

Baking Soda

EASY HOME & CLEANING TIPS

Fresh Clothes

Add a cup to your wash to make your whites whiter and brighter.

Freshen Carpets

Sprinkle generously and wait 15 minutes before vacuuming away.

Kitchen Cleaning

Sprinkle on a damp sponge to clean appliances, surfaces and sinks without a scratch.

Cookware

Soak pots and pans in hot water and baking soda for 15 minutes before wiping away.

Oven Overhaul

Scrub your oven and grill with baking soda and a brush to bring back that shine and wipe away built up grime.

Silky Smooth Skin

Exfoliate your face and body with a paste of 3 parts baking soda to 1 part water.

Baby Toys

Clean toys safely and without harsh chemicals by soaking toys in a mixture of 1 litre of water and 4 tablespoons of baking soda.

Wall Marks

Remove crayon and other marks from walls by making a paste of baking soda and water to gently rub marks away with a soft cloth.
