

Microwave Short Grain White Rice

This recipe works best with short grain rice.

- Combine 1-cup rice and 1-1/2cup water in a 2 quart casserole dish
- Partially cover the dish to reserve some of the steam
- Microwave on full power for 5 minutes.
- Then stir rice and microwave again on 50 percent power for 10 minutes.
- When done. fluff up rice with a fork
- Cover the casserole dish with a couple paper towels to absorb the moisture and then top the paper towels with the casserole lid.
- Set aside until ready to serve.##
