

better products for a cleaner environment

TYPHOON SM120

Typhoon SM120 - A commercial dry vacuum which is developed in close cooperation with professionals in the industry for constant and continuous commercial applications over long periods of time. It is most suitable for cleaning both carpets and hard floors in offices, hotels, and institutions.

The user-friendly double roll swivel castors and large rear wheels, together with the motor mounted on the base as against the top in most vacuum cleaners, lowers the center of gravity, and makes maneuvering in tight spaces light effort even with the toughest work load.

Discharge of air via the bottom reduces operation noise and provides good suction. With multi-stage filters and exhaust air filtration, **Typhoon SM120** ensures operator as well as environmental protection at all times.

Washable cartridge filter and disposable microfibre filter bag

Rear panel with user-friendly on/off switch

Standard accessories for Typhoon SM120

<i>Technical Specifications</i>	<i>TYPHOON SM120</i>	
Power supply	V	220-240
	Hz	50/60
