Maura lookalike (but not Maura) (self:MauryMurrayCase) submitted 8 hours ago \* by Reccognize

Somewhat off topic, but have any of you noticed the resemblance between Maura Healy (Mass Attorney General) and Maura Murray? Its slightly uncanny. The dimples, the teeth, the eyes...

Are you just bored...?

[-] Reccognize [S] 2 points 8 hours ago

So you don't see the resemblance?

Not bored. I'm trying to keep/grow interest in the case so Maura can be found. If you do believe there is a cover-up, then public interest/pressure/funds might help...no?

There is no relevance to what you were posting about Maura case. What does this lady have to do with her case and the fact that she possibly looks like her. It is irrelevant.

[-] Reccognize [S] 1 point 8 hours ago

It's my sub. I'll be the judge of that :)

And like I said, the relevance is to keep the content on here current, to keep the sub active, and thus keep/grow interest in the case. You are more than welcome to post new and relevant topics yourself if you'd like.

No need to be salty, okay?

permalink embed save parent edit disable inbox replies delete spam remove distinguish reply

[-] MagicDrone 3 points 8 hours ago

It is just a waste of time in my opinion. The relevance has nothing to do with her case so not sure what you were saying.

Do you really think it's still possible at this point, that she be found? I can't imagine never knowing.

I do, I really do. I have followed enough true crime cases to have come to the conclusion that very few of them remain without answers forever.

I hope so, I think of all those people who were waiting to find out about Zodiac who lived and died obsessed with it.

I know, that was a crazy case! Do you believe that it has been solved? There was a book written by someone who was quite certain Zodiac was his father. I didn't read the book but the details sounded quite compelling. I also think The Black Dahlia, while not incontrovertibly proven, was likely solved (the doctor).

[\[-\] CarolynStoddard](#) 2 points 8 hours ago ✓

I don't think so, I don't think it's solvable at this point. I have heard at least two people claim it was their father, people who claim Zodiac never really existed, people saying it was more than one person (like Son of Sam but with less evidence).

I think it's more likely D.B. Cooper and Richard Nixon will be on 20/20 Sunday night discussing his missing Watergate tapes.

I hope I'm wrong.

However, even if I am and they do totally beyond the shadow of a doubt solve it, it's not going to be anyone famous so it'll be a little anti climatic. Well, maybe. There was a bit about Zodiac being Ted Kaczynski for a minute.

[\[-\] Reccognize](#) [S] 1 point 8 hours ago

Really? I have also heard Kaczynski's name come up in the EAR-ONS case. He looked an awful lot like one of the sketches of the suspect, that's for sure.

It's not really his thing though, you know? It doesn't jive. On the other hand, very little surprises me.

I think it would be better if your point was that everyone has a doppelganger..... Their exact look alike but in this case it is just not there so again I am not trying to argue with you I am just pointing out that the relevance here does not make any sense.

permalink embed save spam remove report give gold reply

[\[-\] Reccognize](#) [S] 2 points 8 hours ago

I see what you are saying. Not trying to be a know-it-all, but I looked up the word doppelganger and technically it means someone who looks like a living person. Maura can have a doppelganger only if she is alive, which for the time-being is something we do not know.

But I do agree, everyone has a doppelganger.

And look she had already grabbed someone and taken them into the fold of complete irrelevance.

Wait a minute, I'm a "she" now in your eyes (indeed I am)??

I have responded to many accusations from your group of me supposedly being a man. All because I have an interest in Maura's case and try to support the effort to find her..

Please tell me you are not calling Maura's case irrelevant.

Don't talk about yourself this way!

MagicDrone, this sub is a place to talk about the Maura Murray case respectfully. I can and will ban.

Readers, MagicDrone is the investigator who works for Maura Murray's family. Yet, he spends time treating people who are interested in the case like this. It's hard to understand but it seems some people wish interest in Maura's case would just go away.

permalink embed save parent edit disable inbox replies delete spam remove distinguish reply

[\[-\] MagicDrone](#) 1 point 18 minutes ago

Yeah right I wish this case would just go away after spending 13 and a half years working on it. What I wish would go away are people like you who put out stuff that has nothing to do with the case and is irrelevant to the case. Your point is irrelevant so do whatever you want and block me I don't really care.

MagicDrone, I have seen PLENTY of irrelevant conversation going back and forth on the [r/MauraMurray](#) sub, and so has everyone else.

Furthermore, you have managed to remain largely silent on my many, many on-topic posts (I post approximately one per day).

If you don't like me or what I'm trying to do may I suggest you don't post here anymore?

You are choosing to respond numerous times to a topic that you claim has nothing to do with Maura. **Why are you spending time on something that won't help find Maura?**
