Kim Kardashian Hollywood cheats 2023 unlimited money and stars Hack iOS no survey First of all, I never thought I would play this Kim Kardashian Hollywood cheats 2023 ? But isolated. I think this game also needs improvement. I know you are trying to cater to everyone, but you know that for those who do not have cash to buy k stars or cash (money in real life), there should be other ways to obtain k stars, except to provide (let us pay) or provide more k stars or energy for the goal, or reduce the price of some k stars or cash items. I think it's a little funny. I took out all the money I earned, unless the money spent on a decent shirt exceeds 10000 pounds, or even all the houses I bought because of the game can't be decorated.

There should be less K stars and more cash in the store. As far as energy is concerned, as another comment said, maybe goals should not be timed? Yes, I know it should be the same as real life, but it's a good game. I think we either have more time, earn more stars, and have enough energy, or we just lose a lot of fans, because getting three stars wastes all our energy.

So I don't think they should be timed, or even make the stars we get from energy have a greater impact. In general, this is a good Kim Kardashian Hollywood hack iOS. I only hope there are fewer k-star products, more cash products and more energy replenishment time in the store, and there is no time limit or shorter energy replenishment time. Not everyone can subscribe to VIP every month or pay for cash, k-star or k-star energy.
