PETAVERSE

Early in the year 2022, humanity accidentally stumbled upon a mysterious world situated in a parallel universe. Humanity decided, upon discovering the uncanny resemblance of the new world's inhabitants to animals from our own world, to name this mysterious world **'THE PETAVERSE'**.

**THE PETAVERSE'S** inhabitants, or **'PETS'** (Personally Engendered Tetrapod Sentients) as they have been named by the humans, have been vying for eons over control of a deeply enigmatic and tantalising object known as the 'Ancient Bull Relic of Power'.

Humanity is still learning about the mysteries and intrigues of the **PETAVERSE** but one thing is certain: the one who controls the Ancient Bull Relic of Power will control the entirety of the **PETAVERSE**.

INTRODUCTION

# #PETAVERSE

**TO CROWN THE LORD OF PETAVERSE**

**HOW?**

BY GIVING AWAY THE **BIGGEST** PRIZE FUND

IN #BSC HISTORY VIA OUR "GAMIFIED NFT" GRAND TOURNAMENT!

AIM

# #PETAVERSE

Well timed, aggressive marketing strategies will place the PETAVERSE in-front of the right people at the right times. Marketing efforts will be scaled up in magnitude to coincide with an ever increasing market cap.

Of the overall 10% tax, 2% will be used to fill the "Bull Relic Chalice" with BNB. The prize fund will continue to fill until the Champion of the PETAVERSE is crowned in the upcoming "Gamified NFT Grand Tournament".

**4%**  
MARKETING FUND

**3%**  
LIQUIDITY POOL

**2%**  
BULL RELIC PRIZE FUND

**1%**  
DEVELOPMENT FUND

One of the most integral components to any successful project is a healthy liquidity pool. With each transaction that occurs in the PETAVERSE, 3% of the overall 10% tax will be used to feed the liquidity pool for all investors.

To achieve our goals we have onboarded one of the best up and coming Development teams to work full time on the PETAVERSE. To ensure everything is delivered as stated, 1% of the overall 10% tax goes towards the continued development work.

## TOKENOMICS

# #PETAVERSE

Every transaction in **'THE PETAVERSE'** (buy, sell and transfer) is subject to a 10% tax, of which 2% goes into the "Bull Relic Prize Fund" as BNB.

Before the grand tournament takes place seven hundred "shards" will be air-dropped to seven hundred individual **PETAVERSE** NFT holders.

To earn a place in the finals you will need to defeat other players in battle to claim their shard (one shard will be automatically staked with each battle). The first four players to collect seven shards in total will gain entry to the semi finals to battle it out and determine who makes it through to the grand final to be crowned as **"THE LORD OF THE PETAVERSE"** live on Twitch.

The winner will take home 65% of the "Bull Relic Prize Fund" with second place taking 16%, third place taking 6% and fourth position taking home 3% respectively.

The final 10% will remain in the prize fund for the next round.

Competing players will also be able to wager \$PET against one another.

**BULL RELIC PRIZE FUND**

# #PETAVERSE

Minting will take place over three phases. GEN 1 will be limited to only 1400, GEN 2 to 2100 and finally GEN 3 to 3500, giving a limited supply of only 7000 PETS in total.

The first three generations of PETS born in the **PETAVERSE** will have a chance to be assigned a permanent, in-game buff when they are minted. GEN 1 PETS will have a 75% chance of being born with the most powerful permanent trait; GEN 2 PETS will have a 50% chance of being born with the second most powerful trait, and GEN 3 PETS will have a 25% chance of being born with the weakest trait out of the three.

PETS with a permanent trait will have an advantage when competing against another player. Consequently, you have to consider if you have the skill and courage to take on a higher gen level PET. The higher the gen level? The bigger the advantage!

But what if I don't have a permanent trait? Take on any player with a buff and if you're successful, your PET will be awarded the same boost as the PET you've just defeated. You will be able to stack three boosts, but be wary: lose and you will have to start again.
