

## LUCY'S VAPOR PENS

The ego one by Joy tech is a awesome stealth vaporizer that is made completely of stainless steel. If you don't want to hassle with the constant work that MODs require but still want large [organic vape](#) clouds then this is definatly a good pick.

The adjustable air flow allows for larger or smaller vapor clouds depending on your desire.

Please call us at 1-805-459-7370

Customer Service Hours M-F 9am to 5pm PST
