DID YOU KNOW?

YOUR BODY ALREADY PRODUCES, AND DEPENDS ON, CANNABINOIDS!

They are called endocannabinoids and they help to regulate your Endocannabinoid System (ECS).

LEARN MORE ABOUT YOUR ECS

HEALTH BENEFITS OF CBD OIL

BODY

Fibromyalgia
Menstrual
Arthritis
Diabetes
Chronic Pain
Nausea

MIND

Depression
Anxiety
Autism
Epilepsy
OCD
Alzheimer's

EYES

Cannabidiol found in CBD has anti-neuro-protection and vasodilation properties which further assist in the consumption and treatment of glaucoma.

BRAIN

Anti-Anxiety/Depressant, Anticonvulsant, Neuroprotective

BONE STRUCTURE

CBD works by improving bone density and reducing the occurrence of bone diseases. It strengthens the collagen "bridge" that forms at the site of the break which then fuses, with the new bone.

HEART

Anti-inflammatory, Anticoagulant, and Antithrombotic

ASTHMA

CBD has potent immunosuppressive and anti-inflammatory properties.

STOMACH

Antiemetic, Appetite Enhancer

INTESTINES

Cannabidiol reduces intestinal inflammation through the control of the neuromuscular system.

SPINAL CORD INJURY

Studies have not only demonstrated CBD's painkilling properties, but also its ability to reduce spasticity and improve motor function in SCI patients.

CANCER

Cannabidiols may have benefits in the treatment of cancer-related side effects.

WELL BEING

Helps to relax and to calm body and mind.

Warning: This product has intoxicating effects and may be habit forming. Smoking is hazardous to your health. There may be health risks associated with consumption of this product. Should not be used by women that are pregnant or breast feeding. For use only by adults twenty-one and older. Keep out of reach of children. Marijuana can impair concentration, coordination, and judgement. Do not operate a vehicle or machinery under the influence of this drug.
