

5 Knowledgeable Facts about bedsheets that you would be thankful to know!

The quality of your sleep depends on the quality and comfort of your bed sheet. A night of good sleep boosts our immunity level and makes us feel rejuvenated to work the next day. Hence, it is essential to have a comfortable and cosy bedsheet for your 7-9 hours of sleep or your afternoon nap for an hour.

Story @home has come up with a few factors below to understand the wide range of bedsheets available in the market before buying [bedsheets online](#).

1. Thread count and Quality: For soft and comfortable bedsheets that can last for years, the ideal thread count range should be between 180 and 600.
 2. The length of the fibre determines the quality of the bedsheet. A good quality bedsheet has extra-long fibres that are spun to produce strong yarns. Cotton has the trait of being soft, breathable, durable and affordable.
- Types of weaves: There are four types of weaves, and each weave gives a different touch when felt. The four types are Sateen, Jersey, Percale and Flannel.
 - Sateen: Sateen is smooth, soft and shiny. Sateen bedsheets keep you warm, and so it's mostly suitable for early spring or late fall.

- Jersey: Jersey is soft, cosy and stretchable. Usually, t-shirts are made up of jersey weave. It's mostly suitable in the late fall to keep the temperature of your body warm. The fibre content can be of wool, cotton and synthetic fibres.
 - Percale: Percale is firm, smooth, durable and easy to wash. It is closely woven plain-weave fabric which is just perfect for summer.
 - Flannel: Flannel is the thickest one out of the four weaves and the warmest one as well. That is why it is best suitable for the cold winter season.
3. Dimensions: Measure your bed and thickness of your mattress before buying bedsheets. Bed sheets with an elastic edging all around can fit snugly into mattresses of different sizes. These days, you do not need to step out of your home for shopping as you can buy **bedsheets online** from the comfort of your home.
 4. Finishing: This process ensures to maintain lustre and feel of the fabric. It makes your bedsheets wrinkle-free, prevents it from fading the colour and provides a silky and soft finish to the material.

5. Know your skin type: If you have sensitive skin and are prone to allergy or acne then just like cotton sheets you can also buy hypoallergenic fabric like bamboo sheets which gives a smooth and silky touch to your skin.
