

the Imperium of Diamond's and presentation of the Agreement Be the Plea for the Government's and the Ministries of Finance and Economy, about cooperation and support of the Offshore Corporational Development for the King and His Interest of the Global Business Cooperation and Development

the Earth
27.06.2016

Good day to every Government,

my name is Peter, the King Peter, the King of the Imperium of Diamond's federal Government. Today as the Government according occupation from the European terrorist policy, illegal blockade and damage of the United Nation Charter or every form of the International Declaration, systematically occupied Jurisdiction of every country around the World.

the Imperium of Diamond's federal Government with Legaly Claimed territories since 1948, 2000 to today, the Government with Legaly registered population claims and Intelligence of Jurisdiction, Economical register and the Civilizational planning, the Government with the Legaly communication and political activities, today the Government and State validation declared according form of Global Political Democracy be the System of the Global International Right's and Declaration's.

the Imperium of Diamond's federal Government as the Government with a Peacefull Interest's and Activities, Ideology and Activities only for the World Peace and Stability of the World Political Systems and Order. the Government and the King with interest only for the Diplomacy, Cooperation and friendship, the Great Development of Every Civilization and support for the Modernization, High-Economy Growing, value of the civilization into norm of the Most Development country, therefore today illegally blocked from the European policy and according their terrorism and crime.

the Imperium of Diamond's today therefore as the Independent Government according Terrorist occupation and blockade, formally demilitarized civilization according European terrorist blockade to the Civilizational Development, and today with partial exiled activities on territories of the European terrorist entities, therefore the Imperium of Diamond's today active for International communication and contacting, create the Bilateral and Multilateral agreements and Declaration's about the Consular right's, the Cultural centers, the financial or trade cooperation or Bank's common finance contraction's, the Safety agreement or common factories project's development, common planetary civilization's and many more options for common really successful relations and affairs.

the Imperium of Diamond's federal government and the federal subject with special autonomy of the World Diamond International Alliance based on the Common Sovereignty between every Government around the World, common territories in the Universe and around the 15.000.000.000.000 new planet's as the first Civilizational start, the Value of the Civilization GDP commonly share in the Central Bank's of the Alliance countries governments, and We can commonly outstrip all values of the UN organization today, or value of the Human World since time of the Human Beginning.

Therefore, the Imperium of Diamond's today search options to the International communication and cooperation, development of the Basic Structure of the IP's own territories and their civilizations, in this interest full open all options to the International Cooperation and Liberation from the European World Terrorist activities.

the King Peter Gottwald, today according European terrorism blocked in the Europe, without finances, without right to advice social communication, illegal censure and the discriminated, dismanipulated, therefore search the option to "foreign" cooperation, open the Offshore business and cooperations, develop of basic trade and there fore too develop stabile sources for development of the Imperium of Diamond's federal territories and civilization.

the King have the Interest for open the Corporation in the form of the Global Intelligence of the Consorcium and the Market's development and Logistic's the Corporation who is developed automaticly according Consorcium cooperation and investment to the Central Intelligence, and therefore develop the Market in form of strategy planning, buy sources, constructing, and sell or handle, coopered in International form, with logistic planning.

the first corporation, Central Address of the Corporation is the Imperium of Diamond's and the federal zone of the Diamond Oasis, North-East Africa, today according statute of the formerly demilitarized zone is therefore "stopped" activities, until repair of the World Political system and function of the Order".

Therefore, the King of the Imperium of Diamond's must contact all countries governments around the world, and agree on right's for the Offshore Business and corporate cooperation.

The financial Start of the Corporation is based on the system, when according Consortium agreement's can the Royal Corporation develop immediately trade, change and distribution between client's and the Corporation's or develop of own profitable projects, full function of the Basic Corporational form and structure with legal duties, between single Two days, and between 2 week's as the legal form of the High-Corporational dimension, with contract's in Miliard's of £'s, employment for thousands of people.

Start to the Corporation is easy, the Offshore management, or option to develop of the Structure better Laboral position of Prolesion the Manager of Corporation for the application on the Governmental offices for the Employ and the laboral statistics or register, therefore too employment for the Communication and Calculation work personal, the Corporation can have a success between 7 days, and profit for full function or payment to the Employ.

Development of the Logistic team's and and organizing the project's for development, marketing, construction and developing, the conferencies and submit's of client's and business corporation's, organizing of sell and cycling, or handling.

the Corporation can have immediately success to the development of the Central building, develop the Skyscraper Canchets and with all possibilities to the International market's and common strategies of the Government and Ministry communication or supporting strategies of the Central Banks of your Country.

Therefore, the Corporation can in this interest support of the Development and Sponsore project's in your country, develop of the trade and open new International Business relations or International Trade's, supported development of your country.

the federal Government Imperium of Diamond's can therefore use the Corporation for primary food source's, water distribution, development for the Mining center's and too, open the few agno-culture zones or factories, the Metallurgy and Electronics, development material and constructing of build's and Houses.

Today, I really very Thank, for your Times and Interest to understand, today I really very thank for your Generations and right's of the International Political principles, therefore validity of my Justice power's and therefore my option to legal existence and all possibilities for development.

Thank You and Good day!

the King Peter
