

**Dial Before  
You Dig has  
changed!**

# Protecting Vital Assets

- You
- Power (above and below)
- Communication
- Water
- Sewer
- Drainage
- Sites – airports, universities, hospitals, ports, etc
- Contaminated sites
- Heritage and environmental areas
- Future infrastructure areas

# It's Easy, Free and Simple!

Customer/User

1) Customer/User lodges an enquiry

3) BYDA member is notified

2) BYDA sends confirmation

4) BYDA members send plans to BYDA, who then forward them to the customer/user

Comms

Water

Electricity

Oil & Gas

LGA's

Others

# What are we doing?

- Engaging with Industry to have our Damage Prevention Seminars certified for CPD points
- Increasing the frequency & availability of these sessions
- Working with Members (Asset Owners) to help improve processes
- Assisting our members to improve accuracy of data
- Engaging with Regulators and Industry bodies to ensure our message is promoted
