

SUMMARY: Multiple sources are saying that the RV is currently underway! These sources indicate that the large sums of money from China have been transferred into US banks, and the paymasters have been paid. Accounts differ about whether the paymasters have the codes to release the funds to the currency sellers. It appears to me that this weekend will be the time of the release of the 800 numbers.

TNT CC NOTES - 12 OCTOBER

Review updates sent out Thursday

TR: This is about to happen.

Banks had a big meeting last night, and a regional meeting today. They are excited about the next 72 hours - they are excited about SOME THING.

Zim was on the screen at 77 cents. Zimbabwe is guaranteeing their people that the Zim dollar will be equal to the U.S. dollar. (1:1)

We can look for the weekend. There are some things happening, some things I can't tell you.

The Sterling Currency Group convictions are about Sterling and nothing else.

Q&A

Two bank stories from callers:

1. A TNT member went to her local bank this morning. Inside the bank, in a separate area, was a large sign saying "FOREIGN EXCHANGE CENTER" which had never been there before. She caught the eye of the bank manager, who was with a customer at the time, and **who knows that she has RV currencies. The bank manager gave her a big "thumbs up" sign.**

2. A TNT member went to her bank this morning to pick up Vietnamese dong which she had ordered. **When she went to the teller window to pick up the currency, as normally done, she was directed to a separate area where she was introduced to a wealth manager. The wealth manager handed her the currency she had ordered, and described the services he could provide to her in the future.**

TNT FRIDAY CALL SUMMARY:

- There are LOTS of articles about this currency/note thing in Iraq. “We are going to put out a LARGE number of lower denomination notes into circulation.” I refer to the new notes they are introducing, the 25000, 10000, 5000, 1000, and 500, 100, 50, 25, 10, 5 namely. They announce that the CBI is distributing these for public use. They are educating the people constantly. There is a video out today that shows people what is coming. They want people to use their chip cards instead of cash. So the notes will be come obsolete anyway eventually.
- Iraq is phasing out use of US\$ in Iraq.
- The coins are not in the street yet, but have been distributed to banks. There is speculation that the \$1, 5, 10 and coins will be released all together.
- **GOI:** The GOI (Government of Iraq) will be formed BY Oct 24. Tony thinks it will be sooner. The four political parties have presented their 4 candidates each. Those candidates are required to either have a degree from a University in the area of expertise of the Ministry where they’d be working OR experience in that area of the ministry. BY Oct 24 the Prime Minister will be voted in (Mahdi) and then the persons he has selected will be voted and they’ll have their GOI.
- **Oct 13, 14, 15 are holidays in Iraq.**
- **BANKS:** Banks on Wed 10/10’s call were very excited for the next 72 hrs. Something delayed it Thursday. Banks had a meeting last night (Thursday) and today ALL the Banks are on the same page and there are Regional meetings going on today. Banks are VERY excited about the next 72 hours FROM THIS CALL, (i.e. while holiday in Iraq remember? HmMMMM). Keep in mind that banks will be permitted to offer you 10% interest a year depending on the amount you leave with them and for how long, as designated by each bank’s policy. ALSO there is something wealthy people know about (BANK PLATFORMS) that supposedly enable banks to offer 10% a MONTH to you. I know next to nothing about PLATFORMS since I am not a wealthy person. Tony has discussed them periodically on calls. I don’t even know somebody that might be considered wealthy to even ask about them. So. Sorry guys.
- Tony did withhold something that he hadn’t seen anywhere else so he dared not divulge it. If he’d seen someone else also saying it then he’d tell us.
- **TAXES:** Take 50% of your money and invest it in SHORT term things so you can pay the tax when due. The good thing right now is the estimated taxes that MIGHT be due April 15, EVEN if you get an extension. You can invest the other 50% in longer term investments. PROTECT YOUR PRINCIPAL and live off, play with the interest only. Once you know either that taxes are due and you’ve paid them OR that taxes are not due, then you can invest that money in longer term things that make the money less accessible to pay a tax bill. Tony fully expects there has to be some declaration for us. If not,, we will ALL gang up and call the IRS repeatedly on a given day until they address the issue! LOL
- **STORIES:** Yesterday (for some reason I thought SE area of US, but I didn’t note that... sorry) a caller went to a Wells Fargo bank she frequents. She went in and there was a HUUUUGGEEEE sign that said, “**Foreign Currency Exchange Center**” on it and under it was a large waiting area and offices. This WF bank did not have this area the last time she was in! This area was not staffed. Her eye caught her normal teller’s eye who was serving someone else and the teller smiled, nodded and gave her a thumbs up! YAH! Another guy volunteered via text to Tony while call was in progress that he’d gone to a Chase bank where he’d bought dong. He was going in to pick up the dong he had ordered. He usually got it from a teller with an ID presented. This time they sent him to a Wealth Manager (which this branch did NOT ever have before) and she welcomed him, introduced herself, volunteered to be of s service in the future and gave him the dong he had ordered. WOW.
- **RATES:** There is no information on the dinar and dong rates. At last report the dinar was \$4 (with a contract rate of \$28.50 still) and the dong was \$2/per US\$. **The Zim, however, last time it was seen on the screen was \$.77!!!** All currencies set to be in the first basket WILL go all at once to prevent double dipping.
- **EXCHANGES:** The Q was asked if people who would end up with less than \$100K US would be able to get the contract rate. Tony replied that he doubted it because he thought banks would not find there to be anything in doing that for themselves. The bank position is those folks would likely just SPEND that \$100K

and not invest it. The banks want people to be investors and keep funds at their bank. BUT..... I will tell you that I, Skiracer, Nancy, WILL ask for the contract rate. I'd rather be told NO than to not have asked and missed the opportunity!

REMEMBER that once the 800#s come out you have 10 days to call to make your appointment, but it must be in the next 30 days. The 800#s are reported to only be available for 8 days.

- **CHINESE YUAN:** The big news is that the Yuan is now a formal part of the SDR (International reserve currency system) as of Monday Oct 10. There was NO news I saw about this, but Tony says that it became formal on Monday's opening of markets worldwide. This has major implications. Remember the US\$ has been the world's Reserve Currency for several decades. China has wanted to dethrone the US for some time. Their approval was given a couple years ago but China's ascent was scheduled for Oct 8, 2018. China has been vocal about unseating the USA and its reserve currency status. This is most assuredly not good news for the USA or our US\$. So forewarned is forearmed.
- Moreover, there are 7 worldwide Regions that have been established by participating countries (all of them). Within one region that region can decide which currency the member countries may use to purchase goods from other member countries in that region. To do business Outside their region they must use one of the currencies in the SDR, or the international reserve currency (Currently US\$). This is why the US\$ is popular worldwide when you travel. **As of Monday, the Chinese yuan is also in the SDR basket** and countries in different regions may now freely decide and negotiate and regulate that the yuan will be used within their region and perhaps the adjoining 2 but not in the other 4. SO... it will be a big change over time as we see how this unfolds and impacts the US\$. MAYBE that is why the stock market had such a strong hit the past 5 days! It's been brutal.

So that was it from Tony.

Conway Bashes Left Mob From the Oval Office, 2405

Super-rapper Conway West blistered the far left mob from the oval office yesterday. And that's what they really are – the mob. They can no longer operate by the civil argument process that has maintained our democratic republic for the last 242 years. Their only remaining hope of regaining power is by threats, intimidation and outright violence. Tucker Carlson backed up Conway's performance at President Trump's Oval Office desk

last night.

Qanon October 11 - Logic and Critical Thinking

I posted this one this morning, but I wanted to point it out again. Praying Medic does his usual excellent job of explaining the latest Q posts. This time, he spends all his time on just one post. He breaks it into many component parts, and explains the function of each. If you are the least interested in what Q may be up to, and you haven't had a detailed look at 2381, I recommend you spend 24 minutes on this.

Tucker - The Google Agenda, 2402

For the last few months, Tucker has pledged to follow this story whenever he can and he has followed through on that pledge. In tonight's edition, Tucker brought in how **Google is now openly working with the Chinese communist government to help control their population.** Fortunately, towards the end, **he highlights the main reason Google is succeeding – they pay more protection money to Congressional politicians through Washington D.C. lobbyists than any other corporate entity.**

Few knew that GESARA (Global Economic Security and Reformation Act) has been implemented by all 209 sovereign nations of the world, and was the most ground breaking reformation act to sweep the planet. The single act did away with cancers like the Federal Reserve Bank, IRS and USA Inc. Shadow Government, plus so much more:

1. Cancels all credit card, mortgage, and other bank debt due to illegal banking and government activities. Many refer to this as a "jubilee" or complete forgiveness of debt.
2. Abolishes income tax.
3. Abolishes the IRS, with employees of the IRS will be transferred into the US Treasury national sales tax area.
4. Creates a 17% flat rate non-essential new items only sales tax revenue for the government. In other words, food and medicine will not be taxed, nor will used items such as old homes.
5. Increases benefits to senior citizens.
6. Returns Constitutional Law to all courts and legal matters.
7. Reinstates the original Title of Nobility amendment.
8. Establishes new Presidential and Congressional elections within 120 days of GESARA's announcement. The interim government will cancel all National Emergencies and return us back to constitutional law.
9. Monitors elections and prevents illegal election activities of special interest groups.
10. Creates a new U.S. Treasury rainbow currency backed by gold, silver, and platinum precious metals, ending

the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.

11. Forbids the sale of American birth certificate records as chattel property bonds by the US Department of Transportation.
12. Initiates new U.S. Treasury Bank System in alignment with Constitutional Law.
13. Eliminates the Federal Reserve System. During the transition period the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.
14. Restores financial privacy.
15. Retrains all judges and attorneys in Constitutional Law.
16. Ceases all aggressive, U.S. government military actions worldwide.
17. Establishes peace throughout the world.
18. Releases unprecedented prosperity with enormous sums of money for humanitarian purposes.
19. Enables the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, anti-gravity, and sonic healing machines.
20. Eliminates all current and future nuclear powered weaponry on planet earth.

MIKE QUINSEY MESSAGE UPDATE OCTOBER 12, 2018

Snip

Be assured that Space travel gives you the most wonderful experiences, particularly when you meet other humanoids and share your knowledge and experiences. No doubt some of you will be thinking that language problems must exist when meeting hitherto unknown Beings, but those that are evolved and advanced will probable no longer need to use the spoken word, but instead make contact through thought transference. Clearly this is far much quicker than speaking and overcomes language problems.

Can you now see how your experiences are pre-planned for you to ensure that you re equipped with the necessary knowledge and abilities to progress in preparation for Space travel. The first steps get nearer each day ready for when history will be made with the first official contact with your Space friends. It will be arranged to ensure that you meet similar Beings to yourself, so that the experience is not a shock to your system.

You have already been visited by Beings from your own Solar System who came from Venus, who had quite a lengthy contact with one of your people. The Venusians are most likely the ones who most resemble you, and apart from a higher forehead are very humanlike in their features and appearance. You have had numerous visitors to Earth but so far not as you might call it “an official visit” If your true history had not been deleted or destroyed, you would already be quite familiar with some of the visitors from within your own Solar System. In the past they have even built upon your Earth and the remains are still there to be seen today.

Memo Reveals Soros-Funded Social-Media Censorship Plan

Plotted with Google, Facebook to eliminate ‘right wing propaganda’

The recent wave of censorship of conservative voices on the internet by tech giants Facebook, Twitter, YouTube and Apple mirrors a plan concocted by a coalition of George Soros-funded, progressive groups to take back power in Washington from President Trump’s administration.

The Real Reasons Hurricane Michael Attacked Florida: An Insider's View [video]

Floating radar platform used to create superstorms

Was Hurricane Michael used to take out Florida voting stations—and masses of Republican voters?

Yesterday I shared an important article from *State of the Nation* about the real reasons the deep state created and unleashed Hurricane Michael on Florida. It may leave unsuspecting people a little shaken because it reveals the truth and our vulnerability.

The editor of SOTN.net, Michael, is a very private guy and stays in the shadows, but since he lives in Tallahassee, Florida, he took that act of terrorism personally and he felt it was important to make it clear to the public what that was about so he did an interview with Douglas Gabriel

at American Intelligence Media. Douglas isn't feeling the best, but he felt it was important enough to do this for us, and I'm glad these two made it happen.

It's such an important video. If you can only listen to one, today, I would say choose this one. It's only 27 minutes.

That hurricane was the dark's attempt to influence the midterm election because they know this election will determine if the deep state can retain any influence in Washington at all.

It's so important for Americans to vote Republican this time around. It has never been more important to vote the right way. The wrong way could mean the end of America. It's that serious. We **must** have a "red wave" this Red October and November to save the Republic.

Please listen to the video. If you haven't read the article, you can do that at [this link](#). Please share both with people you feel might benefit from knowing about this. ~ BP
