# SARA PRINT WORTHY

Summer is undoubtedly the season of the print, which means never a dull moment in your wardrobe. Florals, stripes, spots, animal prints and tropical patterns show up on shirts, tees, pants and dresses. They can be subtle on a neutral ground or all over bright. But you just won't get through the season without them. Another trend we're loving is the emergence of blue as a key colour. Our swimwear on page 50 is a special treat. And if it's all too much you can turn to our basics to keep things in balance.
