

==Before 2011==

""10/17/04"": Zaraqawi pledges allegiance to bin Laden & al Qaeda. In 2002 GWB and his administration prevented CIA to kill Zaraqawi. It also was so that there was NO proof that Zaraqawi worked with Saddam Hussein, but in 2003 Powell stated it as a fact that he did.

""09/02/05"": Frank Giustra travels to Kazakhstan to finalize UrAsia Energy Ltd's buy of a private Kazakh company's mining stakes. It is said he travelled with Bill Clinton. BC helped him to get the deal done, they also meet with President Nazarbayev. In 2006 FG donates lots of money to Clinton Foundation and later even more. He also starts the arm of the Clinton Foundation in Canada

""11/11/05"": Zamanbek Nurkadilov, a former Mayor of Almaty who joined an opposition party and threatened to publish documents proving government "high level" corruption in President Nazarbayev's administration, is found dead. He was shot three times, twice in the chest and once in the head. The government rules his death a suicide.

""12/??/05"": Nursultan Nazarbayev wins another 7-year term as President with 91 percent of the vote. Mr. Clinton congratulated Nazarbayev on the win in a letter which states, "Recognizing that your work has received an excellent grade is one of the most important rewards in life."

""04/??/06"": As the civil war raged in April 2006, Zaraqawi did something bold: For the first time ever, he revealed his face on camera. In a 34-minute propaganda video, Zaraqawi is shown meeting with his lieutenants, firing an American machine gun, and describing himself as "the brains of Al Qaeda in Iraq." Zaraqawi would also use the video to make a surprising proclamation: He would create an Islamic state, the first step toward a global caliphate. It was something that bin Laden himself had yet to push for.

""02/12/07"": Uranium One buys UrAsia Energy Ltd for some 3 billion dollars. UrAsia Energy is still controlled by one of its investors, Ian Telfer, a Canadian. Later he donates lots of money to the Clinton Foundation.

""02/??/07"": KazatomProm CEO Moukhtar Dzhakishev travels to meet with Bill Clinton in his home for a meeting arranged by Frank Giustra. Giustra sold his stake in UrAsia also in 2007, this gives Uranium One the stakes in Kazakhstan UrAsia owns.

""04/??/07"": Uranium One starts buying uranium mines in Utah, Wyoming & Texas

""03/06/09"": HRC gives Lavrot the famous red button for the overload... i mean reset

""05/??/09"": Moukhtar Dzhakishev is removed from his position and arrested "on charges that he illegally sold uranium deposits to foreign companies, including at least some of those won by Mr. Giustra's UrAsia and now owned by Uranium One."

""06/14/09"": Rosatom, the Russian Federation state corporation that oversees nuclear energy seeks to buy into Uranium One. ARMZ, a subsidiary of Rosatom buys 17% of Uranium One.

""11/??/09"": the FBI starts gathering substantial evidence that Russian nuclear industry officials were engaged in bribery, kickbacks, extortion and money laundering designed to grow Vladimir Putin's atomic energy business inside the United States. (Mikerin)

""04/08/10"": President Obama and Russian President Dmitry Medvedev signed a major nuclear arms control agreement that reduces the nuclear stockpiles of both nations. The new Strategic Arms Reduction Treaty -- known by its acronym, START-- builds on a previous agreement that expired in December.

""04/16/10"": Campbell (U1 FBI-informant) provided FBI handlers his concerns about Tenex, completely owned by Rosatom, about its ongoing work to provide Iran with the technology needed for its nuclear reactor program! TENEX continues to supply Iran with fuel through their Russian company TVEL,

""05/??/10"": Obama re-submitted the agreement for approval by the Democrat-controlled Congress in May 2010, declaring Russia should be viewed as a friendly partner under Section 123 the Atomic Energy Act of 1954 after agreeing to a new nuclear weapons reduction deal and helping the U.S. with Iran.

""05/??/10"": In May 2010, major powers including the U.S., [China](#) and Russia agreed on sanctions against [Iran](#). Three days later, the Obama Administration cancelled sanctions against the Russian state arms export agency, which had been sanctioned for exporting arms to Iran.

""06/??/10"": Rosatom takes steps to obtain larger shares in Uranium One and contacts the Committee on Foreign Investment in the United States for review and potential approval. Telfer keeps donating to the Clinton Foundation, this year his company appealed to the American Embassy to help keep its mines in Kazakhstan.

The case of the FBI concerning Russia, Tenex, Rosatom is kept in the dark by Rosenstein, Holder & Mueller, although they already had strong evidence of bribing, kickbacks & money laundering (clear violation of the US Foreign Corrupt Practices Act).

(Rod Rosenstein served Maryland, as the top federal law enforcement officer in the State and was the only

person with the authority to present matters to a federal grand jury in Maryland until he was appointed to and confirmed by the US Senate, as Deputy United States Attorney General under Jeff Sessions. Mueller is FBI director. The case being built against Mikerin in 2010 was under the supervision of Maryland U.S. Attorney Rod Rosenstein. Mueller was director FBI)

""06/29/10"": Bill Clintons trip to Moskou, doing a speech (well payed) and meeting Arkady Dvorkovich, a board director of Rosatom. He also had a meeting with Putin.

""10/??/10"": partial sale of Uranium One to Rosatom is approved by CFIUS, Rosatom owns 51% of Uranium One now. FBI & DOJ still haven't informed congress and others of the investigations concerning this deal (tenex & rosatom).

==2011 tot 2016==

""03/21/11"" : "Neither Uranium One Inc. nor AMRZ holds a specific NRC export license. In order to export uranium from the United States, Uranium One Inc. or ARMZ would need to apply for an obtain a specific NRC license authorizing the exports of uranium for use in reactor fuel," then-NRC Chairman Gregory Jaczko wrote Barrasso. But later seems that from 2012 to 2014 Uranium did leave the US. It seems that NRC did some other things (amendment to an existing export license trucking firm (RSB) to simply add U1 to the list of clients whose uranium it could move to Canada) rather than just giving Rosatom a license (would have raised red flags)

""09/28/11"" : Flynn becomes assistant director DNI

""10/??/11"" : Songbird, his good pal Graham have a meeting in Libya with Abdelhakim Belhadj (ex-taliban, now known al Qaeda- later ISIS) after the death of Moammar al-Qadhafi on October 20. Richard Blumenthal was also there.

""06/13/12"" : Bachman & Gohmert (together with a few others) send a letter to state department (and other inspector generals) requesting investigation into Muslim Brotherhood infiltration into US (Huma Abedin): Songbird went crazy about it and defended Huma, also Mike Rogers defended Huma! (later on Trump campaign and fired just before Adm. Rogers visited Trump Tower.

""07/??/12"" : Flynn becomes director DIA

""01/??/13"" : Rosatom buys Uranium One completely and the company becomes a private company. Uranium One was represented by the Podesta Group from 2011 to 2013. In those days Stephen Harper was PM of Canada, although conservative, he had socialist plans & compared with HRC, he was to the left of her.

""03/??/13"" : NK, Iran & Syria block a UN arms trade treaty (standards for all cross-border transfers of conventional weapons)

""04/??/13"" : ISIS is formed by Baghdadi, he took over from al Zarqawi and since Obama took the troops from Iraq he regrouped their troops and started taking back large areas.

""05/??/13"" : Songbird meets in Syria with rebels, al Qaeda & even with Baghdadi (ISIS) he calls them brave fighters in Syria! <https://twitter.com/SenJohnMcCain/status/339455679800700928>

""06/13/13"" : The date of a letter sent by U.S. Senator Charles Grassley (R-IA), to Secretary of State John Kerry about Huma Abedin, the former Deputy Chief of Staff to then Secretary of State Hillary Clinton, matches the date on a letter sent by Rep. Michele Bachmann (R-MN) and four other congressmen to the State Department's Deputy Inspector General from one year earlier, about Abedin's irrefutable familial ties to the Muslim Brotherhood. Bachmann's letter was dated June 13, 2012 and Grassley's letter is dated June 13, 2013. Perhaps providing a bit more intrigue is that Grassley wants answers to questions surrounding Abedin's alleged resignation from her position as Hillary's Deputy Chief of Staff at a time when she was at the center of controversy resulting from her being named in Bachmann's letter. Though Grassley makes no reference to the timing of these two things, had news of Abedin's departure been made public at that time, it would have most certainly added to the controversy.

""01/31/14"" : Adm Rogers becomes director of NSA

""07/??/14"" : ISIS leader Baghdadi announced the formation of a caliphate stretching from Aleppo in Syria to Diyala in Iraq, and renamed the group the Islamic State. (rumors are that Baghdadi actually is named Shimon Elliot, an Israeli, MOSAD and trained by CIA & MOSAD, but have to say: rumor, no proof!)

""08/??/14"" : Flynn retired from US Army after 33 years (Admiral Mike Rogers, the director of the National Security Agency : "Flynn is the best intelligence officer of the past 20 years.")

""10/08/14"" : Flynn gets his ethics restrictions (apply to Flynn in retirement) also his disclosure responsibilities under the emoluments clause.

""12/??/15"" : The Justice Department – five years after the first evidence of criminal wrongdoing- offers a plea bargain and jail sentence for the Russian executive in charge of Tenex. (Mikerein) Justice officials involved in the "silent" 2009 to 2015 investigation of Rosatom include Robert Mueller, James Comey, Rod Rosenstein, and Andrew McCabe

""01/??/16"" : Campbell (U1 FBI-informant) : FBI invited him to a dinner in Crystal City, Virginia, where they

""07/05/16"" : Comey does a press conference and recommends no criminal charges (Obama used the server too together with members of his cabinet, they send mails under alias to HRC, Obama lied about that.. If HRC would have been convicted, Obama had a big problem, so the "no criminal charges" protect Obama & cabinet too)

""07/07/16"" : Comey tells House Oversight that Clinton did not break the law

""08/04/16"" : US sent plane with cash to Iran, said it was part of the Iran nuclear deal, but could this be to pay back the countries that sent money to Clinton Foundation for Haiti 2010 (Iran Nuclear Deal) but also don't forget Iran & NK work together...

""09/20/16"" : Soros (Open Society Foundations), UN refugee agency & Canada make a deal to promote an initiative that will help Canada and other countries to resettle greater numbers of refugees, Global Refugee Sponsorship Initiative (all points to Soros trying to destroy Canada with refugees, crime, open borders, MS-13 (funded by Soros), climate change idolatry. Alex Soros is the one doing the traveling and meetings mostly. Prime Minister Justin Trudeau is close allies with George Soros, and John Podesta, he took \$20 million dollars from Canadian tax-payers in July to give to his friends Bill and Hillary Clinton. He is glowingly referred to as "Mr. Canada" in John Podesta's leaked emails, and they recognize him as a close ally to Democrats and the Podesta-linked Center for American Progress, "Prime Minister Trudeau has been a longtime progressive ally of CAP's [Center for American Progress, allied to the Democratic Party]... an active and engaged partner in our Global Progress program")

The nonprofit, the Clinton Giustra Enterprise Partnership (Canada), operates in parallel to the Clinton Foundation. Trudeau donates taxpayer money to this foundation later. (so Giustra, Clintons, Podesta, Soros & Trudeau are all connected, Giustra with Uranium One, Podesta with Uranium One)

""10/10/16"" : Flynn met in New York with Turkish community leaders linked to Erdogan, they talked about Gulen

""10/28/16"" : FBI announces reviewing new emails connected to the investigation HRC and server (mails Weiner laptop)

""11/15/16"" : Flynn joined Trump for an intelligence briefing.

""11/16/16"" : FIG contract with Inovo expires today

""11/17/16"" : NSA adm Rogers visits Trump Tower (Mr Trump) (probably warns him that he's being spied on by Obama adm.)

Interestingly, at the EXACT SAME TIME, just before NSA Rogers visited Trump Tower, another Mike Rogers – the former House intelligence Chairman who retired after lying about the Benghazi fiasco – was kicked off the Trump transition team on intelligence. No one could figure out why he was kicked out. However, if you've read the Benghazi Brief you know how damaged, corrupted and untrustworthy Chairman Mike Rogers was – as he previously sat on the Oversight gang of eight.

If I were a wagering person, I'd say NSA Rogers was only going to meet with President-Elect Trump if the ears of the corrupted, dangerous and easily blackmailed Mike Rogers were gone.

The Podesta Group, along with Manafort's firm, were tasked with leading an PR effort on behalf of a group called the European Centre for a Modern Ukraine.

The ECFMU was a non-profit group whose true goal was allegedly to soften the Obama administration's opposition to the pro-Russian Ukrainian government in power at the time. (Several Ukrainian leaders were facing public condemnation from the American government for their treatment of political opponents.) The Podesta Group, along with Manafort's firm, were tasked with leading that effort on behalf of the European Centre for a Modern Ukraine. (In the indictment of Manafort\_unsealed on Monday, the Podesta Group appears to be referred to as "Company B" but never referred to specifically by name.)

Then he warned the Democrats and by that he means you Tony Podesta and the rest of the gang about what's coming next. According to the Washington Examiner Chuck said it is high time we started enforcing the FARA (Foreign Agents Registration Act) requirements. One of the charges levied against Manafort was failure to register according to FARA. A charge that caused Tony Podesta to step down from his high-powered job because he knows Mueller is out to get him next.

"The dirty little secret is that lots of people across the political spectrum in Washington have skirted their FARA registration obligations for years with little to no accountability. I've been working on legislation to improve the Justice Department's enforcement of FARA, and expect to introduce it very soon," Chuck added. (helping mr Trump to drain the swamp)
