

Minecraft Java Edition PC Gift Redeem Code Only (No CD/DVD).

This is a game that allows you to let your imagination run wild. You have the ability to create a whole world and share it on the internet. This is a "sandbox", coded in Java, with its 8-bit graphics style. It's not very attractive, but it's still incredibly fun. Several modes are available like the Classic Mode or Survival Mode where you must survive in a randomly generated world. The map is massive and can cover 10 times the land surface! Everything is possible: trees and forests, rivers, volcanoes deserts, mountains, animals, monsters... Even if all goes well during daylight, the monsters will come out at nightfall. You should be very cautious. STEVE IS BLOGGING This is where your building skills with traps and all other shelters will be of use. You will need the resources found in the earth or hidden chests to build your stuff. Limit of 1 Qty for each customer. Screenshot of your profile is required.
