GRAY-NICOLLS EMPOWERS

ALASTAIR COOK
ENGLAND
THE RECORD BREAKER

NO OTHER BRAND SCORED MORE INTERNATIONAL CENTURIES THAN GRAY-NICOLLS IN 2015.

Our portfolio of ambassadors have ensured global dominance in all formats of the game. Our player presence reached a peak in December with six Gray-Nicolls ambassadors in England's Test Team against South Africa. New Zealand Captain Kane Williamson averaged 90 in Test Match cricket that included five centuries. England Captain Alastair Cook was Gray-Nicolls leading run scorer with a Test Match tally of 1364 with David Warner just behind with 1317 at an incredible strike rate of 81. Usman Khawaja, Shaun Marsh and Kraigg Brathwaite also shone on the International stage with match winning innings.

Williamson's incredible form continued in the shorter formats with 1376 runs scored including three ODI 100's to go with his five in Test Matches. Alex Hales & James Taylor both registered maiden ODI centuries for England. JP Duminy continued to be a mainstay in the South African middle order with a World Cup 115 against Zimbabwe. William Porterfield and Ed Joyce both stood out at the World Cup for Ireland with head to toe ODI centuries. Warner's Kaboom also set the game alight with a blistering 178, to set Australia up for another World Cup victory.

Exciting times are ahead with Alex Hales, Sam Billings and Jonny Bairstow all powering England forward in each format. Gray-Nicolls will continue to outscore the opposition.

SIZE CHART

The fit of your clothes depends on many things, including the cut, fabric, styling and even the undergarments you are wearing. By following our body guide and how to measure guide, we hope to find you the best possible fit. It is always suggested that you measure more than once as your posture changes when you move and sometimes effects the measurement you take.

Clothing Size Chart
Our ranges are designed with layering in mind. If you buy a jacket for your body size you can be sure you will be able to fit a top and a light sweater underneath.

All measurements are an approximate guide.

Chest Circumference
Keeping the tape level, measure all the way around the fullest part of the chest approximately 2.5cm below the arm pits.

Waist Circumference
Keeping the tape level, measure all the way around the narrowest part of your waist (our trousers and shorts are elasticated so there always plenty of room for movement).

Low Hip Circumference
Keeping the tape level, measure all the way around the fullest part of the bottom.

Inside Leg Measurement
Measure from the top of the inside leg to bottom of the heel. (our trousers are designed to fit inclusive of shoes. Please remember you can always take a trouser up if they are a little long. Try turning your waistband over or sewing the hem.

General Tips
- Measure yourself wearing underwear.
- Do not measure over clothing.
- Stand straight and keep both feet on the floor.
- Make sure the tape measure is kept level.
- Ask a friend to help take your measurements (it's sometimes easier to have help).
