## **SNG ONE +**

**Quick User Guide – guide d'utilisation rapide- guía rápida del usuario–  
Kurzbedienungsanleitung – korte handleiding - guida rapida all'uso**

**Mandatory: register your warranty online and download the complete instructions. Read them carefully, especially the safety instructions! Direct link from the Start'N'Grill application.**

**Keep out of reach of children, people with mental disorders and those under the influence of alcohol, drugs or medication**

**Before connecting the device, make sure that the data on the signalling plate matches the data on the network.**

**Download the Start'N'Grill application from the Apple Store or Google Play Store.**

**Connect the barbecue's ignition box to a power outlet (checking beforehand that its technical data are adapted to your electrical network) and press the ON button**

**Activate the bluetooth on your smartphone**

**Connect the barbecue: open the application that will automatically detect the bluetooth signal of the barbecue.**

**Select the bluetooth signal (the application is programmed to recognize only the bluetooth signal of the barbecue and not the bluetooth signals of other devices): the barbecue and the smartphone are now paired.**

**Check that there is coal in the barbecue. (hanging tray provided for this purpose)**

**You can now light your barbecue without effort: press the start button or program a delayed start**

**Leave the doors open when using the barbecue**

**You can also: set your cooking times, access original recipes or order accessories.**

**You can also light the barbecue without an application by pressing the Start button next to the ON/OFF button**

**A universal power outlet and 2 usb ports are at your disposal for your convenience.**

**They will allow you to power the usb lamp but also to recharge your smartphones or to connect a rotisserie for example.**

**Please unplug the Start'N'Grill ignition box and protect the barbecue under its cover after each use.**

**Only for countries of the European Union:**

In accordance with the EU Directive 2012/19/EU on waste electrical and electronic equipment and its implementation in accordance with national legislation, power tools that can no longer be used must be separated and sent to an appropriate recycling route.

**We reserve the right to make changes.**

**Obligatoire: enregistrez votre garantie en ligne et téléchargez le mode d'emploi complet. Lisez-le attentivement, notamment les consignes de sécurité!!! Lien direct depuis l'application Start'N'Grill.**

**Tenir hors de portée des enfants, des personnes souffrant de troubles mentaux et celles sous prise de l'alcool, la drogue ou médicaments**

**Télécharger l'application Start'N'Grill sur Apple Store ou Google Play Store.**

**Brancher le boîtier d'allumage du barbecue sur une prise de courant (en vérifiant préalablement que ses données techniques sont adaptées à votre réseau électrique) et appuyer sur le bouton ON**

**Activer le bluetooth sur votre smartphone**

**Connecter le barbecue: ouvrir l'application qui va détecter automatiquement le signal bluetooth du barbecue.**

**Sélectionner le signal bluetooth (l'application est programmée pour ne reconnaître que le signal bluetooth du barbecue et pas les signaux bluetooth des autres appareils) : le barbecue et le smartphone sont maintenant appairés.**

**Vérifier qu'il y a bien du charbon dans le barbecue. (bac suspendu prévu à cet effet)**

**Vous pouvez désormais allumer votre barbecue sans effort: appuyez sur le bouton start ou programmez un départ différé**

**Laisser les portes ouvertes pendant l'utilisation du barbecue**

**Vous pouvez aussi: minuter vos temps de cuisson, accéder à des recettes originales ou encore commander des accessoires.**

**Vous pouvez également allumer le barbecue sans application en appuyant sur le bouton Start situé à côté du bouton ON/OFF**

**Une prise de courant universelle et 2 ports usb sont à votre disposition pour votre confort. Ils vous permettront d'alimenter la lampe usb mais également de recharger vos smartphones ou encore de brancher une rôtissoire par exemple.**

**Prière de débrancher le boîtier d'allumage Start'N'Grill et de protéger le barbecue sous sa housse après chaque utilisation.**

**Seulement pour les pays de l'Union Européenne :**

Conformément à la directive européenne 2012/19/UE relative aux déchets d'équipements électriques et électroniques et sa mise en vigueur conformément aux législations nationales, les outils électroportatifs dont on ne peut plus se servir doivent être isolés et suivre une voie de recyclage appropriée.

**Sous réserve de modifications.**

**Obligatorio: registre su garantía en línea y descargue las instrucciones completas. Léelas con atención, especialmente las instrucciones de seguridad. Enlace directo desde la aplicación Start'N'Grill.**

**Mantener fuera del alcance de los niños, de las personas con trastornos mentales y de quienes estén bajo la influencia del alcohol, las drogas o los medicamentos**

**Antes de conectar el dispositivo, asegúrate de que los datos de la placa de señalización coinciden con los de la red.**

**Descargue la aplicación Start'N'Grill desde la Apple Store o Google Play Store.**

**Conecta la caja de encendido de la barbacoa a una toma de corriente (comprobando previamente que sus datos técnicos se adaptan a tu red eléctrica) y pulsa el botón ON**

**Activa el bluetooth de tu smartphone**

**Conecta la barbacoa: abre la aplicación que detectará automáticamente la señal bluetooth de la barbacoa.**

**Seleccione la señal bluetooth (la aplicación está programada para reconocer sólo la señal bluetooth de la barbacoa y no las señales bluetooth de otros dispositivos): la barbacoa y el smartphone están ahora emparejados.**

**Compruebe que hay carbón en la barbacoa. (se proporciona una bandeja colgante para este fin)**

**Ya puede encender su barbacoa sin esfuerzo: pulse el botón de encendido o programe un encendido diferido**

**Deje las puertas abiertas cuando utilice la barbacoa**

**También puede: programar sus tiempos de cocción, acceder a recetas originales o pedir accesorios.**

**También puede encender la barbacoa sin necesidad de una aplicación pulsando el botón de inicio junto al botón ON/OFF**

**Una toma de corriente universal y 2 puertos usb están a su disposición para su comodidad.**

**Le permitirán alimentar la lámpara usb y, pero también recargar sus smartphones o conectar un asador, por ejemplo.**

**Por favor, desenchufe la caja de encendido del Start'N'Grill y proteja la barbacoa bajo su tapa después de cada uso.**

**Sólo para países de la Unión Europea:**

De acuerdo con la Directiva de la UE 2012/19/UE sobre residuos de aparatos eléctricos y electrónicos y su aplicación de acuerdo con la legislación nacional, las herramientas eléctricas que ya no puedan utilizarse deben separarse y enviarse a una ruta de reciclaje adecuada.

**Nos reservamos el derecho a realizar cambios.**

**Obligatorisch: Registrieren Sie Ihre Garantie online und laden Sie die vollständige Anleitung herunter. Lesen Sie diese sorgfältig durch, insbesondere die Sicherheitshinweise! Direkter Link von der Start'N'Grill-Anwendung.**

**Außerhalb der Reichweite von Kindern, Personen mit psychischen Störungen und Personen, die unter dem Einfluss von Alkohol, Drogen oder Medikamenten stehen, aufbewahren**

**Stellen Sie vor dem Anschließen des Geräts sicher, dass die Daten auf dem Signalschild mit den Daten im Netzwerk übereinstimmen.**

**Laden Sie die Start'N'Grill-Anwendung aus dem Apple Store oder Google Play Store herunter.**

**Schließen Sie die Zündbox des Grills an eine Steckdose an (vergewissern Sie sich vorher, dass die technischen Daten mit Ihrem Stromnetz übereinstimmen) und drücken Sie die ON-Taste**

**Aktivieren Sie das Bluetooth auf Ihrem Smartphone**

**Verbinden Sie den Grill: Öffnen Sie die Anwendung, die das Bluetooth-Signal des Grills automatisch erkennt.**

**Wählen Sie das Bluetooth-Signal aus (die Anwendung ist so programmiert, dass sie nur das Bluetooth-Signal des Grills und nicht die Bluetooth-Signale anderer Geräte erkennt): der Grill und das Smartphone sind nun gekoppelt.**

**Prüfen Sie, ob Kohle im Grill vorhanden ist. (dafür ist eine Aufhängeschale vorgesehen)**

**Lassen Sie die Türen offen, wenn Sie den Grill benutzen**

**Sie können Ihren Grill nun mühelos anzünden: Drücken Sie die Starttaste oder programmieren Sie einen verzögerten Start**

**Außerdem können Sie: Ihre Garzeiten einstellen, Originalrezepte abrufen oder Zubehör bestellen.**

**Sie können den Grill auch ohne Anwendung zünden, indem Sie die Starttaste neben der EIN/AUS-Taste drücken**

**Zu Ihrer Bequemlichkeit stehen eine Universalsteckdose und 2 USB-Anschlüsse zu Ihrer Verfügung.**

**Damit können Sie die USB-Lampe betreiben, aber auch Ihre Smartphones aufladen oder z. B. eine Rotisserie anschließen.**

**Bitte ziehen Sie nach jedem Gebrauch den Stecker der Start'N'Grill-Zündbox und schützen Sie den Grill unter seiner Abdeckung.**

#### **Nur für Länder der Europäischen Union:**

Gemäß der EU-Richtlinie 2012/19/EU über Elektro- und Elektronik-Altgeräte und deren Umsetzung in nationales Recht müssen Elektrowerkzeuge, die nicht mehr verwendet werden können, getrennt werden und einem geeigneten Recyclingweg zugeführt werden.

**Wir behalten uns Änderungen vor.**

**Verplicht: registreer uw garantie online en download de volledige gebruiksaanwijzing. Lees ze aandachtig, vooral de veiligheidsinstructies! Directe link vanuit de Start'N'Grill applicatie.**

**Buiten bereik van kinderen, personen met psychische stoornissen en personen onder invloed van alcohol, drugs of medicijnen bewaren**

**Controleer voordat u het apparaat aansluit of de gegevens op het signaleringsplaatje overeenkomen met de gegevens op het netwerk.**

**Download de Start'N'Grill-applicatie in de Apple Store of Google Play Store.**

**Sluit de ontstekingsbox van de barbecue aan op een stopcontact (controleer vooraf of de technische gegevens zijn aangepast aan uw elektriciteitsnetwerk) en druk op de ON-knop**

**Activeer de bluetooth op uw smartphone**

**Verbind de barbecue: open de applicatie die automatisch het bluetooth-signaal van de barbecue zal detecteren.**

**Selecteer het bluetooth-signaal (de applicatie is geprogrammeerd om alleen het bluetooth-signaal van de barbecue te herkennen en niet de bluetooth-signalen van andere apparaten): de barbecue en de smartphone zijn nu gekoppeld.**

**Controleer of er kolen in de barbecue zitten. (hiervoor is een ophangbakje voorzien)**

**Je kunt nu zonder moeite je barbecue aansteken: druk op de startknop of programmeer een uitgestelde start**

**Laat de deuren open bij gebruik van de barbecue**

**U kunt ook: uw kooktijden instellen, originele recepten raadplegen of accessoires bestellen.**

**Je kunt de barbecue ook aansteken zonder een applicatie door op de startknop te drukken naast de ON/OFF knop**

**Een universeel stopcontact en 2 usb-poorten staan tot je beschikking voor je gemak.**

**Hiermee kun je de usb-lamp van stroom ook je smartphones opladen of bijvoorbeeld een rotisserie aansluiten.**

**Haal de stekker uit het Start'N'Grill-ontstekingskastje en bescherm de barbecue na elk gebruik onder de afdekhoes.**

#### **Alleen voor landen van de Europese Unie:**

In overeenstemming met de EU-richtlijn 2012/19/EU betreffende afgedankte elektrische en elektronische apparatuur en de implementatie ervan in overeenstemming met de nationale wetgeving, moeten elektrische gereedschappen die niet meer kunnen worden gebruikt, worden gescheiden en naar een geschikte recyclingroute worden gestuurd.

**Wij behouden ons het recht voor om wijzigingen aan te brengen.**

**Obbligatorio: registrate la vostra garanzia online e scaricate le istruzioni complete. Leggere attentamente, soprattutto le istruzioni di sicurezza! Collegamento diretto dall'applicazione Start'N'Grill.**

**Tenere fuori dalla portata dei bambini, delle persone con disturbi mentali e di quelle sotto l'influenza di alcol, droghe o farmaci**

**Prima di collegare il dispositivo, assicurati che i dati sulla targhetta di segnalazione corrispondano a quelli della rete.**

**Scarica l'applicazione Start'N'Grill da Apple Store o Google Play Store.**

**Collegare la scatola di accensione del barbecue a una presa di corrente (controllando prima che i suoi dati tecnici siano adatti alla tua rete elettrica) e premere il pulsante ON**

**Attivare il bluetooth sul tuo smartphone**

**Collegare il barbecue: aprire l'applicazione che rileverà automaticamente il segnale bluetooth del barbecue.**

**Selezionare il segnale bluetooth (l'applicazione è programmata per riconoscere solo il segnale bluetooth del barbecue e non i segnali bluetooth di altri dispositivi): il barbecue e lo smartphone sono ora associati.**

**Controlla che ci sia del carbone nel barbecue. (vassoio appeso fornito per questo scopo)**

**Ora puoi accendere il tuo barbecue senza sforzo: premi il pulsante di avvio o programma un avvio ritardato**

**Lasciare le porte aperte quando si usa il barbecue**

**Puoi anche: impostare i tuoi tempi di cottura, accedere a ricette originali o ordinare accessori.**

**Puoi anche accendere il barbecue senza un'applicazione premendo il pulsante Start accanto al pulsante ON/OFF**

**Una presa di corrente universale e 2 porte USB sono a tua disposizione per la tua comodità.**

**Ti permetteranno di alimentare la lampada ma anche di ricaricare i tuoi smartphone o di collegare un girarrosto per esempio.**

**Si prega di scollegare la scatola di accensione Start'N'Grill e di proteggere il barbecue sotto il suo coperchio dopo ogni utilizzo.**

**Solo per i paesi dell'Unione Europea:**

In conformità alla direttiva UE 2012/19/UE sui rifiuti di apparecchiature elettriche ed elettroniche e alla sua attuazione in conformità alla legislazione nazionale, gli utensili elettrici che non possono più essere utilizzati devono essere separati e inviati a un percorso di riciclaggio appropriato.

**Ci riserviamo il diritto di apportare modifiche.**
