Message Title: Esther's Second Feast
Esther 7

Questions:

1) How does Esther demonstrate humility in these first few verses? How is that different from the way that Haman addressed the king in the last chapter?

2) How does Esther demonstrate wisdom in verses 3-4?

3) There is a significant amount of literary contrast in the last couple of chapters. In what ways do we see God working through those? (i.e. Esther fasted but Haman and the king feasted)

4) Application: God is at work in the subtly of this chapter. How does this encourage us in the current environment that we find ourselves?
