

Summary: Minimal change in the news about the RV, except that things DO seem to be advancing. We hear that the RV process is being pressed hard by POTUS and CHINA to get it done this fiscal year, which means this month. POTUS wants to have eight days left this fiscal year for the Tier 3 and 4 people to begin their exchanges.

There has been a lot of work by the White Hats to take down groups of corrupt bankers and others in the process. I have two sources saying that high level officers in the US Treasury have been removed and/or arrested for corruption initiated by a certain Hungarian businessman.

Mark: There are many different opinions out there regarding Zim from it being worthless to worth many times its face amount. Just keep this in mind: GLOBAL debt is around 250 trillion dollars. There is no way millions of people will be given hundreds of trillions of dollars if we expect to have a monetary system that means anything. The money would literally be worthless to us. If we are truly going to have a new financial system that puts the world more in parity then be prepared to receive far less, if anything, for zim.

Camdoc: Mark, you bring up an important point about inflation. **Inflation is caused by increasing the money supply, without an increase in the amount of goods and services which that money purchases.** It decreases the value of the money.

However, you need to look at **HOW the PTB have decided that money is to be added into the economy. It is THROUGH PROJECTS.** Now, when you have a project, you are producing goods and/or services, which then enter the economy. If you just dump money into the economy, without increasing goods and services, that is inflation. But if the money which enters the economy enters at a slow, or modulated, rate, and ALL NEW MONEY ENTERS THRU PROJECTS, then what you get is MORE MONEY and MORE GOODS AND SERVICES. **Well, more money buying more goods and services is not inflation. It is just an EXPANDED ECONOMY. Something which we might one day call ABUNDANCE.**

So, I hope you can all see how it is necessary for the AOP (Authors of the Plan) to require us to use the majority of our money on humanitarian projects, not just on spending cash for ourselves. And, they have said that **they want our projects to not be just charities** (which is dumping more money into the economy, just not our piece of the economy) but in actual projects which produce beneficial goods and services for the economy.

I hope that helps.

TNT Tony is Not A Liar, Though He May Say Things Which Do Not Fit In Your World View

Steven: TNT Tony does not hold anyone's money. There are a lot of false rumors around about Tony. Let's make it one less.

Next, I think that you need to look at just who Tony has been talking to all these years. I agree that Tony seems to be telling a modified version of the truth that I see, but I think that there is a good plan going on there as well.

Tony's biggest concern 5 years ago was that his audience of MOSTLY lower socioeconomic status individuals, with little knowledge or experience in financial matters, NOT experience the fate of lotto winners or sports players who were the heroes and "only way out" for many in this group.

So, Tony peppered his talks with lots of references to "sudden wealth syndrome" and NFL Player Syndrome and shared videos about people who won the lotto and were destroyed within 5 years.

I see Tony as the Pied Piper who is going to lead many of his people from poverty into economic strength. And the focus of his talks was not on how to do humanitarian projects, not how to invest in Zim, but how to invest in Dinar and Dong and survive affluence while helping your family, friends and church.

You need to look at his audience. He wants to see people survive, and many of them would be far less likely to survive if they followed the Zim path than if they followed him on the Dinar path.

I think that Tony has been a great "waker upper" for many of us on this journey. While his guidance may not apply to those involved in the Zim, they are good guidance for the audience he has chosen or been guided to teach and shepherd.--dle

Globalism Is Over, Everything Is About To Change -

The EU is making very difficult for the UK to break away, that is because the central banks do not want this to happen and the UK might make a hard break. **The economy is breaking down and Trump just sent a message to the central banks and to the globalists, globalism is over.** Scalia's clerk says new info will be coming out that will exonerate Kavanaugh. Baker and Nellie Ohr refuse to testify in front of congress. Putin tells the EU to stop paying the refugees and the problem will go away. NK and SK will create a joint military committee. US putting together a treaty with Iran and they are hoping that Iran accepts.

Q drops more bread and opens the discussion up to anons. Q informs us that everything is in place and ready to go.

Great Q board! See all posts here:

Sting Operation is in progress and the Swamp is fighting back! Remain calm - Kavanaugh's accuser. New theory about the accuser, that it could have been someone that looks like Kavanaugh. Ford is working with Clinton former advisor. Trump releases two names of the returned soldiers from NK. Lavrov said this is the first step to get rid of the terrorists in Idlib. Q drops more bread, the swamp is fighting back, they want Trump to cross the red line. Trump and the patriots are now baiting the deep state and making them think that he will not declass, but this is to have the deep state let down their guard to communicate with each other so intelligence can record their communications.

They know Trump isn't stupid enough to fire him and they know he doesn't have to because the memo will take care of him. They know RR's goose is cooked and they are sacrificing him to get out in front for damage control. The

grandstanding and manufactured outrage surrounding this hypothetical situation of Trump actually taking this bait and firing RR are just a bonus that serve as this weekend's talking points.

BREAKING - BOMBSHELL STORY OF THE DAY 9/21 -

<https://youtu.be/7UXNXpkw3d0>

These folks are in full panic mode. They've been crawling out from under their rocks for the last two weeks spinning, spinning, spinning. HRC, Obama, Brennan, Comey. #delightful 🤪

Even she couldn't have typed that with a straight face.

I love the smell of panic, in the morning 🤪🤪🤪

Sounds like she's talking about her and slick willy lol 🤔 🗿

I'd love to know what national Unity Trump is undermining? He might be undermining the unity of Washington, but that's why we elected him. They are freaking out, because he is going to expose the whole lot of them. That might end up being his greatest contribution as president.

Kissinger is now 94 years old.

Recently, Henry Kissinger did an interview and said vary amazing things regarding President Trump. He starts with: **“Donald Trump is a phenomenon that foreign countries haven’t seen before”!**

<https://christianjournal.net/podcast/henry-kissinger-supports-trump-calls-trump-phenomenon-foreign-countries-havent-seen/>

The former Secretary of State Henry Kissinger gives us a new understanding of President Donald Trump’s foreign policy and predicts its success: **“Liberals and all those who favor (Hillary) Clinton will never admit it. They will never admit that he is the one true leader. The man is doing changes like never before and does all of it for the sake of this nation’s people. After eight years of tyranny, we finally see a difference.”**

Kissinger knows it and he continues with: **“Every country now has to consider two things: One, their perception that the previous president, or the outgoing president, basically withdrew America from international politics, so that they had to make their own assessments of their necessities. And secondly, that there is a new president who’s asking a lot of unfamiliar questions. And because of the combination of the partial vacuum and the new questions, one could imagine that something remarkable and new emerges out of it.”**

Then Kissinger puts it bluntly: **“Trump puts America and its people first. This is why people love him and this is why he will remain in charge for so long. There is not a single thing wrong with him and people need to open their eyes.”** When he boasts that he has a “bigger red button” than Kim Jung Un does, he so transcends the mealy-mouthed rhetoric of the past, thereby forcing a new recognition of American power.

Kissinger once wrote: **“The weak grow strong by effrontery – The strong grow weak through inhibition!”** *No sentence better captures the U.S.-North Korea relationship.*

Trump is discarding the inhibitions and calling the bluff on North Korea’s effrontery: His point is that the contrast of American retreat under Obama and its new assertion of power under Trump creates a new dynamic that every one of our allies and of our enemies must consider. Our allies grew complaisant with Obama’s passivity and now are fearful due to Trump’s activism. And they must balance the two in developing their policies: They realize that the old assumptions, catalyzed by Bush 43’s preoccupation with Iraq and Obama’s refusal to lead are obsolete. So, Trump is forcing a new calculus with a new power behind American interests. Those — here and abroad — who rode the old apple cart worry about its being toppled.

But, as Kissinger so boldly stated: **“Trump is the one true leader in world affairs and he is forcing policy changes that put America first!”**

This is the most accurate statement of what the American Citizens who live outside of the swamp want and expect from their government.

I like the list of 13 things that I, as a senior American citizen, want. Trump is at least talking about issues that most Americans are concerned about. My mantra about Trump is this: Truthfully, We are in agreement with most of what he says. We are getting older and our tickers aren't what they used to be, but what matters is that he covers most of the 13 things we as seniors want, at least I do for sure

1. Hillary: held accountable for her previous wrongs!
 2. Put "GOD" back in America!
 3. Borders: Closed or tightly guarded!
 4. Congress: On the same retirement & healthcare plans as everybody else.
 5. Congress: **Obey its own laws** NOW!
 6. Language: English only!
 7. Culture: Constitution and the Bill of Rights!
 8. Drug-Free: Mandatory Drug Screening before & during Welfare!
 9. Freebies: **NONE** to Non-Citizens!
 10. Budget: Balance the damn thing!
 11. Foreign Countries: Stop giving them our money! Charge them for our help! We need it here.
 12. Term limits for congress
- And most of all.
13. "RESPECT OUR MILITARY AND OUR FLAG!" **And our police**

I ADDED

14. **DRAIN THE DAMN SWAMP!!!!**

Q

Lisa Mei Crowley phoned the number...

'We're almost there! Just called the number. It is to the White House! Bet the phone has been ringing off the hook from RR (Rod Rosenstein), other Swamp rats, and our "allies" overseas.' (Lisa Mei Crowley tweet).

Q post number 2266...

**'FAKE NEWS ABOUT TO SHIFT NARRATIVE AGAINST THEIR

PANIC EVERYWHERE.
PATRIOTS ARE READY.
ENJOY THE RALLY @ THE 'Q' TONIGHT!'**

Q

We light workers are already noticing the change in the MSM narrative. Lisa Mei Crowley tweet...

'I've noticed MSM tone changing in past couple of days...Read praise from MSM for DJT visit to areas affected by Hurricane Florence. Interesting times indeed.' (Lisa Mei Crowley tweet).

The team Upstairs has always said that the cabal media will be the LAST to fall. We are witnessing the turn of the cabal media happening now in real time.

It's incredible to think that most people STILL believe the corporate media stories. Imagine their shock and fear when their mind controllers change the narrative almost overnight. Be prepared for lots of confusion and upset around you.

Meanwhile sit back and enjoy the show. Now that the weather is warming up here in New Zealand I can start wearing my Q tee shirt. Can't wait!
