Bunker Hill Celebration Features Events For Residents Of All Ages

More than a week of activities celebrating Bunker Hill Day and Charlestown Pride Week will get underway starting on Saturday, June 8. Events have been planned for residents of all ages marking the 216th anniversary of the Battle of Bunker Hill with a special Welcome Home celebration for the troops that served in Operation Desert Shield and Operation Desert Storm, especially the 30 men and one woman that call Charlestown home.

The dedication of the new park in Hayes Square is the first event on the Charlestown Pride Week agenda, and the ceremony will get underway at 9:30 a.m. on Saturday, June 8. From there it's on to the Field Day for Charlestown youth at the Oilies on Medford Street at 11 a.m. Please refer to the Bunker Hill As-

sociates advertisement on page 24 for the complete list of Charlestown Pride Week events.

Two special features for the children will be taking place next weekend. The annual Bunker Hill Day Doll Carriage Parade will be held on Saturday, June 15 at 10 a.m. in the Training Field. In the event of rain, the parade will be at the MDC Skating Rink on Old Rutherford Avenue. The second feature will be at 10 a.m. on Sunday, June 16 when the annual Costume Contest will be held at the Doherty Playground on Bunker Hill Street. These are as much fun for the adults to watch as they are for the children participants.

Flag Day will be celebrated in grand style on Friday, June 14 on Pier One in the Charlestown Navy Yard. A

band concert with Dorothy Slamin Hill and the Joseph Hill Post 156, The American Legion Band will be featured along with several military ceremonies starting at 8 p.m. The evening will conclude with a spectacular laser show honoring the troops that served in the Persian Gulf and celebrating the flag and America. There will be no parking in the National Historical Park section of the Navy Yard, and residents are advised to bring their lawn chairs.

The Polish American String Band will return to Charlestown on Saturday, June 15 for a concert at the Bunker Hill Monument, tentatively set for 5:30 p.m. (Check next week's **Patriot** for the exact time.) This is always a fun event. Residents are asked to remove their cars from Monument

Old Charlestown Schoolgirls' Association Holds 11th Annual Reunion

The Old Charlestown Schoolgirls' Association celebrated its 11th annual reunion with a dinner and social at Barrett's on Boston Harbour restaurant on May 31. Over 300 women attended, all of whom had resided in Charlestown and attended one of Charlestown's schools prior to 1945.

It was an evening for renewing friendships, enjoying a delicious dinner and, of course, dancing. The senior member of the association present at the reunion was Marguerite Wiles Howard of Washington Street, a member of the class of 1916 at Charlestown High School.

Kathleen Dunlea Twomey, outgoing president of the association, was presented with a Paul Revere Bowl in appreciation of her devoted service to the organization.

A highlight of each reu-

nion is the drawing for the Winifred Talbot Duffy Scholarship, an award presented annually to a young woman from Charlestown entering her sophomore,

junior or senior year in a four-year college. The monies for this award are donated by Jim Duffy in memory of his wife Winnie.

Barr To Update Community On Changes In Traffic And Bus Routes

On Monday, June 10, Edward Barr, the Central Artery North Area (CANA) coordinator, will be at the Bunker Hill Museum, 43 Monument Square, at 7

p.m. to discuss the CANA project.

The main subject to be discussed will be the new Tobin Bridge Approach contract which is about to begin, and the impact it will have on the community. This includes changes in the traffic patterns on Lowney Way, the Chelsea Street on ramp and the Water Street on ramp. Alterations to bus routes will be explained. Time for a short question and answer period on the whole CANA project will be allotted.

Barr reports that vandalism and theft on the CANA project is becoming a real

problem. Perini/Kiewit/Atkinson has hired a security guard to patrol the area during nights and weekends. According to Barr, anyone found trespassing in the project area will be arrested and prosecuted.

The guards will also be watching for the illegal disposal of trash or demolition materials into the excavation or onto the site. Registration numbers of vehicles whose occupants are found to be dumping illegally on the site will be reported and prosecuted.

Parents are advised to warn children of the danger of the area.

THE ELEVENTH ANNUAL REUNION of the Old Charlestown Schoolgirls' Association was held on May 31 at Barrett's on Boston Harbour Restaurant. Organizing the event were the officers and members of the executive committee. Shown front row (l. to r.) Eva Fleming, executive committee; Margaret Motherway, past president; Kathleen Twomey, outgoing president; Eileen Carroll, incoming president; Sister Stephen Marie, CSJ, treasurer; and Anna Burke, executive committee. Competition Heats Up As Business Teams Prepare For Race

Runners from far and near are quietly contacting the Charlestown Boys & Girls Club for an application to race in the Two-Mile Novice or 8K Battle of Bunker Hill Road Races that are set to go on the morning of Sunday, June 16. Things are not nearly so quiet in the Charlestown business community.

In last week's Patriot and in a mailing to the businesses in Charlestown, Thom Gilligan from Marathon Tours & Travel threw his hat in the ring to challenge last year's business competitors McCarthy Brothers Liquors and the Ironside Grille. As is indicated by the name of his business, Gilligan is no stranger to the sport of running and he looks to take the "Fastest Business in Charlestown" award.

Other team captains are taking the challenge seriously and have their teams in full-time training. Richie McCarthy of McCarthy Brothers Liquors and Ned Rosselli of The Red Store can be seen stopping runners on the street and signing them up for their respective teams. They have gone over the racing roster from last year, and are approaching some of the best runners to join in the team competition. It isn't "Uncle Sam wants you," it's Richie or Ned want YOU.

Gilligan had stated that in order to be eligible for the team award, team members must have resided in Charlestown for a minimum of six months or work full-time for a Charlestown-based company. Team scoring is comprised of the five fastest combined times and a team may enter as many

members as they wish up to the post registration on the day of the race.

This past week, charges and counter charges have traveled between the liquor store at Hayes Square and the grocery store at the corner of Bunker Hill and Monument streets.

Rosselli, the captain of The Red Store team (a/k/a The REM Club), gave up smoking a while back and has been training on a daily basis. He has every intention of leading his team to victory. He challenges Henry and Richie McCarthy to run the 8K race, noting that "no business should be allowed to enter a team in the race unless the principals of that team are running themselves." Rosselli stated that there will be a minimum of 15 runners on The Red Store team.

When asked for a comment, Richie McCarthy just smiled, stating that he would wait to see just what Rosselli had to say. He added, "Rosselli is out there trying to get my best runners on his team."

There has been no word from Bill Cantin at Ironside Grille, but it is expected that runners representing that Park Street restaurant will have a comment or two before the big race.

Other businesses are invited to enter a team in this race, which is sponsored by the Raymond Group and benefits the Boys & Girls Club. Maybe the Raymond Group's own Linda Smith will field a team from their Navy Yard headquarters.

For more information on entering a team, call Gilligan at 242-7845 and join the challenge.

THE BEST TIME TO FIX YOUR HOME UP TO SELL

Many homeowners wait until they are ready to move, then they do their painting, gardening and whatever it takes to make their homes look terrific. Then, as they sign the listing agreement, they look at us and sigh, saying that they wish they had done all of this work on their homes the week they moved in, so they would have had a real opportunity to enjoy their home at its best.

If you've recently purchased a home, consider the possibility of going through the house as if you planned to sell it soon. Maximize your curb appeal now so that you will reap the benefits every time you pull into your driveway. Go ahead and plant those flowers and bulbs so you'll have your own supply of fresh flowers on your own dining room table. Hang pretty curtains, and if your house needs a new kitchen, do it now so you'll have time to practice your gourmet skills on your own family and guests! And remember, when your house looks its best, you enhance and contribute to the value of all the homes on your street.

For professional advice on all aspects of buying or selling a home, talk to the professionals at **Monument Properties**. Come by our office at **85 Warren Street in Charlestown** or call us at **241-5900**.

Discover The 'USS Constitution'
 At The Charlestown Branch Library

Daniel J. Schwartz, director of education for the USS Constitution Museum in Charlestown, will present a hands-on lecture on

"Old Ironsides" at the Charlestown Branch of the Boston Public Library, 179 Main St., on Thursday, June 13 from 4 to 5 p.m.

Children 6 to 10 years of age will have the opportunity during the one-hour program to discover one of Charlestown's most famous landmarks and to learn what it was like to serve as a ship boy on a naval fighting ship during the War of 1812.

Schwartz will be accompanied by Boatswain Mate Second Class Scott Kelly, USN, who will be dressed in an authentic 1812 Navy uniform and who will give a knot-tying demonstration. Participating youngsters will also receive a "Discovery Pass" for free admission for four to the USS Constitution Museum in the Charlestown Navy Yard.

The program is free and open to the public. For more information, please contact the library at 242-1248.

Not For Nothin' . . .
 But Have You Heard . . .

- **Scheme "Z" Is Dead . . .** so say representatives of the North Area Task Force and Charlestown members of the state's advisory committee to the Central Artery/Third Harbor Tunnel project! A vote on the replacement for "Z" will take place in the next few weeks, but the ramp system being forced down the throats of Charlestown has been eliminated, with other alternatives being discussed . . . Stay tuned!
- **Congrats . . .** to our grads. Both St. Catherine of Siena and St. Francis de Sales will have graduation ceremonies this weekend for their eighth graders. We wish each boy and girl the best in their high school years . . . and to all Charlestown youngsters who have or will be graduating — our best wishes for success.
- **Congrats Also Go Out To . . .** St. Mary Bible School graduates who'll celebrate the event today, June 6, at the Carousel at Nantasket Beach! Hope it's a great day for one and all!
- **Historic Trivia . . .** In June 1837 the USS Constitution paid a visit to Houston, Texas but couldn't turn around in the narrow bayou to leave. Legend says mules walked along the bank and towed the ship backward to a bend wide enough for a turnaround — known to this day as "Constitution Bend" . . . Our thanks to Soley Street resident Helen Harrison for this tidbit!
- **Another Bit Of Trivia . . .** In 1813 the first Sunday School class was organized by the First Baptist Church. The school celebrated their last class of the school year on Sunday, June 2 at the Monument Square church. Sad note to this tidbit — due to declining parishioners, the Charlestown church might be forced to close their doors this fall. The building is on the market and a new site would be needed when a sale is final. Residents might remember that St. Mary's Womens Club once occupied the same building as did the Little Sisters of the Poor.
- **Local Stars . . .** Three Charlestown residents will be featured in an upcoming Francis Ford Coppolla film entitled "Wind" now being shot in Newport, R.I. and later in Australia. John Blood, Donald Watson and Gren Cuyler reported to Newport last Monday for the first day of filming. It is expected that the theaters will show the film some time this fall.
- **Navy Yard Update . . .** in answer to inquiries, news of "Yardies" having parking stickers on their vehicles designating eligibility for a Navy Yard parking — not true says the BRA! No parking stickers have been issued to residents of the Yard, they say . . . Also, after many requests, the bathroom facilities located at the Shipyard Park pool will be open for the public's use when the wading pool opens for the summer. Relief at last!
- **Oops . . .** At a recent gathering of the Welcome Home Committee and other organizations involved with the events for the Bunker Hill Day celebrations, one guest was missing from the audience during the program. Unfortunately a malfunction of the lock on the men's room door kept him from being present during the crucial part of the evening! . . . Not to worry, Bill McClellan, we put the entire proceedings on tape — suitable for your listening pleasure — in your own bathroom!
- **Birthday Wishes . . .** go out to Monument Avenue's May Rinaldi who turned 8 years old last Saturday, June 1st! Happy Birthday, May!
- **It's That Time Of Year, Folks . . .** and we'll do our very best to serve you. Please understand that with graduations, weddings and events to do with Bunker Hill Day, the pages of the Patriot will only hold so much. We ask your patience. Photos and articles will eventually get onto a page of an upcoming edition. Thank you!
- **It's Day 26 . . .** and 1,852 miles down for Bob Quinn. To date the Patriot has received postcards from Bob depicting the Petrified Forest National Park, Santa Fe, N.M.; Liberal, Kan., "Home of the Wizard of Oz;" and Dodge City. This week Bob will be traveling through Kirksville, Mo.; Quincy, Springfield and Champaign, Ill.; and Crawfordsville and Indianapolis, Ind. Bob says the bicyclists had breakfast with the Mayor of Liberal, Kan. while passing through his fair city as part of the Pedal For Power cross-country bike trip . . . Stay tuned!
- **First Of The Season . . .** the 15th annual St. Anthony Festival will take place this weekend in the North End. The event will take place on Prince and Hanover streets on June 7, 7-11 p.m.; June 8, 3-11 p.m.; and June 9, 2-11 p.m. All proceeds will benefit St. Leonard's Church restoration fund. (St. Leonard's Church is the oldest Italian Church in New England — 118 years young.)
- **June Is . . .** National Aquarium Month. Why not drop by the New England Aquarium and see what's new under the sea?!
- **Only 15 more days . . .** 'till the first day of summer! Mark your calendar — June 21st is the day.

Recycling Is Coming To Charlestown

by Kathy Callahan

Grant money through the Department of Environmental Protection awarded Charlestown a container for the drop off of recyclable materials. The committee has been working closely with John McCarthy, recycling coordinator for the city, to find a suitable site for the container. In addition, Charlestown will be participating in the citywide curbside pick up of newspaper.

Please stop by the Charlestown Recycling Committee meeting on Monday, June 10 and hear what McCarthy has to say regarding the city's plan for recycling in Charlestown. In order to make this become a reality we do need your assistance. When the container is in place we will need the help of many volunteers to work at the site.

The CRC, with the assistance of the staff at the

Charlestown Navy Yard Presents Free Harbor And History Tour

The Charlestown Navy Yard District of Boston National Historical Park announces a free harbor and history tour from the Bunker Hill Monument to Dorchester Heights Monument on Saturday June 8.

Starting from the waterfront at the Charlestown Navy Yard at 9:15 a.m., the tour will follow the route of the British Army on June 17, 1775 as they marched toward battle on Breda's Hill. A chartered ferry will take participants to South Boston, where a mile and a half walk along Dorchester Bay will end at Dorchester Heights. Here the Continental Army built fortifications on the night of March 4, 1776, forcing the British

Army to evacuate Boston on March 17. The tour will return by ferry to the Charlestown Navy Yard, arriving about 2 p.m.

Space is limited to 25 people and is available on a first-come, first-served basis. The tour involves about four miles of walking and participants should wear comfortable walking shoes and bring a snack and something to drink. The tour meets at Building 5, the Visitor Information Center of the Charlestown Navy Yard, at 9:15 a.m., Saturday, June 8. Reservations and further information are available by calling 242-5601 daily. The program is free.

\$20,000 is needed to put the Bunker Hill Day Parade on the streets on Sunday, June 16 — and with just over a week until the celebration, the Monument is less than half filled. With the fiscal constraints on the city of Boston, only a limited amount of money is being allocated to the celebration by the city and each unit is asking for an increase in its fee. Thus the success of the celebration depends on you — the residents, merchants and organizations. Donations of \$25 and over will be publicly acknowledged.

Bunker Hill Celebration Features Events For Residents Of All Ages

(continued from page one) Square between Winthrop and Pleasant streets by 3 p.m.

The gala Bunker Hill Day Parade, led by Chief Marshal Patricia Quinn Farris, will get underway from Hayes Square at 12:30 p.m. on Sunday, June 16. Over 25 musical groups have committed to march in the parade and various local organizations are planning floats, including two floats from the Welcome Home Committee that has been working on the celebration along with the Charlestown Veterans/Bunker Hill Day Commemorative Committee. Residents are asked to remove their vehicles from the parade route by 9 a.m. on June 16. (The map of the parade route will appear in next week's **Patriot**.)

The commemoration of the 216th anniversary of the Battle of Bunker Hill will be held on Monday, June 17. An Ecumenical Service at St. Francis de Sales

Church, atop Bunker Hill, will begin at 10 a.m. A procession will then form on Bunker Hill Street and march to the Bunker Hill Monument Grounds for the patriotic exercises. The Monument Orator will be Charlestown native Major Joseph Gallagher, USMC, who recently returned to his home base in Hawaii from Operation Desert Storm. The day's activities will conclude with the 168th annual meeting of the Bunker

Hill Monument Association in the Hull Room, Building 5, in the Charlestown Navy Yard.

Please refer to the schedule of events on page 8 of this week's newspaper and be sure watch next week's **Patriot** for the parade roster and an update on the times for activities on the weekend.

(NOTE: The re-enactment of the Battle of Bunker Hill is not scheduled to be held this year.)

Laser Show Welcomes Troops Home For Bunker Hill And Flag Day

June 14 will not only mark Flag Day, but also will kickoff the Bunker Hill Day Celebration. It will be the official Welcome Home for the men and woman from Charlestown who served in the Persian Gulf in Operations Desert Shield and Storm.

As part of the festivities, the Bunker Hill Day Commemorative Committee, in cooperation with the Boston National Historical Park and the **USS Constitution**, will sponsor a laser show, open to the public, on Pier One next to **Constitution** in the Charlestown Navy Yard.

"We wanted to do something different," said Jim Conway, a Korean War veteran and chairman of the Bunker Hill Day Commemorative Committee. "This year we have something special to celebrate on Flag Day, and a laser show was the most spectacular thing we could think of."

The show, produced by Image Engineering of Somerville, will feature laser graphics and animation projected against the side of the chocolate factory building next to the **Constitution**, while laser beams, fans and sheets of light dance over the heads of the audience. While Image Engineering isn't giving away any secrets, they do say the theme is patriotism, Boston and a very special welcome home.

Image Engineering has produced laser effects for the 1984 Los Angeles and 1988 Seoul Olympic ceremonies, the 1986 Statue of Liberty rededication, NBC's pregame party for Super Bowl XX and numerous First Night countdowns on the Customs House tower.

The program is scheduled to begin about 8 p.m.

with a flag ceremony and a concert by Dorothy Slamin Hill's Waltham Post 156, American Legion Band. The laser festivities will get underway at sundown — approximately 9 p.m.

So bring your family, the kids, friends and your lawn chairs, and watch the skies light up over the Charlestown Navy Yard.

Costume Parade On June 16

The ever-popular Bunker Hill Day Costume Parade will be held on Sunday, June 16 starting at 10 a.m. at the Doherty Playground on Bunker Hill Street.

To All The Cars I've Known Before

by Charlie McGonagle

One of the happiest days in the life of a teen-ager is the day he or she receives a driver's license. One of the unhappiest days in the life of a parent is when his or her teen-ager receives a driver's license. It matters not that the parent was once a teen-ager who sought the same goal, because that was then, and this is now, and "do as I say, and not as I do," etc., etc., etc.

There are many "firsts" which we will all remember in vivid thought, some we reflect upon with fondness, but keep to ourselves, and others we gladly share. Automobiles fit quite nicely into the latter category.

Recently I was watching a movie which was set in the early fifties. I was amazed at how easily I was able to recognize the make and year of most of the vehicles used in the film and, for a moment, I wondered why. There may have been several reasons, but perhaps the biggest reason was the allure of the automobile to one quickly approaching the legal driving age.

Also, we were all very impressionistic in

our earlier days, with very few real worries clogging our thoughts. We had not yet reached an age where we were burdened by responsibilities, so we concentrated on important things, things like the daily baseball box scores, the new girl next door, and automobiles.

The first car I ever owned was a shiny black 1954 Chevrolet with red seat covers which brightened up an otherwise dull, gray interior. I bought that car from my parents in 1959 when they purchased another 1954 Chevy with lower mileage. I loved that car just as much as any kid loved a first car, and I drove it until my parents were ready to step all the way up to a 1955 Chevy a year or so later. They then sold me that second 1954 for the price I received for mine. I believe it was \$85. Joe Scanlon might better remember.

That car was blue on blue, and had only two doors as compared to its predecessor's four. I drove the car without incident until one Sunday night when Mary and I double-dated with Walter and Lorraine. Sunday

night usually meant the movies or bowling, and this particular week we had chosen bowling. This choice was made above Walter's objections, for Lorraine was a much better bowler than he, and this particular set of circumstances often led to serious disagreement between the two when she would "kick his butt," as they say.

When we emerged from the old Medford Square Bowling Alleys with three smiles and one frown, we found my car filled with smoke. When the door was opened, the incoming air caused the smoke to ignite into flames. With the help of the bowling alley's fire extinguisher, I was able to douse the flames, but not before most of the back seat had been burned out. To this day, Walter still thinks I blame him for accidentally dropping a lit cigarette on the seat. To this day, I still do!

That car was my source of travel to and from Salem State College for a couple of years, and only when the insurance rates for drivers under 25 began to exceed the Gross National Product, did I take it off the streets and park it, unregistered, in an empty lot on Elm Street. Eventually, the lot was to be built upon, and I had no recourse but to pay \$15 to have it towed away, burned out back seat and all. There are very few blue-on-blue 1954 Chevrolets left on the road today, but for many years, when I would see a similar car drive by I would wonder if it was mine.

It was several years before it was economically feasible for me to buy another car and when I did, it was a 5- or 6-year-old 1961 blue and white Chevrolet Impala. It was a beautiful car with one major drawback, it consumed gasoline even as it was being pumped.

In 1970, I made a big move in the automotive world. I bought my first new car, a Volkswagen Squareback which was priced in the neighborhood of \$2,000. By this time I had two young daughters and the squareback was great for taking them on drives to the beach or New Hampshire. Looking back now, I realize just how dangerous it was to

let them play in the open space in the rear. And because they could sleep back there, it was a great car for the drive-in.

The VW was really an economical car, but it was green. What that had to do with the matter was beyond me, but it was certainly important to at least one member of my family. Finally I did something about it. I sold it for \$700. At the time it had been driven a total of 14,000 miles and gas was less than 50 cents per gallon. I bought my second new car, a 1972 Chevy Nova, and the gas crunch caused the price per gallon to jump to over \$1 per gallon and, needless to say, the Volkswagen's value, because of its gas economy, jumped along with it. But I no longer owned the VW, but somebody did, and I was mad as hell about that. "Don't cry over spilled milk," they say, but here it is some 20 years later and the milk is still spilling.

The Nova, though, was good to us and I drove it until selling it in 1979 when I bought the new Oldsmobile Cutlass for \$6,000. Things were beginning to move in an upward direction in the world of automobiles.

Finally one day, the need for a second car presented itself and I picked up an old Plymouth which did not last very long.

The following summer I was introduced to Bertha, just about the most reliable piece of machinery I ever owned. She was a 1970 Dodge Dart with a slant six engine, 90,000 miles on the odometer, and she cost me \$500. I bought her to get me through the summer. Five years and some 50,000 miles later, I was still driving Bertha. I reluctantly gave her away when I noticed that my daughters and my wife would slouch below the dash board so as not to be seen when they rode with me.

Since the demise of Bertha, I have moved onto a 1984 and 1985 Olds Delta 88, and a 1989 of the same make and model. The final chapter has yet to be written on these cars, although the 1984 sits in my garage awaiting a new owner.

One day, perhaps, these too will be part of a story.

Tree Lottery To Beautify Streets

Members of the Gardens for Charlestown have donated \$625 to the Charlestown Preservation Society Greenspace Program for the purchase of an additional five street trees to be planted in Charlestown. These five trees will be planted in the fall by Tree Warden Brian Gilbert and staff of the Boston Parks & Recreation Department.

Any Charlestown homeowner may submit an entry in order to be eligible to have a street tree planted. Each entry will be put into a lottery and the names of five lucky homeowners will be drawn by Lillian MacAlpine, president of the Gardens for Charlestown Inc., and Jane Philippi, president of the Charlestown Preservation Society, at the CPS annual meeting on June 15. The original lottery held in April realized 48 ap-

plicants for the eight trees which will be planted in various locations throughout Charlestown and should be in the ground before the Bunker Hill Day Parade.

The homeowners who won in April and who will win the upcoming lottery, will be responsible for seeing that the tree they win is watered periodically.

To enter the lottery, please fill in the entry blank below and send it to the Charlestown Preservation Society, Box 201, Charlestown, Mass. 02129. All entries must be received by Saturday, June 15 at noon.

Street Reconstruction Projects Hit Residential Nerve

by Kathy Giordano

The monthly meeting of the Charlestown Neighborhood Council on June 4, brought over 100 community residents to the Knights of Columbus Hall to voice their agitation regarding reconstruction projects soon to begin on 26 Charlestown streets. The reconstruction projects fall under four Boston Redevelopment Authority contracts, stated Paul Reavis, BRA assistant director for Engineering and Design Services, during a presentation to the council.

Residents of Tremont, Union and Winthrop streets were vocal in requesting that their streets, each located adjacent to areas in the reconstruction project because existing conditions on their streets mandate their inclusion. Tremont and Winthrop streets, residents stated, are on the Boston

Freedom Trail, but walking conditions are unsafe and not accessible to the handicapped and elderly.

Reavis explained that the streets included in the four contracts, costing an estimated \$4.1 million, were determined many years ago as part of the Charlestown Urban Renewal project and inclusion of additional streets would not only delay the construction work but cost additional money not allocated in the contract budget.

As part of the project, the 26 streets will have water and sewer lines replaced, catch basins and curbs reset and sidewalks and roadways reconstructed. Reavis also stated that the contracts will require that the contractor employ a coordinator to work with the residents and the BRA to help alleviate any problems that may arise and secure alternate parking

sites that would be made available to residents during the construction process.

Neighborhood Council Chairman Dennis McLaughlin stated that as soon as the contractor was chosen through the open bid process by the BRA, community meetings would be held in each area slated for street reconstruction. These meetings would allow residents to express their concerns to the BRA, contractor and project coordinator. He stressed the importance of residential participation at these meetings, and requested that all residents from the affected streets attend. Dates and locations of these neighborhood meetings will be announced in the *Patriot* as soon as the information becomes available.

Residents seeking information on the street reconstruction projects can call BRA Charlestown Liaison Jim Sullivan at 722-4300, ext. 5661.

The community was also updated on the status of the development of the Municipal Building at Lexington and Bunker Hill streets.

Representatives from the city's Public Facilities De-

partment (PFD) outlined the history of the development process and proposals for the building. The National Council of Senior Citizens has been allocated \$2.8 million to construct 43 units of elderly affordable housing on the site. Although the structure is eligible for inclusion on the National Register of Historic Buildings, PFD has determined that due to the deplorable condition of the building, its demolition would be necessary to provide housing units within the NCSC budget.

PFD explained that the development process would begin with public meetings in Charlestown to discuss all aspects of the project. These meetings will be announced in an upcoming edition of the *Patriot* as soon as dates and locations are determined.

The council meeting followed the presentation by the BRA and PFD. Council members present included McLaughlin, Vice Chairman Peter Looney, Treasurer Nancy Keyes, and members Jim Conway, Bud Coleman, Matt O'Neil, Kay Whelan, Kate McDonough, Mel Stillman, Tom Cunha,

Dan Kovacevic, Marty O'Brien Sr., Bob Wallace, Moe Gillen, Ed Callahan, Ellen D'Ambrosio and Marilyn Darling. Absent from the proceedings were Kevin Roche, Bob Scalli, Ed O'Connell and Jim Mansfield who is recuperating and "badly missed," stated McLaughlin.

The council heard from Wallace that the Hayes Square Committee had met with residents of the Bunker Hill Housing Development to discuss the conditions of the lot located behind McCarthy's Liquor store in Hayes Square. Wallace stated that with the cooperation of the Boston Housing Authority and the Bunker Hill Tenants Task Force, the lot has been cleaned and an agreement established that would include the council in discussion on any future

plans for the site.

Anne Considine, chairman of the Bunker Hill Tenants Task Force, announced that the BHA had determined that two, 30-yard dumpsters presently located on Monument Street will be moved to the lot and be contained inside a fenced off area. She also stated that a contractor working on the Central Artery/North Area (CANA) project will use a portion of the lot for construction trailers.

The news of the moving of the dumpsters to this site was upsetting to residents of Ferrin and Tremont streets who requested that they be located elsewhere. McLaughlin referred the matter to the Tenants Task Force, informing the residents that the council would

Development Committee Chairman Tom Cunha stated that a mid-June meeting would be held to present an update on issues pertaining to development in the Yard's End section of the Charlestown Navy Yard, parcels P-2 and R-107 "and any other outstanding development issues in the town," he added. Cunha stated that notification would be sent to the community through the **Patriot** once a date and

location has been determined.

Gillen stated that the Council-As-A-Whole met to discuss the Memorandum of Understanding between the Massachusetts Resources Authority and the city of Boston. The MOU laid out conditions and community benefits relative to the use of the former Revere Sugar facility on Medford Street as a personnel transfer site in conjunction with the clean up of the Boston Harbor. A vote on the MOU was taken by the council approving the is-

ssues discussed at the meeting.

Wallace presented to the council a petition from residents of the Main Street/Mishawum Park area, requesting a traffic signal be installed near the Eden Street Park. The council sent the petition to Boston Transportation Department Commissioner Rick Dimino for his consideration.

McLaughlin announced that the council will hold meetings this fall to begin the process of zoning Charlestown for all future development proposals.

Navy Yard Plaza Development Receives Preservation Award

Preservationists recently joined together to celebrate the 12th annual Preservation Awards Ceremony. The Massachusetts Historical Commission and Chairman Michael J. Connolly, Secretary of State, recognized 13 individuals and projects for their outstanding commitment and dedication to historic preservation. The event was held in Salem at the Hawthorne Hotel where Mayor Neil Harrington gave welcoming remarks.

Robert T. Kenney, Kenney Development Company, accepted a 1991 Preservation Award on behalf

of the Charlestown Navy Yard Plaza Development, Buildings 33, 34, 38 and 39. These four buildings are listed in the National Register and were a tax act project done according to the Secretary's Standards for Rehabilitation. Originally built as part of the Charlestown Navy Yard, these buildings became vacant and deteriorated structures. After rehabilitation they formed a 250,000-square-foot office/retail complex.

"I am pleased to present a 1991 Preservation Award to this project; it has visually enhanced the Navy Yard

and affirms the belief that historic preservation is valuable and economically viable," said Secretary Connolly.

The Massachusetts Historical Commission was established by the Massachusetts State Legislature in 1963 to identify, evaluate and protect the important historic and archaeological assets of the Commonwealth. As the state's historic preservation agency, it is the MHC's mandate to set statewide preservation planning, provide technical and financial assistance and to provide general and technical information.

Thomas Honored By Legion Old Friends

WILLIAM M. THOMAS (right), adjutant of Bunker Hill Post 26, The American Legion, was honored at the annual "Legion Old Friends" Banquet held recently at the Nonantum Post 440, A.L. in Newton. Thomas was presented a Paul Revere Bowl and cited for his almost 50 years of dedication and service to the programs of the Legion benefiting the needy veteran, widow and youth. Shown (left) is Past National Historian Jim Conway making the presentation to Thomas. (photo by Michael Tognarelli)

This zoning would include the five parcels that will become available in City Square after the CANA project is completed, as well as waterfront properties and any remaining sections of the community still to be developed.

Cunha requested that the council seek out all possible job opportunities for Charlestown residents from developers, businesses and agencies who had previously promised such positions to the council. "I'd like to know where those jobs are and if Charlestown people are getting them," he stated. McLaughlin turned the issue over to Looney as chairman of the Basic Services Committee for further investigation.

The next scheduled monthly Neighborhood Council meeting will take place on Tuesday, July 2 at the Knights of Columbus Hall.

June 1: Townie Oil 6 - Cronin Club 5. The winning pitcher was Brian Dole. Cronin Club scored one run in the first inning, but Townie Oil came back with four runs in the second. Kacvinsky, Junior JAFT Tie Up Smurfs — Joey Kacvinsky was the offense as Junior JAFT and the Smurfs battled to a 5-5 overtime tie in a game that had a great impact on the standings. Joe K had all five Junior JAFT goals. Jamie Hutchinson and Dave Burns each had a pair of goals for the Smurfs. Burns' second goal was the equalizer forcing the scoreless OT.

Collins, Cavemen Crush Devils — In the league's most lopsided game, Mark Collins accounted for eight goals and Paul Myers added seven as Ewey's Cavemen crushed the Devils 17-2. Devil goals were scored by Chris Bradley and Francis MacDougall.

MacNeil Tricks The 'W' — Greg MacNeil's hat trick was the difference as Snappies Revenge defeated Watchamacallits 7-3. Brendan Houlihan, Keith Wallace, Joe Tallent and Tom Holloran had single tallies for the winners. The 'W' got goals from Eric Ridlon, Steve Ridlon and Brian Lacey.

Burke Shines For Irish But Van Halen Prevails — Billy Burke had six of the eight Fighting Irish goals, but Eric Gould equalled the feat for Van Halen as the first place team scored an 11-8 win. Van Halen enters this final week still undefeated.

It was certainly a learning experience, and JAFT plans to participate in more such tournaments in the future. Tommy McGrath did a lot of the leg work in getting the team into the tournament.

Bunker Hill Women's Ball Hockey League . . . Plans are now being finalized for the 'new' Bunker Hill 20-and-under Women's Ball Hockey League that will take place this summer. The league will complement the Bunker Hill 20-and-under Men's Ball Hockey League in its second season this year.

Boys & Girls Club Two-Mile Road Race Continues A Tradition

by Charlie McGonagle

Back in the 1960s, an idea was conceived at the then Charlestown Boys Club. Road racing was just beginning to catch the interest of the public, and the club's administration thought it might be worthwhile to conduct a road race for local runners that would be a kickoff for the Bunker Hill Day Celebration. Nobody in that original group of planners could have predicted the eventual growth of the annual race.

As road running became more and more popular, the race began to attract more

and more competitors until last year when some 700 runners weaved their way through the streets of Charlestown in what has become known as the Raymond Group's Battle of Bunker Hill 8K Road Race to benefit the Charlestown Boys & Girls Club.

Somewhere along the line, the original intent of the race, a clubhouse activity to help celebrate Bunker Hill Day, seemed to be fading into the background. In an effort to hold on to that original intent, the club continued to conduct a Two-Mile Novice Race just

prior to the start of the Battle of Bunker Hill 8K affair.

During the past few years, a great deal of credit has to be given to Charlestown natives and Boys & Girls Club executive board members Lois Gallagher and Noreen Ridings for their efforts in helping to uphold this tradition. The two have shouldered the major portion of the responsibilities for the shorter race by mapping out the route, providing water stops and volunteers and offering a competitive event for the young people on the morning of Charlestown's most

popular day.

Because of the enormous amount of work needed to organize the Battle of Bunker Hill 8K Road Race, it would be easy to overlook the Two-Mile Novice Race. Through the work of Lois and Noreen, though, a tradition is being upheld and a goodly number of interested kids are grateful.

As an added incentive to entrants in both the Battle of Bunker Hill 8K and the Two-Mile Road Race this year, a free raffle ticket will be given to each competitor as part of his or her pre-
(continued on page 21)

Dear Charlestown Resident,

Every year the Boys & Girls Club staff takes several days near the end of June when we evaluate ourselves as a Club and the quality of the programs we offer our members. This year we would like to have your help in this process. We would appreciate it if you would please take some time in the next few days to fill out the following questionnaire and mail it to the Club or drop off at our front desk.

The goal of the Boys & Girls Club is to give our members a place where they feel they belong and at the same time are encouraged and challenged to reach their full potential. It is important as we approach our 100th anniversary (1993) that we receive your feedback on how successful we have been and your suggestions on how we can improve as a Boys & Girls Club. Thank you for taking your time to help us with this. Please return the questionnaires by June 18th.

Sincerely,

Jerry Steimel,
Club Director

SCHOOL SPOTLIGHT

News Notes From St. Catherine School

13 Tufts St., Charlestown

Where "There are no strangers, only friends you haven't met!"

• **Kindergarten Special** . . . Our first class of Kindergarten children — the class of 2000 — will be profiting educational-sponsored by Scott Foresman Co. The program will involve students in classification, patterns, graphing, measurement and geometry, time, money, fractions, probability, addition and subtraction readiness.

• **Sculpture With Meaning** . . . On May 30, students had the opportunity of having Lou Stubbs, architect for the Hayes Square renovation project, speak to them. Stubbs took the students step-by-step from wax to the finished project that was erected at Hayes Square on June 1. Students know the background of the statues and have seen how they evolved from photographs to a beautiful artistic piece. Art is not just paint, paper, yarn or markers — it is life. We offer our sincere thanks to Lou Stubbs.

• **Liturgically Speaking** . . . Grade one students, under the direction of Miss Fennell, will help the whole student body to celebrate at a final Liturgy at 9 a.m. on Friday, June 7. Since graduation will be on Sunday, June 9, this will be the last time that the students will join in Liturgy as a school community this year. We invite all who are able to join us in prayer on Friday, June 7 at St. Catherine Church. Grades one through seven will be in session until June 14.

• **Reunion Update** . . . Sister Alfredette, who is now at St. Lazarus, East Boston, taught grades seven and eight here at SCS from 1949 to 1953. She is the first of our former teachers to reply for the reunion. The committee awaits more replies.

The next meeting of the Reunion Committee is Wednesday, June 12 at 6:30 p.m. at the school. All are welcome to attend.

Other Religious who are planning to be at the Knights of Columbus Hall for the reunion on Nov. 9 are: Sister Mary Rupert, Sister Priscilla and Sister Colette. Reserve the night — read our column for further information.

• **At Last** . . . Emotions will be mixed on Sunday, June 9 at 11 a.m. at the Liturgy here at St. Catherine Church. Eighteen young men and women will receive diplomas from St. Catherine School. Gratitude is due their teachers, Sister Dorothy Burns and Mrs. McCahill. Also the teachers here at SCS, priests, parents and family members who have worked together with the class of 1991 to bring them this far on their educational journey are deserving of gratitude. It is our wish and prayer that these graduates will continue to be a credit to their family, town and church.

The graduates are: Michael Chase, Patrick Collins, Dennis Doris, Timothy Griffin, John Kelsey, Brian Lacey, Michael Lacey, Jeffrey Masse, Brian McGrath, James McIsaac, Shannon Anzalone, Jill Buckley, Nicole DeRoeve, Desiree Eatherton, Dieu Ngo, Melissa Pacheco, Victoria Pinder and Christina Poole.

• **What Is Spirit?** . . . Webster states that spirit is an "attitude." Spirit, or a positive attitude, has been very evident here at SCS. It certainly came through with "Granny's Attic!" Those who donated, those who sorted, those who carried items to the hall, those parents who came at noon on May 31 to set up, those parents and students who stayed in the hall until 7 p.m. on Friday, those who worked in the kitchen, those who worked or relieved during the day and those who came to buy — THAT IS SPIRIT! Spirit is also those unsung heroes who made donations to "Granny" for her "Attic!" We most sincerely thank all for ALL.

Mother And Daughter Graduates Of External Diploma Program

NANCY SNYDER, deputy director for the Jobs and Community Services Department of Boston's Economic Development and Industrial Corporation (EDIC) congratulates Susan Stone (above) and her mother Janice Fernandes (below) on their completion of the External Diploma Program. The Charlestown mother and daughter completed the alternative education program through the Charlestown Community Schools and were among 88 graduates participating in commencement exercises last Wednesday at English High School in Jamaica Plain. EDIC is the primary source of funding for the External Diploma Program.

Muller Honored At UMass/Boston

Marcio Muller of Constellation Wharf, Charlestown, received a Distinction in Economics award from UMass Boston, College of Arts and Sciences.

Muller was one of 1140 Arts and Sciences graduates among 2,546 who received

diplomas in colorful ceremonies held June 1 on the Harbor Campus. Nobel prize co-winner in physics Leon M. Lederman of the University of Chicago delivered the commencement address.

Low Interest Loans Available For College Students

Rep. Richard Voke and Sen. Tom Birmingham were pleased by this week's announcement that the Massachusetts Educational Finance Authority (MEFA) will offer below market-rate loans for qualified college enrolled students. Through the Family Education Loan program, 52 participating public and independent colleges and universities in Massachusetts will offer loans at an interest rate of 9.25 percent.

"The Legislature created MEFA in 1983 as a way of providing a supplemental source of financing for those who qualify for financial aid and a primary source of funding for those who are not eligible for aid. Since its establishment, more than 21,000 loans totalling almost \$160 million have been issued. The loan program represents another successful effort put forth by the Common-

wealth to aid families seeking ways to fund the dream of a college education," said Voke.

Birmingham, Senate Chairman of the Committee on Education, echoed similar thoughts about the program. "This is the nation's lowest publicly offered, fixed-rate educational loan available to students. With a repayment period of 15 years, families need only pay \$10.95 a month for each \$1,000 they borrow. Certainly, this makes for a more attractive financing option for those trying to cope with the costs of attending college," Birmingham noted.

Interested parties can obtain more information about the Family Education Loan Program by visiting the Financial Aid Office of any college or university, or by calling MEFA at 1-800-842-1531.

Thompson Graduates UMass/Boston

Stephen J. Thompson of Charlestown graduated *summa cum laude* on June 1 from UMass/Boston, College of Arts and Sciences.

He graduated with a dual major in English and Religion and received a Distinc-

tion in the Study of Religion Award at the school's award ceremonies on May 28.

Thompson, the son of Bob and Kay Thompson of Washington Street, is currently attending graduate school at UMass/Boston.

Cannizzaro Graduates From St. Michael's College

Dorene M. Cannizzaro, the daughter of Mr. and Mrs. Joseph Cannizzaro of Prospect Street, Charlestown, was one of 436 students who received bachelor's degrees May 12 from St. Michael's College in Colchester, Vt. Cannizzaro received a bachelor of arts

degree in philosophy.

Vermont District Court Judge Frank Mahady, known throughout the state as a courageous champion of the Constitution, gave the commencement address at the college's 84th graduation exercises.

Headstart And The Community

by Cheryl Maier Walsh
Charlestown Headstart
Education Supervisor

The Charlestown Headstart/Day Care Program has taken an active role in integrating its program with community services. We are proud to announce that Dr. Geller, a local pediatric dentist, has become a familiar face at the Old Kent School. Geller has visited many classrooms to meet with children and parents to discuss dental hygiene and good nutrition. The children have been working hard at learning how to take good care of their teeth.

An exchange has also been developed with the Harvard-Kent School special needs classroom. Headstart children have been visiting the Harvard-Kent classroom and the combined group has participated in many fun activities together.

CLASSROOM THREE listens as Dr. Geller demonstrates how to brush the front, back and sides of teeth.

We are happy that our preschool children have been able to meet community service people and be

School, 23A Moulton St. (Hayes Square) from 10 a.m. to 2:30 p.m. on Wednesday, June 12 to provide information to parents on keeping children safe.

The program is planned in response to parents' concerns about how to protect their children from strangers and potential dangers, and to provide some guidance to parents in the area of prevention as opposed to paranoia.

In addition to the information sharing, with parent's permission, children can be fingerprinted by the Sheriff's Department officers. Fingerprinting children, when done in conjunction with an education and awareness approach to child safety, provides an additional piece of information to investigators when a child is reported missing.

CLASSROOM ONE joined a Harvard-Kent classroom in singing favorite tunes.

exposed to a variety of learning experiences.

We hope to invite representatives of other such programs to visit our school and meet our children.

The next event scheduled to take place is the Missing Child Prevention Program. Gerry Lydon, public affairs representative from the Suffolk County Sheriff's office, and two officers will visit the Headstart/Day Care program at the Old Kent

dren, when done in conjunction with an education and awareness approach to child safety, provides an additional piece of information to investigators when a child is reported missing.

We look forward to sponsoring this event and extend an invitation to all Charlestown residents to participate!!

Permission slips for fingerprinting will be available from the staff at the school.

Silver Jubilee To Be Celebrated By Rev. Edward Kelley

As Charlestown gathers to celebrate Bunker Hill Day on Sunday, June 16, another celebration will be taking place on the west coast. Rev. Edward J. Kelley will gather with family and friends to mark the occasion of his 25th anniversary in the priesthood.

Father Kelley was ordained in 1964 after completing his studies at St. John's Seminary in Brighton. He became associate pastor at St. Mary Parish in the early 1970s and immediately captured the hearts of its parishioners. During his stay in Charlestown, Father Kelley worked closely with Matt O'Neil Sr. who at that time was in charge of the CYO hockey teams. Father became friendly with Kevin Roche who helped with the CYO.

After leaving St. Mary Parish, Father Kelley entered the U.S. Navy where he

has served as a Captain in the Chaplain Corps. He is now stationed in San Diego.

During a recent trip to Boston, Father Kelley expressed interest in the many children and families he knew while stationed at St. Mary Parish. He recalled the O'Connors, the Fratalias, the Gould family, the Hammano family, the Leonard and the many individuals who coached sports, including Bobby Thompson, Betty Barnes Golden, Peter Golden and Bernie Kelly. He also remembered the many children who were in the CYO.

The occasion of his Silver Jubilee would be an opportune time for his friends to send him a greeting. Address all notes to: Rev. Edward J. Kelley, Quarters T Naval Air Station North Island, San Diego, Calif. 92135.

Birmingham And Voke Sponsor Violence Prevention Awareness Week

The epidemic of violence is affecting families and youth across the Commonwealth.

Statistics show:

- In Massachusetts, a woman is killed by her husband or boyfriend every 22 days;

- In this state, violence (suicide and homicide) is the leading cause of death among children;

- In 1987 there were 7,943 juveniles held in Massachusetts for violent offenses (murder, forcible rape, robbery, aggravated assault) - the annual cost of holding a juvenile in a state facility is \$44,100;

- In 1989, battered women's programs in Massachusetts

sheltered 5,202 women and children who were forced to flee the violence in their homes and for each woman sheltered, at least one was turned away for lack of space.

While law enforcement and prosecution of those who commit violent crimes is imperative, it is time to start preventing violence. For this reason, Sen. Tom Birmingham and Rep. Richard Voke are sponsoring Violence Prevention Awareness Week.

One of the highlights of the week was a day of events at the State House on June 4 including presentations by student groups and various speakers.

Birmingham and Voke encourage school and community groups to focus on violence prevention methods. They hope that schools in Charlestown will devote class time to discussion of the causes of violence and alternative methods of conflict resolution. They prais-

ed the good work of programs in the community that are attempting to reduce violence including CHARLESTOWN Against Drugs, the Charlestown Boys & Girls Clubs, The Kennedy Center and the Boston Chapter of Parents of Murdered Children.

A Rose Tribute

Many years ago Butsy McCarron lived at 118 Medford St. and he planted a rose bush that blooms faithfully every year by the end of May. It is so beautiful to look at and to remember who planted it.

Most of the tenants have passed on or moved, but I am still here — 50 years as of June 7 — and my family and I sure do appreciate it. Butsy passed on several years back, but he is still remembered.

Please Reconsider Dumpster Location

May 30, 1991

Jean Guggio, Manager
Charlestown Development
Boston Housing Authority
55 Bunker Hill St.
Charlestown, Mass. 02129

Dear Jean:

It has come to my attention that the Boston Housing Authority intends to place two 30-foot trash dumpsters on its parcel of land located across the street from the Old Kent School (23A Moulton St.) and under the Mystic Tobin Bridge.

While I understand this to be a temporary measure during Boston Housing Authority's renovation of its buildings, I am writing to voice my concerns regarding the placement of the dumpsters specifically in this area.

Although the land seems isolated and separated from residential homes, the Old Kent School sits just across the street from the parcel and is home to 159 youngsters on a year-round basis.

We are in the final stages of completing the playground in front of the Old Kent School to be used for the first time in three years as a safe play area for school children from

8 a.m. to 6 p.m. The playground will also be used before and after regular school hours by neighbors who primarily live in the Charlestown Housing Development. In fact, Massport has contributed more than \$100,000 for the playground renovations.

Furthermore, the Kennedy Center has arranged for the daily pick up of trash at a cost of more than \$5,000 per year to avoid placing a dumpster on our property and/or adjacent to Boston Housing Authority property in order to avoid not only a dumpster but, more importantly, to avoid the infestation of rodents, insects and the fire hazard that usually accompanies the placement of dumpsters.

I am very impressed by the efforts of the Boston Housing Authority to clean up the aforementioned parcel of land and the renovation of the basketball courts next door to the Old Kent School playground.

Taking into consideration the enormous amount of hard work and expense that has gone into renovating the Old Kent School and grounds, the Hayes Square triangle plus the parcel of land under the bridge, won't you please reconsider placing the dumpsters on this parcel.

On behalf of the Headstart/Day Care children, families and staff, your attention to this matter is appreciated.

Sincerely,
Maryellen Connors
Headstart/Daycare Program Director

Thank You

Thank You, Charlestown

17 May 1991

To The Editor:

We write to you to let you know that we had a beautifully caring Charlestown girl in our midst and we unfortunately had to say goodbye to her. Melanie and the Marsden family came into our lives last September when we decided to take Melanie into our family as an exchange student for six months here in Sydney, Australia.

We came to know them so well just by writing to each other that by the time Melanie arrived, we were immediately settled with each other in a family way and got on with enjoying each other's company. Marsden High School was thrilled to have her and she made every effort to fit in comfortably and gain some really lovely friends. The dean and teachers were really happy with her progress and the work effort she put into the subjects she took. She had enthusiasm and pride to gain good grades here also. She is being miss-

ed terribly here but under the circumstances, with Zeke Marsden becoming very ill, she is where she is needed most.

Melanie had worked so hard over 18 months to make this trip a reality for her. She did it all by herself in sheer, hard enthusiastic work whilst still reaching the good grades at school. It is great to see the stamina our kids of today still have to "achieve" and she is a wonderful example of the kids of the future that Charlestown should be very proud of. What a pity though that her exchange program time with us had to be cut short, but then there was no other alternative. We just miss her very much.

We had arranged and were ready and packed to go to take her to the southern parts of Australia on our holiday to see more of our country, and she was sadly whisked away the day of our leaving for this planned holiday. Whilst we were packing for our trip, we had to unpack Melanie's luggage and repack both luggages for separate trips. We had our

final goodbyes at the airport at 1 p.m. for Mel, and were leaving for south Australia by 7 p.m. the same day. With the news of the deterioration of Zeke in her mind all the time, we were so worried about her being in the air by herself whilst we were driving on the ground. However, it is very important to be where you are needed most first and we fully understand, as everyone else does, that family and friends are so precious.

We love her family very much and have come to know that all of Charlestown does too. We have never experienced the wonderful assistance that everyone is giving from all over the place, but most of all in their own town which is extremely comforting. It is definitely a case of "in time of need you know who your friends are" and that is certainly all of Charlestown.

Charlestown, you have a right to be very proud of this town with the care that its people show to their fellow man, especially in a world where so much turmoil exists. We are so pleased that all this care is given not only to one man but also the family. Your support was desperately needed and was given immediately in friendship and deeds.

From the bottom of our hearts, we thank you, Charlestown, for making the world a wonderful place after all for the Marsden family to live in.

Yours sincerely,

John, Johanna, Kerrie & Sally Rosee

Thank You All

Dear Gloria,

We, the brothers and sisters of Lt. Col. James O'Donnell, would like to thank Bunker Hill Post 26, The American Legion and our fellow Townies for all the love, support and kindness shown to our brother during Operation Desert Storm.

The support given by our town will never be forgotten.

Love,
