
The Federal Government of The Imperium of Diamond's

Finland as an attempt by the rise of competition in order to promote crime and global terrorism

Friday, January 6, 2017

The Government of the Republic of Finland is a member of the European Union, which is in line with terrorist body at the level of global crime.

The Government of the Republic of Finland is active for the purpose of self-abuse of rights ID's intelligence and political intelligence project designed to unify the world. The Government of Finland, due to join the European Union, and other responsibilities of the International political order, therefore, must not misuse any act constituting damage strategies Imperium of Diamond's because it's the act in order to promote Global terrorism affecting the rights of all states in the world and everyone individuals, power of Global Democracy.

The Government of Finland is so active in order to promote world terrorism, without any interest in the legal process, and therefore the government of Finland has to face the responsible act of punishment, it means stop government functions and the internationalization of the territory on behalf of the World Diamond International Alliance.

If the government of Finland wants to legally and without criminal promote the growth of self-interest projects using Imperium of Diamonds, then only in the case of support for founding a political party The One World and application promotion projects and this name. The Finnish Government must stop further contact with any format of European Union policy based on terrorism. At the same time, the government of Finland and must be confirmed by the full criminalization without due coordination with the subject of terrorism.

If the instruction is not carried out;

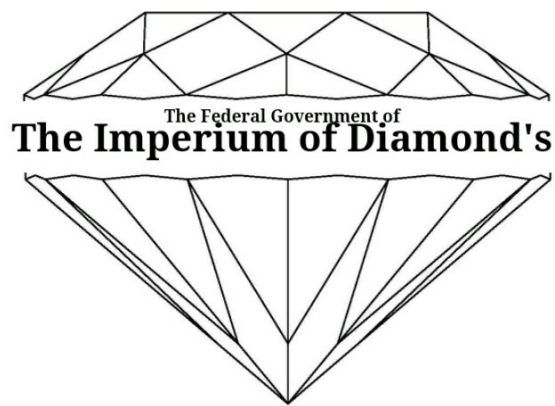

All business companies and corporations have an obligation to refuse any profit which originated from this project a terrorist purpose. If the trader does not comply with such a requirement, its assets must be filled at, and internationalized behalf of the World Diamond International Alliance. The trader is identified as a terrorist, making it suitable for disposal.

Finland will be internationalized territory, sovereignty based WD International Alliance, it is a legitimate act of UNGA conventions as well as the obligation of the

UN Charter therefore mean principle, the force of law committed to global democracy in countries around the world. The Finnish Government is therefore automatically become without legitimacy!

If the terrorism and terrorist cooperation anytime repeat it produces a full right to claim the achievement of meaning carried out an act of liquidation of Finland to the use of weapons of mass destruction.

The Act is entitled under International law, International law is an act that maintains world peace and order. I thank all the parties that support the liquidation of Finland, then the land will be used for the extraction of raw materials and the development of a common civilization WD International Alliance.
