

Summary: Sources are getting excited about the proximity of the release of the funds. Several sources agree that Scty US Treasury Mnuchin was arrested and/or fired, along with a gaggle of Treasury agents, for blocking the release of the USN. I am less surprised by this than I was when POTUS chose another in the long stream of Goldman bankers to run the UST.

Philip Tilton: Unconfirmed conspiracy theory.....Rumored to be background stuff.

Further to my post yesterday concerning Mnuchin, he apparently was not arrested but was indicted along with 16 other UST employees. I was also told that he met with President Trump this morning, begging not to be indicted or arrested. I am not an attorney, but it seems to me that Grand Juries issue indictments and I am not sure just how President Trump could intervene at this stage or even why he would want to.

Could this be the MOAB that Q told us to watch for this week? If true, it would certainly explain why every time we get close to the "release" of the GCR, the Sec. of UST never gets it done. You cannot serve two masters . . . Trump vs. Soros.

Operation Disclosure: GCR/RV Intel Alert for September 22, 2018

RV/INTELLIGENCE ALERT - September 22, 2018

(Disclaimer: The following is an overview of the current situation based on intelligence leaks received from several sources which may or may not accurate. Other confirmed sources may also be included in this overview.)

The geopolitical events to bring all nations to GESARA compliance are occurring.

Peace on the Korean Peninsula is being secured as part of GESARA compliance.

<https://www.youtube.com/watch?v=1-TEm8WS0eg>

South Korea's President Moon Jae-in just made a historical speech in-front of 150,000 North Koreans.

<https://www.youtube.com/watch?v=vmNQ89I5Glc>

Iran's President also just made a speech stating to "never launch any attack against any country".

<https://www.youtube.com/watch?v=MbZiXGxzOFw>

Do you think the timing of these events is mere coincidence?

Coincidence is an illusion, just as time is.

One geopolitical event after another, promoting peace, just as planned.

World peace is being subtly brought to humanity.

John Denver foresaw GESARA in a dream. [wasn't that joan baez? -dle]

<https://www.youtube.com/watch?v=fgLRbpKa9tE>

These are the signs of the times.

The signs of a future with GESARA law.

Sources continue to expect the RV to begin after Zimbabwe President Mnangagwa announces the new RBZ posted rate for the ZWD at the UN this coming Wednesday.

Fired FBI Deputy Director Tries To Ignite Civil War By Flooding American Cities With 400,000 Leftist Radicals—But Still Remains Miles Behind President Trump

By: Sorcha Faal, and as reported to her Western Subscribers

<http://www.whatdoesitmean.com/index2664.htm>

A stunning new **Security Council (SC)** report circulating in the **Kremlin** today states that fired **FBI Deputy Director Andrew McCabe**, who is [facing a soon to come US federal criminal indictment](#), has just attempted to ignite a civil war in the **United States**—that he began yesterday by [having the “Deep State” aligned New York Times publish an explosive article claiming that US Deputy Attorney Rod Rosenstein had attempted to launch a coup against President Trump by having him secretly wiretapped, and his then colluding with top Trump Cabinet officials to throw Trump out of office using the 25th Amendment](#)—and whose intent behind was to provoke **Trump** into firing **Rosenstein**, after which the **George Soros funded** radical leftist organization **Public Citizen** had **ordered over 400,000 of its domestic terrorist to flood the streets of 900 American cities to violently protest about**—thus causing former **Obama Regime** official, and current **MSNBC** national security reporter, **Matthew Miller** to **Tweet “Dangerous game Andy McCabe is playing right now”**—but none of which appeared to faze **Trump** in the least as he went into **Springfield-Missouri** to speak before his loyal citizens who [waited to hear him in a line over two miles long](#), and in such numbers that [over 20,000 had to be turned away as the venue could only hold 11,000](#), and whom he told: **“You see what's happened at the FBI, they're all gone, they're all gone, they're all gone...but there's a lingering stench and we're going to get rid of that, too”**.

According to this report, part of the **“lingering stench”** **President Trump** has vowed **“to get rid of”** from the **FBI** is everything and everyone associated with fired **FBI Deputy Director Andrew McCabe**—who, as second in command to **FBI Director James Comey**, created what is called the **“Insurance Policy”** designed to destroy then **US** presidential candidate **Donald Trump** should he be elected—and was created by **McCabe**, former **FBI Counterterrorist Chief Peter Strzok** and top **FBI** attorney **Lisa Page**—and whose essence of was to smear **Trump** and force him from office by falsely claiming he was in collusion with **Russia**.
