TSM MODELTM
SCALE MINIATURES

MINI GT marks the start of a new adventure for TSM-Model. As we begin our journey into 1:64 scale modeling, our goal is to deliver the same balance of quality and price that can be found in each of our models. We also aim to provide a more hands-on experience for all collectors as we model a wide range of cars in this smaller scale, creating a marvel of engineering that will fit into the palm of your hand.

Welcome to the wonderful world of 1:64 scale!

Let's get in Touch!

MEDIA CENTER

We understand that access to high quality photos and product information is very important for our dealers, distributors and media associates, so we wanted to make sure that MINI GT has the same level of support that we provide to all brands in the TSM-Model family.

We actively maintain a Media Center website to serve as a central location for product information. The Media Center is a restricted database designed to provide registered users access to official logos, photos, literature and advertisement resources.

To create your account on the TSM-Model Media Center, go to <http://media.tsm-models.com>, then simply click on the registration tab on the home page and provide the required contact information. Usually it will take no more than 48 hours to verify and approve your account, after which you will be notified by email when you are able to access your account.

Once your account is active you will also receive updates via email when photos or information are added to the Media Center. The Media Center provides this content to assist in both selling and promoting TSM-Model brands through online reviews, written articles and other promotional uses. TSM-Model reserves the copyright of all photos and materials provided on this website.

For any questions regarding photo usage please email mediacenter@tsm-model.com.
