n_376841.html

treehugger.com

PETA is one of the most controversial activist groups operating today. The group's contentious media campaigns, undercover operations, infamous advertising, and high profile demonstrations have made them perhaps the most infamous--and most polarizing--nonprofit organization there is. But are they terrorists? According to the US Department of Agriculture, they are now.
