This in itself could be eloquent testimony to her ability since it would want two mirrors to capture this oblique figure. More considerably, she shows herself as Pittura, the female personification of painting – see above-.

Conforming to Ripa's prescription for Pittura- with the odd change similar to omitting the blindfold symbolising the muteness of painting- Artemisia is clothed in the cangiante robe displaying a attribute of the artwork. In exhibiting herself as Pittura, Artemisia avoids the masculine tradition during which Pittura is proven as a female muse to the painter who's inspired by her to color. This has a beamed ceiling, three canines, one of which barking at his master's canvas- this is a witty method of suggesting the canine thinks it's the real individual.
